SAN MIGUEL
CORPORATION

SAN MIGUEL
FOOD AND BEVERAGE, INC.

PETRON

| Executive summary

- » The Philippine economy slowed in late 2025, with fourth-quarter GDP growth at 3% amid weaker demand, weather disruptions, and reduced government spending linked to corruption scandals, bringing full-year growth to 4.4%, down from 5.7% in 2024 and marking the slowest post-pandemic pace.
- » Against this backdrop, SMC delivered resilient FY25 performance, with expanded margins and sustained profitability driven by cost discipline and operational efficiencies, led by strong contributions from the Food, Hard Liquor, Power, and Infrastructure businesses.
- » In FY2025, the San Miguel Group advanced its sustainability agenda by strengthening climate risk management, completing a Physical Climate Risk assessment, establishing a Roadmap to Net Zero, and integrating ESG considerations into capital investments to support resilience, decarbonization, and long-term value creation.

SMC posted 52% core net income growth to P79.6 billion

(In Million Php)	FY2025	FY2024	%Change
Net Sales	1,485,345	1,575,379	(6%)

SUSTAINABILITY UPDATE

Full Year 2025

Climate Risk Assessment *(Completed Oct 2025)*

- Completed the assessment of physical climate hazards for SMC's major operating assets using a combination of historical occurrences and a range of future climate scenarios
- Most significant risks are tropical cyclones, extreme heat and water stress

Net Zero Roadmaps

- Global Power: 4 hydro projects totaling 4,200 MW & 3 solar projects totaling 2,225 MW
- Cement: Includes raw material and fuel substitution in addition to use of renewable energy and energy efficiency projects
- Petron: CME plant to increase production of biodiesel

ESG Checklist for Capital Projects *(Implemented Sept 1, 2025)*

- Environmental and social checklist implemented for expansion, cost reduction and operations improvement projects

Sustainability — Governance and Capability Building

Carbon Markets Workshop

A Carbon Markets Workshop was conducted in September 2025 for corporate and business unit leadership to enhance understanding of carbon pricing, trading mechanisms, and investment implications.

Supplier Sustainability Forums

Supplier Sustainability Forums were held for Food, GSMI and Corporate Suppliers to promote ESG alignment and reinforce responsible sourcing across the value chain.

2026 Outlook: Advancing Sustainability Goals

Refine Roadmaps to our 4 Sustainability Goals

- 1 Collaboration with the Business Units on their respective roadmaps and metrics
- 2 Automation of data collection and consolidation
- 3 Institutionalize IFRS S1 and S2 across the SMC Group

Priority Focus Areas

- 1 Expansion of renewable energy capacity
- 2 Strengthen governance and sustainability data systems
- 3 Alignment of sustainability and climate-related disclosures with IFRS S1 and S2

Expected Outcomes

- 1 Concrete steps towards decarbonization
- 2 Stronger regulatory alignment
- 3 Achieve auditability of sustainability and climate data

| FY2025 Business Updates & Outlook

- » The Food business delivered a record performance in 2025, achieving its highest revenues, operating income, and net income to date. The Beer business is strengthening its operational footprint with the commissioning of the Bataan Malt Terminal and the installation of a new canning line in Mandaue, Cebu. GSMI advances its modernization efforts through a new production line in Cabuyao and a mechanized washing facility in Lucena City.
- » Petron strengthened its capital structure through the successful issuance of USD 475 million perpetual securities listed on the Singapore Exchange, which was 22x oversubscribed and recognized with multiple regional capital markets awards.
- » SMGP continues to advance its energy transition strategy through major RE wins under the Green Energy Auction Program and new capacity additions in 2026 including Units 4 and 5 of the Masinloc Power Plant with a completion rate of 94.52% and 75.24%, respectively.
- » Infrastructure growth remains with ongoing construction across key toll roads, steady progress in MRT-7 and NMIA, and continued enhancements at NAIA, which saw record passenger volumes and major upgrades to improve capacity and service quality.
- » Strong fundamentals, operational resilience, scale, and a diversified portfolio position SMC to pursue sustainable growth and help navigate the economy through challenging times. While the ongoing Middle East conflict poses near-term risks, the Company remains steadfast with disciplined approaches across its operational strategies, finance and capital discipline, risk management, and strict governance.
