Internal Control System and Risk Management Framework

Principle 12: To ensure the integrity, transparency and proper governance in the conduct of its affairs, the company should have a strong and effective internal control system and enterprise risk management framework.

Recommendation 12.1

Company has an adequate and effective internal control system in the conduct of its business.	Compliant	 The Company's Audit Plan (that includes a process review covering risk/control assessment for approved audit projects) is based on company risks for five (5) years and regularly reviewed annually. Among the 2023 audit projects pursuant to the approved audit plan were the reviews of the following:
		 Terminal operations in Mandaue, Mactan, Iloilo, Tagoloan, Pasig and Limay; Sales office in Pasacao; LPG mini refilling plants in San Pablo (Laguna), Sta. Maria (Isabela) and Reina Mercedes (Isabela); Warehouses in Mandaue, Rosario and Tagoloan; Petron Bataan Refinery procurement; Crude and product import and export; Company-owned company-operated service stations; Domestic shipments; Tank truck operations and into-plane operations of one of Petron's subsidiaries; Terminal operations in Klang Valley and Pasir Gudang (Petron Malaysia); Service stations maintenance and repairs (Petron Malaysia);

		 Follow-up review of commodity hedging process (Petron Malaysia); Port Dickson Refinery's oil movement & storage (Petron Malaysia); Selected disclosures in the Sustainability Report (Petron Malaysia); Compliance reviews relating to recurring related party transactions, and customer information and permitted disclosures requirements (Petron Malaysia); and Cybersecurity risk assessment for both Petron Philippines and Malaysia.
2. The Company has an adequate and effective enterprise risk management framework in the conduct of its business. Output Description:	Compliant	 Under the Corporate Governance Manual, the Board is tasked to oversee that a sound enterprise risk management framework is in place to effectively identify, monitor, assess, and manage key business risks. Corporate Governance Manual (§2.2.1.3.2) https://www.petron.com/wp-content/uploads/2018/09/05 29 17 - Petron Manual on Corporate Governance Based on 2016 SEC CG Code for PLCs as filed with SEC on May 29 2017pdf As Petron's operation is an integrated value chain, risks emanate from every process and some can cut across divisions. The results of these activities flow up to the Management Committee and eventually the Board through the Company's annual business plan presented to and approved by the Board.

In 2023, to further enhance its risk management process and practices, the management of the Company designated Mr. Freddie P. Yumang as the Chief Risk Officer of the Company who will supervise the entire enterprise risk management process of the Company and spearhead the development, implementation, and continuous improvement of the Company's enterprise risk management processes and documentation.

He also heads the Risk Management Group, the dedicated risk management group of the Company tasked to lead the enterprise risk management program of the Company. All Division Heads are designated risk owners of all risks emanating from their respective groups and each group is represented in the Risk Management Committee, the working group which was formed to become the conduit in cascading risk management efforts of Management to all employees and in receiving any feedback from them.

The Company's risk management framework, process and strategies are discussed in the 2023 SEC Form 17-A (Annual Report), pages 20-23.
