Gentlemen:

We reply with respect to the news article relating to San Miguel Corporation (“SMC” or the “Company”). In the attached news article entitled “SMC power unit scraps \$300-m securities offer” posted in Manila Standard (Online Edition) on December 3, 2025, it was reported in part that:

“San Miguel Global Power Holdings Corp., the power arm of San Miguel Corp., has decided to terminate its planned exchange offer and the issuance of up to \$300 million in senior perpetual capital securities due to prevailing market conditions.

SMGP disclosed to the Philippine Dealing and Exchange Corp. that it made the announcement with the Singapore Exchange Securities Trading Ltd., dated Dec. 1, 2025.

.....

‘Accordingly, as stated in the aforementioned announcement, any existing securities offered for exchange pursuant to the exchange offer, and tendered for purchase pursuant to the tender offer on or before the expiration deadline, will not be accepted by the corporation, will be unblocked in the relevant account in the relevant clearing system and returned to the relevant securityholder, as soon as practicable,’ the company said.

SMGP said it remains committed to redeeming the existing securities on the step-up date of such existing securities and expects to make the relevant announcements in due course.

The corporation plans to use the net proceeds from the new securities primarily to cover the costs and expenses related to the exchange offer and tender offer, purchase or redemption of all remaining outstanding existing securities, and costs related to the issuance of the additional new securities.

'To the extent there are additional proceeds after the application described above, the corporation may, at its discretion, apply such proceeds toward pre-development costs of solar and hydropower energy projects and capital expenditures related to battery energy storage system projects,' the company said.

...."

By way response to the Exchange, we advise and confirm that San Miguel Global Power Holdings Corp. ("SM Global Power"), a wholly-owned subsidiary of San Miguel Corporation ("SMC"), decided not to proceed with and terminated the offer to exchange the outstanding senior perpetual capital securities, issued on January 21, 2020 (ISIN: XS2098881654; Common Code: 209888165), listed with the Singapore Exchange Securities Trading Limited (the "Existing Securities") and the issuance of up to US \$300 million senior perpetual market securities, on December 1, 2025, due to prevailing market conditions, as reported in the aforementioned news article.

With the aforementioned termination, the Existing Securities offered for exchange will not be accepted by SM Global Power, will be unblocked in the relevant account in the relevant clearing system and returned to the securityholder. In addition, SM Global Power shall redeem the Existing Securities on the relevant redemption date and announcements shall be made for such redemption in due course.

For the information of the Exchange, attached hereto is a copy of the letter of SM Global Power, addressed to the Philippine Dealing & Exchange Corp., dated December 1, 2025. Likewise enclosed is the previous disclosure of SMC, dated November 26, 2025, which covers the subject matter presented above. Implementation of the aforestated actions shall have no effect on the financial condition of SM Global Power and SMC.

Gentlemen:

We reply with respect to the news article relating to San Miguel Corporation (“SMC” or the “Company”). In the news article entitled “SMGP eyes \$300-m bond issuance, exchange offer” posted in Manila Standard (Online Edition) on November 25, 2025, it was reported in part that:

“San Miguel Global Power Holdings Corp. approved Tuesday an offer and issuance of up to \$300 million in senior perpetual capital securities.

The company, a power unit of San Miguel Corp. (SMC), said its board approved the issuance during a special meeting. The final amount of the issuance is subject to management’s determination.

SMGP also approved an offer to exchange any and all of their existing securities, issued in January 2020 and listed on the Singapore Exchange Securities Trading Limited (SGX-ST), for an equal principal amount of new U.S. dollar-denominated securities.

The board also approved the listing of the exchanged new securities and any additional new securities on the SGX-ST.

....

The corporation plans to use the net proceeds from the new securities primarily to cover the costs and expenses related to the exchange offer and tender offer, purchase or redemption of all remaining outstanding existing securities, and costs related to the issuance of the additional new securities.

‘To the extent there are additional proceeds after the application described above, the corporation may, at its discretion, apply such proceeds toward pre-development costs of solar and hydropower energy projects and capital expenditures related to battery energy storage system projects,’ the company said.

....”

By way response to the Exchange, we advise and confirm that the Board of Directors of San Miguel Global Power Holdings Corp. (“SMGPHC”), a wholly-owned subsidiary of San Miguel Corporation (“SMC”), authorized and approved, on November 24, 2025, the following matters:

- (a) to undertake to invite eligible holders of the outstanding US Dollar-denominated Senior Perpetual Capital Securities, issued on 21 January 2020 (ISIN: XS2098881654; Common Code 209888165), listed with the Singapore Exchange Securities Trading Limited (“SGX-ST”) (the “Existing Securities”) to:
 - (i) offer for exchange any and all of their Existing Securities for an equal principal amount of new US Dollar-denominated Senior Perpetual Capital Securities to be issued by SMGPHC (the “Exchanged New Securities”) and the relevant accrued distribution amount (the “Exchange Offer”); and/or
 - (ii) tender their Existing Securities for purchase for cash by SMGPHC up to an aggregate nominal amount and for the tender consideration amount, in each case, to be determined by the Management of SMGPHC (the “Tender Offer”);
- (b) in addition to the Exchanged New Securities, to undertake the offer and issuance of up to USD300,000,000 in Senior Perpetual Capital Securities, or such other amount as Management may later determine (the “Additional New Securities”), based on prevailing market conditions and as may be advantageous to SMGPHC (the “New Securities Offer”); and
- (c) to undertake the listing of the Exchanged New Securities and the Additional New Securities (collectively, the “Securities”) on the SGX-ST.

SMGPHC intends to apply the net proceeds from the New Securities Offer in the following order: (i) the costs and expenses related to the Exchange Offer, including payment of accrued distribution amounts in respect of the Existing Securities accepted for exchange, pursuant to and subject to, the terms and conditions of the Exchange Offer, (ii) the costs and expenses related to the Tender Offer, including payment of the purchase price and accrued distribution amounts in respect of the Existing Securities accepted for purchase, pursuant to and subject to, the terms and conditions of the Tender Offer, (iii) the purchase, repurchase and/or redemption of all remaining outstanding Existing Securities following the Exchange Offer and Tender Offer and (iv) the costs and expenses related to the issuance of the Additional New Securities.

To the extent there are additional proceeds after the application described above, SMGPHC may apply such proceeds towards pre-development costs of solar and hydropower energy projects and capital expenditures related to battery energy storage system projects.

The transactions described above shall have no effect on the financial condition and operations of SMGPHC and SMC, respectively.

Very truly yours,

FERDINAND K. CONSTANTINO
