Subject: Notice of Penalty from the Metropolitan Waterworks and Sewerage System - Regulatory Office ("MWSS RO")

Ladies and Gentlemen:

Maynilad Water Services, Inc. (the "**Company**") received a notice from the MWSS RO this afternoon, 20 April 2026, imposing a penalty on the Company amounting to approximately ₱54.3 million. This is in connection with water service interruptions that transpired during the period 9 to 31 March 2026 that affected 165,518 accounts in the southern portion of the Company's concession area.

The interruptions occurred in connection with the Amihan season that caused weather-driven changes in raw water conditions in Laguna Lake. These conditions necessitated operational adjustments at the Company's water treatment facilities in Muntinlupa City, including reductions in plant production levels to maintain compliance with the Philippine National Standards for Drinking Water, resulting in lower treatment plant output during the period.

In accordance with the MWSS RO's directive, the penalty will be given as rebates to the affected accounts through credits applied to their water bills.

The Company will comply with the MWSS RO's decision.

The Company has been implementing operational improvements and infrastructure upgrades to strengthen the reliability and resilience of water supply in the southern portion of its concession area, particularly during periods when weather conditions affect raw water quality of Laguna Lake.

Thank you.

Yours faithfully,

MAYNILAD WATER SERVICES, INC.
