PRESS RELEASE
14 October 2025

Megawide, Megaworld seal megadeal

Megawide Construction Corp. (Megawide or the Company) secured two (2) new contracts with Megaworld Corporation to build residential towers in the latter's sprawling township developments. The multi-billion-peso contracts cover civil, structural, and architectural works as well as MEPF. These will also be among the numerous developments both companies have worked on in the past.

"We are very excited to again work with Megaworld, who has been our long-standing client. Our partnership with them is built on the shared pursuit of sustainability, excellence, and speed-to-market, which have defined both our organizations' brand and track record. We intend to cultivate this further by providing them products and services that meet their very strict quality and workmanship standards," said Edgar Saavedra, Megawide President and CEO.

The two projects are Uptown Modern and One Portwood – both residential offerings in Megaworld's township developments. Uptown Modern is the newest addition to the high-rise residential towers in Uptown Bonifacio, which is designed with "form and function in mind and sets a new standard for modern living". One Portwood, on the other hand, is a residential condominium located in Newport City, right across Ninoy Aquino International Airport (NAIA) Terminal, which features world-class amenities in a prime location – making it suitable as an investment alternative, offering attractive rental potential and long-term value appreciation.

Megawide will again leverage on its First-World expertise in engineering and construction methodology, anchored on its pre-cast technology and integrated construction solutions, which were earlier showcased in Megaworld developments such as The Worldwide Plaza, Albany Luxury Suites, Newport Link, International Finance Tower, and Gentry Manor, among others.

"Our strategic partnership with Megawide has been built on a foundation of trust, and we applaud the consistent excellence they bring to every project. We are proud to collaborate with a top-tier construction company like Megawide as we turn our vision for our integrated townships like Uptown Bonifacio and Newport City into reality," said Megaworld Head of Operations, Jennifer L. Romualdez.

The contracts with Megaworld form part of the P20 billion new contracts the Company has been negotiating to bring its order book to P50 billion by year-end, which includes contracts with other clients, such as Trans Aire Development Holdings Corporation (subsidiary of San Miguel Corporation), Double Dragon, 8990 Holdings, Landers, and Citicore Power Inc. The Company is also targeting a healthy mix of residential, commercial / industrial, and infrastructure projects to maintain a balanced, sustainable, and diverse order book that will provide long-term revenue visibility and stability.

###

ABOUT MEGAWIDE

Megawide is among the most innovative engineering and infrastructure companies in the Philippines. Publicly listed since 2011, Megawide is the private partner of the Philippine Government for major public infrastructure projects such as the PPP for School Infrastructure Project Phases 1 and 2; the multi-year developments of Mactan-Cebu International Airport and the Parañaque Integrated Terminal Exchange; and the construction of Clark International Airport. In 2012, the company established Megawide Corporate Foundation, Inc., a non-profit organization focusing on social development projects.
