## NOTICE OF THE ANNUAL MEETING OF STOCKHOLDERS

Please take notice that the Annual Meeting of Stockholders of the **PHILIPPINE BANK OF COMMUNICATIONS** (“PBCOM”) will be held on **Tuesday, 16 June 2026, 9:00 a.m. to 10:00 a.m.** The meeting will be conducted virtually and can be accessed at the link to be provided in the Bank’s website at <https://www.pbcom.com.ph/>.

### A G E N D A

1. Call to Order
2. Certification of Notice and Quorum
3. Review and Approval of the Minutes of the Previous Meeting held on 18 June 2025
4. Annual Report of Management and Approval of the Audited Financial Statements for 2025
5. Ratification of Acts of the Board of Directors and Management since the Last Annual Meeting of Stockholders
6. Election of Directors
7. Appointment of External Auditor
8. Other Matters
9. Adjournment

For purposes of the meeting, only stockholders of record as of **13 April 2026** are entitled to notice of, and to vote at, the Annual Meeting of Stockholders.

PBCOM will be holding a virtual Annual Meeting. The conduct of the Annual Meeting will be streamed live, and stockholders may attend, participate and vote only through proxy, remote communication or *in absentia*. The requirements and procedures for voting *in absentia* and participation through remote communication are set forth in the Information Statement.

Stockholders who choose to vote by proxy must submit and address their signed proxy to the attention of the Corporate Secretary at 5/F PBCOM Tower, 6795 Ayala Avenue corner V.A. Rufino Street, Makati City or via e-mail at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph) not later than 5:00 p.m. on or before 8 June 2026.

The electronic copy of the Bank’s Information Statement, Management Report, SEC Form 17-A and other pertinent documents related to the 2026 Annual Stockholders Meeting shall be posted in PBCOM’s website at <https://www.pbcom.com.ph/> and PSE Edge.

**PBCOM IS NOT SOLICITING PROXIES.**

## GENERAL INFORMATION

---

### Date, Time and Place of Meeting of Security Holders

Date : 16 June 2026, Tuesday  
Time : 9:00 a.m. to 10:00 a.m.  
Place : Virtual Stockholders' Meeting at the link to be provided in PBCOM's website - <https://www.pbcom.com.ph/>

### Mailing Address of the Bank

The complete mailing address of the Philippine Bank of Communications (hereinafter, "PBCOM", the "Bank" or the "Corporation") is:

**PHILIPPINE BANK OF COMMUNICATIONS**  
PBCOM Tower, 6795 Ayala Ave. corner V.A. Rufino St.  
Makati City 1226, Philippines

### Record Date

The record date for the purpose of determining the stockholders entitled to notice of, and to vote at, the Annual Meeting of the Stockholders is **13 April 2026** (the "Record Date").

### Approximate Date of First Release of Information Statement

The approximate date on which this Information Statement will be first sent out to the stockholders of the Bank is on **26 May 2026**.

### Dissenter's Right of Appraisal

In accordance with Title X of the Revised Corporation Code, any stockholder of the Bank has the right to dissent and demand payment of the fair value of his shares in the following instances:

1. In case any amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence;
2. In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets as provided in the Revised Corporation Code; and
3. In case of merger or consolidation; and
4. In case of investment of corporate funds for any purpose other than the primary purpose of the corporation.

The procedure for the exercise of such appraisal right by the stockholders is as follows:

1. The stockholder voted against the proposed corporate action.
2. The dissenting stockholder shall make a written demand on the corporation within thirty (30) days after the date on which the vote was taken for payment of the fair market value of his shares. The failure of the stockholder to make the demand within such period shall be deemed a waiver of the appraisal right.
3. If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of the certificate(s) of stock within ten (10) days after demanding payment for his shares, the fair value thereof; and
4. Upon payment of the agreed or awarded price, the stockholder shall transfer his shares to the corporation.

To date, there are no corporate matters or actions that will entitle dissenting stockholders to exercise their right of appraisal as provided in Title X of the Revised Corporation Code.

### **Interest of Certain Persons in or Opposition to Matters to be Acted Upon**

There is no matter to be acted upon in which any director or executive officer is involved or had a direct, indirect or substantial interest (except the election of directors).

No director has informed the registrant, in writing or otherwise, that he intends to oppose any action to be taken by the registrant at the Meeting.

## **CONTROL AND COMPENSATION INFORMATION**

### **Voting Securities and Principal Holders Thereof**

- (a) **Total Number of Shares Outstanding as of the date of this report:** 480,645,163 common shares

**Number of Votes per Share:** One (1) vote per share.

- (b) **Record Date:** All stockholders of record as of the close of business on **13 April 2026** are entitled to notice of, and to vote at, the Annual Meeting.
- (c) Pursuant to Article II, Section 2 of the Bank's By-laws, a stockholder may vote during the Annual Stockholders' Meeting in person or by proxy.

In accordance with Section 23 of the Revised Corporation Code, a stockholder may vote for the directors of the Bank in any of the following manner:

1. He may vote such number of shares for as many persons as there are directors to be elected. He may cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by his shares; or
2. He may distribute them in the same principle among as many candidates as he shall see fit.

3. In any of the foregoing instances, the total number of votes cast by the shareholder should not exceed the number of shares owned by him as shown in the books of the Bank multiplied by the number of directors to be elected.

Pursuant to Sections 23 and 57 of the Revised Corporation Code which allow voting through remote communication or *in absentia*, stockholders may access the Bank's online web address at <https://www.pbcom.com.ph/>, to be able to register and vote *in absentia* on the matters for approval at the meeting. A stockholder who votes in absentia shall be deemed present for purposes of quorum.

Participants may send questions or remarks via the livestream portal. Stockholders may also send questions and/or remarks in advance or during the meeting to the Corporate Secretary at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph).

The requirements and procedures for voting in absentia and participation through remote communication are set forth under **Annex "A"** of this Information Statement.

### Security Ownership of Certain Record and Beneficial Owners as of April 13, 2026:

There are no delinquent stocks and the direct and indirect record of beneficial owners of more than five percent (5%) of common shares of the Bank as of April 13, 2026 are:

| Title of Class | Name and Address of Record Owner and relationship with Issuer                                                           | Name of Beneficial Ownership and relationship with Record Owner                                                              | Citizenship              | No. of Shares                                | % Held |

\* - 5,260,338 shares of the 51,779,374 shares of Ralph C. Nubla, Jr. are under PCD Nominee Corp.

\*\* - 323,648 shares of the 50,159,424 shares of Eric O. Recto are under PCD Nominee Corp.

Except as stated above, the Board of Directors and Management of the Bank have no knowledge of any person who, as of the date of this report, was indirectly or directly the beneficial owner of more than

five percent (5%) of the Bank's outstanding shares of common stock or who has voting power or investment power with respect to shares comprising more than five percent (5%) of the outstanding shares of common stock. There are no persons holding more than five percent (5%) of the Bank's common stocks that are under a voting trust or similar agreement.

The PCD, being a nominee corporation, only holds legal title, not beneficial ownership of the lodged shares. The beneficial owners, such as the clients of PCD, have the power to decide how their shares are to be voted.

### Security Ownership of Management

The following are the number of shares of common stock owned of record and beneficially by the directors and executive officers of the Bank and the percentage of shareholdings of each, as of April 13, 2026:

| Title of Class | Name of Beneficial Owner     | Amount and Nature of Beneficial Ownership | Citizenship | Percent |
|----------------|------------------------------|-------------------------------------------|-------------|---------|
| Common         | Eric O. Recto*               | Direct 50,159,424                         |             | 10.44%  |

**Rules on Nomination and Election of Directors and Independent Directors and Manner of Voting**

In compliance with SEC SRC Rule 38, and as a matter of practice, the Bank has adopted the following rules in the nomination and election of directors.

SEC.1. Period. All the nominations for directors and independent directors shall be submitted to the Nominations Committee through any of the members of the committee or the Corporate Secretary at any time before the submission of the Definitive Information Statement to the Securities and Exchange Commission, allowing the Nominations Committee sufficient time to pass upon the qualifications of the nominees.

SEC.2. Form and Contents. All nominations shall be in writing duly signed by a stockholder and accepted and conformed to by the nominees likewise in writing indicating whether a particular nominee/s is/are intended to be an independent director or not. It must contain the nominee's age, educational attainment, work and/or business experience and/or affiliation.

SEC.3. Qualifications. No individual shall be nominated as director or independent director unless he meets the minimum requirements/qualifications prescribed by the regulatory agencies/offices concerned of listed banks.

SEC.4. List of Candidates. The Nominations Committee shall pre-screen the qualifications of the nominees and prepare the final list of candidates, including a summary of all relevant information about them.

### **Names of Directors and Executive Officers**

Prior to government service, Ms. Herbosa was with Angara Abello Concepcion Regala & Cruz Law Offices (“ACCRALAW”) where she headed its prestigious Litigation and Dispute Resolution Department for more than 10 years during which it was consistently recognized as the best in that area of practice. She retired from ACCRALAW in 2011 as a Senior Partner/Co-Managing Partner. Ms. Herbosa was also a law professor at the DLSU College of Law (Rufino Campus) and Lyceum Makati.

Ms. Herbosa finished AB Political Science cum laude at the University of the Philippines (UP) Diliman, and Bachelor of Laws cum laude and class salutatorian from the UP College of Law. She has a master’s degree from the University of Michigan.

### **Independent Directors**

As approved by the Board of Directors, the procedure for the nomination of independent directors shall be as follows:

The nomination of independent directors shall be conducted by the Nominations Committee prior to the Annual Meeting. All recommendations shall be signed by the nominating stockholders together with the acceptance and conformity by the nominees for election. The Nominations Committee shall pre-screen the qualifications and prepare a final list of all candidates and put in place screening policies and parameters to enable it to effectively review the qualifications of the nominees for independent directors.

After the nomination, the Nominations Committee shall prepare a Final List of Candidates which shall contain all the information about all the nominees for independent directors, as required by existing and applicable rules, which list, shall be made available to the Commission and to all stockholders through the filing and distribution of the information statement, or in such other reports the Company is required to submit to the Commission. The name of the person or group of persons who recommended the nomination of the independent director shall be identified in such report including any relation with the nominee.

Only nominees whose names appear on the final list of candidates shall be eligible for election as independent directors. No other nomination shall be entertained after the final list of candidates shall have been prepared. No further nominations shall be entertained or allowed on the floor during the actual annual stockholders’ meeting.

All nominees, Messrs. Jose Marin Chan, Jr., Stephen Anthony T. CuUnjieng, Conrado A. Gloria, Jr., Mmes. Cecilia C. Borromeo and Teresita J. Herbosa do not have a relationship with the Bank, which would interfere with the exercise of independent judgment in carrying out responsibilities of a director. None of them is related to any of the directors or officers of the Company.

The Chairman of the Bank, Mr. Eric O. Recto, has recommended the nominations of Messrs. Jose Marin Chan, Jr. Stephen Anthony T. CuUnjieng, Conrado A. Gloria, Jr., Mmes. Cecilia C. Borromeo and Teresita J. Herbosa as independent directors for the ensuing year. Mr. Recto is not related to any of the mentioned nominees.

The Nominations Committee has taken into consideration the qualifications to be an Independent Director. Attached as **Annexes “B”, “C”, “D”, “E”, and “F”** are the Certificates of the Qualifications of the Nominees for Independent Directors. The Nominations Committee is composed of Ms. Cecilia C. Borromeo (Chairperson), Messrs. Eric O. Recto, Leonardo B. Dayao and Conrado A. Gloria, Jr. and Stephen Anthony T. CuUnjieng.

(HI), First Philippine Holdings Corporation (FPH), Century Pacific Food Inc. (CNPF) Greenergy Holdings, Inc. (Green), and Arthaland Corporation (ALCO) are all listed in the Philippine Stock Exchange, Inc

### **Significant Employee**

There is none to disclose. The Bank does not employ any individual who makes a significant contribution to the business unless they are an executive.

### **Family Relationships**

Mr. Lucio L. Co and Ms. Susan P. Co are husband and wife. Ms. Katrina Marie Co-Go, Assistant to the Executive Committee Chairman, is the daughter of Mr. and Mrs. Lucio Co. Other than the foregoing, the persons nominated or chosen by the Bank to become directors or executive officers are not related to each other up to the fourth civil degree by either consanguinity or by affinity.

### **Involvement in Certain Legal Proceedings**

To the best of the knowledge of management, the Bank is not aware of:

- any bankruptcy petition filed by or against any business of which they are incumbent directors or senior officers was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- any conviction by final judgment in a criminal proceeding, domestic or foreign, pending against any of the incumbent directors or executive officers;
- any order, judgment, or decree, not subsequently reversed, suspended, or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending, or otherwise limiting the involvement of the incumbent directors or executive officers in any type of business, securities, commodities or banking activities; and
- any finding by a domestic or foreign court of competent jurisdiction (in civil action), the SEC or comparable foreign body, or a domestic or foreign exchange or electronic marketplace or said regulatory organization that any of the incumbent directors or executive officers has violated a securities or commodities law, and the judgment has not been reversed, suspended or vacated, which may have a material effect in the operations and deter, bar or impede the fulfillment of his/her duties as a director or executive officer of the Bank.

### Certain Relationships and Related Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Bank's transactions with related parties include key management personnel, affiliates (i.e. entities which are controlled), significantly influenced by or for which significant voting power is held by the Bank or key management personnel or their close family members and retirement plan for the benefit of the Bank's employee). These transactions are made in the ordinary course of business and on substantially same terms as that of other parties.

The Bank's related party transactions below are also presented and discussed in detail in the Audited Financial Statements. (*Note 31 of 2025 AFS, page 106*)

| Related Party                   | Transaction with the Bank                                                                                                                                                                                                                                                                                                                                  |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Post-retirement Plan</b>     | The Bank's Retirement Board approves the investment made in the retirement plan. Trust fee income from such service and total deposits maintained with the Bank in 2025 amounted to ₱ 2.80 Million and ₱12.53 Million, respectively, while interest expenses paid by the Bank to the deposits was ₱0.82 Million.                                           |
| <b>Provident Fund</b>           | Outstanding deposit and interest paid by the Bank as of year-end were ₱6.38 Million and ₱0.67 Million, respectively, while trust fees earned from such service amounted to ₱2.28 Million.                                                                                                                                                                  |
| <b>Key Management Personnel</b> | Senior Management Team constitutes key management personnel for purposes of PAS 24. Short-term benefits and post-employment benefits given to SMT in 2025 amounted to ₱165.19 Million and ₱9.73 Million, respectively. The year-end balance of deposits and interest expenses paid by the Bank amounted to ₱61.89 Million and ₱2.04 Million, respectively. |
| <b>Affiliate</b>                | The year-end balance of deposits and interest expenses incurred by the Bank amounted to ₱9.71 Million and ₱0.17 Million, respectively. Rental income earned for the year is ₱0.23 Million.                                                                                                                                                                 |
| <b>Significant Investors</b>    | The year-end balance of deposits and interest expenses incurred by the Bank amounted to ₱9.22 Billion and ₱252.09 Million, respectively. Rent and interest expense were ₱25.49 Million                                                                                                                                                                     |

and ₱3.30 Million, respectively. Outstanding balance on loans and receivables is ₱805.45 Million.

As required by BSP, the Bank discloses loans transactions with certain directors, officers, shareholders and their related interests (“DOSRI”) in the ordinary course of business, under commercial terms and on an arm’s length basis observing at all times the legal limits prescribed under current BSP regulations on DOSRI loans. The amount of individual loans to DOSRI, of which 70% must be secured, should not exceed the amount of their respective deposits and book value of their respective investments in the Bank. In the aggregate, loans to DOSRI generally should not exceed the lower of the Bank’s total unimpaired capital or 15% of the total loan portfolio. These limits do not apply to loans secured by assets considered as non-risk as defined in the regulations. As of December 31, 2025, the Bank is in compliance with such regulations.

### Compensation of Directors and Executive Officers

Since the Bank obtained an exemption from the SEC to disclose the required detailed compensation information, disclosure of aggregate compensation paid or accrued during the last three fiscal years 2023 to 2025 of the Bank's Chief Executive Officer and four other most highly compensated executive officers are as follows:

|                                                                | 2025                                              | 2024                                              | 2023                                              |

The following is the estimated annual compensation for year 2026:

|                                                                         | Salary   | Bonus   | Other Annual Compensation | Total      |
|-------------------------------------------------------------------------|----------|---------|---------------------------|------------|
| <b>Total of CEO and Four most highly compensated Executive Officers</b> | ₱72,054  | 24,017  | none                      | ₱96,071    |
| <b>All officers as a group unnamed</b>                                  | ₱914,120 | 300,891 | none                      | ₱1,215,010 |

The directors' compensation amounted to ₱12.58 Million, ₱12.85 Million, and ₱12.26 Million, as of December 31, 2025, 2024, and 2023, respectively.

Breakdown of the 2025 Directors' compensation is as follows:

| Name of Director             | Amount (Php)      |
|------------------------------|-------------------|
| Jack Ekian T. Huang          | 1,455,000         |
| Levi B. Labra                | 1,428,250         |
| Conrado A. Gloria, Jr.       | 1,395,000         |
| Gilda E. Pico                | 1,387,500         |
| Gregorio T. Yu               | 1,375,000         |
| Stephen Anthony T. Cuunjieng | 1,212,500         |
| Teresita J. Herbosa          | 1,435,000         |
| Hans Brinker M. Sicat        | 1,510,000         |
| Paolo Benigno A. Aquino IV*  | 910,000           |
| Jose Marin Chan Jr.**        | 470,000           |
| <b>Total</b>                 | <b>12,578,250</b> |

\* - Director up to June 23, 2025

\*\* - Director from August 28, 2025

The five (5) Independent and four (4) other regular Directors are entitled to a Director's per diems of P12,500.00, P7,500.00 and P5,000.00 for attending Board, Executive Committee and other Board Committees' meetings, respectively. The remaining six (6) Directors have waived their rights to receive Director's fees. As stipulated in the By-laws, Directors are also entitled to share in the net profits to be distributed in such manner as the Board may provide but not exceeding four (4) percent.

There are no other terms and conditions with regard to the employment contract between PBCOM and named Executive Officers or any other more compensatory plans or arrangements except those disclosed above.

There are no Outstanding Warrants or Options held by the Directors and Officers as of December 31, 2025.

The Bank has no record of adjusting or amending the exercise price of stock warrants previously awarded to any of the officers and directors.

### Independent Public Accountant

The accounting firm of Sycip, Gorres, Velayo and Co. ("SGV"), with address at SGV Building, 6760 Ayala Avenue, Makati City, has been the Bank's independent public accountants for the past years. The same accounting firm will likely be recommended for re-election at the scheduled annual meeting this year. Mr. Ray Francis C. Balagtas was assigned partner starting in 2019 in compliance with SRC 68(3)(b)(ix), and served as engagement partner up to the audit of the Bank's 2024 financial statements.

For the audit of the Bank's 2025 financial statements, the engagement partner was rotated to Mr. Miguel U. Ballelos in compliance with the partner rotation requirements under SRC Rule 68.

SGV is expected to be represented in the coming Annual Stockholders' Meeting with an opportunity to make statements, if they so desire, and will be available to respond to appropriate questions.

There is no disagreement with the Bank's accountants on matters of accounting and financial disclosure. The aggregate external audit fees billed for each of the last three (3) fiscal years for the audit of the registrant's annual financial statements or services that are normally provided by the external auditors are as follows:

| Fiscal Year | Audit Fees | All other fees |
|-------------|------------|----------------|
| 2025        | ₱5,451     | ₱6,341         |
| 2024        | ₱4,730     | ₱3,183         |
| 2023        | ₱4,503     | -              |

The above audit fees are inclusive of the following: (a) Other assurance related services by the External Auditor that are reasonably related to the performance of the audit or review of the Bank's financial statements and (b) All Other Fees. Fees paid to professional partnerships like SGV are not subject to withholding tax.

The Audit Committee is directly responsible for approving the appointment of the independent public accountants. Annually, the Committee recommends that the Board request shareholder ratification of the appointment of the independent public accountants. The Committee is also responsible for approving the fee of the independent public accountants and periodically reviews the fees charged for all permitted audit-related expenses and other services. It is also their responsibility to evaluate and, when appropriate, to remove the independent public accountants.

As of April 13, 2026, the Audit Committee is composed of Teresita J. Herbosa as Chairperson with Cecilia C. Borromeo and Jose Marin Chan Jr. as members. All members of the Committee are Independent Directors. Jose Marin Chan Jr. was appointed as a member of the Committee effective August 28, 2025 following the resignation of Paolo Benigno A. Aquino IV, who tendered his resignation as Independent Director through his letter dated June 23, 2025, effective immediately.

### Compensation Plans

No action pertaining to any plan involving the payment or distribution of cash or non-cash compensation will be taken during the Annual Meeting.

### Action with Respect to Reports

The stockholders will be asked to approve or ratify during the Annual Stockholders Meeting the following matters:

1. Review and approval of the Minutes of the Previous Meeting held on 18 June 2025 **(copy attached as Annex "H")** covering the following matters:
  - a. Certification of Notice and Quorum
  - b. Review and Approval of Minutes of Previous Stockholders' Meetings Held on 11 June 2024 (Annual Meeting)
  - c. Annual Report of Management and Approval of the Audited Financial

Statements for 2024

- d. Ratification of the Acts of the Board of Directors and Management since the last Annual Meeting of Stockholders
- e. Election of Directors
- f. Appointment of External Auditors
- g. Other Matters/Open Forum

Prior to adjournment, the Chairman opened the floor for discussion with the stockholders present, and asked the Secretary of the meeting if there were questions submitted. The Secretary informed the Chairman that no questions have been submitted by the stockholders, and that participating stockholders are given the opportunity to submit questions or remarks via the livestream portal by using the 'Q&A' button found at the bottom of their screens. Stockholders may also send questions and/or remarks in advance or during the meeting to the Corporate Secretary at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph)

There are no other items submitted for approval or consideration, other than those required in the ordinary course of business that requires approval or presentation to the shareholders of the Bank.

### Other Matters

The following is a summary of the acts of Management since the last Annual Meeting in 2025 to date, which will be submitted, for ratification to the stockholders during the coming Annual Meeting:

| Date              | Particulars                                                                                                                                                  |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| May 05, 2026      | Monthly Board Lot Report as of April 30, 2026                                                                                                                |
| May 05, 2026      | Monthly Foreign Ownership Report as of April 30, 2026                                                                                                        |
| May 05, 2026      | Redemption of Corporate Bonds                                                                                                                                |

## Voting Procedures

The vote required for acts requiring stockholders' approval is at least a majority of the outstanding capital stock.

In the election of directors, the fifteen (15) nominees with the greatest number of votes will be elected directors.

Every stockholder is entitled to one vote. However, with respect to the election of directors, the stockholders may vote such number of shares for as many persons as there are directors to be elected, or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected, or he may distribute them on the same principle among as many candidates as he shall see fit; provided, that the total number of votes cast by him shall not exceed the number of shares owned by him as shown in the books of the Corporation multiplied by the number of directors to be elected.

Shareholders who are unable to attend the meeting may choose to execute a proxy form or vote electronically *in absentia* using the Bank's online web address at <https://www.pbcom.com.ph/>. A stockholder who votes *in absentia* shall be deemed present for purposes of quorum. The requirements and procedures for voting in absentia and participation through remote communication are set forth under **Annex "A"** of this Information Statement.

Proxies must be submitted to the Corporate Secretary not later than 5:00 p.m. on or before 8 June 2026.

The method of counting the votes of the shareholders shall be in accordance with the general provisions of the Revised Corporation Code of the Philippines. Counting will be done by tabulation of the votes by the Corporate Secretary with the assistance of his staff and the stock and transfer agent.

## Corporate Governance

PBCOM Board of Directors and Management, employees and shareholders, believe that Corporate Governance is a necessary component of what constitutes sound strategic business management. Thus, the Bank has undertaken every effort necessary to create awareness for this within the organization. All Directors and Senior Management are required to attend its annual continuing education program on Corporate Governance and Risk Awareness.

The Board, Senior Management and all employees conduct themselves with utmost honesty and integrity in the discharge of their duties, functions and responsibilities, thus nurturing the continuing success of the Bank and securing its competitiveness in the best interest of the Bank, its shareholders and other stakeholders. Bank Officers promote the good governance practices within the Bank by ensuring that policies on governance are consistently adopted across the organization, with measurable standards, initiatives and specific responsibilities and accountabilities for each personnel.

All Directors and Senior Management are required to attend its annual continuing education program on Corporate Governance and Risk Awareness which shall be conducted by a private or government institution duly recognized/accredited by the BSP. Training of directors include an orientation program on Corporate Governance (conducted by training providers duly accredited by the SEC) for first-time directors for at least eight (8) hours and annual continuing training for at least four (4) hours for all directors and key officers including the Corporate Secretary and Chief Compliance Officer.

In house Seminar on Corporate Governance conducted by the Center for Global Practices (duly accredited training provider of the Securities and Exchange Commission) on October 13, 2025 at the Acacia Hotel, Alabang, Muntinlupa City was attended by the Bank's Board of Directors and Senior Management Team and Officers.

Consistent with the global practices of good Corporate Governance, the Bank's overriding commitment to a culture of good governance is seen through the following underlying principles:

1. It is the Bank's objective to enhance shareholders' value by making the most efficient use of resources. Its human capital strategy is one of its vital focus areas, as it is a principal indicator for the company's success.
2. The Board of Directors constitutes Board Committee namely Governance, Audit, Risk Oversight and Related Party Transactions Committees which are all chaired by Independent Directors and composed of majority of Independent Directors, all of whom have a good understanding of the business.
3. The Governance Committee is responsible for ensuring the Board's effectiveness and due observance of Corporate Governance principles and guidelines. They assist the Board of Directors in fulfilling its corporate governance responsibilities.

Attached are the 2025 Summary of the Performance Evaluation of the Board and Board Committees (Annex "I") and the Attendance of the Board of Directors in the 2025 Annual Stockholders' Meeting and in the Board and Board Committee Meetings (Annex "J").

4. The Governance Committee, through its Nominations Sub-Committee, ensures the quality of its leadership, consistent with its "fit and proper" rule when selecting its Directors and Senior Management Team, while the Performance Evaluation Sub-Committee, recommends and oversees the implementation of a Performance Management Process for Senior Management and the Members of the Board, review performance vis-a-vis agreed upon objectives, evaluate progress made with respect to Senior Management Directors Development plans, monitor changes in professional affiliations, personal status even health, which could have qualifications, resignation

and succession implications.

5. Transparency in its Annual Reports is ensured and reflects true and fair accounting information prepared in accordance with applicable standards; disclose and discuss all material risks; and disclose and explain the rationale for all material estimates. Disclosures are all completed in a timely manner.
6. To ensure that all act in the best interest of the Bank, full disclosure by its Directors, Officers and Employees on any actual or expected conflict of interest is required.
7. The Bank's Corporate Governance Manual, Code of Ethics and Code of Conduct clearly states Management's philosophy and compliance standards.

Annually, the Bank through the Governance Committee reviews the Corporate Governance Manual and recommends changes/amendments/revisions for the approval of the Board of Directors when and where necessary.

In addition, to promote a strong governance culture and transparency, the Bank's compliance with the Code of Corporate Governance are disclosed in the Integrated Annual Corporate Governance Report.

---

## FINANCIAL AND OTHER INFORMATION

---

### Financial Statements

Copies of the audited financial statements for the period ended December 31, 2025 shall be made available to the stockholders in the Bank's website at <https://www.pbcom.com.ph/>.

### The Company

Philippine Bank of Communications ("PBCOM" or the "Bank") was incorporated on August 23, 1939, as one of the earliest non-American foreign banks in the Philippines. It received its commercial banking license from the Bureau of Banking under the Department of Finance of the Philippine Commonwealth and commenced operations on September 4, 1939, with an initial capitalization of ₱2 million.

The Bank's operations were temporarily interrupted during World War II, but through the infusion of fresh capital, it resumed its banking activities in 1945. Throughout its early years, PBCOM played a vital role in the country's banking sector, helping businesses and individuals manage their finances through traditional banking services.

In 1974, PBCOM transitioned to full Filipino ownership when a group of industrialists led by Ralph Nubla Sr. acquired a majority stake in the Bank. This acquisition paved the way for the Bank's continued expansion and its focus on catering to both corporate and retail banking clients.

### Banking Licenses & Regulatory Approvals

PBCOM has continuously evolved its banking services in response to regulatory developments and market opportunities:

- August 24, 1961 – The Bank was granted a Trust License, enabling it to provide fiduciary and investment services.
- December 14, 1981 – It became a registered government securities dealer, allowing it to participate in the trading of government bonds and other related securities.
- December 24, 1993 – PBCOM obtained a license from the Bangko Sentral ng Pilipinas (BSP) to operate as an expanded commercial bank, broadening its range of financial services, including foreign currency deposit units and investment banking.
- March 31, 2000 – To focus on its core strengths, the Bank applied for and received approval from the Monetary Board of the BSP to convert its expanded commercial banking license into a regular commercial banking license.
- December 1, 2022 – After fulfilling all regulatory requirements, PBCOM received its Certificate of Authority from BSP to operate as a Universal Bank, allowing it to engage in a wider range of financial activities, including investment banking and expanded corporate lending.

### Capital Structure Changes & Ownership Transitions

Over the years, PBCOM underwent multiple capital restructuring initiatives and ownership transitions to strengthen its financial position and support its growth strategy:

- December 2011 – The ISM Communications Group acquired a controlling interest in the Bank through a ₱2.8 billion investment by the Chung and Nubla Groups. This transaction facilitated further capital infusion and expansion plans.

- March 8, 2013 – The Securities and Exchange Commission (SEC) approved PBCOM’s quasi-reorganization and capital stock increase, which included:
- The reclassification of 120 million preferred shares to common shares.
- A reduction in par value from ₱100 to ₱25 per share.
- An increase in authorized capital stock to ₱19 billion, divided into 760 million common shares.
- March 26, 2014 – The Bank successfully exited the 10-year Financial Assistance Agreement with the Philippine Deposit Insurance Corporation (PDIC) by fully settling a ₱7.6 billion loan.
- September 23, 2014 – BSP approved P.G. Holdings Inc. (PGH)’s ₱5.98 billion investment in newly issued PBCOM shares.
- October 1, 2014 – VFC Land Resources Inc. (VFC) acquired 59.24 million shares from ISM Group, increasing its stake in the Bank.
- 2015-2023 – PGH and VFC continued acquiring additional shares, resulting in the Co Family’s total stake in PBCOM reaching 57.24%. As of December 31, 2025, this ownership level remains unchanged.

### Strategic Transactions & Business Expansion

To streamline operations and focus on its core banking activities, PBCOM has undertaken several strategic initiatives:

- July 29, 2019 – The Bank divested its stake in PBCOM Rural Bank, Inc., consolidating its resources at the parent level to enhance operational efficiency.
- January 20, 2022 – BSP approved PBCOM’s application to upgrade to a Universal Bank, allowing it to offer a broader range of financial services.
- March 15, 2022 – The Board of Directors approved amendments to the Articles of Incorporation to:
  - Change PBCOM’s primary purpose from Commercial Bank to Universal Bank.
  - Extend its corporate term from 50 years to perpetual.
- May 3, 2024 – PBCOM completed the dissolution and liquidation of PBCOM Insurance Services Agency, Inc. (PISAI). The subsidiary settled all its liabilities and liquidated its remaining assets, ceasing its operations and consolidation in the Bank’s financial statements.
- November 4, 2024 – PBCOM raised ₱7.7 billion from its maiden issuance of Peso Fixed Rate Bond listed in the Philippine Dealing & Exchange Corp. (PDEX). The series A bond, which has a tenor of one-and-a-half years and a fixed interest rate of 6.0796%, represents the first tranche under PBCOM’s ₱15 Billion Peso Bond Program.

### **Business of Registrant**

PBCOM offers a wide range of products and services to clients. These include basic universal banking services such as deposit products, credit and loan facilities, trade-related services, treasury and foreign exchange trading, cash management services, and Trust and Investment Management services.

Deposit products and services include peso, dollar, and third currency savings, checking and time deposit accounts, ATM accounts, foreign and domestic remittance services, cash management services, namely deposit pick-up and cash delivery, payroll, and check-writing services. Ancillary services such as safety deposit boxes and manager’s checks, demand drafts, acceptance of tax and SSS payments are also available. These products and services are offered to both individuals and corporate clients.

Credit and loan facilities include working capital financing, post-dated check discounting, specialized lending programs such as contract-to-sell financing, and Micro-Finance. Other credit-related products include home, auto, and personal loans, as well as trade financing.

Trade-related services include import LCs, standby LCs, bank guarantee, and shipside bond, export LC advising, export packing credits & export bills negotiation and collections, trade financing of receivables and payables, domestic LCs, and trust receipt financing. These services are financing facilities offered to importers and exporters.

Treasury products include dealerships and brokering of government securities and commercial papers, both domestic and international, deposit substitutes like promissory notes and repurchase agreements, foreign exchange proprietary trading, and commercial client servicing.

Trust services include investment management services, personal trust funds, escrow agency services, employee benefit trust services, and estate planning.

### **Contribution to Operating Income**

As of December 31, 2025, operating income is composed of: (1) 75.40% is derived from net interest income, which includes interest income from lending, investment securities, and other receivables less interest expense and finance charges (2) 24.60% is from non-interest income consisting of trading gains, service charges, fees and commissions, income from trust operations, profit/loss from asset sold, foreign exchange gain/loss, rental income and miscellaneous income.

The Bank does not maintain any branch or sales office abroad. Hence, all revenues are generated domestically.

### **Distribution Methods of Products and Services**

As of December 31, 2025, the Parent Bank's products and services are distributed primarily through its 96 branches, 4 of which are in Pop-Up formats situated in selected Puregold stores.

PBCOM clients may also conduct their transactions in various channels, such as the 176 automated teller machines deployed in strategic branch sites and in 80 off-site locations. In addition, the Bank has also deployed 146 Cash Deposit Machines across various sites to help service the deposit transactions of its clients.

The Bank has likewise expanded its digital presence through its Digital-Only Bank, which BSP approved last December 11, 2019. This will complement the existing Internet and Mobile Banking facilities of the bank, launched last June 21, 2017, and September 28, 2018, respectively. .

### **Competition**

As of the end of 2025, the Philippine commercial banking industry is composed of 44 Universal and Commercial Banks, of which 15 are Private Domestic Banks, 3 are Government Banks, and 26 are Foreign Banks with either established subsidiaries or foreign branch licenses.

### **Patents, Trademarks, Licenses, Franchises, Concessions, and Royalty**

PBCOM has registered the trademarks of the following: PBCOM, Philippine Bank of Communications, PBCOM Together we Grow, PBCOM Pop-up Branch, PBCOMobile, and PBCOM eRegalo.

## **Customers**

PBCOM has a multi-segment client base with growth seen across Individuals, Commercial, and Corporate accounts. This result stems from the bank's focus on expanding its market through the ecosystem of its principals.

## **Subsidiaries and Affiliates**

### *PBCOM Insurance Services Agency, Inc. (PISAI)*

On May 9, 2014, the SEC approved the incorporation of PBCOM's wholly-owned subsidiary, PBCOM Insurance Services Agency, Inc. (PISAI), which was primarily engaged in soliciting and promoting insurance products. In the same year, PISAI, PBCOM, and Pru Life UK executed a five-year general agency agreement to market and distribute life, health, and protection products. However, the agreement was terminated by all parties effective August 31, 2017, rendering PISAI inactive.

On January 11, 2021, the BOD approved PISAI's dissolution and liquidation. Subsequently, on March 4, 2021, PISAI's Board of Directors resolved to shorten the company's corporate term to June 30, 2021. Due to several regulatory requirements for business termination, the effectivity of PISAI's corporate term was extended until April 2024. PISAI submitted its application for amending its Articles of Incorporation on November 15, 2023, and the SEC approved this amendment on April 3, 2024, extending the corporate term until April 30, 2024.

On May 3, 2024, PISAI completed the settlement of its liabilities and liquidated its remaining assets for distribution to its stockholders. As a result, the Parent Company received the remaining assets of PISAI and derecognized its investment.

### *PBCOM Finance Corporation*

The Bank's lone affiliate, PBCOM Finance Corporation, was incorporated and registered with the SEC on January 9, 1980, to provide, grant, and/or extend credit facilities to any person, business, judicial or otherwise. It is 40% owned by the Bank while the remaining 60% is owned by various individual shareholders. Its principal place of business is located at PBCOM Building, 214-216 Juan Luna Street Binondo, Manila.

## **Transaction with and/or Dependence on Related Parties**

The Bank's related parties include key management personnel, close family members of key management personnel and entities which are controlled, significantly influenced by or for which significant voting power is held by key management personnel or their close family members, associates and post-employment benefits for the benefit of the Bank's employees.

As required by BSP, the Bank discloses loan transactions with its associates, affiliates and with certain directors, officers, stockholders and related interests (DOSRI). As of December 31, 2025 the Bank is compliant with DOSRI rules and regulations.

The Bank's related party transactions are presented and discussed in Note 31 of the Audited Financial Statements.

## Effect of Existing or Probable Government Regulations

### Bangko Sentral ng Pilipinas

The Bank fully complies with the required capitalization for universal banks with an expanded FCDU license as prescribed by the BSP. The Bank's consolidated qualifying capital as of end-December 31, 2025, stood at ₱22.43 Billion. As reported to BSP, its capital-to-risk assets ratio under the BASEL III reporting standards covering credit, market, and operational risks remained well above the 10% regulatory threshold, standing at 16.51%.

### Bureau of Internal Revenue

Republic Act No. 9337, which amended the National Internal Revenue Code, stipulates that:

- The regular corporate income tax (RCIT) rate is 30%.
- The interest expense deduction is capped at 33% of interest income, subject to final tax.
- A Minimum Corporate Income Tax (MCIT) of 2% on modified gross income applies and is compared with the RCIT. Any excess MCIT over RCIT is carried forward for three years as a tax credit.
- Net Operating Loss Carry-Over (NOLCO) is deductible from taxable income for up to three years from the year of loss.
- FCDU offshore income (income from non-residents) remains tax-exempt, whereas onshore income (interest income from loans to residents) is taxed at 10%.
- Other FCDU transactions are subject to either the 30% RCIT or 2% MCIT, whichever is applicable.

### Tax Reform for Acceleration and Inclusion (TRAIN) Law (RA 10963)

Effective January 1, 2018, the TRAIN Law introduced several changes to the tax regime, including:

- 100% increase in Documentary Stamp Tax (DST) rates, except for debt instruments, which saw a 50% increase.
- Fringe Benefits Tax rate increase from 32% to 35%.
- Excise tax increases on petroleum products, reaching up to ₱8 per liter/kilo.
- Final Withholding Tax on interest income from deposits under the expanded foreign currency deposit system increased from 7.5% to 15%.

### Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act

Signed into law on March 26, 2021, the CREATE Act introduced tax adjustments, including:

- Reduction of the corporate income tax rate from 30% to 25%.
- Deductible interest expense limit reduced to 20% of interest income subject to final tax.
- Temporary reduction of the MCIT rate to 1% until June 30, 2023.

### Recent Tax Updates (2024)

- Revenue Memorandum Circular No. 36-2024, issued on March 11, 2024, clarified that for corporations with a calendar year ending December 31, 2023, the applicable MCIT rate is 1.5%.
- No changes have been made regarding the taxation of FCDUs.

### Recent Tax Updates (2025)

Capital Market Efficiency Promotion Act (CMEPA) (RA 12214)

Signed into law on May 29, 2025, and effective July 1, 2025, CMEPA introduces key reforms in the taxation of financial instruments, including:

- Standardization of the final withholding tax (FWT) rate on interest income to 20%, covering peso deposits, foreign currency deposit and other similar instruments.
- Removal of the tax exemption on long-term deposits or instruments certificates with a maturity of five years or more for instruments issued on or after July 1, 2025
- Retention of the tax exemption for long-term deposits issued prior to July 1, 2025, provided these are held to maturity.
- Reclassification of Reverse Repurchase Agreements (RRPs), which are no longer treated as deposit substitutes and are instead subject to 15% creditable withholding tax, with income subject to RCIR.
- Reduction of the Stock Transaction Tax (STT) on the sale of listed shares from 0.60% to 0.10% of the gross selling price.
- Expansion of tax exemptions for collective investment schemes, including exemption from capital gains tax on redemptions of Unit Investment Trust Funds and removal of Documentary Stamp Tax on issuance of participation certificates.

#### VAT on Digital Transactions

- Digital services provided by non-resident digital service providers (DSPs) to customers in the Philippines are subject to 12% VAT.
- The VAT applies to various digital services, including online platforms, digital content, cloud services, and subscription-based services.

### Research and Development Activities

The Bank offers basic commercial banking products and services that require no significant amount to be spent on product research & development.

### Employees

As of December 31, 2025, the Parent Bank has 1,177 employees with 961 officers and 216 rank-and-file. All of the Parent Company's rank-and-file employees are covered by a CBA covering the period 2023 to 2025. There had been neither dispute nor occurrence of employee strikes for the past years.

### Risk Management

PBCOM's Enterprise Risk Management (ERM) Framework serves as the cornerstone of the Bank's approach to identifying, assessing, and managing risks across the organization. It outlines the Bank's commitment to effective and efficient risk management, grounded in the principles of good corporate governance — namely, fairness, accountability, and transparency — as demonstrated through its robust risk governance structure.

The Framework illustrates how risk management is deeply embedded into PBCOM's organizational culture, systems, and operations. It sets out the guiding philosophies, core principles, governance structures, key elements, policies, and processes that empower employees at all levels to proactively manage risk. This integration ensures that risk considerations are incorporated into everyday business activities and strategic decision-making.

Risk management at PBCOM is applied enterprise-wide — encompassing the Board of Directors, Senior Management, Business Groups, Business Centers, support units, subsidiaries, affiliates, and

individual employees. It is also integrated into specific functions, programs, projects, and initiatives. The implementation of this framework enhances management practices, supports sound decision-making, promotes efficient resource allocation, and ultimately drives sustainable value creation. At the same time, it safeguards the interests of clients, upholds public trust, and ensures regulatory compliance.

## **ERM Vision, Mission, Philosophy and Objectives**

### **Vision Statement**

To protect and optimize PBCOM's enterprise value through effective risk management.

### **Mission Statement**

To develop risk awareness and a risk/return consciousness in the Bank in order to protect deposits, preserve capital, and ensure adequate return on capital.

### **Philosophy**

PBCOM recognizes that enterprise risk management is fundamental for its safe and sound operation and sustainable growth. It ensures business success through balanced risk and reward, operational excellence, and conformance to the highest ethical standards and regulatory requirements.

Enterprise Risk Management in PBCOM is aligned with its business objectives and strategies. It operates at all levels and in all units of PBCOM that continually manage risk in an environment fostered by an appropriate governance structure, a strong "control culture," and a proactive process of identification, understanding, assessment, and mitigation of all its material risks.

### **Objectives**

- To identify, measure, manage, and control risks inherent in PBCOM's activities or embedded in its portfolio;
- Define and disseminate risk management philosophy and policies;
- Assist risk-taking business and operating units in understanding and measuring risk/return profiles;
- Develop a risk management infrastructure that includes policies and procedures, organization, limits and approval authorities, MIS and reporting, systems and risk models and;
- Promote a risk awareness and strong "control culture" in PBCOM.

### **PBCOM Enterprise Risk Governance**

The **Board of Directors (BOD)** is responsible for establishing and maintaining a sound risk management system and is ultimately accountable for identifying and controlling risks; Nevertheless, separate independent bodies are responsible for managing and monitoring risks.

The **Risk Oversight Committee (ROC)** has the overall responsibility for the development of the risk strategy and implementing principles, frameworks, policies and limits. Its primary responsibilities are to:

1. *Oversee the risk management framework.* The committee shall oversee the enterprise risk management framework and ensure that there is periodic review of the effectiveness of the risk management systems and recovery plans. It shall ensure that corrective actions are promptly implemented to address risk management concerns.

2. *Oversee the adherence to risk appetite.* The committee shall ensure that the current and emerging risk exposures are consistent with the Bank's strategic direction and overall risk appetite. It shall assess the overall status of adherence to the risk appetite based on the quality of compliance with the limits structure, policies and procedures relating to risk management and control, and performance of management, among others.
3. *Oversee the risk management function.* The committee shall be responsible for the appointment/selection, remuneration, and dismissal of the Chief Risk Officer (CRO). It shall also ensure that the risk management function has adequate resources and effectively oversees the risk taking activities of the Bank.

The **Enterprise Risk Management Group (ERMG)** is the ROC's implementing arm in carrying out its functions. It assists the Bank's Board of Directors and Management in accomplishing its objectives by bringing a systematic and disciplined approach to promoting risk management practices consistent with the type and complexity of operation of the Bank and its subsidiaries. It assists in the management of risk that is a direct responsibility of the business and support units.

The Bank adopts a three-pillar internal risk structure to strengthen governance and accountability across its risk management framework. **Pillar 1** covers the core enterprise risk management functions under the Enterprise Risk Management Group (ERMG), encompassing market, liquidity, operational, and other material risks. **Pillar 2** pertains to credit risk management, which is managed through Credit Risk Management Division (CRMD), which is responsible for credit risk oversight. **Pillar 3** covers technology, information security, and cybersecurity risk management led by the Chief Information Security Officer (CISO). This structure clarifies ownership of key risk domains while maintaining alignment with the Bank's overall risk governance and control framework.

### Capital Management

PBCOM's capital management framework is designed to deliver optimal returns to shareholders while ensuring that the Bank's capital base remains strong enough to safeguard the interests of all stakeholders. This framework involves continuous monitoring of both capital requirements and available capital resources to ensure that:

- Qualifying capital consistently remains above the minimum regulatory requirement of ten percent (10%) of risk-weighted assets.
- The composition and quality of capital align with the risks the Bank faces or intends to undertake to support growth and returns; and
- A prudent balance is maintained between strategic growth objectives and the ongoing institutional strength of the Bank.

PBCOM consistently maintains a capital adequacy ratio well above the 10% regulatory minimum set by Philippine banking regulations.

As part of its strategic planning, the Bank undertakes an Internal Capital Adequacy Assessment Process (ICAAP). This process enables the Bank to:

- Define its risk appetite alongside growth and return objectives;
- Identify business lines, products, and services that support these goals;
- Assess the risks associated with each initiative;
- Develop strategies to mitigate and manage identified risks;
- Determine the quantity and quality of capital needed to remain resilient through adverse scenarios;

- Conduct stress testing to uncover potential vulnerabilities and pressure points; and
- Formulate capital build-up strategies and contingency plans.

The results of the ICAAP are actively integrated into the Bank's risk management and strategic decision-making processes. These include the calibration of risk appetite, capital allocation across business lines, performance monitoring, and the evaluation of new products and initiatives. This ensures that risk-taking activities remain aligned with the Bank's capital capacity and overall risk tolerance under both normal and stressed conditions.

The ICAAP is a collaborative effort between Senior Management and the Board of Directors. PBCOM submits the results and supporting documentation of its ICAAP to the Bangko Sentral ng Pilipinas for supervisory review and evaluation.

Complementing the ICAAP, the Bank maintains a Recovery Plan designed to restore its financial strength and viability during periods of severe stress. The plan outlines a range of credible recovery options, including capital augmentation, balance sheet adjustments, liquidity enhancement measures, and cost rationalization initiatives. Recovery triggers and escalation protocols are defined to ensure timely management action. The Recovery Plan is subject to periodic review and is aligned with regulatory expectations on recovery planning and stress preparedness.

The Bank's regulatory qualifying capital is composed of Common Equity Tier 1 and Additional Tier 1 capital, which include paid-up common stock, retained earnings (including current year's profit), and surplus reserves, net of regulatory deductions such as unsecured DOSRI (Directors, Officers, Stockholders, and Related Interests) exposures and goodwill. Tier 2 (Gone-Concern) Capital comprises appraisal increment reserves (as approved by the Monetary Board) and general loan loss provisions.

For Pillar 1 risks—Credit, Market, and Operational—PBCOM calculates capital charges using the standardized approach, adhering to the 10% requirement of risk-weighted assets as stipulated by the Manual of Regulations for Banks (MORB). The Bank also evaluates these figures against internally assessed capital requirements using internal models to determine if additional capital charges are warranted.

#### Market, Liquidity and Interest Rate Risk Management

Market risk refers to the potential losses arising from unfavorable movements in the market value of financial instruments, whether on- or off-balance sheet. To measure this risk, PBCOM utilizes a Value-at-Risk (VaR) model at a 99% confidence level. The reliability and accuracy of the VaR model are validated through back-testing, employing both hypothetical and actual historical approaches. To capture the potential impact of extreme but plausible market events beyond the scope of VaR, the Bank also conducts stress testing.

Market risk is actively managed through a comprehensive system of risk limits aligned with the Bank's capital adequacy, return expectations, and overall risk appetite. These limits include the VaR limit, Nominal Position limit, Off-Market Tolerance limit, Management Action Triggers, and Stop-Loss thresholds. Additionally, the Bank uses a Market Risk Assessment Matrix to evaluate and monitor its overall market risk profile.

Liquidity risk arises from the possibility that the Bank may be unable to meet its financial obligations when they fall due, in any currency. To manage this risk, the Bank maintains rigorous daily monitoring of key regulatory liquidity ratios, including the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR).

Beyond regulatory compliance, the Bank employs internal limits such as liquidity indicators, funding concentration metrics, and the Maximum Cumulative Outflow (MCO) to monitor and manage liquidity risk exposures. Liquidity stress testing is conducted to assess the potential impact of adverse scenarios on the Bank's MCO profile. The Bank also uses a Liquidity Risk Assessment Matrix to determine its overall liquidity risk posture. As an added safeguard, PBCOM holds a substantial portfolio of High-Quality Liquid Assets (HQLA) that can be quickly converted to cash to meet unexpected funding needs.

Interest rate risk stems from the potential impact of interest rate fluctuations on future cash flows or the fair value of financial assets and liabilities. PBCOM assesses this risk using two key measures: Earnings-at-Risk (EaR) and Economic Value of Equity (EVE), both derived from the Bank's interest rate repricing gap profile. These metrics help quantify the potential effects of interest rate changes on the Bank's net interest income and capital base under both normal and stressed conditions.

To manage this risk, the Bank operates within clearly defined risk limits and applies a prudent asset-liability management strategy. This approach ensures that interest rate exposures remain within tolerable levels, thereby preserving financial stability and supporting sustainable earnings.

### **Credit Risk Management**

Credit risk is the most significant financial risk in the banking industry and is inherent in all revenue-generating activities. It refers to the possibility that a counterparty to a financial instrument will default on its contractual obligation, resulting in a financial loss to the Bank. This risk materializes when funds are extended, committed, invested, or otherwise exposed through actual or implied agreements. Historically, capital erosion due to loan losses has been a primary cause of institutional failures. At PBCOM, credit risk predominantly stems from lending activities, securities trading, and foreign exchange operations.

Recognizing that accurate identification and assessment are fundamental to effective credit risk management, the Bank has established a comprehensive set of credit policies and underwriting standards, duly approved by the Board of Directors. These guidelines ensure that all credit exposures undergo thorough due diligence and objective evaluation. The Bank conducts regular assessments of both potential and existing borrowers' capacity to meet interest and principal repayments. Lending limits are revised as necessary to reflect evolving creditworthiness.

Credit proposals are reviewed through a multi-tiered approval structure—beginning with designated individual authorities and escalating, where warranted, to the Executive Committee (EXCOM) and the Board of Directors. This structured approval process upholds independence and rigor in credit decision-making.

To further enhance its credit risk management capabilities, the Bank implements an Internal Credit Risk Rating System (ICRRS) aligned with international standards, compliant with Basel II requirements, and tailored to the Bank's size, complexity, and business model. The resulting credit scores, supplemented by expert judgment, are used as a foundation for proactively determining loan loss provisions in accordance with Philippine Financial Reporting Standards (PFRS) 9.

### **Credit Exposure Limits**

To effectively manage and control credit risk, the Bank establishes exposure limits that define the maximum level of risk it is willing to assume for individual borrowers, borrower groups, and specific industry or economic sectors. These include thresholds for large exposures, sectoral concentration (such as real estate loan ceilings), and tolerances for past due and non-performing loan ratios across different product types.

These risk limits are subject to regular monitoring and undergo annual reviews—or more frequent assessments when warranted by changes in market conditions or borrower risk profiles. All tolerance limits are reviewed and approved by the Board of Directors to ensure alignment with the Bank’s overall risk appetite.

Furthermore, credit exposure to any single borrower is controlled through detailed sub-limits that apply to both on- and off-balance sheet exposures. Actual exposures are closely tracked and measured against approved limits on a regular basis to ensure compliance and enable timely corrective actions when necessary.

#### Other Credit Enhancements

The Bank further mitigates credit risk by securing appropriate collateral, guarantees, or suretyships. The type and amount of security required are based on the assessed credit risk profile of each borrower or counterparty. When signs of credit deterioration or impairment emerge, the Bank may require additional collateral to safeguard its exposure and minimize potential credit losses.

To ensure consistent and effective credit risk mitigation, the Bank has established clear guidelines on the acceptability and valuation of various collateral types. The main forms of collateral typically obtained include:

- Cash or securities for securities lending and reverse repurchase agreements;
- Mortgages on commercial real estate, machinery, inventories, and trade receivables for commercial loans; and
- Mortgages on residential properties and vehicles for retail lending.

In cases of default, it is the Bank’s policy to dispose of repossessed assets in an orderly and timely manner. The proceeds from these sales are applied to reduce or fully settle the outstanding obligations. Generally, the Bank does not retain repossessed properties for business use.

To ensure the continued health and quality of the loan portfolio, the Bank implements an independent post-credit review process. This ongoing review allows for the timely identification and evaluation of risks associated with existing credit exposures and enables the Bank to implement corrective measures as needed.

The management of the credit portfolio is governed by both internal policies and regulatory limits, designed to control credit risk exposures and maintain portfolio integrity. The Enterprise Risk Management Group (ERMG) plays a key role in monitoring large exposures and concentrations in line with Bangko Sentral ng Pilipinas (BSP) requirements.

### **Operational Risk Management**

Operational risk refers to the potential for loss arising from inadequate or failed internal processes, systems, human factors, or external events. It includes legal risk but excludes strategic and reputational risks. As it is embedded in all products, services, and activities across the Bank—including its subsidiaries and affiliates—operational risk spans multiple business lines and functions.

The cornerstone of operational risk control at PBCOM is a robust internal control system, approved by the Board of Directors and executed with full participation from every employee. The Operational Risk Management (ORM) Framework provides comprehensive guidance on managing these risks effectively.

This framework is subject to regular review by the Board to ensure that ORM policies, processes, and systems remain relevant and effective across all levels of decision-making.

To monitor and manage operational risks, the Bank employs several key tools:

- Risk Control Self-Assessment (RCSA)
- Key Risk Indicators (KRI)
- Internal Operational Loss Database

These tools enable proactive risk identification and mitigation, with results regularly reported by the ORM Team to the Risk Oversight Committee (ROC). Complementary reports—including the Profile of Complaints, Legal Case Updates, Bank Security Assessments, and Vendor Performance Evaluations—are provided by respective line units to ensure broad-based operational risk coverage. The Bank also has systems for reporting operational crimes, loss events, and policies governing whistleblowing and administrative case handling.

In support of fair customer treatment and financial consumer protection, the Bank adheres to applicable BSP regulations, including the Financial Consumer Protection Framework. The Bank maintains mechanisms for handling customer complaints, monitoring service quality, and ensuring transparency in product disclosures. These practices are embedded within the Bank's operational risk management processes and contribute to maintaining trust and accountability in its dealings with clients.

To further mitigate risk, the Bank employs both preventive and detective controls embedded in its policies, operating procedures, approval limits, and delegated authorities. Risk is also transferred through adequate insurance coverage, self-insurance reserves, and allowances for probable losses.

Promoting a strong risk culture, the Bank—through its Enterprise Risk Management Group (ERMG), Compliance Management Group (CMG), and other subject-matter experts (e.g., the Chief Information Security Officer and Data Privacy Officer)—conducts regular training programs. These include onboarding orientation for new hires and computer-based training (CBT) for all employees, emphasizing operational risk awareness and regulatory compliance. These groups also lead the development and enhancement of risk and compliance policies and engage business units through interactive sessions to address risk issues and improve processes.

To ensure resilience and continuity of operations, the Bank has established a Business Continuity Management (BCM) Framework that includes robust planning, risk assessments, and crisis response strategies. Key components include:

- Business Continuity Plan (BCP)
- Crisis Management and Emergency Preparedness Plan
- Pandemic Plan
- Cyber Resiliency Plan

These plans outline detailed procedures to guide the Bank's response to disruptions, aiming to protect lives, property, and the environment while ensuring uninterrupted delivery of critical services. The Bank regularly conducts business impact analyses, updates continuity plans, and performs BCP tests and evaluations to assess readiness.

In line with BSP Circular No. 1203, the Bank is enhancing its traditional business continuity approach towards a broader operational resilience framework. This includes the identification of critical operations, establishment of impact tolerances, and mapping of interdependencies across people,

processes, systems, and third parties. The Bank conducts scenario-based testing using severe but plausible disruption events to assess its ability to continue delivering critical services within defined tolerances. These initiatives strengthen the Bank's capacity to anticipate, withstand, respond to, and recover from operational disruptions.

Legal risk involves the potential for financial loss due to incomplete, inaccurate, or unenforceable legal documentation, which could compromise the Bank's rights under contracts and obligations. It also encompasses conduct that could undermine the Bank's institutional value and is closely associated with fiduciary and reputational risks.

To address these risks, PBCOM's Legal Services Group (LSG) leads the implementation of a structured Legal Risk Management process. This includes:

- Maintaining and regularly updating the Legal Risk Management Manual, which applies bank-wide;
- Periodic reviews of ongoing legal cases and assessment of potential outcomes;
- Regular reporting to the Risk Oversight Committee (ROC); and
- Ensuring compliance with legal obligations to avoid litigation, sanctions, and reputational harm.

### **Data Privacy Management**

PBCOM cares about the protection of personal identifiable and/or sensitive information provided by customers and/or clients, thus, shall at all times abide to the minimum regulatory and statutory requirements. PBCOM built its privacy risk management system based on the provisions of Republic Act 10173 – Data Privacy Act of 2012, its Implementing Rules and Regulations (IRR), National Privacy Commission (NPC) issuances, and other related laws.

Privacy risk is defined as a potential loss of control over personal identifiable and/or sensitive personal information. With the emerging threats on data privacy, the Bank has instituted control measures to efficiently manage the risk to an acceptable level.

PBCOM, through the designated Data Protection Officer (DPO), manages the risk related to data privacy by adhering to the five (5) pillars of compliance as mandated by the NPC, at the minimum.

Privacy Impact Assessment were the main focus on an annual basis, assessment of third party providers data protection measures and to update the inventory of the Banks processing systems and to ensure that organizational, technical and physical security measures are in place.

With CISO, CIO and CRO's active participation in managing the organizational and technical risks and by actively participating in the conduct of Security Breach tabletop exercise, the Bank and its employees will be ready to handle incidents that may lead to security breaches including data privacy breach.

The Bank's compliance to the data privacy is reported to the Board of Directors (BOD), through the Risk Oversight Committee (ROC), on a quarterly basis or as deemed necessary.

Year 2025 focused on activities to continuously contribute to increasing of awareness thru different campaigns both for internal and external data subjects. Strengthening the employees and the Banks readiness for any security incidents leading to privacy breach will also be an important program that will be implemented.

For the past years the Bank have a strong security measures in place for the Organizational and Technical aspect. The National Privacy Commission shared in the past years' conferences that the common root cause for data privacy breaches are human error, which is a controllable factor and can be addressed immediately. In 2024 we elevated our adherence with NPC's mandate related to Physical Security measures we will be more vigilant in implementing procedures, plans and programs promoting Data Protection.

PBCOM is actively present with the Banking Sector by being a member of the Data Privacy Coordination Group. The Data Privacy Coordination Group (DPCG) is a committee of the Bankers Association of the Philippines (BAP) created by the Board of Directors under Resolution No. 2022-27. The DPCG is mandated to oversee the impact of the implementing rules and regulations of the Data Privacy Act of 2012 ("Data Privacy Act") and to monitor and ensure compliance of the participating banking institutions with the standards set for personal data protection under the Data Privacy Act

DPO also advocates accountability on Data Privacy compliance by having Data Privacy Coordinators for each group and division. They will be the Data Privacy Champions that will assist the DPO and the Bank to ensure that each member of their team is compliant with the Banks Data Privacy Policy and National Privacy Commissions rules and regulations,

An increase in awareness of the Banks employees was also evident and can be attributed to the continuous campaigns cascaded and trainings facilitated by the DPO. The campaigns and trainings conducted is to equip all employees on how to protect personal information not only of our customers and stakeholders, the Bank's information but their personal information as well and to understand their obligations as an employee in the adherence of the Data Privacy Principle of transparency, legitimate purpose and proportionality and their rights and role as a Data Subject.

PBCOM is one with the National Privacy Commission on its active campaign to protect all data subjects from any unauthorized and unlawful processing of information.

### **Trust Risk Management**

The Trust and Wealth Management Group (TWMG) of PBCOM is exposed to fiduciary risks arising from the management of funds and assets placed under its care and custody. Fiduciary risk refers to the potential for financial loss, legal liability, or reputational damage resulting from the failure to meet obligations to trustors or principals. These risks may adversely affect the Bank's financial standing and public trust.

TWMG's fiduciary activities are subject to multiple risk dimensions, including market, credit, liquidity, operational, legal, compliance, strategic, and reputation risks. These exposures exist across both discretionary and non-discretionary trust arrangements, and across the Group's core functions: account management, portfolio and trading, trust credit evaluation, and operations.

Risk oversight is jointly performed by the Trust Committee (TCOM) and the Risk Oversight Committee (ROC):

- The Trust Committee oversees the operations of TWMG, ensuring that fiduciary services—including wealth and trust management—are delivered with integrity and within a robust internal control framework. It ensures compliance with fiduciary obligations and the proper implementation of risk management policies.

- The Risk Oversight Committee (ROC) holds overarching responsibility for the development and execution of the Bank's risk strategy, framework, policies, and exposure limits, including those applicable to the trust and wealth management business.

The ERMG leads the effective implementation of fiduciary risk controls through the deployment of several key tools and methodologies:

- **Regular Reporting:** Monthly reports to the ROC and quarterly updates to the Trust Committee provide transparency into risk exposures and performance.
- **Stress Testing:** Periodic stress testing of the TWMG portfolio assesses resilience against adverse market conditions.
- **Risk Control Self-Assessments (RCSA):** These assessments help identify and address control gaps within TWMG's processes.
- **Fiduciary Risk Policies:** The Bank maintains a comprehensive set of trust risk management policies that guide fiduciary operations and reinforce the Group's accountability to clients and stakeholders.

Pillar 3 of the risk management framework, the IT and Infosec Risk Division headed by the Chief Information Security Officer (CISO), manages the technology, information security and cybersecurity risk management of the Bank.

### **Technology, Information and Cyber Security Management**

The Bank recognizes that technology, cybersecurity, and information security risks are critical to its operations, financial stability, and customer trust. As digital banking channels expand and cyber threats evolve in complexity, the Bank adopts a proactive, risk-based approach to managing these risks, aligned with regulatory expectations and global best practices. Information Technology (IT) Risk is the risk of loss, disruption, or failure arising from inadequate or failed internal IT processes, systems, infrastructure, people, or external events that support business operations. It includes risks related to the availability, reliability, performance, and resilience of information technology. Information Security (Infosec) Risk is the risk that information assets are compromised due to failures in maintaining their confidentiality, integrity, or availability (CIA), whether intentional or accidental. This risk focuses on protecting data and information, regardless of whether the threat is cyber-related or internal. Cybersecurity (Cyber) Risk is the risk of financial loss, operational disruption, regulatory sanctions, or reputational damage resulting from cyber threats, attacks, or incidents that exploit digital systems, networks, or technologies. Cyber risk is a subset of both IT Risk and Information Security Risk, but specifically relates to malicious, technology-enabled threats.

The Bank maintains a robust governance framework for technology, information security and cybersecurity risk management, anchored at the Board of Directors and supported by senior management committees. This framework covers risk identification, assessment, mitigation, monitoring, and reporting. Risk assessments are conducted regularly, including vulnerability assessments, penetration testing, threat simulation exercises, and control assessments, to ensure that emerging threats and vulnerabilities are promptly addressed. Key risk domains include:

- IT operational risks (e.g., system failures, outages) – Technology risk management is integrated throughout the project lifecycle—from initiation to implementation—ensuring risk identification, control validation, and timely corrective action planning. It ensure stable, resilient, and recoverable services that support the banking operations 24x7/365. The IT Risk Management Team contributes

actively to the development of risk management policies, supports the launch of new technology initiatives, and fosters a risk-aware culture through focused seminars and training sessions.

- Security and privacy risks – The Bank is committed to safeguarding customer information and complies with applicable data privacy regulations. Data protection controls include encryption, access management, data classification, and secure data handling practices. Regular reviews are conducted to ensure that data is protected against unauthorized access, disclosure, or loss.
- Cybersecurity threats (e.g., malware, ransomware, phishing) – A layered defense strategy is employed by the Bank to protect its IT infrastructure and digital platforms. Preventive, detective, and corrective controls are implemented across networks, systems, and applications. A 24x7x365 Security Operations Center (SOC), provides continuous monitoring of security events and incidents. Threat intelligence is leveraged to enhance detection capabilities and proactively identify emerging risks. Incident response procedures are established to ensure timely containment, investigation, and recovery from cybersecurity incidents.
- Cyber-fraud risks – In compliance with the Anti-Financial Account Scamming Act and relevant BSP regulations, the Bank has strengthened its Enterprise Fraud Risk Management Framework to address evolving scam typologies and protect customers from unauthorized transactions. The Bank is committed to further enhance its fraud monitoring capabilities to ensure protection of financial accounts.
- Third-party and outsourcing risks – Recognizing the risks associated with outsourcing and third-party service providers, the Bank implements a structured third-party risk management program. Due diligence, risk assessments, and ongoing performance monitoring are conducted to ensure that service providers meet the Bank's security and compliance requirements.
- Human resources risks – Employees are regularly educated on technology, cybersecurity, information security and fraud risks to strengthen the overall control environment.

As the Bank anticipates that technology, cybersecurity and information security risks will continue to evolve in scale, sophistication, and impact driven by increasing digital adoption, emerging technologies, and rapidly changing threat landscape, it remains committed to maintaining a resilient and adaptive control environment.

## **Item 2. Properties**

---

PBCOM's Head Office is located at PBCOM Tower, 6795 Ayala Avenue, corner V.A. Rufino Street, Makati City. The Bank owns 50% of PBCOM Tower, which was constructed under a Joint Development Agreement with Filinvest Asia Corporation. The Bank has 92 branches and 4 branch-lites as of December 31, 2025. Most of these are located in the metropolitan areas of Luzon, Visayas, and Mindanao.

PBCOM's branches are owned and/or leased. The list of branches is attached herewith marked as **Annex "K"**. All properties owned by the bank are unencumbered. To date, the Bank has not identified properties to acquire in the next 12 months.

## **Item 3. Legal Proceedings**

---

PBCOM has pending cases, covering credit-related suits and claims and non-credit-related cases that remain unsettled. Where management determines that an obligation is probable and can be reasonably

estimated, the Bank recognizes the related cost in the financial statements; otherwise, these are disclosed as contingent liabilities. However, in the opinion of management, the suits and claims, if decided adversely, will not involve sums that would have a material effect on the financial statements.

The Bank is a defendant in legal actions arising from its normal business activities. Management believes that these actions are without merit or that the ultimate liability, if any, resulting from them will not materially affect the Bank's financial position.

The Bank is a defendant in a regulatory case relating to the sale of its interest in PBCOM Rural Bank, Inc. to Producers Savings Bank, filed by the Mergers and Acquisitions Office before the Philippine Competition Commission. On 27 December 2024, PBCOM, through its legal counsels, received the decision dated 20 December 2023 from the Philippine Competition Commission (PCC) for alleged violation of the compulsory notification requirement for mergers related to the sale of PBCOM Rural Bank, Inc. The Bank filed a Motion for Reconsideration on 11 January 2025. On 19 September 2025, PBCOM received a Resolution dated 04 March 2025, which denied the Motion for Reconsideration. PBCOM filed an appeal to the Court of Appeals on 20 October 2025. In a Resolution dated 18 December 2025, the Court of Appeals dismissed PBCOM's appeal on technicality. On 22 December 2025, PBCOM filed a Motion for Reconsideration from the Resolution dated 18 December 2025. The MR is still pending.

At present, it is not practicable to estimate the potential financial impact of the remaining exposure. However, management has recognized accruals in the financial statements for obligations that are probable and can be reasonably estimated. Management believes that the outcome will not materially affect the Bank's financial position.

#### **Item 4. Submission of Matters to a Vote of Security Holders**

---

Nothing was submitted during the fourth quarter of the fiscal year covered by this report to a vote of security holders.

### **Market Price and Dividends**

#### **A. Dividends History:**

On June 25, 2025, during its regular board meeting, the Board of Directors of PBCOM approved the declaration of a special cash dividend of ₱1.00 per share to all shareholders of record as of July 9, 2025, payable on July 31, 2025.

This declaration marks the Bank's first cash dividend since a stock dividend issued in September 1997, reflecting the significant improvement in the Bank's financial position over the past 27 years.

The Bank strictly complies with the BSP regulatory requirements under Section 124 of the Manual of Regulations for Banks, which states that before any declaration of dividends, banks shall have complied with the following:

- a. Clearing account with the Bangko Sentral is not overdrawn;
- b. Liquidity floor requirement for government funds;
- c. Minimum capitalization requirement and risk-based capital ratio;
- d. The combined requirement for capital conservation buffer and countercyclical capital buffer;

- e. Higher loss absorbency requirement for UB/KBs and their subsidiary banks and QBs that are identified as Domestic Systemically Important Banks; and
- f. Has not committed any unsafe or unsound banking as defined under existing regulations.

**B. Common Shares of the Bank are traded in the Philippine Stock Exchange.**

\* - 323,648 shares of Eric O. Recto are under PCD Nominee Corporation

\*\* - 5,260,338 shares of Ralph C. Nubla are under PCD Nominee Corporation

The PCD, being a nominee corporation, only holds legal title, not beneficial ownership of the lodged shares. The beneficial owners, such as the clients of PCD, have the power to decide how their shares are to be voted.

The material information on the current shareholders and voting rights are discussed on **pages 5, 6 and 7 of the Information Statement** under Voting Securities & Principal Holders Thereof and Security Ownership of Certain Record and Beneficial Owners as of April 13, 2026. The complete list of stockholders who are entitled to vote is available at the Bank's website and has been disclosed with the PSE and the SEC on April 15, 2026.

### **Recent Sale of Unregistered Securities**

There were no sales of unregistered securities within the calendar year covered by this report.

The Bank has no registered debt securities. There are no existing or planned stock options. There are no registered securities subject to redemption or call. There are no existing or planned stock warrant offerings.

## **Management's Discussion and Analysis of Financial Condition and Results of Operations (Quarterly) 17-Q 2026 1<sup>st</sup> Quarter Report**

### **1. Management's Discussion & Analysis**

#### **Financial Condition & Results of Operations:**

The Bank maintained profitability with a net income of ₱402.1 Million for the 1st quarter of the year 2026. A substantial ₱205.3 Million improvement in net interest income largely cushioned the impact of higher provision for losses, and market-driven fluctuations in rental income and trading, resulting to slight decline in net income by ₱70.8 Million.

Interest income expanded by 13.4% or ₱339.9 Million due to higher asset growth in both loans and securities portfolio. The growth was funded largely by higher deposits volume, which resulted to higher interest expense by ₱134.6 Million. Total operating expenses went up by 17.0% mainly because of higher provision for impairment losses, higher volume-driven costs - GRT, DST and PDIC insurance, and higher manpower costs. Income taxes decreased by ₱47.5 Million mainly from lower net taxable income and higher DTA recognized, partially offset by higher final taxes on interest income on peso government securities.

Total Assets of the Bank increased by ₱3.4 Billion or by 1.8% from ₱185.3 Billion as of end of the year 2025 to ₱188.6 Billion at the end of first quarter of 2026. This is primarily due to increase in investment in overnight deposit facility (ODF) with the BSP by ₱9.0 Billion, increases in inventories of debt securities carried at FVTPL and HTC by ₱1.6 Billion and ₱564.7 Million, respectively, and increase in Interbank Loans Receivable by ₱1.1 Billion. This is partially offset by decrease in inventory of debt securities carried at FVOCI by ₱6.8 Billion, lower statutory reserve requirements with the BSP by ₱1.3 Billion, lower outstanding loan volume by ₱887.5 Million and decrease in Due from other Banks by ₱588.1 Million.

The Bank's gross NPL ratio is at 3.52%, 0.17% pts lower than the 3.69% ratio at the end of 2025. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial

obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱4.1 Billion, 2.5% higher than last year's end level of ₱163.8 Billion. This resulted mostly from ₱6.6 Billion increase in deposit liabilities, offset by ₱2.7 Billion lower bills payable. Total Capital is at ₱20.8 Billion from ₱21.4 Billion as of end of December 2025. This 3.2% decrease in Capital was mainly contributed by higher mark-to-market losses from debt securities carried at FVOCI, partially offset by earnings of the Bank during the quarter.

The Bank's Risk Based Capital Adequacy Ratio of 15.45% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

## 2. Discussion of various key indicators:

### A. Key Financial Performance

| Ratio                                                                                                                                                   | March 2026 | March 2025 | Remarks                                                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Net Profit Margin<br>(Net income divided by Gross income)                                                                                               | 22.46%     | 27.37%     | Decrease by 4.91% pts is primarily driven by higher provision for impairment losses and volume-related costs in relation to the generated gross income that absorbed the trading losses during the quarter. |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                                       | 0.86%      | 1.19%      | Ratio declined as the Bank encountered trading losses on debt securities inventories during the first quarter and lower rental income generated from the leased assets.                                     |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                                      | 7.63%      | 9.68%      | Return on average equity decreased by 2.06% pts mainly from net loss trading performance in 2026 and lower rental income generated from the leased assets.                                                  |
| Capital Adequacy Ratio (Basel 3)<br>(Qualifying capital divided by the total of risk-weighted assets that include credit, market, and operational risk) | 15.45%     | 16.51%     | The capital ratio decreased by 1.07% pts mainly due to lower total qualifying capital and higher total risk-weighted assets                                                                                 |
| Basic Earnings per share<br>(Net income divided by average no. of common shares)                                                                        | 0.84       | 0.98       | Decrease in basic earnings per share by PHP0.15 from lower net income during the current period                                                                                                             |

### B. Financial Soundness (consolidated)

| Ratio                                                                                                                                                                                                                              | March 2026 | March 2025 | Remarks                                                                                                                                                                                            |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities Total deposit refers to the total of the peso and foreign currency deposits.</i> | 35.74%     | 35.37%     | Ratio increased by 37 bps mainly higher level in liquid assets (mainly higher financial assets at FVTPL, Interbank Loans and Due from BSP), offset by increase in time & demand deposits           |
| Debt Ratio (Total Liability to Total Assets)<br><i>Debt refers to the total liabilities, while assets refer to total Assets</i>                                                                                                    | 89.00%     | 88.43%     | Increased by 57 bps as the increase in total liabilities (higher total deposits) exceeded the increase in total assets (mainly higher financial assets at FVTPL, Interbank Loans and Due from BSP) |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                                | 9.09       | 8.64       | Ratio is higher by 45 bps mainly as a result of growth in total assets mainly funded by the growth in deposits                                                                                     |
| Interest Rate Coverage Ratio<br>(Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 145.39%    | 162.09%*   | Bank's interest rate coverage decreased due to decline in trading performance during the period and higher operating expenses                                                                      |

|                                                 |       |        |                                                                                                                  |
|-------------------------------------------------|-------|--------|------------------------------------------------------------------------------------------------------------------|
| Net Interest Margin                             | 3.98% | 4.05%* | Ratio is slightly lower as decrease in average asset yields outweighed the decline in average cost of fund rates |
| Net interest income over Average Earning assets |       |        |                                                                                                                  |

### Statement of Condition: March 2026 vs. December 2025

| (in thousands)                                                                                       | Increase/<br>(Decrease) | Percentage<br>Change | Remarks                                                                                                                                                          |
|------------------------------------------------------------------------------------------------------|-------------------------|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cash and Other Cash Items                                                                            | (254,760)               | -20.59%              | Lower cash on hand and cash in ATMs                                                                                                                              |
| Due from BSP                                                                                         | 7,759,099               | 98.72%               | Mainly from higher ODF                                                                                                                                           |
| Due from Other Banks                                                                                 | (588,062)               | -37.20%              | Lower placements in other banks, mainly in FCDU                                                                                                                  |
| Interbank Loans Receivable                                                                           | 1,147,621               | 37.19%               | Higher interbank call loans with local banks                                                                                                                     |
| Financial assets at Fair Value through Profit or Loss                                                | 1,591,563               | 100.00%              | Purchase of investments in FVTPL                                                                                                                                 |
| Financial assets at Fair Value through Other Comprehensive Income                                    | (6,800,711)             | -20.87%              | Lower due to higher volume of sold securities than newly acquired and mark-to-market movements                                                                   |
| Investment securities at Amortized Cost                                                              | 564,757                 | 1.81%                | Purchase of securities at amortized cost                                                                                                                         |
| Loans and Receivables                                                                                | (887,539)               | -0.87%               | Decrease in outstanding receivables mainly in lower commercial loans & other receivables, offset by higher import & export bills                                 |
| Investment in a subsidiary and associate                                                             | 150                     | 1.44%                | Share in net income for the period                                                                                                                               |
| Property and Equipment                                                                               | 51,637                  | 5.98%                | Increase mainly due to additional branch ROUs, computer equipment-related purchases and leasehold improvements, offset by depreciation recognized for the period |
| Investment Properties                                                                                | 18,997                  | 0.54%                | Increase from higher ROPA foreclosures than ROPA sale, offset by depreciation recognized for the period                                                          |
| Intangible Assets                                                                                    | 16,026                  | 2.95%                | Increase due to software-related purchases made throughout the period, offset by amortization recognized for the period                                          |
| Deferred tax assets                                                                                  | 50,500                  | 8.94%                | DTA movement for the period, mainly from increase in deferred tax assets on allowance.                                                                           |
| Other Assets                                                                                         | 703,775                 | 112.28%              | Increase mainly due to higher cash margin, prepaid taxes and supplies, offset by lower DST on hand                                                               |
| Demand Deposits                                                                                      | (1,548,322)             | -3.18%               | Higher time deposits volume, offset by lower demand & savings deposits volume                                                                                    |
| Savings Deposits                                                                                     | (367,644)               | -2.73%               |                                                                                                                                                                  |
| Time Deposits                                                                                        | 8,560,613               | 12.55%               |                                                                                                                                                                  |
| Bills Payable                                                                                        | (2,702,466)             | -11.96%              | Decrease in interbank bills payable and lower REPO                                                                                                               |
| Bonds Payable                                                                                        | 13,292                  | 0.17%                | Amortization of direct transaction costs related to corporate bond issuance                                                                                      |
| Outstanding Acceptances                                                                              | 16,228                  | 15.51%               | Increase due to higher bills exchange accepted by the Bank                                                                                                       |
| Manager's Checks                                                                                     | 13,772                  | 11.25%               | Higher un-negotiated MC's as of the period                                                                                                                       |
| Accrued Interest, Taxes and Other Expenses Payable                                                   | (3,245)                 | -0.23%               | Decrease mainly due to lower deposits and bills payable interest accrual and lower accrual for GRT, offset by higher other operating expense accrual             |
| Income Tax payable                                                                                   | 90,025                  | 44.49%               | Higher income tax payable for the period                                                                                                                         |
| Other Liabilities                                                                                    | (18,885)                | -1.51%               | Decrease mainly due to lower accounts payable, offset by higher finance lease payable and higher advance rentals and rental deposits                             |
| Retained Earnings                                                                                    | 402,130                 | 5.54%                | Increase is from net income for the period                                                                                                                       |
| Unrealized gain/(loss) on equity securities carried at fair value through other comprehensive income | (1,081,792)             | -194.16%             | Higher net mark-to-market losses mainly from FCDU debt investments in FVOCI                                                                                      |
| Cumulative translation adjustment                                                                    | (653)                   | -0.63%               | Lower downward CTA adjustment due to exchange rate differential                                                                                                  |

## Statement of Income and Expenses: Jan-Mar 2026 vs Jan-Mar 2025

| (in thousands)                                                                                 | Increase<br>(Decrease) | Percentage | Remarks                                                                                                                                                                                                                                                                                         |

| <b>INTEREST INCOME</b>                                                                         |                        |            |                                                                                                                                                                                                                                                                                                 |
| Interest Income on investment securities                                                       | 253,861                | 45.26%     | Higher interest income due to higher average volume from HTC, FVOCI & FVTPL                                                                                                                                                                                                                     |
| Interest Income on Loans and receivable                                                        | 21,346                 | 1.09%      | Higher interest income is primarily derived from growth in average volume primarily from corporate loans                                                                                                                                                                                        |
| Interest Income on Interbank loans receivable and securities purchased under resale agreements | 55,727                 | 555.11%    | Higher interest income due to higher average volume, offset by lower yields                                                                                                                                                                                                                     |
| Interest Income on Deposit with other Banks and others                                         | 8,970                  | 82.08%     | Higher interest income due to higher average volume, offset by lower yields                                                                                                                                                                                                                     |
| <b>INTEREST AND FINANCE CHARGES</b>                                                            |                        |            |                                                                                                                                                                                                                                                                                                 |
| Interest Expense on Deposit Liabilities                                                        | 75,130                 | 9.63%      | Higher interest expense due to higher average volume mainly from TDs, offset by lower cost of funds                                                                                                                                                                                             |
| Interest Expense on Bills payable, borrowings and others                                       | 59,440                 | 20.24%     | Higher interest expense due to higher average volume (mainly from FCDU bills payable), offset by lower cost of funds                                                                                                                                                                            |
| <b>OTHER INCOME</b>                                                                            |                        |            |                                                                                                                                                                                                                                                                                                 |
| Trading and Securities Gain – net                                                              | (57,800)               | -104.88%   | Higher realized trading loss, offset by higher unrealized mark-to-market gain in 2026                                                                                                                                                                                                           |
| Rent Income                                                                                    | (63,694)               | -73.46%    | Lower due to the impact of lease terminations, offset by lease commencements from new tenants                                                                                                                                                                                                   |
| Service Charges, Fees & Commissions                                                            | (5,445)                | -5.29%     | Lower primarily due to lower bank commissions on import bills & letter of credits, lower returned check fees, commitment fees and lower penalty fees, offset by higher loan processing fees                                                                                                     |
| Foreign Exchange Gain (Loss) – Net                                                             | (8,327)                | -18.70%    | Lower unrealized foreign exchange gains, offset by higher realized foreign exchange gains                                                                                                                                                                                                       |
| Gain/(Loss) on asset exchange                                                                  | 8,926                  | 90.89%     | Higher net gain on ROPA foreclosure                                                                                                                                                                                                                                                             |
| Profit/(Loss) from Assets Sold                                                                 | (286)                  | -1.42%     | Lower gain on ROPA sold in 2026                                                                                                                                                                                                                                                                 |
| Income from Trust Operations                                                                   | (169)                  | -1.53%     | Decrease is mainly due to lower ADB of assets under management                                                                                                                                                                                                                                  |
| Miscellaneous Income                                                                           | (16,091)               | -32.69%    | Lower primarily due to impact of penalty fees from pre-termination of leases in 2025, offset by higher GRT portion shouldered by the clients, income from forfeited ROPA down payment in 2026, income from SWIFT Go incentive earned (none in 2025) and higher recovery on written-off accounts |
| <b>OPERATING EXPENSE</b>                                                                       |                        |            |                                                                                                                                                                                                                                                                                                 |
| Compensation and Fringe Benefits                                                               | 28,297                 | 7.80%      | Higher manpower costs for the period due to higher average salaries and bonus accrual, offset by lower retirement contribution based on latest actuarial report (2025)                                                                                                                          |
| Taxes and Licenses                                                                             | 62,826                 | 27.33%     | Increase mainly due to higher DST costs from higher volume of deposits and higher GRT & RPT costs                                                                                                                                                                                               |
| Depreciation and Amortization                                                                  | 1,287                  | 1.21%      | Increase mainly due to higher computer equipment & ROU depreciation, offset by fully amortized software cost                                                                                                                                                                                    |
| Occupancy and other equipment-related costs                                                    | (4,303)                | -10.07%    | Decrease mainly from decline in electricity & water costs and lower repairs & maintenance expense, offset by increase in rental costs                                                                                                                                                           |
| Provision for (recovery from) impairment losses                                                | 70,654                 | 220.31%    | Higher loan provision requirements during the period                                                                                                                                                                                                                                            |
| Miscellaneous                                                                                  | 22,032                 | 7.65%      | Increase mainly due to higher IT costs, higher PDIC insurance from higher volume of deposits, higher provision for non-credit losses, higher security & janitorial costs,                                                                                                                       |

|                          |          |         |                                                                                                                                                                            |
|--------------------------|----------|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                          |          |         | higher treasury subscription costs and higher penalty expense, offset by lower filing fees                                                                                 |
| Provision for income tax | (47,456) | -24.49% | Decrease mainly due to lower net taxable income and higher DTA recognized on loan allowance, offset by higher final taxes on interest income on peso government securities |

### 3. Discussion and Analysis of Material Event/s and Uncertainties

- a. The Bank does not have any material off-balance sheet transactions, arrangements, obligations (including contingent obligations), or other relationships of the company with unconsolidated entities or other persons created during the reporting period.
- b. As of March 31, 2026, the unspent amount from the approved capital expenditures budget on projects involving technology enhancement and facilities improvement amounted to ₱928.9 Million.
- c. The Bank has taken prudent steps to mitigate the risk through a more careful credit process and tighter credit policies. More importantly, it continues its assessment of its portfolio by regularly doing the stress test exercise.
- d. There is no recorded significant quarterly income or losses that did not come from the Bank's regular operations.
- e. Interest income on the non-discounted loan is recognized based on the accrual method of accounting, while unearned discounts are amortized to income over the term of the loans. As such, no seasonal aspect has a material impact on the Bank's interest revenues. Non-interest revenues, on the other hand, are primarily dependent on market dynamics and economic trends rather than seasonal factors.

## Management's Discussion and Analysis of Financial Condition and Results of Operations (Annual)

### 1. Management's Discussion & Analysis

#### Financial Condition & Results of Operations: 2025 (Consolidated)

The Group registered a net income of ₱2.5 Billion for 2025, a 15.28% growth over previous year's net income of ₱2.2 Billion. Net interest income increased by ₱619.7 Million or 11.25%, largely from the expansion of volume in loans and investments. This growth was further supplemented by higher gain from assets sold by ₱523.9 Million, mainly driven by sales of ROPA. The improvement in operating income, however, was reduced by ₱181.3 Million lower rental income and ₱111.1 Million lower net trading gains during the period. Higher operating expense by ₱347.3 Million further offset the increase.

Interest income expanded by 11.34% or ₱1.1 Billion due to higher asset growth in both loans and securities portfolio. To fund this growth, the Group successfully grew its deposits by 17.97% and bills payable by 37.95%, which resulted to higher interest expense by ₱478.2 Million. Likewise, total operating expenses went up by 7.95% mainly attributable to higher volume-driven costs – GRT, DST, PDIC insurance, higher manpower costs, and higher IT costs, and higher depreciation & amortization, offset by lower provision for credit losses. Income taxes also increased by ₱147.6 Million mainly from

higher net taxable income, higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized on loan allowance.

Total Assets of the Group increased by ₱28.4 Billion or 18.08%, from ₱156.9 Billion as of end of the year 2024 to ₱185.3 Billion at the end of the year 2025. This is primarily due to increases in inventories of debt securities carried at FVOCI & HTC by ₱21.4 Billion and ₱2.2 Billion, respectively, increase in Interbank Loans Receivable by ₱2.7 Billion, increase in investment in overnight deposit facility (ODF) with the BSP by ₱1.9 Billion, increase in Due from other Banks by ₱1.1 Billion and growth in outstanding loans and other receivables by ₱308.2 Million. This is partially offset by decline in statutory reserve requirements with the BSP by ₱1.3 Billion.

The Group's gross NPL ratio is at 3.69%, as of end of 2025, compared to 2.66% ratio as of end of 2024.

PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱26.2 Billion, 19.01% higher than last year's end level of ₱137.7 Billion. This resulted mostly from ₱19.9 Billion increase in both time deposits and low-cost deposits and ₱6.2 Billion higher bills payable. Total Capital is now at ₱21.4 Billion from ₱19.2 Billion as of end of December 2024. The earnings of the Bank mainly contributed to the 11.43% increase in capital during the period, offset by the impact of the declaration of dividend in June 2025 amounting to ₱480.6 Million.

The Bank's Risk Based Capital Adequacy Ratio of 16.51% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

### **Financial Condition & Results of Operations: 2024 (Consolidated)**

The Group registered a net income of P2.2 Billion for 2024. This is P312.7 Million or 16.5% improvement from 2023's net income of P1.9 Billion. This is mainly attributable to P1.3 Billion (22.3%) higher operating income mainly from P807.0 Billion improvement in net interest income and P323.6 Million better trading performance. This is partially offset by higher operating expenses by P946.1 Million.

Interest income expanded by 22.1% or P1.8 Billion due to asset growth and higher yields in both loan and securities portfolios. Higher deposit volume and bonds payable issuance this year funded this growth. The increase in volume and higher cost of funds due to current high interest rates environment caused the interest expense to increase by P946.2 Million. Higher trading income is mostly composed of realized gains from the trading activities of the Bank. Total operating expenses went up by P946.1 Million mainly because of higher provision for impairment losses, higher volume-driven costs - GRT, DST and PDIC insurance, higher manpower costs, higher depreciation and amortization, and higher occupancy and other equipment-related costs. Income taxes also increased by P72.3 Million mainly from higher net taxable income, higher final taxes on interest income on peso government securities and onshore income, partially offset by higher DTA recognized.

Total Assets of the Group increased by P9.4 Billion (6.4%) from P147.5 Billion as of December 2023 to P156.9 Billion at the end of December 2024. This is primarily due to growth in loans and other receivables volume by P9.6 Billion, increases in inventories of debt securities carried at FVOCI and HTC by P2.8 Billion and P1.1 Billion, respectively, and increase in foreclosed properties by P1.2 Billion,

partially offset by decline in statutory reserve requirements & investment in overnight deposit facility (ODF) with the BSP by P4.9 Billion.

The Group's gross NPL ratio for the year ended at 2.66%, 0.11 % points lower than the 2.77% ratio at the end of 2023. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by P7.8 Billion, 6.0% higher than last year's end level of P129.8 Billion. This resulted mostly from P7.6 Billion increase from corporate bond issuance in 2024, P6.7 Billion higher bills payable, and P625.8 Million higher low-cost deposits, partially offset by P3.8 Billion lower time deposits and P2.9 Billion decline from the maturity of LTNCD. Total Capital is now at P19.2 Billion from P17.7 Billion last December 2023. This 8.9% increase in Capital was mainly contributed by the earnings of the Bank during the year. The Bank's Risk Based Capital Adequacy Ratio of 15.72% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

### **Financial Condition & Results of Operations: 2023 (Consolidated)**

The Group registered a net income of P1.90 Billion for 2023. This is P265.88 Million or 16.3% improvement from 2022's net income of P1.63 Billion. This is mainly attributable to P400.86 Million (7.2%) higher operating income largely from P495.1 Million better trading performance.

Interest income expanded by 41.6% or P2.3 Billion due to higher asset yields and growth in both loan and securities portfolios. Interest expense, however, also increased on the account of higher cost of funds due to current high interest rates environment and caused P2.4 Billion decline in net interest income. Total operating expenses slightly went up by P18.4 Million (0.54%) primarily because of volume-driven costs such as GRT, DST and PDIC insurance, and higher manpower costs, offset by lower provision for impairment losses, management and professional fees, and depreciation and amortization. Income taxes also increased by P117.9 Million, mainly from higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized.

Total Assets of the Group increased by P22.6 Billion (18.1%) from P124.9 Billion as of December 2022 to P147.5 Billion at the end of December 2023. This is primarily due to growth in loan volume by P14.9 Billion (19.3%), increases in inventories of debt securities carried at HTC and FVOCI by P6.1 Billion and P3.4 Billion, respectively, offset by decline in interbank receivables and SPURA by P 2.1 Billion.

The Group's gross NPL ratio for the year ended at 2.77%, 0.93 % points lower than the 3.23% ratio at the end of 2022. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by P20.5 Billion, 18.8% higher than last year's end level of P109.3 Billion. This resulted mostly from P17.3 Billion increase in deposit liabilities, mainly from higher time deposits partially offset by lower demand deposits, and P2.1 Billion increase in bills payable. Total Capital is now at P17.7 Billion from P15.6 Billion last December 2022. This 13.4% increase in Capital was mainly contributed by the earnings of the Bank during the year. The Bank's Risk Based Capital Adequacy Ratio of 16.55% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

## 2. Discussion of various key indicators:

### A. Key Financial Performance (consolidated)

| Ratio                                                                                                                                    | December 2025<br>(Consolidated) | December 2024<br>(Consolidated) | Remarks                                                                                                                                                                                     |
|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)                                                                                    | 31.35%                          | 30.30%                          | Increase by 1.05% pts mainly due better cost efficiency in relation to increased income performance driven mostly by lower provisions.                                                      |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                        | 1.49%                           | 1.45%                           | Increased by 4 bps as the Bank sustained the returns on loan and securities portfolio, strengthened by better cost efficiency.                                                              |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                       | 12.53%                          | 11.98%                          | Return on average equity increased by 55 bps from better performance primarily from higher net interest income from growth in ave. loan and securities portfolio and better cost efficiency |
| Capital Adequacy Ratio<br>(Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 16.51%                          | 15.72%                          | The capital ratio decreased by 80 bps mainly due to higher total risk-weighted assets, offset by higher total qualifying capital.                                                           |
| Basic Earnings per share<br>(Net income divided by average no. of common shares)                                                         | 5.30                            | 4.60                            | Increase in basic earnings per share by <del>₱</del> 0.70 from higher net income during the current period.                                                                                 |

| Ratio                                                                                                                                    | December 2024<br>(Consolidated) | December 2023<br>(Consolidated) | Remarks                                                                                                                                                                                                                                                 |
|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)                                                                                    | 30.30%                          | 31.82%                          | Decrease by 1.52% pts mainly due higher provision for impairment losses, compensation & benefits and higher volume-driven costs. This is offset by higher net interest income, higher net trading gain, and higher gain from ROPA foreclosure and sold. |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                        | 1.45%                           | 1.39%                           | Increased by 6 bps as the impact of growth in net returns exceeded the increase in volume of average assets.                                                                                                                                            |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                       | 11.98%                          | 11.42%                          | Return on average equity increased by 56 bps from higher interest income from higher average volume and higher yields, higher net trading gain, and higher gain from ROPA foreclosure and sold.                                                         |
| Capital Adequacy Ratio<br>(Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 15.72%                          | 16.55%                          | The capital ratio decreased by 83 bps mainly due to higher total risk-weighted assets, offset by higher total qualifying capital.                                                                                                                       |
| Basic Earnings per share<br>(Net income divided by average no. of common shares)                                                         | 4.60                            | 3.95                            | Increase in basic earnings per share by <del>₱</del> 0.65 from higher net income from the current period.                                                                                                                                               |

| Ratio                                                             | December 2023<br>(Consolidated) | December 2022<br>(Consolidated) | Remarks                                                                                                                                                                                                              |
|-------------------------------------------------------------------|---------------------------------|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)             | 31.82%                          | 29.33%                          | Increased by 2.49 % pts due to impact of net trading gains (net trading loss in 2022) and lower provision for impairment losses, reduced by impact of higher interest expenses this year due to higher cost of funds |
| Return on Average Asset<br>(Net income divided by Average assets) | 1.39%                           | 1.39%                           | Ratio maintained at a consistent level as the impact of higher volume-driven expenses and employee compensation & benefits was offset by lower provision for impairment                                              |

|                                                                                                                                          |        |        |                                                                                                                                            |
|------------------------------------------------------------------------------------------------------------------------------------------|--------|--------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Return on Average Equity<br>(Net income divided by Average equity)                                                                       | 11.42% | 10.97% | Return on average equity increased by 45 bps from higher net income driven by net trading gains and lower provision for impairment losses. |
| Capital Adequacy Ratio<br>(Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 16.55% | 17.07% | The capital ratio decreased by 52 bps due to higher total credit risk-weighted assets offset by higher total qualifying capital            |
| Basic Earnings per share<br>(Net income divided by average no. of common shares)                                                         | 3.95   | 3.39   | Increase in basic earnings per share by <del>40.55</del> from higher net income for the current period                                     |

## B. Financial Soundness (consolidated)

| Ratio                                                                                                                                                                                                                           | December 2025<br>(Consolidated) | December 2024<br>(Consolidated) | Remarks                                                                                                                                                    |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities. Total deposit refers to the total of peso and foreign currency deposits.</i> | 35.37%                          | 18.27%                          | Ratio increased by 17.10 % pts mainly higher level in liquid assets (mainly higher financial assets at FVOCI, Interbank Loans, Due from BSP & other Banks) |
| Debt Ratio (Total Liability to Total Asset)<br><i>Debt refers to the total liabilities while assets is the total assets</i>                                                                                                     | 88.43%                          | 87.74%                          | Increased slightly by 69 bps mainly from the growth in Total Deposits and slight impact of the dividends declared during the year                          |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                             | 8.64                            | 8.16                            | Ratio is higher by 48 bps mainly as a result of growth in total assets, mainly funded by the growth in deposits                                            |
| Interest Rate Coverage Ratio (Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 173%                            | 170%                            | Bank's interest rate coverage increased due to higher returns during the year, improving coverage of interest expense                                      |
| Net Interest Margin<br>Net interest income over Average Earning assets                                                                                                                                                          | 3.91%                           | 4.05%                           | Ratio is slightly lower due to higher cost of funds                                                                                                        |

| Ratio                                                                                                                                                                                                                           | December 2024<br>(Consolidated) | December 2023<br>(Consolidated) | Remarks                                                                                                                                                                                                                                                                                                              |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities. Total deposit refers to the total of peso and foreign currency deposits.</i> | 18.27%                          | 19.69%                          | Ratio decreased by 1.41 % pts mainly due to lower level in liquid assets (lower Due from BSP, cash and other cash items and lower interbank loans & SPURA), offset by decrease in time deposits and maturity of LTNCD.                                                                                               |
| Debt Ratio (Total Liability to Total Asset)<br><i>Debt refers to the total liabilities while assets is the total assets</i>                                                                                                     | 87.74%                          | 88.03%                          | Decreased by 29 bps as the increase in total assets (higher financial assets, ave. receivables from customers, increase in ROPA mainly due to dacion in 2024, and higher Due from other Banks) exceeded the increase in total liabilities (issuance of Corporate bond and higher bills payable & low-cost deposits). |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                             | 8.16                            | 8.35                            | Ratio is lower by 0.20 mainly as result of increase in equity in relation to growth in assets.                                                                                                                                                                                                                       |
| Interest Rate Coverage Ratio (Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 170%                            | 179%                            | Bank's interest rate coverage decreased due to impact of increase in interest expense from rising cost of funds.                                                                                                                                                                                                     |
| Net Interest Margin<br>Net interest income over Average Earning assets                                                                                                                                                          | 4.05%                           | 3.96%                           | Ratio is slightly higher as increase in average asset yields outweighed the average COF rates.                                                                                                                                                                                                                       |

| Condominium Units for Lease                                       | -46,325                 | -2.98%               | Decline due to depreciation recognized for the period                                                                                    |
| Foreclosed properties                                             | -92,537                 | -4.34%               | Decrease from ROPA sales and depreciation recognized for the period, offset by increases from ROPA foreclosures                          |
| Office units for lease                                            | -312                    | -19.06%              | Decline due to depreciation recognized for the period                                                                                    |
| Intangible Assets                                                 | 28,531                  | 5.54%                | Increase due to software-related purchases made throughout the year, offset by amortization recognized for the period                    |
| Deferred Tax Assets                                               | 78,695                  | 16.18%               | DTA movement for the period, mainly from increase in deferred tax assets on allowance                                                    |
| Other Assets                                                      | -69,889                 | -10.03%              | Decrease mainly due to lower cash margin and prepaid taxes, offset by higher supplies and DST on hand                                    |
| <b>Deposit Liabilities</b>                                        |                         |                      |                                                                                                                                          |
| Demand                                                            | 7,102,380               | 17.06%               | Higher volume of demand deposits                                                                                                         |
| Savings                                                           | -206,159                | -1.51%               | Lower volume of savings deposits                                                                                                         |
| Time                                                              | 12,972,536              | 23.48%               | Higher volume of time deposits                                                                                                           |
| Bills Payable                                                     | 6,218,539               | 37.95%               | Increase in interbank bills payable, offset by lower REPO                                                                                |

|                                                                                                      |           |         |                                                                                                                                                                                     |
|------------------------------------------------------------------------------------------------------|-----------|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bonds Payable                                                                                        | 51,858    | 0.68%   | Amortization of direct transaction costs related to corporate bond issuance                                                                                                         |
| Outstanding Acceptances                                                                              | 22,977    | 28.13%  | Increase due to higher bills exchange accepted by the Bank                                                                                                                          |
| Manager's Checks                                                                                     | -96,200   | -44.00% | Lower un-negotiated MC's as of the period                                                                                                                                           |
| Accrued Interest, Taxes and Other Expenses                                                           | -28,394   | -1.97%  | Decrease mainly due to lower other operating expense accrual and lower deposits and bills payable interest accrual, offset by higher accrual for GRT                                |
| Income Tax Payable                                                                                   | 65,630    | 48.01%  | Higher income tax payable as of the reporting date.                                                                                                                                 |
| Other Liabilities                                                                                    | 61,781    | 5.19%   | Increase mainly due to higher finance lease payable and accounts payable, offset by lower advance rentals and rental deposits                                                       |
| Surplus reserves                                                                                     | 140,984   | 30.77%  | Increase mainly due to additional RE appropriation to cover deficiency on 1% minimum GLLP requirement                                                                               |
| Retained Earnings                                                                                    | 1,938,070 | 36.41%  | Increase is from net income for the period partially offset by declaration of dividend amounting to PHP480M and RE appropriation to cover deficiency on 1% minimum GLLP requirement |
| Unrealized gain/(loss) on equity securities carried at fair value through other comprehensive income | 102,351   | 15.52%  | Net mark-to-market gain movement mainly from FCDU debt investments in FVOCI                                                                                                         |
| Cumulative translation adjustment                                                                    | -730      | -0.71%  | Lower downward CTA adjustment mainly due to exchange rate differential                                                                                                              |
| Remeasurement gains (losses) on retirement liability                                                 | 18,481    | 29.33%  | Net actuarial gain recognized on retirement fund                                                                                                                                    |

#### Statement of Condition: December 2024 vs. December 2023 (consolidated)

| (in thousands)                                                     | Increase/<br>(Decrease) | Percentage<br>Change | Remarks                                                                                                                |
|--------------------------------------------------------------------|-------------------------|----------------------|------------------------------------------------------------------------------------------------------------------------|
| Cash and Other Cash Items                                          | -512,810                | -32.81%              | Decrease mainly due to lower cash on hand and cash in ATMs                                                             |
| Due from BSP                                                       | -4,907,500              | -40.21%              | Lower mainly due to decline in statutory reserve requirements in Nov24                                                 |
| Due from Other Banks                                               | -55,427                 | -11.42%              | Lower funds mainly with foreign banks                                                                                  |
| Interbank Loans Receivable                                         | -88,151                 | -17.90%              | Lower mainly from interbank call loans with foreign banks                                                              |
| Financial assets at Fair Value through Profit or Loss              | -                       | -                    |                                                                                                                        |
| Financial assets at Fair Value thorough Other Comprehensive Income | 2,837,402               | 33.72%               | Purchase of investments in FVOCI and mark-to-market movements                                                          |
| Investment securities at Amortized Cost                            | 1,144,271               | 4.12%                | Purchase of securities at amortized cost                                                                               |
| Loans and Receivables                                              | 9,546,222               | 10.40%               | Increase in outstanding receivables mainly in commercial loans and import bills                                        |
| Property and Equipment                                             | 8,555                   | 1.05%                | Increase mainly from PBCOM Tower improvements, offset by depreciation recognized for the period                        |
| <b>Investment Properties</b>                                       |                         |                      |                                                                                                                        |
| Condominium Units for Lease                                        | -46,509                 | -2.90%               | Decline due to depreciation recognized for the period                                                                  |
| Foreclosed properties                                              | 1,154,699               | 118.34%              | Increase from higher ROPA foreclosures/dacion de pago than ROPA sale, offset by depreciation recognized for the period |
| Office units for lease                                             | -351                    | -17.66%              | Decline due to depreciation recognized for the period                                                                  |
| Deferred tax assets                                                | 81,899                  | 20.26%               | Higher DTA movement for the period                                                                                     |
| Other Assets                                                       | 272,213                 | 64.13%               | Increase mainly due cash margin and by higher DST on hand                                                              |
| <b>Deposit Liabilities</b>                                         |                         |                      |                                                                                                                        |
| Demand Deposits                                                    | 243,024                 | 0.59%                | Higher volume of demand deposits                                                                                       |
| Savings Deposits                                                   | 382,770                 | 2.87%                | Higher volume of savings deposits                                                                                      |

| Other Assets                                                                                         | (38,312)    | -8.28%   | Decline mainly due to lower retirement assets, lower prepaid expenses, lower DST, and lower tax credits, and offset by higher prepaid taxes on deposits |
| <b>Deposit Liabilities</b>                                                                           |             |          |                                                                                                                                                         |
| Demand                                                                                               | (4,103,734) | -9.02%   | Lower volume of demand deposits                                                                                                                         |
| Savings                                                                                              | 646,800     | 5.11%    | Higher volume of savings deposits                                                                                                                       |
| Time                                                                                                 | 20,706,830  | 53.95%   | Higher volume of time deposits                                                                                                                          |
| Bills Payable                                                                                        | 2,092,736   | 27.56%   | Increase in bills payable - REPO                                                                                                                        |
| Outstanding Acceptances                                                                              | 55,192      | 109.90%  | Increase due to higher bills of exchange accepted by the Bank                                                                                           |
| Manager's Checks                                                                                     | 410,523     | 185.31%  | Higher un-negotiated MC's as of report date                                                                                                             |
| Accrued Interest, Taxes and Other Expenses                                                           | 684,739     | 79.22%   | Increase mainly due to Deposits & Bills payable interest accrual, other operating expense and GRT accruals                                              |
| Income Tax Payable                                                                                   | (18,229)    | -15.34%  | Lower income tax payable for the period                                                                                                                 |
| Other Liabilities                                                                                    | 28,510      | 2.80%    | Higher due to increase in payables to Bancnet bills payment & IBFT, offset by decrease in advance rentals, and finance lease payables                   |
| Surplus reserves                                                                                     | 241,445     | 113.44%  | Increase mainly due to additional RE appropriation to cover deficiency on 1% minimum GLLP requirement                                                   |
| Retained Earnings                                                                                    | 1,656,126   | 113.46%  | Increase is from net income for the period partially offset by RE appropriation to cover deficiency on 1% minimum GLLP requirement                      |
| Unrealized gain/(loss) on equity securities carried at fair value through other comprehensive income | 276,431     | 87.87%   | Lower net MTM losses from FCDU debt investments in FVOCI                                                                                                |
| Cumulative translation adjustment                                                                    | 1,419       | 1.34%    | Higher downward CTA mainly due to exchange rate differential                                                                                            |
| Remeasurement gains (losses) on retirement liability                                                 | (82,878)    | -232.06% | Higher actuarial loss recognized on retirement fund                                                                                                     |

#### Statement of Income and Expenses: Jan-Dec 2025 vs Jan-Dec 2024 (consolidated)

| (in thousands)                                                              | Increase<br>(Decrease) | Percentage | Remarks                                                                                                                                                    |
|-----------------------------------------------------------------------------|------------------------|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                                                      |                        |            |                                                                                                                                                            |
| Loans and receivables                                                       | 349,522                | 4.69%      | Higher interest income is primarily derived from growth in average volume primarily from corporate loans, offset by lower yields                           |
| Investment securities                                                       | 656,409                | 30.85%     | Higher interest income due to higher average volume and yields from HTC & FVOCI                                                                            |
| Interbank loans receivable and securities purchased under resale agreements | 66,059                 | 94.53%     | Higher interest income due to higher average volume mainly from interbank loans & SPURA, offset by lower yields                                            |
| Deposits with other banks                                                   | 25,932                 | 83.52%     | Higher interest income due to higher volume mainly from ODF with BSP                                                                                       |
| <b>INTEREST AND FINANCE CHARGES</b>                                         |                        |            |                                                                                                                                                            |
| Deposit liabilities                                                         | 135,010                | 4.10%      | Higher interest expense due to higher average volume mainly from TDs, offset by lower cost of funds                                                        |
| Bills payable, borrowings and others                                        | 343,164                | 39.17%     | Higher interest expense mainly due to higher ave. volume of corporate bond issued in Nov 2024, offset by lower average REPO volume and lower cost of funds |
| <b>OTHER INCOME</b>                                                         |                        |            |                                                                                                                                                            |

|                                                          |          |         |                                                                                                                                                                                                                                    |
|----------------------------------------------------------|----------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Rent income                                              | -181,344 | -48.30% | Lower due to the impact of PBCOM Tower lease terminations, offset by lease commencements from new tenants                                                                                                                          |
| Trading and securities gain (loss) – net                 | -111,111 | -24.56% | Lower realized trading gain, offset by lower unrealized mark-to-market loss                                                                                                                                                        |
| Service charges, fees and commissions                    | -6,543   | -1.36%  | Lower primarily due to lower commitment fees, offset by higher loan processing, penalty & TFR fees and higher bank commissions on import bills & letter of credits                                                                 |
| Profit (loss) from assets sold                           | 523,901  | 483.67% | Higher gain on ROPA sold                                                                                                                                                                                                           |
| Foreign exchange gain - net                              | 35,758   | 36.10%  | Higher realized and unrealized foreign exchange gains                                                                                                                                                                              |
| Income from trust operations                             | 2,133    | 5.16%   | Increase is mainly due to higher ADB of assets under management                                                                                                                                                                    |
| Gain (loss) on assets exchange – net                     | -44,289  | 59.04%  | Lower net gain on ROPA foreclosure                                                                                                                                                                                                 |
| Miscellaneous                                            | -5,431   | -3.57%  | Lower misc income primarily due to lower recovery on written-off accounts, impact of gain on derecognition of investment in PISAI in 2024, and lower dividend income, offset by higher penalty fees from pre-termination of leases |
| <b>OPERATING EXPENSE</b>                                 |          |         |                                                                                                                                                                                                                                    |
| Provision for credit and impairment losses - net         | -111,757 | -25.36% | Lower loan provision requirements during the period                                                                                                                                                                                |
| Compensation and fringe benefits                         | 127,501  | 9.13%   | Higher manpower costs for the period due to higher average headcount and salary adjustments                                                                                                                                        |
| Taxes and licenses                                       | 174,968  | 19.77%  | Increase mainly due to higher DST costs on deposits and higher GRT costs                                                                                                                                                           |
| Depreciation and amortization                            | 29,036   | 7.36%   | Increase mainly due to higher ROPA depreciation, offset by fully amortized software cost and lower depreciation on bank premises                                                                                                   |
| Insurance                                                | 17,931   | 7.70%   | Higher PDIC insurance from higher volume of deposits                                                                                                                                                                               |
| Occupancy and other equipment-related costs              | 10,598   | 5.64%   | Increase mainly from higher repairs & maintenance and rent expense, partially offset by decline in electricity costs                                                                                                               |
| Management and professional fees                         | -13,900  | -16.28% | Decrease is primarily due to lower professional fees                                                                                                                                                                               |
| Security, clerical, messengerial and janitorial services | -2,288   | -1.69%  | Lower mainly due to lower janitorial costs, offset by higher security costs                                                                                                                                                        |
| Entertainment, amusement and recreation                  | -1,496   | -1.49%  | Lower expenses incurred in 2025                                                                                                                                                                                                    |
| Communications                                           | 1,393    | 2.62%   | Increase in cost of commercial leased lines                                                                                                                                                                                        |
| Miscellaneous                                            | 115,342  | 25.14%  | Increase mainly due to higher IT costs, legal fees, brokerage & PDEX fees from higher volume of transactions and higher cost on contractual services                                                                               |
| Share In Net Income Of An Associate                      | -239     | -38.61% | Lower net income share from PBCOM Finance                                                                                                                                                                                          |
| Provision For Income Tax                                 | 147,582  | 20.62%  | Increase mainly due to higher net taxable income and higher final taxes on interest income on peso government securities and onshore income                                                                                        |

#### Statement of Income and Expenses: Jan-Dec 2024 vs Jan-Dec 2023 (consolidated)

| (in thousands)                           | Increase<br>(Decrease) | Percentage | Remarks                                                                                                            |
|------------------------------------------|------------------------|------------|--------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                   |                        |            |                                                                                                                    |
| Interest Income on investment securities | 478,297                | 29.00%     | Higher interest income due to higher yields mainly from HTC, and higher average volume mainly from FVOCI and FVTPL |

|                                                          |           |          |                                                                                                                                                                                                       |
|----------------------------------------------------------|-----------|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Interest Income on Loans and receivable                  | 1,332,563 | 21.78%   | Higher interest income due to higher average volume and higher yields mainly from corporate loans.                                                                                                    |
| Interest Income on IBCL                                  | -59,956   | -46.18%  | Lower interest income due to lower average volume mainly from SPURA, offset by higher yields                                                                                                          |
| Interest Income on Deposit with other Banks and others   | 2,199     | 7.62%    | Higher interest income due to higher yields mainly from ODF with BSP                                                                                                                                  |
| Interest Expense on Deposit Liabilities                  | 777,292   | 30.90%   | Higher interest expense due to higher average volume mainly from TDs and higher cost of funds                                                                                                         |
| Interest Expense on Bills payable, borrowings and others | 168,858   | 23.87%   | Higher interest expense due to higher average volume mainly from corporate bond issuance and higher cost of funds mainly from Repos                                                                   |
| Trading and Securities Gain – net                        | 323,645   | 251.32%  | Higher realized trading gains and unrealized mark-to-market gains                                                                                                                                     |
| Rent Income                                              | -20,351   | -5.14%   | Lower due to the impact of lease terminations, offset by lease commencements from new tenants                                                                                                         |
| Service Charges, Fees & Commissions                      | 55,059    | 12.88%   | Higher primarily due to higher commitment fees, TFR fees, and Instapay fees                                                                                                                           |
| Foreign Exchange Gain (Loss) – Net                       | -1,911    | -1.89%   | Lower realized foreign exchange gains, offset by higher unrealized foreign exchange gains                                                                                                             |
| Gain on asset exchange                                   | 63,185    | 534.38%  | Higher net gain on ROPA foreclosure                                                                                                                                                                   |
| Profit/(Loss) from Assets Sold                           | 80,582    | 362.00%  | Higher gain on ROPA sold                                                                                                                                                                              |
| Income from Trust Operations                             | 3,965     | 10.62%   | Increase is mainly due to higher ADB of assets under management                                                                                                                                       |
| Miscellaneous Income                                     | 21,027    | 15.40%   | Increase mainly due to higher recovery on written-off accounts, gain from sale of bank-owned property, higher GRT portion shouldered by the clients, and gain on derecognition of investment in PISAI |
| Compensation and Fringe Benefits                         | 188,208   | 15.58%   | Higher manpower costs for the period due to higher ave. headcount and salary adjustments                                                                                                              |
| Taxes and Licenses                                       | 136,713   | 18.27%   | Increase mainly due to higher GRT costs and higher DST costs from deposits                                                                                                                            |
| Insurance                                                | 30,405    | 15.03%   | Higher PDIC insurance from higher volume of deposits                                                                                                                                                  |
| Depreciation and Amortization                            | 51,814    | 15.13%   | Increase mainly due to higher ROPA and ROU asset depreciation, offset by fully amortized software cost, and fully-depreciated office equipment & computer                                             |
| Occupancy and other equipment-related costs              | 28,343    | 17.77%   | Increase mainly from increase in electricity & water costs, and higher repairs and maintenance, offset by lower rent expense                                                                          |
| Management and professional fees                         | -17,208   | -16.78%  | Decrease is primarily due to lower professional fees                                                                                                                                                  |
| Security, clerical, messengerial and janitorial services | 5,018     | 3.86%    | Higher janitorial and messengerial costs primarily due to increase in minimum wage                                                                                                                    |
| Entertainment, amusement and recreation                  | 18,747    | 22.88%   | Higher expenses incurred in 2024                                                                                                                                                                      |
| Communications                                           | 3,718     | 7.51%    | Increase in commercial leased lines                                                                                                                                                                   |
| Provision for (recovery from) impairment losses          | 465,051   | 1905.24% | Higher loan provision requirements during the period                                                                                                                                                  |
| Miscellaneous                                            | 35,326    | 8.34%    | Increase mainly due to higher legal fees, brokerage & PDEX fees from higher volume of transactions, contractual services, and IT costs                                                                |
| Share In Net Income Of An Associate                      | -1,009    | -61.98%  | Lower net income share from PBCOM Finance and impact of gain from last year's sale of ROPA                                                                                                            |
| Provision for income tax                                 | 72,308    | 11.24%   | Increase mainly due to higher net taxable income, higher final taxes on interest                                                                                                                      |

|  |  |  |                                                                                                            |
|--|--|--|------------------------------------------------------------------------------------------------------------|
|  |  |  | income on peso government securities and onshore income, offset by higher DTA recognized on loan allowance |

### Statement of Income and Expenses: Jan-Dec 2023 vs Jan-Dec 2022 (consolidated)

| (in thousands)                                                              | Increase<br>(Decrease) | Percentage | Remarks                                                                                                                                                                                                                                                      |
|-----------------------------------------------------------------------------|------------------------|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                                                      |                        |            |                                                                                                                                                                                                                                                              |
| Loans and receivables                                                       | 1,521,905              | 33.12%     | Higher interest income is primarily derived from increased yields and the growth in average volume, driven by new loan availments, mainly from corporate loans                                                                                               |
| Investment securities                                                       | 742,543                | 81.87%     | Higher interest income is attributed to increased yields, primarily from HTC and FVOCI, as well as from a higher average volume, primarily in HTC                                                                                                            |
| Interbank loans receivable and securities purchased under resale agreements | 62,697                 | 93.38%     | Higher interest income from higher yields                                                                                                                                                                                                                    |
| Deposits with other banks                                                   | (785)                  | -2.65%     | Lower interest income is primarily attributed to a decrease in average volume, mainly in ODF with BSP, offset by higher yields                                                                                                                               |
| <b>INTEREST AND FINANCE CHARGES</b>                                         |                        |            |                                                                                                                                                                                                                                                              |
| Deposit liabilities                                                         | 1,916,276              | 319.73%    | The increase is primarily due to a higher cost of funds and an increase in the volume of high-cost deposits                                                                                                                                                  |
| Bills payable, borrowings and others                                        | 518,340                | 274.28%    | The increase is mainly attributed to higher cost of funds and average volume, driven by new repos during the year                                                                                                                                            |
| <b>OTHER INCOME</b>                                                         |                        |            |                                                                                                                                                                                                                                                              |
| Rent income                                                                 | (24,239)               | -5.77%     | Lower due to the impact of lease terminations, offset by lease commencements from new tenants                                                                                                                                                                |
| Trading and securities gain (loss) – net                                    | 495,103                | 135.15%    | Higher net trading gain, mostly realized, compared to the net trading loss in the same period last year                                                                                                                                                      |
| Service charges, fees and commissions                                       | 37,368                 | 9.58%      | Higher primarily due to higher trade finance receivables charges, insurance fees income, and loan booking fees (mainly from corporate loans and home loans). This increase is partially offset by lower corporate loan penalty fees and processing fees.     |
| Profit (loss) from assets sold                                              | (38,783)               | -63.53%    | Lower ROPA gain on sale in 2023                                                                                                                                                                                                                              |
| Foreign exchange gain - net                                                 | 3,322                  | 3.40%      | Higher realized foreign exchange gains were partially offset by unrealized foreign exchange losses                                                                                                                                                           |
| Income from trust operations                                                | 5,593                  | 17.61%     | Increase is mainly due to impact of higher ADB of assets under management                                                                                                                                                                                    |
| Gain (loss) on assets exchange – net                                        | 15,300                 | 440.16%    | Net gain on asset exchange compared to net loss in prior year                                                                                                                                                                                                |
| Miscellaneous                                                               | 15,453                 | 12.76%     | Higher mainly from other income from loans and higher recovery on written-off accounts, partially offset by the impact of income from the forfeiture of security deposits of lessees resulting from the pre-termination of lease contracts in the prior year |
| <b>OPERATING EXPENSE</b>                                                    |                        |            |                                                                                                                                                                                                                                                              |
| Provision for credit and impairment losses - net                            | (312,095)              | -108.48%   | Lower loan provision requirements during the period                                                                                                                                                                                                          |
| Compensation and fringe benefits                                            | 92,596                 | 8.30%      | Increase is mainly due to salary adjustments and higher contributions                                                                                                                                                                                        |
| Insurance                                                                   | 18,527                 | 10.08%     | Higher PDIC insurance from higher volume of deposits                                                                                                                                                                                                         |

|                                                          |          |         |                                                                                                                                                                                           |
|----------------------------------------------------------|----------|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Occupancy and other equipment-related costs              | 23,368   | 17.17%  | Higher mainly from repairs & maintenance and electricity costs, partially offset by lower rent expense                                                                                    |
| Management and professional fees                         | (63,743) | -38.33% | Decrease is primarily due to lower professional fees                                                                                                                                      |
| Security, clerical, messengerial and janitorial services | 24,800   | 23.55%  | Higher security and janitorial costs primarily due to increase in minimum wage                                                                                                            |
| Entertainment, amusement and recreation                  | 3,710    | 4.74%   | Higher expenses incurred in 2023                                                                                                                                                          |
| Communications                                           | (7,634)  | -13.36% | Decrease in commercial leased lines                                                                                                                                                       |
| Miscellaneous                                            | 34,208   | 8.79%   | Increase is primarily due to higher employee and travel expense reimbursements, IT relate expenses, and brokerage fees                                                                    |
| Share In Net Income Of An Associate                      | 1,315    | 420.13% | Net income from PBCOM Finance                                                                                                                                                             |
| Provision For Income Tax                                 | 117,859  | 22.43%  | Increase mainly due to higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized, partly offset by lower taxable income as of Dec23 |

Interest income on non-discounted loans is recognized based on the accrual method of accounting, while unearned discounts are amortized to income over the terms of the loans. As such, there are no seasonal aspects that materially impact the Bank's interest revenues.

### 3. Discussion and Analysis of Material Event/s and Uncertainties

- The Bank does not anticipate any cash flow or liquidity problems in the next 12 months after year-end 2025.
- The Bank does not foresee any events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.
- There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reporting period.
- There are no material commitments for capital expenditures.
- The Bank remain cautious in expanding its loan portfolio given the on-going effect of the pandemic on the economy while the Executive Committee (EXCOM) stays vigilant with its loan approvals.
- There are no significant elements of the Bank's income in 2025 that did not arise from continuing operations.
- There are no seasonal aspects that have a material effect on the financial condition or results of operations.

## UNDERTAKING

The Bank will post and make available for download the full version of this SEC Form 20-IS (Definitive Information Statement), together with its annexes including the Bank's 2025 consolidated Audited Financial Statements and its Interim Unaudited Financial Statements for the first quarter of 2026 or SEC Form 17-Q in the Bank's website at [www.pbcom.com.ph/](http://www.pbcom.com.ph/) upon its approval by the Securities and Exchange Commission.

Upon the written request of a stockholder, the Bank will provide, without charge, hard copies of the Bank's SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A (Annual Report) and SEC Form 17-Q (Unaudited Financial Statements for the first quarter of 2026) duly filed with the Securities and Exchange Commission. The stockholder may be charged a reasonable cost for photocopying the exhibits.

All requests may be sent to the following address:

**PHILIPPINE BANK OF COMMUNICATIONS**

Attention: **MA. THERESA G. DELA ROSA**  
Corporate Secretary

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this report is true, complete and correct. This report is signed in the City of Makati on May 12, 2026.

**PHILIPPINE BANK OF COMMUNICATIONS**  
Issuer

By:

  
**MA. THERESA G. DELA ROSA**  
Corporate Secretary

**PHILIPPINE BANK OF COMMUNICATIONS  
("PBCOM")**

**2026 ANNUAL STOCKHOLDERS' MEETING ("ASM")**

**REQUIREMENTS AND PROCEDURES  
FOR VOTING ELECTRONICALLY IN ABSENTIA AND  
PARTICIPATION THROUGH REMOTE COMMUNICATION**

**A. Electronic Voting or Voting in Absentia**

1. Stockholders as of 13 April 2026 may register and vote through PBCOM's website at <https://www.pbcom.com.ph/> until 5:00 p.m. Philippine Time of 8 June 2026. To access the voting portal at PBCOM's website, stockholders are required to provide their: (i) complete name, (ii) stock certificate number, (iii) valid e-mail address, and (iv) contact number to the Office of the Corporate Secretary via e-mail at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph), subject to verification and validation procedures. Stockholders who registered and voted before the cut-off time will be counted for purposes of quorum.
2. An e-mail will be sent by the Office of the Corporate Secretary to the stockholder containing his/her username and default password in order to login in the voting portal. Once inside the portal, the system will prompt the stockholder to change his/her password. After the password has been changed, the system will require the stockholder to upload a scanned copy of a valid ID to confirm his/her identity. It is strongly recommended that stockholders do not share their username and password with any other person and take utmost care to keep their username and password confidential.
3. Stockholders may register at the voting portal by providing the following requirements:
  - a. **For Individual Stockholders**
    - i. Valid email address and active contact number (landline or cellphone);
    - ii. One (1) valid identification card (ID)<sup>1</sup>; and
    - iii. Any stock certificate issued by PBCOM in the name of the individual stockholder.
  - b. **For Stockholders with Joint Accounts**
    - i. An authorization letter signed by one of stockholders indicating the name of the person authorized to cast the votes;
    - ii. Valid email address and active contact number for the authorized stockholder;
    - iii. One (1) valid identification card (ID) of the authorized stockholder; and
    - iv. Any valid stock certificate issued by PBCOM in the name of joint stockholders.

<sup>1</sup> Acceptable Valid IDs: Driver's License, Passport, Unified Multi-Purpose ID (UMID), GSIS ID, company ID, PRC ID, BPP ID, IDOLE Card, OWWA ID, Comelec Voter's ID, Senior Citizen's ID, or Alien Certificate of Registration / Immigrant Certificate of Registration.

**c. For Stockholder under PCD Nominee or "Scripless Shares"**

- i. Stockholders should coordinate with their broker/s and request for the full account name and reference number or account number they provided to PBCOM;
- ii. Valid email address and active contact number; and
- iii. Any stock certificate issued by PBCOM in the name of the stockholder.

**d. For Corporate Stockholders**

- i. Secretary's Certificate attesting to the authority of the representative to vote the shares on behalf of the corporate stockholder;
- ii. Valid email address and active contact number for the authorized representative;
- iii. One (1) valid identification card (ID) of the authorized representative; and
- iv. Any valid stock certificate in the name of the corporate stockholder.

4. The online voting portal contains the agenda items for approval as set out in the Notice for the 2026 ASM.
  - (a) For items other than the election of Directors, stockholders have the option to vote: In Favor of, Against, or Abstain.
  - (b) For election of Directors, stockholders have the option to vote his shares for all nominees, not vote for any nominees, or vote for one or some nominees only, in such number of shares as the stockholder prefers; provided that the total number of votes cast shall not exceed the number of shares owned, multiplied by the number of directors to be elected. The system will automatically compute the total number of votes the stockholder is allowed to cast, based on the number of shares he owns.
  - (c) Once the stockholder completes his votes, he can proceed to submit the accomplished form by clicking the "Submit" button.
  - (d) After the ballot has been submitted, the stockholder may no longer change his/her vote.
5. Thereafter, the Office of the Corporate Secretary will send a confirmation email to the stockholder once his/her account has been verified and his/her vote has been recorded. If the account of a stockholder cannot be verified, then the votes cast by the non-verified stockholder shall not be recorded.
6. The Office of the Corporate Secretary shall tabulate all valid and confirmed votes cast through electronic voting, together with the votes cast through proxies. If a stockholder cast his or her vote electronically *in absentia* and also executed a proxy form, the latest vote received by the Office of the Corporate Secretary will be counted.
7. Note that the online voting portal is open until 5:00 p.m. Philippine Time of 8 June 2026. The voting function in the voting portal will be disabled after this time to give the Office of the Corporate Secretary time to collate and validate votes received through the portal. Stockholders will not be able to cast votes during the livestream of the 2026 ASM.

**B. Attendance by Remote Communication**

1. Stockholders who intend to participate in the 2026 ASM remotely may register using the link to be provided in PBCOM's website at <https://www.pbcom.com.ph/> (Annual Stockholders' Meeting) until 5:00 p.m. Philippine Time of 8 June 2026.
2. To register, stockholders will need the requirements under Item A.3 above, depending on the type of ownership. Stockholders will also need to upload a valid ID as proof of identity.
3. Upon successful registration, the stockholder will receive an email confirmation and a unique link which will be used to log in and view the 2026 ASM livestream.
4. Please note that due to the limitations of available technology, voting will not be possible during the 16 June 2026 ASM livestream, but participants may send questions or remarks via the livestream portal. Stockholders may also send questions and/or remarks in advance or during the meeting to the Corporate Secretary at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph).
5. Stockholders shall be responsible for their internet connectivity during the ASM.

The proceedings during the 2026 ASM will be recorded in video and audio format. For any questions and concerns, stockholders may visit PBCOM's website at <https://www.pbcom.com.ph/> or contact the Office of the Corporate Secretary via e-mail at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph) or at telephone no. (+632) 8830-7062.

\* - List of attendees attached as Annex "A"

\* - These minutes will be approved by the stockholders at the next Annual Stockholders' Meeting

**PROCEEDINGS****I. CALL TO ORDER**

The Chairman of the Board, Mr. Eric D. Recto, called the meeting to order and presided over the same. He then proceeded to introduce the members of the Board present during the meeting:

Leonardo B. Dayao  
Lucio L. Co  
Patricia May T. Sly  
Bunsit Carlos G. Chung  
Susan P. Co  
Jack Dixon T. Huang  
Hans Brinker M. Sicat  
Gregorio T. Yu  
Stephen Anthony T. Culunjang – Independent Director  
Teresita J. Herbosa – Independent Director  
Gilda E. Pico – Independent Director

**Not in Attendance:**

Levi B. Labra  
Conrado A. Gloria, Jr.  
Pablo Benigno A. Aquino IV

**Also in Attendance:**

Henry T. Uy – Board Adviser  
Emmanuel Y. Mendoza – Board Adviser

The Corporate Secretary, Atty. Ma. Theresa G. Dela Rosa, recorded the minutes of the meeting.

## **8. CERTIFICATION OF NOTICE AND QUORUM**

The Secretary certified the fact that following the SEC's guidelines on alternative modes of distributing copies of the notices, the Bank has caused the publication of the said notice in two (2) newspapers of general circulation for two (2) consecutive days in both print as well as online format.

In compliance with SEC Memorandum Circular No. 8, Series of 2020, the annual meeting was conducted via video/teleconference. The Secretary gave a roll call, after which the attending members of the Board of Directors and the stockholders present each stated, for the record, their full names and locations. All the members of the Board and the stockholders present confirmed that they could completely and clearly see and/or hear one another and that they received the agenda and all the materials for the meeting. The aforementioned also disclosed their location and the specific type of device, which they were using for said video/teleconference.

The Secretary then proceeded to certify the existence of a quorum there being present, via video/audio conferencing, stockholders owning a total of **424,955,967 shares** representing at least **88.41%** of the **480,645,163** outstanding shares of the Bank.

At the request of the Chairman, the Corporate Secretary presented the rules of conduct and procedures that govern the Annual Stockholders' Meeting as follows:

### *Rules of Conduct and Procedures of Meeting*

- For purposes of the meeting, only stockholders of record as of 11 April 2025 are entitled to notice of, and to vote at, the Annual Meeting of Stockholders.
- PBCOM will be holding a virtual Annual Meeting. The conduct of the Annual Meeting will be streamed live, and stockholders may attend, participate and vote only through proxy, remote communication or in absentia. The requirements and procedures for voting in absentia and participation through remote communication are set forth in the Information Sheet.
- Stockholders who choose to vote by proxy must submit and address their signed proxy to the attention of the Corporate Secretary at 5/F PBCOM Tower, 6795 Ayala Avenue corner V.A. Rufino Street, Makati City, or via e-mail at [Corporatesecretary@pbcom.com.ph](mailto:Corporatesecretary@pbcom.com.ph) not later than 5:00p.m. on or before 27 May 2025.
- Participants may send questions or remarks via the livestream portal. Stockholders may also send questions and/or remarks in advance or during the meeting to the Corporate Secretary at [Corporatesecretary@pbcom.com.ph](mailto:Corporatesecretary@pbcom.com.ph).
- The proceedings during the 2025 ASM will be recorded in video and audio format.

### *Voting Procedures:*

- A. *Vote Requirement*
  1. In the election of directors, in accordance with Section 23 of the Revised Corporation Code, the fifteen (15) nominees with the greatest number of votes will be elected directors.
  2. For other matters submitted to a vote, a majority vote of the stockholders present either in person, through remote communication, or in absentia, or by proxy is necessary for the approval of such matter.
- B. *Methods by which Votes will be Counted*
  1. Every stockholder is entitled to one vote. However, with respect to the election of directors, the stockholders may vote such number of shares for as many persons as there are directors to be elected, or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected, or he may distribute them on the same principle among as many candidates as he shall see fit; provided, that the total number of votes cast by him shall not exceed the number of shares owned by him as shown in the books of the Corporation multiplied by the number of directors to be elected.

- Shareholders who are unable to attend the meeting may choose to execute a proxy form or vote electronically in absentia using the Bank's online web address at <https://www.pbcom.com.ph/>. A stockholder who votes in absentia shall be deemed present for purposes of quorum. The requirements and procedures for voting in absentia and participation through remote communication are set forth in the Information Statement.
- Proxies must be submitted to the Corporate Secretary not later than 5:00 p.m. on or before 17 May 2025.
- The method of counting the votes of the shareholders shall be in accordance with the general provisions of the Revised Corporation Code of the Philippines. Counting will be done by tabulation of the votes by the Corporate Secretary with the assistance of her staff and the Bank's Stock and Transfer Agent as third-party validator.

#### III. REVIEW AND APPROVAL OF MINUTES OF PREVIOUS MEETINGS HELD ON JUNE 11, 2024

The Chairman directed the Corporate Secretary to read the previous minutes of the annual meeting held on June 11, 2024.

Upon motion made and duly seconded, the reading of said minutes was dispensed with. Thereafter, the Chairman submitted the minutes for approval and upon motion made and duly seconded, said minutes was unanimously approved, confirmed and ratified.

##### **Resolution No. 2025 - 1**

"RESOLVED, that the Stockholders of the Philippine Bank of Communications ("PBCOM") approve, as they hereby approve, the Minutes of the Annual Stockholders Meeting of PBCOM held on June 11, 2024."

At the Chairman's request, the Corporate Secretary recorded the following votes cast for this agenda item:

| Vote   | Number of Votes<br>(One Share – One Vote) | Percentage of Shares<br>Represented |
|--------|-------------------------------------------|-------------------------------------|
| Yes    | 424,955,967                               | 100%                                |
| No     | -                                         | -                                   |
| Absent | -                                         | -                                   |
| Total  | 424,955,967                               | 100.00%                             |

The Chairman then proceeded to the next item on the agenda.

#### IV. ANNUAL REPORT OF MANAGEMENT AND APPROVAL OF THE AUDITED FINANCIAL STATEMENTS FOR 2024

The Chairman turned over the floor to Ms. Patricia May T. Sly, President & CEO to render Management's Report for 2024.

##### **The President's Report:**

Good Day to our shareholders, Members of the Board, Senior Management Team, and guests.

2024 is marked with significant achievements for the Bank. It turned 85 years and was awarded one of the 3 Forbes' Asia's Best Under a Billion in the Philippines. And in 2024, we reached an outstanding 2.21 Billion in net income.

Let me share with you our other highlights:

Our Net income of P1.21Billion in net income is a 16.5% growth versus prior year.

This translated to 11.98% Return on Equity for our shareholders from a 1.45% Return on Assets.

Major driver is the growth in our Assets to P156.98 fueled by 10.35% growth in loans and receivables.

Deposits were the main source of funding. We successfully issued our maiden Corporate Notes offering which generated 7.6Billion.

Our capital continued to grow organically.

Our Capital ratios will allow us to continue our growth momentum.

I am confident that PSCOM is well-positioned for sustained growth and relevance. With a clear vision, a strengthened foundation, and an unwavering commitment to excellence, we will continue to adapt, innovate, and empower our stakeholders to move forward— Together.

Thank you and have a great day."

After the President's presentation, upon motion made and duly seconded, the Management Report and the Bank's Audited Financial Statements for the year ended December 31, 2024 previously distributed to the stockholders were unanimously approved.

**Resolution No. 2025 - 2**

"RESOLVED, that the Stockholders of the Philippine Bank of Communications approve, as they hereby approve, the Annual Report of Management and the Audited Financial Statements as of December 31, 2024."

At the Chairman's request, the Corporate Secretary recorded the following votes cast for this agenda item:

| Vote    | Number of Votes<br>(One Share – One Vote) | Percentage of Shares<br>Represented |
|---------|-------------------------------------------|-------------------------------------|
| Yes     | 434,955,967                               | 100%                                |
| No      | -                                         | -                                   |
| Abstain | -                                         | -                                   |
| Total   | 434,955,967                               | 100.00%                             |

The Chairman then proceeded to the next item on the agenda.

**V. RATIFICATION OF ACTS OF THE BOARD OF DIRECTORS AND MANAGEMENT SINCE THE LAST ANNUAL MEETING OF STOCKHOLDERS**

The next item in the agenda was the ratification of the acts and proceedings of the Board of Directors and Management since the last annual meeting of the stockholders as they appear in the minutes of the Board meetings and in the disclosures and reports made to the Securities and Exchange Commission (SEC) and the Philippine Stock Exchange, Inc. (PSE).

Upon motion made and duly seconded, all the stockholders present and represented in the meeting approved and ratified the acts of the Board of Directors and Management since the last annual meeting of the stockholders.

**Resolution No. 2025 - 3**

"RESOLVED, that the Stockholders of the Philippine Bank of Communications ("Bank") approve, as they hereby approve, ratify, and confirm, all contracts, investments, and resolutions issued, and all other acts and proceedings made by

the Board, its Committees, and the management of the Bank in the exercise of their duties for the year 2024.”

At the Chairman’s request, the Corporate Secretary recorded the following votes cast for this agenda item:

| Vote    | Number of Votes<br>(One Share – One Vote) | Percentage of Shares<br>Represented |
|---------|-------------------------------------------|-------------------------------------|
| Yes     | 424,955,967                               | 100%                                |
| No      | -                                         | -                                   |
| Abstain | -                                         | -                                   |
| Total   | 424,955,967                               | 100.00%                             |

The Chairman then proceeded to the next item on the agenda

## VI. ELECTION OF DIRECTORS

The Corporate Secretary advised the body of the nominations he received for the Board of Directors as endorsed by the Nominations Committee. The Corporate Secretary then announced the nominations to the Board of Directors, as follows:

1. Eric O. Recto
2. Leonardo B. Dayao
3. Lucio L. Co
4. Patricia May T. Siy
5. Bunsit Carlos G. Chung
6. Susan P. Co
7. Jack Elkan T. Huang
8. Levi B. Labra
9. Hans Brinker M. Sicat
10. Gregorio T. Yu
11. Paolo Beningo A. Aquino IV – Independent Director
12. Stephen Anthony T. CuUnjieng – Independent Director
13. Conrado A. Gloria, Jr. – Independent Director
14. Teresita J. Herboose – Independent Director
15. Gilda E. Pico – Independent Director

There being no other nominees, and since there were only fifteen (15) nominees for the fifteen (15) seats, on motion made and duly seconded, the Corporate Secretary was directed by the Chairman to cast the votes of all those present and represented at the meeting equally among the above-named individuals who were thereby unanimously elected as members of the Board of Directors for a term of one (1) year or until their successors have been elected and qualified.

The Corporate Secretary confirmed that all votes cast and received by the office of the Corporate Secretary, and validated by the Stock Transfer Agent have been applied. She presented the results of the votes cast, as shown below:

| Board of Directors   | Vote    | No. of Votes Cast | Percentage of the<br>Total Votes Cast |
|----------------------|---------|-------------------|---------------------------------------|
| 1. Eric O. Recto     | Yes     | 28,330,398        | 6.67%                                 |
|                      | No      | -                 | 0.00%                                 |
|                      | Abstain | -                 | 0.00%                                 |
|                      | Total   | 28,330,398        | 6.67%                                 |
| 2. Leonardo B. Dayao | Yes     | 28,330,398        | 6.67%                                 |
|                      | No      | -                 | 0.00%                                 |
|                      | Abstain | -                 | 0.00%                                 |
|                      | Total   | 28,330,398        | 6.67%                                 |

|                                 |         |            |       |
|---------------------------------|---------|------------|-------|
| 3. Julie L. Co                  | Yes     | 28,330,398 | 6.67% |
|                                 | No      | -          | 0.00% |

\*Rounded off to the nearest two (2) decimal points

**VII. APPOINTMENT OF EXTERNAL AUDITOR**

Upon motion made and duly seconded, the stockholders approved the appointment of SGV and Co., as the External Auditor of the Bank for the fiscal year ending December 31, 2025.

**Resolution No. 2025 - 4**

"RESOLVED, that the Stockholders of the Philippine Bank of Communications ("PBCOM") approve, as they hereby approve, the appointment of Sycip Gorres Velayo & Co. ("SGV") as the external auditor of PBCOM for year 2025."

At the Chairman's request, the Corporate Secretary recorded the following votes cast for this agenda item:

| Vote    | Number of Votes<br>(One Share – One Vote) | Percentage of Shares<br>Represented |
|---------|-------------------------------------------|-------------------------------------|
| Yes     | 424,955,967                               | 100%                                |
| No      | -                                         | -                                   |
| Abstain | -                                         | -                                   |
| Total   | 424,955,967                               | 100.00%                             |

**VIII. OTHER MATTERS / OPEN FORUM**

The Chairman opened the floor for discussion with the stockholders present, and asked the Secretary of the meeting if there were questions submitted. The Secretary informed the Chairman that no questions have been submitted by the stockholders, and that participating stockholders were given the opportunity to submit questions or remarks via the livestream portal by using the "Q&A" button found at the bottom of their screens. Alternatively, stockholders may also send via email their questions and/or remarks relative to the agenda items to the Corporate Secretary at [CorporateSecretary@pbcom.com.ph](mailto:CorporateSecretary@pbcom.com.ph)

**IX. ADJOURNMENT**

There being no other matters to be discussed, the meeting was adjourned at 9:12 o'clock in the morning.

  
MA. THERESA G. DELA ROSA  
Corporate Secretary

| Inc (Dec)                     | (0.02%)           | (0.72%)                          | (2.08%)    | (0.13%)    | 1.38%  | 0.44%             | 1.81%  | (0.82%) |

**Brief Analysis:**

1. The Board's performance in 2025, despite a 0.02% deterioration, remains at a level of **96% reflecting a stable performance** as evaluated by all the director. This is indicative of a sound corporate governance fostering a sustained competency of the Board of Director in carrying out its duties and responsibilities.
2. In addition, the performance rating of each of the committees did not materially deteriorate in 2025 when compared to the ratings in 2024. Related Party transactions Committee (RPTCom) obtained the highest percentage of increase by 1.81%, followed by the Audit Committee, increasing by 1.38%. Consistently, Audit Committee remains the committee with the highest performance rating from 2024 (98.28%) to 2025 (99.66%), as evaluated by its members.
3. Executive Committee's (ExCom) rating relatively decreased by 2.08% in 2025. Said decrease was apparently due to the low number of attendance of the members in the meetings held in 2025. Relatively, performance ratings of the Governance Committee (GovCom) and Trust Committee slightly decreased by 0.13% and 0.82%, respectively.
4. Meanwhile, the director's evaluation of their own performance averages 96.07% in 2025 against the 96.79% average in 2024.

| Aggregate market value of voting stock | - | ₱1,605,908,670 |

## PART I - BUSINESS AND GENERAL INFORMATION

### Item 1. The Company

Philippine Bank of Communications ("PBCOM" or the "Bank") was incorporated on August 23, 1939, as one of the earliest non-American foreign banks in the Philippines. It received its commercial banking license from the Bureau of Banking under the Department of Finance of the Philippine Commonwealth and commenced operations on September 4, 1939, with an initial capitalization of ₱2 million.

The Bank's operations were temporarily interrupted during World War II, but through the infusion of fresh capital, it resumed its banking activities in 1945. Throughout its early years, PBCOM played a vital role in the country's banking sector, helping businesses and individuals manage their finances through traditional banking services.

In 1974, PBCOM transitioned to full Filipino ownership when a group of industrialists led by Ralph Nubla Sr. acquired a majority stake in the Bank. This acquisition paved the way for the Bank's continued expansion and its focus on catering to both corporate and retail banking clients.

#### Banking Licenses & Regulatory Approvals

PBCOM has continuously evolved its banking services in response to regulatory developments and market opportunities:

- August 24, 1961 – The Bank was granted a Trust License, enabling it to provide fiduciary and investment services.
- December 14, 1981 – It became a registered government securities dealer, allowing it to participate in the trading of government bonds and other related securities.
- December 24, 1993 – PBCOM obtained a license from the Bangko Sentral ng Pilipinas (BSP) to operate as an expanded commercial bank, broadening its range of financial services, including foreign currency deposit units and investment banking.
- March 31, 2000 – To focus on its core strengths, the Bank applied for and received approval from the Monetary Board of the BSP to convert its expanded commercial banking license into a regular commercial banking license.
- December 1, 2022 – After fulfilling all regulatory requirements, PBCOM received its Certificate of Authority from BSP to operate as a Universal Bank, allowing it to engage in a wider range of financial activities, including investment banking and expanded corporate lending.

#### Capital Structure Changes & Ownership Transitions

Over the years, PBCOM underwent multiple capital restructuring initiatives and ownership transitions to strengthen its financial position and support its growth strategy:

- December 2011 – The ISM Communications Group acquired a controlling interest in the Bank through a ₱2.8 billion investment by the Chung and Nubla Groups. This transaction facilitated further capital infusion and expansion plans.
- March 8, 2013 – The Securities and Exchange Commission (SEC) approved PBCOM's quasi-reorganization and capital stock increase, which included:
  - The reclassification of 120 million preferred shares to common shares.
  - A reduction in par value from ₱100 to ₱25 per share.
  - An increase in authorized capital stock to ₱19 billion, divided into 760 million common shares.
- March 26, 2014 – The Bank successfully exited the 10-year Financial Assistance Agreement with the Philippine Deposit Insurance Corporation (PDIC) by fully settling a ₱7.6 billion loan.

- September 23, 2014 – BSP approved P.G. Holdings Inc. (PGH)'s ₱5.98 billion investment in newly issued PBCOM shares.
- October 1, 2014 – VFC Land Resources Inc. (VFC) acquired 59.24 million shares from ISM Group, increasing its stake in the Bank.
- 2015-2023 – PGH and VFC continued acquiring additional shares, resulting in the Co Family's total stake in PBCOM reaching 57.24%. As of December 31, 2025, this ownership level remains unchanged.

#### Strategic Transactions & Business Expansion

To streamline operations and focus on its core banking activities, PBCOM has undertaken several strategic initiatives:

- July 29, 2019 – The Bank divested its stake in PBCOM Rural Bank, Inc., consolidating its resources at the parent level to enhance operational efficiency.
- January 20, 2022 – BSP approved PBCOM's application to upgrade to a Universal Bank, allowing it to offer a broader range of financial services.
- March 15, 2022 – The Board of Directors approved amendments to the Articles of Incorporation to:
  - Change PBCOM's primary purpose from Commercial Bank to Universal Bank.
  - Extend its corporate term from 50 years to perpetual.
- May 3, 2024 – PBCOM completed the dissolution and liquidation of PBCOM Insurance Services Agency, Inc. (PISAI). The subsidiary settled all its liabilities and liquidated its remaining assets, ceasing its operations and consolidation in the Bank's financial statements.
- November 4, 2024 – PBCOM raised ₱7.7 billion from its maiden issuance of Peso Fixed Rate Bond listed in the Philippine Dealing & Exchange Corp. (PDEX). The series A bond, which has a tenor of one-and-a-half years and a fixed interest rate of 6.0796%, represents the first tranche under PBCOM's ₱15 Billion Peso Bond Program.

#### **Business of Registrant**

PBCOM offers a wide range of products and services to clients. These include basic universal banking services such as deposit products, credit and loan facilities, trade-related services, treasury and foreign exchange trading, cash management services, and Trust and Investment Management services.

Deposit products and services include peso, dollar, and third currency savings, checking and time deposit accounts, ATM accounts, foreign and domestic remittance services, cash management services, namely deposit pick-up and cash delivery, payroll, and check-writing services. Ancillary services such as safety deposit boxes and manager's checks, demand drafts, acceptance of tax and SSS payments are also available. These products and services are offered to both individuals and corporate clients.

Credit and loan facilities include working capital financing, post-dated check discounting, specialized lending programs such as contract-to-sell financing, and Micro-Finance. Other credit-related products include home, auto, and personal loans, as well as trade financing.

Trade-related services include import LCs, standby LCs, bank guarantee, and shipside bond, export LC advising, export packing credits & export bills negotiation and collections, trade financing of receivables and payables, domestic LCs, and trust receipt financing. These services are financing facilities offered to importers and exporters.

Treasury products include dealerships and brokering of government securities and commercial papers, both domestic and international, deposit substitutes like promissory notes and repurchase agreements, foreign exchange proprietary trading, and commercial client servicing.

Trust services include investment management services, personal trust funds, escrow agency services, employee benefit trust services, and estate planning.

**Contribution to Operating Income**

As of December 31, 2025, operating income is composed of: (1) 75.40% is derived from net interest income, which includes interest income from lending, investment securities, and other receivables less interest expense and finance charges (2) 24.60% is from non-interest income consisting of trading gains, service charges, fees and commissions, income from trust operations, profit/loss from asset sold, foreign exchange gain/loss, rental income and miscellaneous income.

The Bank does not maintain any branch or sales office abroad. Hence, all revenues are generated domestically.

**Distribution Methods of Products and Services**

As of December 31, 2025, the Parent Bank's products and services are distributed primarily through its 96 branches, 4 of which are in Pop-Up formats situated in selected Puregold stores.

PBCOM clients may also conduct their transactions in various channels, such as the 176 automated teller machines deployed in strategic branch sites and in 80 off-site locations. In addition, the Bank has also deployed 146 Cash Deposit Machines across various sites to help service the deposit transactions of its clients.

The Bank has likewise expanded its digital presence through its Digital-Only Bank, which BSP approved last December 11, 2019. This will complement the existing Internet and Mobile Banking facilities of the bank, launched last June 21, 2017, and September 28, 2018, respectively.

**Competition**

As of the end of 2025, the Philippine commercial banking industry is composed of 44 Universal and Commercial Banks, of which 15 are Private Domestic Banks, 3 are Government Banks, and 26 are Foreign Banks with either established subsidiaries or foreign branch licenses.

**Patents, Trademarks, Licenses, Franchises, Concessions, and Royalty**

PBCOM has registered the trademarks of the following: PBCOM, Philippine Bank of Communications, PBCOM Together we Grow, PBCOM Pop-up Branch, PBCOMobile, and PBCOM eRegalo.

**Customers**

PBCOM has a multi-segment client base with growth seen across Individuals, Commercial, and Corporate accounts. This result stems from the bank's focus on expanding its market through the ecosystem of its principals.

**Subsidiaries and Affiliates****PBCOM Insurance Services Agency, Inc. (PISAI)**

On May 9, 2014, the SEC approved the incorporation of PBCOM's wholly-owned subsidiary, PBCOM Insurance Services Agency, Inc. (PISAI), which was primarily engaged in soliciting and promoting insurance products. In the same year, PISAI, PBCOM, and Pru Life UK executed a five-year general agency agreement to market and distribute life, health, and protection products. However, the agreement was terminated by all parties effective August 31, 2017, rendering PISAI inactive.

On January 11, 2021, the BOD approved PISAI's dissolution and liquidation. Subsequently, on March 4, 2021, PISAI's Board of Directors resolved to shorten the company's corporate term to June 30, 2021. Due to several regulatory requirements for business termination, the effectivity of PISAI's corporate term was extended until April 2024. PISAI submitted its application for amending its Articles of Incorporation on November 15, 2023, and the SEC approved this amendment on April 3, 2024, extending the corporate term until April 30, 2024.

On May 3, 2024, PISAI completed the settlement of its liabilities and liquidated its remaining assets for distribution to its stockholders. As a result, the Parent Company received the remaining assets of PISAI and derecognized its investment. .

#### PBCOM Finance Corporation

The Bank's lone affiliate, PBCOM Finance Corporation, was incorporated and registered with the SEC on January 9, 1980, to provide, grant, and/or extend credit facilities to any person, business, judicial or otherwise. It is 40% owned by the Bank while the remaining 60% is owned by various individual shareholders. Its principal place of business is located at PBCOM Building, 214-216 Juan Luna Street Binondo, Manila.

#### **Transaction with and/or Dependence on Related Parties**

The Bank's related parties include key management personnel, close family members of key management personnel and entities which are controlled, significantly influenced by or for which significant voting power is held by key management personnel or their close family members, associates and post-employment benefits for the benefit of the Bank's employees.

As required by BSP, the Bank discloses loan transactions with its associates, affiliates and with certain directors, officers, stockholders and related interests (DOSRI). As of December 31, 2025 the Bank is compliant with DOSRI rules and regulations.

The Bank's related party transactions are presented and discussed in Note 31 of the Audited Financial Statements.

#### **Effect of Existing or Probable Government Regulations**

##### Bangko Sentral ng Pilipinas

The Bank fully complies with the required capitalization for universal banks with an expanded FCDU license as prescribed by the BSP. The Bank's consolidated qualifying capital as of end-December 31, 2025, stood at ₱22.43 Billion. As reported to BSP, its capital-to-risk assets ratio under the BASEL III reporting standards covering credit, market, and operational risks remained well above the 10% regulatory threshold, standing at 16.51%.

##### Bureau of Internal Revenue

Republic Act No. 9337, which amended the National Internal Revenue Code, stipulates that:

- The regular corporate income tax (RCIT) rate is 30%.
- The interest expense deduction is capped at 33% of interest income, subject to final tax.
- A Minimum Corporate Income Tax (MCIT) of 2% on modified gross income applies and is compared with the RCIT. Any excess MCIT over RCIT is carried forward for three years as a tax credit.
- Net Operating Loss Carry-Over (NOLCO) is deductible from taxable income for up to three years from the year of loss.
- FCDU offshore income (income from non-residents) remains tax-exempt, whereas onshore income (interest income from loans to residents) is taxed at 10%.
- Other FCDU transactions are subject to either the 30% RCIT or 2% MCIT, whichever is applicable.

#### Tax Reform for Acceleration and Inclusion (TRAIN) Law (RA 10963)

Effective January 1, 2018, the TRAIN Law introduced several changes to the tax regime, including:

- 100% increase in Documentary Stamp Tax (DST) rates, except for debt instruments, which saw a 50% increase.
- Fringe Benefits Tax rate increase from 32% to 35%.
- Excise tax increases on petroleum products, reaching up to ₱8 per liter/kilo.
- Final Withholding Tax on interest income from deposits under the expanded foreign currency deposit system increased from 7.5% to 15%.

#### Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act

Signed into law on March 26, 2021, the CREATE Act introduced tax adjustments, including:

- Reduction of the corporate income tax rate from 30% to 25%.
- Deductible interest expense limit reduced to 20% of interest income subject to final tax.
- Temporary reduction of the MCIT rate to 1% until June 30, 2023.

#### Recent Tax Updates (2024)

- Revenue Memorandum Circular No. 36-2024, issued on March 11, 2024, clarified that for corporations with a calendar year ending December 31, 2023, the applicable MCIT rate is 1.5%.
- No changes have been made regarding the taxation of FCDUs.

#### Recent Tax Updates (2025)

##### Capital Market Efficiency Promotion Act (CMEPA) (RA 12214)

Signed into law on May 29, 2025, and effective July 1, 2025, CMEPA introduces key reforms in the taxation of financial instruments, including:

- Standardization of the final withholding tax (FWT) rate on interest income to 20%, covering peso deposits, foreign currency deposit and other similar instruments.
- Removal of the tax exemption on long-term deposits or instruments certificates with a maturity of five years or more for instruments issued on or after July 1, 2025
- Retention of the tax exemption for long-term deposits issued prior to July 1, 2025, provided these are held to maturity.
- Reclassification of Reverse Repurchase Agreements (RRPs), which are no longer treated as deposit substitutes and are instead subject to 15% creditable withholding tax, with income subject to RCIR.
- Reduction of the Stock Transaction Tax (STT) on the sale of listed shares from 0.60% to 0.10% of the gross selling price.
- Expansion of tax exemptions for collective investment schemes, including exemption from capital gains tax on redemptions of Unit Investment Trust Funds and removal of Documentary Stamp Tax on issuance of participation certificates.

#### VAT on Digital Transactions

- Digital services provided by non-resident digital service providers (DSPs) to customers in the Philippines are subject to 12% VAT.
- The VAT applies to various digital services, including online platforms, digital content, cloud services, and subscription-based services.

**Research and Development Activities**

The Bank offers basic commercial banking products and services that require no significant amount to be spent on product research & development.

**Employees**

As of December 31, 2025, the Parent Bank has 1,177 employees with 961 officers and 216 rank-and-file. All of the Parent Company's rank-and-file employees are covered by a CBA covering the period 2023 to 2025. There had been neither dispute nor occurrence of employee strikes for the past years.

**Risk Management**

PBCOM's Enterprise Risk Management (ERM) Framework serves as the cornerstone of the Bank's approach to identifying, assessing, and managing risks across the organization. It outlines the Bank's commitment to effective and efficient risk management, grounded in the principles of good corporate governance — namely, fairness, accountability, and transparency — as demonstrated through its robust risk governance structure.

The Framework illustrates how risk management is deeply embedded into PBCOM's organizational culture, systems, and operations. It sets out the guiding philosophies, core principles, governance structures, key elements, policies, and processes that empower employees at all levels to proactively manage risk. This integration ensures that risk considerations are incorporated into everyday business activities and strategic decision-making.

Risk management at PBCOM is applied enterprise-wide — encompassing the Board of Directors, Senior Management, Business Groups, Business Centers, support units, subsidiaries, affiliates, and individual employees. It is also integrated into specific functions, programs, projects, and initiatives. The implementation of this framework enhances management practices, supports sound decision-making, promotes efficient resource allocation, and ultimately drives sustainable value creation. At the same time, it safeguards the interests of clients, upholds public trust, and ensures regulatory compliance.

**ERM Vision, Mission, Philosophy and Objectives****Vision Statement**

To protect and optimize PBCOM's enterprise value through effective risk management.

**Mission Statement**

To develop risk awareness and a risk/return consciousness in the Bank in order to protect deposits, preserve capital, and ensure adequate return on capital.

**Philosophy**

PBCOM recognizes that enterprise risk management is fundamental for its safe and sound operation and sustainable growth. It ensures business success through balanced risk and reward, operational excellence, and conformance to the highest ethical standards and regulatory requirements.

Enterprise Risk Management in PBCOM is aligned with its business objectives and strategies. It operates at all levels and in all units of PBCOM that continually manage risk in an environment fostered by an appropriate governance structure, a strong "control culture," and a proactive process of identification, understanding, assessment, and mitigation of all its material risks.

**Objectives**

- To identify, measure, manage, and control risks inherent in PBCOM's activities or embedded in its portfolio;
- Define and disseminate risk management philosophy and policies;
- Assist risk-taking business and operating units in understanding and measuring risk/return profiles;
- Develop a risk management infrastructure that includes policies and procedures, organization, limits and approval authorities, MIS and reporting, systems and risk models and;
- Promote a risk awareness and strong "control culture" in PBCOM.

### **PBCOM Enterprise Risk Governance**

The **Board of Directors (BOD)** is responsible for establishing and maintaining a sound risk management system and is ultimately accountable for identifying and controlling risks; Nevertheless, separate independent bodies are responsible for managing and monitoring risks.

The **Risk Oversight Committee (ROC)** has the overall responsibility for the development of the risk strategy and implementing principles, frameworks, policies and limits. Its primary responsibilities are to:

1. *Oversee the risk management framework.* The committee shall oversee the enterprise risk management framework and ensure that there is periodic review of the effectiveness of the risk management systems and recovery plans. It shall ensure that corrective actions are promptly implemented to address risk management concerns.
2. *Oversee the adherence to risk appetite.* The committee shall ensure that the current and emerging risk exposures are consistent with the Bank's strategic direction and overall risk appetite. It shall assess the overall status of adherence to the risk appetite based on the quality of compliance with the limits structure, policies and procedures relating to risk management and control, and performance of management, among others.
3. *Oversee the risk management function.* The committee shall be responsible for the appointment/selection, remuneration, and dismissal of the Chief Risk Officer (CRO). It shall also ensure that the risk management function has adequate resources and effectively oversees the risk taking activities of the Bank.

The **Enterprise Risk Management Group (ERMG)** is the ROC's implementing arm in carrying out its functions. It assists the Bank's Board of Directors and Management in accomplishing its objectives by bringing a systematic and disciplined approach to promoting risk management practices consistent with the type and complexity of operation of the Bank and its subsidiaries. It assists in the management of risk that is a direct responsibility of the business and support units.

The Bank adopts a three-pillar internal risk structure to strengthen governance and accountability across its risk management framework. **Pillar 1** covers the core enterprise risk management functions under the Enterprise Risk Management Group (ERMG), encompassing market, liquidity, operational, and other material risks. **Pillar 2** pertains to credit risk management, which is managed through Credit Risk Management Division (CRMD), which is responsible for credit risk oversight. **Pillar 3** covers technology, information security, and cybersecurity risk management led by the Chief Information Security Officer (CISO). This structure clarifies ownership of key risk domains while maintaining alignment with the Bank's overall risk governance and control framework.

### Capital Management

PBCOM's capital management framework is designed to deliver optimal returns to shareholders while ensuring that the Bank's capital base remains strong enough to safeguard the interests of all stakeholders. This framework involves continuous monitoring of both capital requirements and available capital

resources to ensure that:

- Qualifying capital consistently remains above the minimum regulatory requirement of ten percent (10%) of risk-weighted assets.
- The composition and quality of capital align with the risks the Bank faces or intends to undertake to support growth and returns; and
- A prudent balance is maintained between strategic growth objectives and the ongoing institutional strength of the Bank.

PBCOM consistently maintains a capital adequacy ratio well above the 10% regulatory minimum set by Philippine banking regulations.

As part of its strategic planning, the Bank undertakes an Internal Capital Adequacy Assessment Process (ICAAP). This process enables the Bank to:

- Define its risk appetite alongside growth and return objectives;
- Identify business lines, products, and services that support these goals;
- Assess the risks associated with each initiative;
- Develop strategies to mitigate and manage identified risks;
- Determine the quantity and quality of capital needed to remain resilient through adverse scenarios;
- Conduct stress testing to uncover potential vulnerabilities and pressure points; and
- Formulate capital build-up strategies and contingency plans.

The results of the ICAAP are actively integrated into the Bank's risk management and strategic decision-making processes. These include the calibration of risk appetite, capital allocation across business lines, performance monitoring, and the evaluation of new products and initiatives. This ensures that risk-taking activities remain aligned with the Bank's capital capacity and overall risk tolerance under both normal and stressed conditions.

The ICAAP is a collaborative effort between Senior Management and the Board of Directors. PBCOM submits the results and supporting documentation of its ICAAP to the Bangko Sentral ng Pilipinas for supervisory review and evaluation.

Complementing the ICAAP, the Bank maintains a Recovery Plan designed to restore its financial strength and viability during periods of severe stress. The plan outlines a range of credible recovery options, including capital augmentation, balance sheet adjustments, liquidity enhancement measures, and cost rationalization initiatives. Recovery triggers and escalation protocols are defined to ensure timely management action. The Recovery Plan is subject to periodic review and is aligned with regulatory expectations on recovery planning and stress preparedness.

The Bank's regulatory qualifying capital is composed of Common Equity Tier 1 and Additional Tier 1 capital, which include paid-up common stock, retained earnings (including current year's profit), and surplus reserves, net of regulatory deductions such as unsecured DOSRI (Directors, Officers, Stockholders, and Related Interests) exposures and goodwill. Tier 2 (Gone-Concern) Capital comprises appraisal increment reserves (as approved by the Monetary Board) and general loan loss provisions.

For Pillar 1 risks—Credit, Market, and Operational—PBCOM calculates capital charges using the standardized approach, adhering to the 10% requirement of risk-weighted assets as stipulated by the Manual of Regulations for Banks (MORB). The Bank also evaluates these figures against internally assessed capital requirements using internal models to determine if additional capital charges are warranted.

#### Market, Liquidity and Interest Rate Risk Management

Market risk refers to the potential losses arising from unfavorable movements in the market value of financial instruments, whether on- or off-balance sheet. To measure this risk, PBCOM utilizes a Value-at-Risk (VaR) model at a 99% confidence level. The reliability and accuracy of the VaR model are validated through back-testing, employing both hypothetical and actual historical approaches. To capture the potential impact of extreme but plausible market events beyond the scope of VaR, the Bank also conducts stress testing.

Market risk is actively managed through a comprehensive system of risk limits aligned with the Bank's capital adequacy, return expectations, and overall risk appetite. These limits include the VaR limit, Nominal Position limit, Off-Market Tolerance limit, Management Action Triggers, and Stop-Loss thresholds. Additionally, the Bank uses a Market Risk Assessment Matrix to evaluate and monitor its overall market risk profile.

Liquidity risk arises from the possibility that the Bank may be unable to meet its financial obligations when they fall due, in any currency. To manage this risk, the Bank maintains rigorous daily monitoring of key regulatory liquidity ratios, including the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR).

Beyond regulatory compliance, the Bank employs internal limits such as liquidity indicators, funding concentration metrics, and the Maximum Cumulative Outflow (MCO) to monitor and manage liquidity risk exposures. Liquidity stress testing is conducted to assess the potential impact of adverse scenarios on the Bank's MCO profile. The Bank also uses a Liquidity Risk Assessment Matrix to determine its overall liquidity risk posture. As an added safeguard, PBCOM holds a substantial portfolio of High-Quality Liquid Assets (HQLA) that can be quickly converted to cash to meet unexpected funding needs.

Interest rate risk stems from the potential impact of interest rate fluctuations on future cash flows or the fair value of financial assets and liabilities. PBCOM assesses this risk using two key measures: Earnings-at-Risk (EaR) and Economic Value of Equity (EVE), both derived from the Bank's interest rate repricing gap profile. These metrics help quantify the potential effects of interest rate changes on the Bank's net interest income and capital base under both normal and stressed conditions.

To manage this risk, the Bank operates within clearly defined risk limits and applies a prudent asset-liability management strategy. This approach ensures that interest rate exposures remain within tolerable levels, thereby preserving financial stability and supporting sustainable earnings.

#### **Credit Risk Management**

Credit risk is the most significant financial risk in the banking industry and is inherent in all revenue-generating activities. It refers to the possibility that a counterparty to a financial instrument will default on its contractual obligation, resulting in a financial loss to the Bank. This risk materializes when funds are extended, committed, invested, or otherwise exposed through actual or implied agreements. Historically, capital erosion due to loan losses has been a primary cause of institutional failures. At PBCOM, credit risk predominantly stems from lending activities, securities trading, and foreign exchange operations.

Recognizing that accurate identification and assessment are fundamental to effective credit risk management, the Bank has established a comprehensive set of credit policies and underwriting standards, duly approved by the Board of Directors. These guidelines ensure that all credit exposures undergo thorough due diligence and objective evaluation. The Bank conducts regular assessments of both potential and existing borrowers' capacity to meet interest and principal repayments. Lending limits are revised as necessary to reflect evolving creditworthiness.

Credit proposals are reviewed through a multi-tiered approval structure—beginning with designated individual authorities and escalating, where warranted, to the Executive Committee (EXCOM) and the Board of Directors. This structured approval process upholds independence and rigor in credit decision-making.

To further enhance its credit risk management capabilities, the Bank implements an Internal Credit Risk Rating System (ICRRS) aligned with international standards, compliant with Basel II requirements, and tailored to the Bank's size, complexity, and business model. The resulting credit scores, supplemented by expert judgment, are used as a foundation for proactively determining loan loss provisions in accordance with Philippine Financial Reporting Standards (PFRS) 9.

#### Credit Exposure Limits

To effectively manage and control credit risk, the Bank establishes exposure limits that define the maximum level of risk it is willing to assume for individual borrowers, borrower groups, and specific industry or economic sectors. These include thresholds for large exposures, sectoral concentration (such as real estate loan ceilings), and tolerances for past due and non-performing loan ratios across different product types.

These risk limits are subject to regular monitoring and undergo annual reviews—or more frequent assessments when warranted by changes in market conditions or borrower risk profiles. All tolerance limits are reviewed and approved by the Board of Directors to ensure alignment with the Bank's overall risk appetite.

Furthermore, credit exposure to any single borrower is controlled through detailed sub-limits that apply to both on- and off-balance sheet exposures. Actual exposures are closely tracked and measured against approved limits on a regular basis to ensure compliance and enable timely corrective actions when necessary.

#### Other Credit Enhancements

The Bank further mitigates credit risk by securing appropriate collateral, guarantees, or suretyships. The type and amount of security required are based on the assessed credit risk profile of each borrower or counterparty. When signs of credit deterioration or impairment emerge, the Bank may require additional collateral to safeguard its exposure and minimize potential credit losses.

To ensure consistent and effective credit risk mitigation, the Bank has established clear guidelines on the acceptability and valuation of various collateral types. The main forms of collateral typically obtained include:

- Cash or securities for securities lending and reverse repurchase agreements;
- Mortgages on commercial real estate, machinery, inventories, and trade receivables for commercial loans; and
- Mortgages on residential properties and vehicles for retail lending.

In cases of default, it is the Bank's policy to dispose of repossessed assets in an orderly and timely manner. The proceeds from these sales are applied to reduce or fully settle the outstanding obligations. Generally, the Bank does not retain repossessed properties for business use.

To ensure the continued health and quality of the loan portfolio, the Bank implements an independent post-credit review process. This ongoing review allows for the timely identification and evaluation of risks associated with existing credit exposures and enables the Bank to implement corrective measures as needed.

The management of the credit portfolio is governed by both internal policies and regulatory limits, designed to control credit risk exposures and maintain portfolio integrity. The Enterprise Risk Management Group

(ERMG) plays a key role in monitoring large exposures and concentrations in line with Bangko Sentral ng Pilipinas (BSP) requirements.

### **Operational Risk Management**

Operational risk refers to the potential for loss arising from inadequate or failed internal processes, systems, human factors, or external events. It includes legal risk but excludes strategic and reputational risks. As it is embedded in all products, services, and activities across the Bank—including its subsidiaries and affiliates—operational risk spans multiple business lines and functions.

The cornerstone of operational risk control at PBCOM is a robust internal control system, approved by the Board of Directors and executed with full participation from every employee. The Operational Risk Management (ORM) Framework provides comprehensive guidance on managing these risks effectively. This framework is subject to regular review by the Board to ensure that ORM policies, processes, and systems remain relevant and effective across all levels of decision-making.

To monitor and manage operational risks, the Bank employs several key tools:

- Risk Control Self-Assessment (RCSA)
- Key Risk Indicators (KRI)
- Internal Operational Loss Database

These tools enable proactive risk identification and mitigation, with results regularly reported by the ORM Team to the Risk Oversight Committee (ROC). Complementary reports—including the Profile of Complaints, Legal Case Updates, Bank Security Assessments, and Vendor Performance Evaluations—are provided by respective line units to ensure broad-based operational risk coverage. The Bank also has systems for reporting operational crimes, loss events, and policies governing whistle-blowing and administrative case handling.

In support of fair customer treatment and financial consumer protection, the Bank adheres to applicable BSP regulations, including the Financial Consumer Protection Framework. The Bank maintains mechanisms for handling customer complaints, monitoring service quality, and ensuring transparency in product disclosures. These practices are embedded within the Bank's operational risk management processes and contribute to maintaining trust and accountability in its dealings with clients.

To further mitigate risk, the Bank employs both preventive and detective controls embedded in its policies, operating procedures, approval limits, and delegated authorities. Risk is also transferred through adequate insurance coverage, self-insurance reserves, and allowances for probable losses.

Promoting a strong risk culture, the Bank—through its Enterprise Risk Management Group (ERMG), Compliance Management Group (CMG), and other subject-matter experts (e.g., the Chief Information Security Officer and Data Privacy Officer)—conducts regular training programs. These include onboarding orientation for new hires and computer-based training (CBT) for all employees, emphasizing operational risk awareness and regulatory compliance. These groups also lead the development and enhancement of risk and compliance policies and engage business units through interactive sessions to address risk issues and improve processes.

To ensure resilience and continuity of operations, the Bank has established a Business Continuity Management (BCM) Framework that includes robust planning, risk assessments, and crisis response strategies. Key components include:

- Business Continuity Plan (BCP)
- Crisis Management and Emergency Preparedness Plan

- Pandemic Plan
- Cyber Resiliency Plan

These plans outline detailed procedures to guide the Bank's response to disruptions, aiming to protect lives, property, and the environment while ensuring uninterrupted delivery of critical services. The Bank regularly conducts business impact analyses, updates continuity plans, and performs BCP tests and evaluations to assess readiness.

In line with BSP Circular No. 1203, the Bank is enhancing its traditional business continuity approach towards a broader operational resilience framework. This includes the identification of critical operations, establishment of impact tolerances, and mapping of interdependencies across people, processes, systems, and third parties. The Bank conducts scenario-based testing using severe but plausible disruption events to assess its ability to continue delivering critical services within defined tolerances. These initiatives strengthen the Bank's capacity to anticipate, withstand, respond to, and recover from operational disruptions.

Legal risk involves the potential for financial loss due to incomplete, inaccurate, or unenforceable legal documentation, which could compromise the Bank's rights under contracts and obligations. It also encompasses conduct that could undermine the Bank's institutional value and is closely associated with fiduciary and reputational risks.

To address these risks, PBCOM's Legal Services Group (LSG) leads the implementation of a structured Legal Risk Management process. This includes:

- Maintaining and regularly updating the Legal Risk Management Manual, which applies bank-wide;
- Periodic reviews of ongoing legal cases and assessment of potential outcomes;
- Regular reporting to the Risk Oversight Committee (ROC); and
- Ensuring compliance with legal obligations to avoid litigation, sanctions, and reputational harm.

### **Trust Risk Management**

The Trust and Wealth Management Group (TWMG) of PBCOM is exposed to fiduciary risks arising from the management of funds and assets placed under its care and custody. Fiduciary risk refers to the potential for financial loss, legal liability, or reputational damage resulting from the failure to meet obligations to trustors or principals. These risks may adversely affect the Bank's financial standing and public trust.

TWMG's fiduciary activities are subject to multiple risk dimensions, including market, credit, liquidity, operational, legal, compliance, strategic, and reputation risks. These exposures exist across both discretionary and non-discretionary trust arrangements, and across the Group's core functions: account management, portfolio and trading, trust credit evaluation, and operations.

Risk oversight is jointly performed by the Trust Committee (TCOM) and the Risk Oversight Committee (ROC):

- The Trust Committee oversees the operations of TWMG, ensuring that fiduciary services—including wealth and trust management—are delivered with integrity and within a robust internal control framework. It ensures compliance with fiduciary obligations and the proper implementation of risk management policies.
- The Risk Oversight Committee (ROC) holds overarching responsibility for the development and execution of the Bank's risk strategy, framework, policies, and exposure limits, including those applicable to the trust and wealth management business.

The ERMG leads the effective implementation of fiduciary risk controls through the deployment of several key tools and methodologies:

- **Regular Reporting:** Monthly reports to the ROC and quarterly updates to the Trust Committee provide transparency into risk exposures and performance.
- **Stress Testing:** Periodic stress testing of the TWMG portfolio assesses resilience against adverse market conditions.
- **Risk Control Self-Assessments (RCSA):** These assessments help identify and address control gaps within TWMG's processes.
- **Fiduciary Risk Policies:** The Bank maintains a comprehensive set of trust risk management policies that guide fiduciary operations and reinforce the Group's accountability to clients and stakeholders.

Pillar 3 of the risk management framework, the IT and Infosec Risk Division headed by the Chief Information Security Officer (CISO), manages the technology, information security and cybersecurity risk management of the Bank.

#### **Technology, Information and Cyber Security Management**

The Bank recognizes that technology, cybersecurity, and information security risks are critical to its operations, financial stability, and customer trust. As digital banking channels expand and cyber threats evolve in complexity, the Bank adopts a proactive, risk-based approach to managing these risks, aligned with regulatory expectations and global best practices. Information Technology (IT) Risk is the risk of loss, disruption, or failure arising from inadequate or failed internal IT processes, systems, infrastructure, people, or external events that support business operations. It includes risks related to the availability, reliability, performance, and resilience of information technology. Information Security (Infosec) Risk is the risk that information assets are compromised due to failures in maintaining their confidentiality, integrity, or availability (CIA), whether intentional or accidental. This risk focuses on protecting data and information, regardless of whether the threat is cyber-related or internal. Cybersecurity (Cyber) Risk is the risk of financial loss, operational disruption, regulatory sanctions, or reputational damage resulting from cyber threats, attacks, or incidents that exploit digital systems, networks, or technologies. Cyber risk is a subset of both IT Risk and Information Security Risk, but specifically relates to malicious, technology-enabled threats.

The Bank maintains a robust governance framework for technology, information security and cybersecurity risk management, anchored at the Board of Directors and supported by senior management committees. This framework covers risk identification, assessment, mitigation, monitoring, and reporting. Risk assessments are conducted regularly, including vulnerability assessments, penetration testing, threat simulation exercises, and control assessments, to ensure that emerging threats and vulnerabilities are promptly addressed. Key risk domains include:

- IT operational risks (e.g., system failures, outages) – Technology risk management is integrated throughout the project lifecycle—from initiation to implementation—ensuring risk identification, control validation, and timely corrective action planning. It ensure stable, resilient, and recoverable services that support the banking operations 24x7/365. The IT Risk Management Team contributes actively to the development of risk management policies, supports the launch of new technology initiatives, and fosters a risk-aware culture through focused seminars and training sessions.

- Security and privacy risks – The Bank is committed to safeguarding customer information and complies with applicable data privacy regulations. Data protection controls include encryption, access management, data classification, and secure data handling practices. Regular reviews are conducted to ensure that data is protected against unauthorized access, disclosure, or loss.
- Cybersecurity threats (e.g., malware, ransomware, phishing) – A layered defense strategy is employed by the Bank to protect its IT infrastructure and digital platforms. Preventive, detective, and corrective controls are implemented across networks, systems, and applications. A 24x7x365 Security Operations Center (SOC), provides continuous monitoring of security events and incidents. Threat intelligence is leveraged to enhance detection capabilities and proactively identify emerging risks. Incident response procedures are established to ensure timely containment, investigation, and recovery from cybersecurity incidents.
- Cyber-fraud risks – In compliance with the Anti-Financial Account Scamming Act and relevant BSP regulations, the Bank has strengthened its Enterprise Fraud Risk Management Framework to address evolving scam typologies and protect customers from unauthorized transactions. The Bank is committed to further enhance its fraud monitoring capabilities to ensure protection of financial accounts.
- Third-party and outsourcing risks – Recognizing the risks associated with outsourcing and third-party service providers, the Bank implements a structured third-party risk management program. Due diligence, risk assessments, and ongoing performance monitoring are conducted to ensure that service providers meet the Bank’s security and compliance requirements.
- Human resources risks – Employees are regularly educated on technology, cybersecurity, information security and fraud risks to strengthen the overall control environment.

As the Bank anticipates that technology, cybersecurity and information security risks will continue to evolve in scale, sophistication, and impact driven by increasing digital adoption, emerging technologies, and rapidly changing threat landscape, it remains committed to maintaining a resilient and adaptive control environment.

## **Item 2. Properties**

PBCOM’s Head Office is located at PBCOM Tower, 6795 Ayala Avenue, corner V.A. Rufino Street, Makati City. The Bank owns 50% of PBCOM Tower, which was constructed under a Joint Development Agreement with Filinvest Asia Corporation. The Bank has 92 branches and 4 branch-lites as of December 31, 2025. Most of these are located in the metropolitan areas of Luzon, Visayas, and Mindanao.

PBCOM’s branches are owned and/or leased. The list of branches is attached herewith marked as Annex “A”. All properties owned by the bank are unencumbered. To date, the Bank has not identified properties to acquire in the next 12 months.

## **Item 3. Legal Proceedings**

PBCOM has pending cases, covering credit-related suits and claims and also non-credit-related cases, that remain unsettled. Where management determines that an obligation is probable and can be reasonably estimated, the Bank recognizes the related cost in the financial statements; otherwise, these are disclosed as contingent liabilities. However, in the opinion of management, the suits and claims, if decided adversely, will not involve sums that would have a material effect on the financial statements.

The Bank is a defendant in legal actions arising from its normal business activities. Management believes that these actions are without merit or that the ultimate liability, if any, resulting from them will not materially affect the Bank’s financial position.

The Bank is a defendant in a regulatory case relating to the sale of its interest in PBCOM Rural Bank, Inc. to Producers Savings Bank, filed by the Mergers and Acquisitions Office before the Philippine Competition Commission. On 27 December 2024, PBCOM, through its legal counsels, received the decision dated 20 December 2023 from the Philippine Competition Commission (PCC) for alleged violation of the compulsory notification requirement for mergers related to the sale of PBCOM Rural Bank, Inc. The Bank filed a Motion for Reconsideration on 11 January 2025. On 19 September 2025, PBCOM received a Resolution dated 04 March 2025, which denied the Motion for Reconsideration. PBCOM filed an appeal to the Court of Appeals on 20 October 2025. In a *Resolution dated 18 December 2025*, the Court of Appeals dismissed PBCOM's appeal on technicality. On 22 December 2025, PBCOM filed a Motion for Reconsideration from the *Resolution dated 18 December 2025*. The MR is still pending.

At present, it is not practicable to estimate the potential financial impact of the remaining exposure. However, management has recognized accruals in the financial statements for obligations that are probable and can be reasonably estimated. Management believes that the outcome will not materially affect the Bank's financial position.

#### **Item 4. Submission of Matters to a Vote of Security Holders**

Nothing was submitted during the fourth quarter of the fiscal year covered by this report to a vote of security holders.

## PART II - OPERATIONAL AND FINANCIAL INFORMATION

### Item 5. Market for Issuer's Common Equity and Related Stockholder Matters

#### Market Information

Common shares of the Bank are traded in the Philippine Stock Exchange.

**Dividends History:**

On June 25, 2025, during its regular board meeting, the Board of Directors of PBCOM approved the declaration of a special cash dividend of ₱1.00 per share to all shareholders of record as of July 9, 2025, payable on July 31, 2025.

This declaration marks the Bank's first cash dividend since a stock dividend issued in September 1997, reflecting the significant improvement in the Bank's financial position over the past 27 years.

The Bank strictly complies with the BSP regulatory requirements under Section 124 of the Manual of Regulations for Banks, which states that before any declaration of dividends, banks shall have complied with the following:

- a. Clearing account with the Bangko Sentral is not overdrawn;
- b. Liquidity floor requirement for government funds;
- c. Minimum capitalization requirement and risk-based capital ratio;
- d. The combined requirement for capital conservation buffer and countercyclical capital buffer;
- e. Higher loss absorbency requirement for UB/KBs and their subsidiary banks and QBs that are identified as Domestic Systemically Important Banks; and
- f. Has not committed any unsafe or unsound banking as defined under existing regulations.

**Recent Sale of Unregistered Securities**

There were no sales of unregistered securities within the calendar year covered by this report.

The Bank has no registered debt securities. There are no existing or planned stock options. There are no registered securities subject to redemption or call. There are no existing or planned stock warrant offerings.

**Item 6. Management's Discussion and Analysis or Plan of Operation****(1) Management's Discussion & Analysis****Financial Condition & Results of Operations: 2025 (Consolidated)**

The Group registered a net income of ₱2.5 Billion for 2025, a 15.28% growth over previous year's net income of ₱2.2 Billion. Net interest income increased by ₱619.7 Million or 11.25%, largely from the expansion of volume in loans and investments. This growth was further supplemented by higher gain from assets sold by ₱523.9 Million, mainly driven by sales of ROPA. The improvement in operating income, however, was reduced by ₱181.3 Million lower rental income and ₱111.1 Million lower net trading gains during the period. Higher operating expense by ₱347.3 Million further offset the increase.

Interest income expanded by 11.34% or ₱1.1 Billion due to higher asset growth in both loans and securities portfolio. To fund this growth, the Group successfully grew its deposits by 17.97% and bills payable by 37.95%, which resulted to higher interest expense by ₱478.2 Million. Likewise, total operating expenses went up by 7.95% mainly attributable to higher volume-driven costs – GRT, DST, PDIC insurance, higher manpower costs, and higher IT costs, and higher depreciation & amortization, offset by lower provision for credit losses. Income taxes also increased by ₱147.6 Million mainly from higher net taxable income, higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized on loan allowance.

Total Assets of the Group increased by ₱28.4 Billion or 18.08%, from ₱156.9 Billion as of end of the year 2024 to ₱185.3 Billion at the end of the year 2025. This is primarily due to increases in inventories of debt securities carried at FVOCI & HTC by ₱21.4 Billion and ₱2.2 Billion, respectively, increase in Interbank Loans Receivable by ₱2.7 Billion, increase in investment in overnight deposit facility (ODF) with the BSP by ₱1.9 Billion, increase in Due from other Banks by ₱1.1 Billion and growth in outstanding loans and other receivables by ₱308.2 Million. This is partially offset by decline in statutory reserve requirements with the BSP by ₱1.3 Billion.

The Group's gross NPL ratio is at 3.69%, as of end of 2025, compared to 2.66% ratio as of end of 2024.

PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱26.2 Billion, 19.01% higher than last year's end level of ₱137.7 Billion. This resulted mostly from ₱19.9 Billion increase in both time deposits and low-cost deposits and ₱6.2 Billion higher bills payable. Total Capital is now at ₱21.4 Billion from ₱19.2 Billion as of end of December 2024. The earnings of the Bank mainly contributed to the 11.43% increase in capital during the period, offset by the impact of the declaration of dividend in June 2025 amounting to ₱480.6 Million.

The Bank's Risk Based Capital Adequacy Ratio of 16.51% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

#### **Financial Condition & Results of Operations: 2024 (Consolidated)**

The Group registered a net income of ₱2.2 Billion for 2024. This is ₱312.7 Million or 16.5% improvement from 2023's net income of ₱1.9 Billion. This is mainly attributable to ₱1.3 Billion (22.3%) higher operating income mainly from ₱807.0 Million improvement in net interest income and ₱323.6 Million better trading performance. This is partially offset by higher operating expenses by ₱946.1 Million.

Interest income expanded by 22.1% or ₱1.8 Billion due to asset growth and higher yields in both loan and securities portfolios. Higher deposit volume and bonds payable issuance this year funded this growth. The increase in volume and higher cost of funds due to current high interest rates environment caused the interest expense to increase by ₱946.2 Million. Higher trading income is mostly composed of realized gains from the trading activities of the Bank. Total operating expenses went up by ₱946.1 Million mainly because of higher provision for impairment losses, higher volume-driven costs - GRT, DST and PDIC insurance, higher manpower costs, higher depreciation and amortization, and higher occupancy and other equipment-related costs. Income taxes also increased by ₱72.3 Million mainly from higher net taxable income, higher final taxes on interest income on peso government securities and onshore income, partially offset by higher DTA recognized.

Total Assets of the Group increased by ₱9.4 Billion (6.4%) from ₱147.5 Billion as of December 2023 to ₱156.9 Billion at the end of December 2024. This is primarily due to growth in loans and other receivables volume by ₱9.6 Billion, increases in inventories of debt securities carried at FVOCI and HTC by ₱2.8 Billion and ₱1.1 Billion, respectively, and increase in foreclosed properties by ₱1.2 Billion, partially offset by decline in statutory reserve requirements & investment in overnight deposit facility (ODF) with the BSP by ₱4.9 Billion.

The Group's gross NPL ratio for the year ended at 2.66%, 0.26 % points higher than the 2.40% ratio at the end of 2023. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱7.8 Billion, 6.0% higher than last year's end level of ₱129.8 Billion. This resulted mostly from ₱7.6 Billion increase from corporate bond issuance in 2024, ₱6.7 Billion higher bills payable, and ₱625.8 Million higher low-cost deposits, partially offset by ₱3.8 Billion lower time deposits and ₱2.9 Billion decline from the maturity of LTNCD. Total Capital is now at ₱19.2 Billion from ₱17.7 Billion last December 2023. This 8.9% increase in Capital was mainly contributed by the earnings of the Bank during the year. The Bank's Risk Based Capital Adequacy Ratio of 15.72% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

#### **Financial Condition & Results of Operations: 2023 (Consolidated)**

The Group registered a net income of ₱1.90 Billion for 2023. This is ₱265.88 Million or 16.3% improvement from 2022's net income of ₱1.63 Billion. This is mainly attributable to ₱400.86 Million (7.2%) higher operating income largely from ₱495.1 Million better trading performance.

Interest income expanded by 41.6% or ₱2.3 Billion due to higher asset yields and growth in both loan and securities portfolios. Interest expense, however, also increased on the account of higher cost of funds due to current high interest rates environment and caused ₱2.4 Billion decline in net interest income. Total operating expenses slightly went up by ₱18.4 Million (0.54%) primarily because of volume-driven costs such as GRT, DST and PDIC insurance, and higher manpower costs, offset by lower provision for impairment losses, management and professional fees, and depreciation and amortization. Income taxes also increased by ₱117.9 Million, mainly from higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized.

Total Assets of the Group increased by ₱22.6 Billion (18.1%) from ₱124.9 Billion as of December 2022 to ₱147.5 Billion at the end of December 2023. This is primarily due to growth in loan volume by ₱14.9 Billion (19.3%), increases in inventories of debt securities carried at HTC and FVOCI by ₱6.1 Billion and ₱3.4 Billion, respectively, offset by decline in interbank receivables and SPURA by ₱2.1 Billion.

The Group's gross NPL ratio for the year ended at 2.40%, 0.83 % points lower than the 3.23% ratio at the end of 2022. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱20.5 Billion, 18.8% higher than last year's end level of ₱109.3 Billion. This resulted mostly from ₱17.3 Billion increase in deposit liabilities, mainly from higher time deposits partially offset by lower demand deposits, and ₱2.1 Billion increase in bills payable. Total Capital is now at ₱17.7 Billion from ₱15.6 Billion last December 2022. This 13.4% increase in Capital was mainly contributed by the earnings of the Bank during the year. The Bank's Risk Based Capital Adequacy Ratio of 16.55% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

## (2) Discussion of various key indicators:

| Ratio                                                                                                                                   | December 2025<br>(Consolidated) | December 2024<br>(Consolidated) | Remarks                                                                                                                                                                                     |
|-----------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)                                                                                   | 31.35%                          | 30.30%                          | Increase by 1.05% pts mainly due better cost efficiency in relation to increased income performance driven mostly by lower provisions.                                                      |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                       | 1.49%                           | 1.45%                           | Increased by 4 bps as the Bank sustained the returns on loan and securities portfolio, strengthened by better cost efficiency.                                                              |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                      | 12.53%                          | 11.98%                          | Return on average equity increased by 55 bps from better performance primarily from higher net interest income from growth in ave. loan and securities portfolio and better cost efficiency |
| Capital Adequacy Ratio<br>Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 16.51%                          | 15.72%                          | The capital ratio decreased by 80 bps mainly due to higher total risk-weighted assets, offset by higher total qualifying capital.                                                           |
| Basic Earnings per share<br>Net income divided by average no. of common shares)                                                         | 5.30                            | 4.60                            | Increase in basic earnings per share by ₱0.70 from higher net income during the current period.                                                                                             |

| Ratio                                                                                                                                   | December 2024<br>(Consolidated) | December 2023<br>(Consolidated) | Remarks                                                                                                                                                                                                                                                 |
|-----------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)                                                                                   | 30.30%                          | 31.82%                          | Decrease by 1.52% pts mainly due higher provision for impairment losses, compensation & benefits and higher volume-driven costs. This is offset by higher net interest income, higher net trading gain, and higher gain from ROPA foreclosure and sold. |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                       | 1.45%                           | 1.39%                           | Increased by 6 bps as the impact of growth in net returns exceeded the increase in volume of average assets.                                                                                                                                            |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                      | 11.98%                          | 11.42%                          | Return on average equity increased by 56 bps from higher interest income from higher average volume and higher yields, higher net trading gain, and higher gain from ROPA foreclosure and sold.                                                         |
| Capital Adequacy Ratio<br>Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 15.72%                          | 16.55%                          | The capital ratio decreased by 83 bps mainly due to higher total risk-weighted assets, offset by higher total qualifying capital.                                                                                                                       |
| Basic Earnings per share<br>Net income divided by average no. of common shares)                                                         | 4.60                            | 3.95                            | Increase in basic earnings per share by ₱0.65 from higher net income from the current period.                                                                                                                                                           |

| Ratio                                                             | December 2023<br>(Consolidated) | December 2022<br>(Consolidated) | Remarks                                                                                                                                                                                                              |
|-------------------------------------------------------------------|---------------------------------|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Profit Margin<br>(Net income divided by Gross income)             | 31.82%                          | 29.33%                          | Increased by 2.49 % pts due to impact of net trading gains (net trading loss in 2022) and lower provision for impairment losses, reduced by impact of higher interest expenses this year due to higher cost of funds |
| Return on Average Asset<br>(Net income divided by Average assets) | 1.39%                           | 1.39%                           | Ratio maintained at a consistent level as the impact of higher volume-driven expenses and employee compensation & benefits was offset by lower provision for impairment                                              |

|                                                                                                                                         |        |        |                                                                                                                                            |
|-----------------------------------------------------------------------------------------------------------------------------------------|--------|--------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Return on Average Equity<br>(Net income divided by Average equity)                                                                      | 11.42% | 10.97% | Return on average equity increased by 45 bps from higher net income driven by net trading gains and lower provision for impairment losses. |
| Capital Adequacy Ratio<br>Qualifying capital divided by total of risk-weighted assets that include credit, market and operational risk) | 16.55% | 17.07% | The capital ratio decreased by 52 bps due to higher total credit risk-weighted assets offset by higher total qualifying capital            |
| Basic Earnings per share<br>Net income divided by average no. of common shares)                                                         | 3.95   | 3.39   | Increase in basic earnings per share by ₱0.55 from higher net income for the current period                                                |

## B. Financial Soundness

| Ratio                                                                                                                                                                                                                           | December 2025<br>(Consolidated) | December 2024<br>(Consolidated) | Remarks                                                                                                                                                    |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities. Total deposit refers to the total of peso and foreign currency deposits.</i> | 35.37%                          | 18.27%                          | Ratio increased by 17.10 % pts mainly higher level in liquid assets (mainly higher financial assets at FVOCI, Interbank Loans, Due from BSP & other Banks) |
| Debt Ratio (Total Liability to Total Asset)<br><i>Debt refers to the total liabilities while assets is the total assets</i>                                                                                                     | 88.43%                          | 87.74%                          | Increased slightly by 69 bps mainly from the growth in Total Deposits and slight impact of the dividends declared during the year                          |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                             | 8.64                            | 8.16                            | Ratio is higher by 48 bps mainly as a result of growth in total assets, mainly funded by the growth in deposits                                            |
| Interest Rate Coverage Ratio (Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 173%                            | 170%                            | Bank's interest rate coverage increased due to higher returns during the year, improving coverage of interest expense                                      |
| Net Interest Margin<br>Net interest income over Average Earning assets                                                                                                                                                          | 3.91%                           | 4.05%                           | Ratio is slightly lower due to higher cost of funds                                                                                                        |

| Ratio                                                                                                                                                                                                                           | December 2024<br>(Consolidated) | December 2023<br>(Consolidated) | Remarks                                                                                                                                                                                                                                                                                                              |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities. Total deposit refers to the total of peso and foreign currency deposits.</i> | 18.27%                          | 19.69%                          | Ratio decreased by 1.41 % pts mainly due to lower level in liquid assets (lower Due from BSP, cash and other cash items and lower interbank loans & SPURA), offset by decrease in time deposits and maturity of LTNCD.                                                                                               |
| Debt Ratio (Total Liability to Total Asset)<br><i>Debt refers to the total liabilities while assets is the total assets</i>                                                                                                     | 87.74%                          | 88.03%                          | Decreased by 29 bps as the increase in total assets (higher financial assets, ave. receivables from customers, increase in ROPA mainly due to dacion in 2024, and higher Due from other Banks) exceeded the increase in total liabilities (issuance of Corporate bond and higher bills payable & low-cost deposits). |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                             | 8.16                            | 8.35                            | Ratio is lower by 0.20 mainly as result of increase in equity in relation to growth in assets.                                                                                                                                                                                                                       |
| Interest Rate Coverage Ratio (Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 170%                            | 179%                            | Bank's interest rate coverage decreased due to impact of increase in interest expense from rising cost of funds.                                                                                                                                                                                                     |
| Net Interest Margin<br>Net interest income over Average Earning assets                                                                                                                                                          | 4.05%                           | 3.96%                           | Ratio is slightly higher as increase in average asset yields outweighed the average COF rates.                                                                                                                                                                                                                       |

| Ratio                                                                                                                                                                                                                           | December 2023<br>(Consolidated) | December 2022<br>(Consolidated) | Remarks                                                                                                                                                                                                                |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Liquidity Ratio (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities. Total deposit refers to the total of peso and foreign currency deposits.</i> | 19.69%                          | 21.41%                          | Ratio decreased by 1.72 % pts as the increase in total deposits, mainly time deposits, has outweighed the increase in liquid assets (from higher financial assets, particularly FVOCI offset by lower Interbank loans) |
| Debt Ratio (Total Liability to Total Asset)<br><i>Debt refers to the total liabilities while assets is the total assets</i>                                                                                                     | 88.03%                          | 87.54%                          | Increased by 49 bps due to increase in total liabilities, mainly in deposit liabilities and bills payable, to fund the increase in loans and receivables and investment securities at amortized cost and FVOCI.        |
| Asset to Equity Ratio (Total Asset to Total Equity)                                                                                                                                                                             | 8.35                            | 8.02                            | Ratio is higher by 0.33 mainly as result of higher growth in assets in relation to the increase in equity                                                                                                              |
| Interest Rate Coverage Ratio (Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 179%                            | 374%                            | Bank's interest rate coverage decreased by 194.8 % pts. due to impact of increase in interest expense from rising cost of funds                                                                                        |
| Net Interest Margin<br>Net interest income over Average Earning assets                                                                                                                                                          | 3.96%                           | 4.80%                           | Ratio is slightly lower as increase in average COF rates outweighed the increase in average asset yields                                                                                                               |

#### Statement of Condition: December 2025 vs. December 2024 (consolidated)

| (in thousands)                                                    | Increase/(Decrease) | Percentage Change | Explanation                                                                                                                              |
|-------------------------------------------------------------------|---------------------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Cash and Other Cash Items                                         | 187,426             | 17.85%            | Higher cash on hand and cash in ATMs                                                                                                     |
| Due from Bangko Sentral ng Pilipinas                              | 562,205             | 7.70%             | Higher due to ODF, offset by the decline in statutory reserve requirement, reduced by the BSP to 5% in Mar25                             |
| Due from Other Banks                                              | 1,150,893           | 267.59%           | Higher placements in other banks, mainly in FCDU                                                                                         |
| Interbank Loans Receivable                                        | 2,681,260           | 663.35%           | Higher interbank call loans                                                                                                              |
| Financial Assets at Fair Value through Profit or Loss             | -                   | -                 |                                                                                                                                          |
| Financial Assets at Fair Value through Other Comprehensive Income | 21,335,902          | 189.60%           | Purchase of investments in FVOCI net of mark-to-market movements                                                                         |
| Investment Securities at Amortized Cost                           | 2,198,843           | 7.60%             | Purchase of securities at amortized cost                                                                                                 |
| Loans and Receivables                                             | 308,230             | 0.30%             | Increase in outstanding receivables mainly in import & export bills                                                                      |
| Property and Equipment                                            | 40,802              | 4.96%             | Increase mainly due to computer equipment-related purchases and leasehold improvements, offset by depreciation recognized for the period |
| <b>Investment Properties</b>                                      |                     |                   |                                                                                                                                          |
| Condominium Units for Lease                                       | -46,325             | -2.98%            | Decline due to depreciation recognized for the period                                                                                    |
| Foreclosed properties                                             | -92,537             | -4.34%            | Decrease from ROPA sales and depreciation recognized for the period, offset by increases from ROPA foreclosures                          |
| Office units for lease                                            | -312                | -19.06%           | Decline due to depreciation recognized for the period                                                                                    |
| Intangible Assets                                                 | 28,531              | 5.54%             | Increase due to software-related purchases made throughout the year, offset by amortization recognized for the period                    |

|                                                                                                      |            |         |                                                                                                                                                                                     |
|------------------------------------------------------------------------------------------------------|------------|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Deferred Tax Assets                                                                                  | 78,695     | 16.18%  | DTA movement for the period, mainly from increase in deferred tax assets on allowance                                                                                               |
| Other Assets                                                                                         | -69,889    | -10.03% | Decrease mainly due to lower cash margin and prepaid taxes, offset by higher supplies and DST on hand                                                                               |
| <b>Deposit Liabilities</b>                                                                           |            |         |                                                                                                                                                                                     |
| Demand                                                                                               | 7,102,380  | 17.06%  | Higher volume of demand deposits                                                                                                                                                    |
| Savings                                                                                              | -206,159   | -1.51%  | Lower volume of savings deposits                                                                                                                                                    |
| Time                                                                                                 | 12,972,536 | 23.48%  | Higher volume of time deposits                                                                                                                                                      |
| Bills Payable                                                                                        | 6,218,539  | 37.95%  | Increase in interbank bills payable, offset by lower REPO                                                                                                                           |
| Bonds Payable                                                                                        | 51,858     | 0.68%   | Amortization of direct transaction costs related to corporate bond issuance                                                                                                         |
| Outstanding Acceptances                                                                              | 22,977     | 28.13%  | Increase due to higher bills exchange accepted by the Bank                                                                                                                          |
| Manager's Checks                                                                                     | -96,200    | -44.00% | Lower un-negotiated MC's as of the period                                                                                                                                           |
| Accrued Interest, Taxes and Other Expenses                                                           | -28,394    | -1.97%  | Decrease mainly due to lower other operating expense accrual and lower deposits and bills payable interest accrual, offset by higher accrual for GRT                                |
| Income Tax Payable                                                                                   | 65,630     | 48.01%  | Higher income tax payable as of the reporting date.                                                                                                                                 |
| Other Liabilities                                                                                    | 61,781     | 5.19%   | Increase mainly due to higher finance lease payable and accounts payable, offset by lower advance rentals and rental deposits                                                       |
| Surplus reserves                                                                                     | 140,984    | 30.77%  | Increase mainly due to additional RE appropriation to cover deficiency on 1% minimum GLLP requirement                                                                               |
| Retained Earnings                                                                                    | 1,938,070  | 36.41%  | Increase is from net income for the period partially offset by declaration of dividend amounting to PHP480M and RE appropriation to cover deficiency on 1% minimum GLLP requirement |
| Unrealized gain/(loss) on equity securities carried at fair value through other comprehensive income | 102,351    | 15.52%  | Net mark-to-market gain movement mainly from FCDU debt investments in FVOCI                                                                                                         |
| Cumulative translation adjustment                                                                    | -730       | -0.71%  | Lower downward CTA adjustment mainly due to exchange rate differential                                                                                                              |

| Manager's Checks                                                  | 410,523             | 185.31%           | Higher un-negotiated MC's as of report date                                                                                                                                                                             |

|                                                                                                      |           |          |                                                                                                                                       |
|------------------------------------------------------------------------------------------------------|-----------|----------|---------------------------------------------------------------------------------------------------------------------------------------|
| Accrued Interest, Taxes and Other Expenses                                                           | 684,739   | 79.22%   | Increase mainly due to Deposits & Bills payable interest accrual, other operating expense and GRT accruals                            |
| Income Tax Payable                                                                                   | (18,229)  | -15.34%  | Lower income tax payable for the period                                                                                               |
| Other Liabilities                                                                                    | 28,510    | 2.80%    | Higher due to increase in payables to Bancnet bills payment & IBFT, offset by decrease in advance rentals, and finance lease payables |
| Surplus reserves                                                                                     | 241,445   | 113.44%  | Increase mainly due to additional RE appropriation to cover deficiency on 1% minimum GLLP requirement                                 |
| Retained Earnings                                                                                    | 1,656,126 | 113.46%  | Increase is from net income for the period partially offset by RE appropriation to cover deficiency on 1% minimum GLLP requirement    |
| Unrealized gain/(loss) on equity securities carried at fair value through other comprehensive income | 276,431   | 87.87%   | Lower net MTM losses from FCDU debt investments in FVOCI                                                                              |
| Cumulative translation adjustment                                                                    | 1,419     | 1.34%    | Higher downward CTA mainly due to exchange rate differential                                                                          |
| Remeasurement gains (losses) on retirement liability                                                 | (82,878)  | -232.06% | Higher actuarial loss recognized on retirement fund                                                                                   |

#### Statement of Income and Expenses: Jan-Dec 2025 vs Jan-Dec 2024 (consolidated)

| (in thousands)                                                              | Increase (Decrease) | Percentage | Remarks                                                                                                                                                            |
|-----------------------------------------------------------------------------|---------------------|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                                                      |                     |            |                                                                                                                                                                    |
| Loans and receivables                                                       | 349,522             | 4.69%      | Higher interest income is primarily derived from growth in average volume primarily from corporate loans, offset by lower yields                                   |
| Investment securities                                                       | 656,409             | 30.85%     | Higher interest income due to higher average volume and yields from HTC & FVOCI                                                                                    |
| Interbank loans receivable and securities purchased under resale agreements | 66,059              | 94.53%     | Higher interest income due to higher average volume mainly from interbank loans & SPURA, offset by lower yields                                                    |
| Deposits with other banks                                                   | 25,932              | 83.52%     | Higher interest income due to higher volume mainly from ODF with BSP                                                                                               |
| <b>INTEREST AND FINANCE CHARGES</b>                                         |                     |            |                                                                                                                                                                    |
| Deposit liabilities                                                         | 135,010             | 4.10%      | Higher interest expense due to higher average volume mainly from TDs, offset by lower cost of funds                                                                |
| Bills payable, borrowings and others                                        | 343,164             | 39.17%     | Higher interest expense mainly due to higher ave. volume of corporate bond issued in Nov 2024, offset by lower average REPO volume and lower cost of funds         |
| <b>OTHER INCOME</b>                                                         |                     |            |                                                                                                                                                                    |
| Rent income                                                                 | -181,344            | -48.30%    | Lower due to the impact of PBCOM Tower lease terminations, offset by lease commencements from new tenants                                                          |
| Trading and securities gain (loss) – net                                    | -111,111            | -24.56%    | Lower realized trading gain, offset by lower unrealized mark-to-market loss                                                                                        |
| Service charges, fees and commissions                                       | -6,543              | -1.36%     | Lower primarily due to lower commitment fees, offset by higher loan processing, penalty & TFR fees and higher bank commissions on import bills & letter of credits |
| Profit (loss) from assets sold                                              | 523,901             | 483.67%    | Higher gain on ROPA sold                                                                                                                                           |

|                                                          |          |         |                                                                                                                                                                                                                                    |
|----------------------------------------------------------|----------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Foreign exchange gain - net                              | 35,758   | 36.10%  | Higher realized and unrealized foreign exchange gains                                                                                                                                                                              |
| Income from trust operations                             | 2,133    | 5.16%   | Increase is mainly due to higher ADB of assets under management                                                                                                                                                                    |
| Gain (loss) on assets exchange – net                     | -44,289  | 59.04%  | Lower net gain on ROPA foreclosure                                                                                                                                                                                                 |
| Miscellaneous                                            | -5,431   | -3.57%  | Lower misc income primarily due to lower recovery on written-off accounts, impact of gain on derecognition of investment in PISAI in 2024, and lower dividend income, offset by higher penalty fees from pre-termination of leases |
| <b>OPERATING EXPENSE</b>                                 |          |         |                                                                                                                                                                                                                                    |
| Provision for credit and impairment losses - net         | -111,757 | -25.36% | Lower loan provision requirements during the period                                                                                                                                                                                |
| Compensation and fringe benefits                         | 127,501  | 9.13%   | Higher manpower costs for the period due to higher average headcount and salary adjustments                                                                                                                                        |
| Taxes and licenses                                       | 174,968  | 19.77%  | Increase mainly due to higher DST costs on deposits and higher GRT costs                                                                                                                                                           |
| Depreciation and amortization                            | 29,036   | 7.36%   | Increase mainly due to higher ROPA depreciation, offset by fully amortized software cost and lower depreciation on bank premises                                                                                                   |
| Insurance                                                | 17,931   | 7.70%   | Higher PDIC insurance from higher volume of deposits                                                                                                                                                                               |
| Occupancy and other equipment-related costs              | 10,598   | 5.64%   | Increase mainly from higher repairs & maintenance and rent expense, partially offset by decline in electricity costs                                                                                                               |
| Management and professional fees                         | -13,900  | -16.28% | Decrease is primarily due to lower professional fees                                                                                                                                                                               |
| Security, clerical, messengerial and janitorial services | -2,288   | -1.69%  | Lower mainly due to lower janitorial costs, offset by higher security costs                                                                                                                                                        |
| Entertainment, amusement and recreation                  | -1,496   | -1.49%  | Lower expenses incurred in 2025                                                                                                                                                                                                    |
| Communications                                           | 1,393    | 2.62%   | Increase in cost of commercial leased lines                                                                                                                                                                                        |
| Miscellaneous                                            | 115,342  | 25.14%  | Increase mainly due to higher IT costs, legal fees, brokerage & PDEX fees from higher volume of transactions and higher cost on contractual services                                                                               |
| Share In Net Income Of An Associate                      | -239     | -38.61% | Lower net income share from PBCOM Finance                                                                                                                                                                                          |
| Provision For Income Tax                                 | 147,582  | 20.62%  | Increase mainly due to higher net taxable income and higher final taxes on interest income on peso government securities and onshore income                                                                                        |

#### Statement of Income and Expenses: Jan-Dec 2024 vs Jan-Dec 2023 (consolidated)

| (in thousands)                                                              | Increase (Decrease) | Percentage | Remarks                                                                                                            |
|-----------------------------------------------------------------------------|---------------------|------------|--------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                                                      |                     |            |                                                                                                                    |
| Loans and receivables                                                       | 1,332,563           | 21.78%     | Higher interest income due to higher average volume and higher yields mainly from corporate loans                  |
| Investment securities                                                       | 478,297             | 29.00%     | Higher interest income due to higher yields mainly from HTC, and higher average volume mainly from FVOCI and FVTPL |
| Interbank loans receivable and securities purchased under resale agreements | -59,956             | -46.18%    | Lower interest income due to lower average volume mainly from SPURA, offset by higher yields                       |

|                                                          |         |          |                                                                                                                                                                                                       |
|----------------------------------------------------------|---------|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Deposits with other banks                                | 2,199   | 7.62%    | Higher interest income due to higher yields mainly from ODF with BSP                                                                                                                                  |
| <b>INTEREST AND FINANCE CHARGES</b>                      |         |          |                                                                                                                                                                                                       |
| Deposit liabilities                                      | 777,292 | 30.90%   | Higher interest expense due to higher average volume mainly from TDs and higher cost of funds                                                                                                         |
| Bills payable, borrowings and others                     | 168,858 | 23.87%   | Higher interest expense due to higher average volume mainly from corporate bond issuance and higher cost of funds mainly from Repos                                                                   |
| <b>OTHER INCOME</b>                                      |         |          |                                                                                                                                                                                                       |
| Rent income                                              | -20,351 | -5.14%   | Lower due to the impact of lease terminations, offset by lease commencements from new tenants                                                                                                         |
| Trading and securities gain (loss) – net                 | 323,645 | 251.32%  | Higher realized trading gains and unrealized mark-to-market gains                                                                                                                                     |
| Service charges, fees and commissions                    | 55,059  | 12.88%   | Higher primarily due to higher commitment fees, TFR fees, and Instapay fees                                                                                                                           |
| Profit (loss) from assets sold                           | 80,582  | 362.00%  | Higher gain on ROPA sold                                                                                                                                                                              |
| Foreign exchange gain - net                              | -1,911  | -1.89%   | Lower realized foreign exchange gains, offset by higher unrealized foreign exchange gains                                                                                                             |
| Income from trust operations                             | 3,965   | 10.62%   | Increase is mainly due to higher ADB of assets under management                                                                                                                                       |
| Gain (loss) on assets exchange – net                     | 63,185  | 534.38%  | Higher net gain on ROPA foreclosure                                                                                                                                                                   |
| Miscellaneous                                            | 21,027  | 15.40%   | Increase mainly due to higher recovery on written-off accounts, gain from sale of bank-owned property, higher GRT portion shouldered by the clients, and gain on derecognition of investment in PISAI |
| <b>OPERATING EXPENSE</b>                                 |         |          |                                                                                                                                                                                                       |
| Provision for credit and impairment losses - net         | 465,051 | 1905.24% | Higher loan provision requirements during the period                                                                                                                                                  |
| Compensation and fringe benefits                         | 188,208 | 15.58%   | Higher manpower costs for the period due to higher ave. headcount and salary adjustments                                                                                                              |
| Taxes and licenses                                       | 136,713 | 18.27%   | Increase mainly due to higher GRT costs and higher DST costs from deposits                                                                                                                            |
| Depreciation and amortization                            | 51,814  | 15.13%   | Increase mainly due to higher ROPA and ROU asset depreciation, offset by fully amortized software cost, and fully-depreciated office equipment & computer                                             |
| Insurance                                                | 30,405  | 15.03%   | Higher PDIC insurance from higher volume of deposits                                                                                                                                                  |
| Occupancy and other equipment-related costs              | 28,343  | 17.77%   | Increase mainly from increase in electricity & water costs, and higher repairs and maintenance, offset by lower rent expense                                                                          |
| Management and professional fees                         | -17,208 | -16.78%  | Decrease is primarily due to lower professional fees                                                                                                                                                  |
| Security, clerical, messengerial and janitorial services | 5,018   | 3.86%    | Higher janitorial and messengerial costs primarily due to increase in minimum wage                                                                                                                    |
| Entertainment, amusement and recreation                  | 18,747  | 22.88%   | Higher expenses incurred in 2024                                                                                                                                                                      |
| Communications                                           | 3,718   | 7.51%    | Increase in commercial leased lines                                                                                                                                                                   |
| Miscellaneous                                            | 35,326  | 8.34%    | Increase mainly due to higher legal fees, brokerage & PDEX fees from higher volume of transactions, contractual services, and IT costs                                                                |
| Share In Net Income Of An Associate                      | -1,009  | -61.98%  | Lower net income share from PBCOM Finance and impact of gain from last year's sale of ROPA                                                                                                            |

|                          |        |        |                                                                                                                                                                                             |
|--------------------------|--------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Provision For Income Tax | 72,308 | 11.24% | Increase mainly due to higher net taxable income, higher final taxes on interest income on peso government securities and onshore income, offset by higher DTA recognized on loan allowance |
|--------------------------|--------|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

#### Statement of Income and Expenses: Jan-Dec 2023 vs Jan-Dec 2022 (consolidated)

| (in thousands)                                                              | Increase (Decrease) | Percentage | Remarks                                                                                                                                                                                                                                                  |
|-----------------------------------------------------------------------------|---------------------|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>INTEREST INCOME</b>                                                      |                     |            |                                                                                                                                                                                                                                                          |
| Loans and receivables                                                       | 1,521,905           | 33.12%     | Higher interest income is primarily derived from increased yields and the growth in average volume, driven by new loan availments, mainly from corporate loans                                                                                           |
| Investment securities                                                       | 742,543             | 81.87%     | Higher interest income is attributed to increased yields, primarily from HTC and FVOCI, as well as from a higher average volume, primarily in HTC                                                                                                        |
| Interbank loans receivable and securities purchased under resale agreements | 62,697              | 93.38%     | Higher interest income from higher yields                                                                                                                                                                                                                |
| Deposits with other banks                                                   | (785)               | -2.65%     | Lower interest income is primarily attributed to a decrease in average volume, mainly in ODF with BSP, offset by higher yields                                                                                                                           |
| <b>INTEREST AND FINANCE CHARGES</b>                                         |                     |            |                                                                                                                                                                                                                                                          |
| Deposit liabilities                                                         | 1,916,276           | 319.73%    | The increase is primarily due to a higher cost of funds and an increase in the volume of high-cost deposits                                                                                                                                              |
| Bills payable, borrowings and others                                        | 518,340             | 274.28%    | The increase is mainly attributed to higher cost of funds and average volume, driven by new repos during the year                                                                                                                                        |
| <b>OTHER INCOME</b>                                                         |                     |            |                                                                                                                                                                                                                                                          |
| Rent income                                                                 | (24,239)            | -5.77%     | Lower due to the impact of lease terminations, offset by lease commencements from new tenants                                                                                                                                                            |
| Trading and securities gain (loss) – net                                    | 495,103             | 135.15%    | Higher net trading gain, mostly realized, compared to the net trading loss in the same period last year                                                                                                                                                  |
| Service charges, fees and commissions                                       | 37,368              | 9.58%      | Higher primarily due to higher trade finance receivables charges, insurance fees income, and loan booking fees (mainly from corporate loans and home loans). This increase is partially offset by lower corporate loan penalty fees and processing fees. |
| Profit (loss) from assets sold                                              | (38,783)            | -63.53%    | Lower ROPA gain on sale in 2023                                                                                                                                                                                                                          |
| Foreign exchange gain - net                                                 | 3,322               | 3.40%      | Higher realized foreign exchange gains were partially offset by unrealized foreign exchange losses                                                                                                                                                       |
| Income from trust operations                                                | 5,593               | 17.61%     | Increase is mainly due to impact of higher ADB of assets under management                                                                                                                                                                                |
| Gain (loss) on assets exchange – net                                        | 15,300              | 440.16%    | Net gain on asset exchange compared to net loss in prior year                                                                                                                                                                                            |
| Miscellaneous                                                               | 15,453              | 12.76%     | Higher mainly from other income from loans and higher recovery on written-off accounts, partially offset by the impact of income from the forfeiture of security deposits of lessees resulting from the pre-                                             |

|                                                          |           |          |                                                                                                                                                                                           |
|----------------------------------------------------------|-----------|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                          |           |          | termination of lease contracts in the prior year                                                                                                                                          |
| <b>OPERATING EXPENSE</b>                                 |           |          |                                                                                                                                                                                           |
| Provision for credit and impairment losses - net         | (312,095) | -108.48% | Lower loan provision requirements during the period                                                                                                                                       |
| Compensation and fringe benefits                         | 92,596    | 8.30%    | Increase is mainly due to salary adjustments and higher contributions                                                                                                                     |
| Insurance                                                | 18,527    | 10.08%   | Higher PDIC insurance from higher volume of deposits                                                                                                                                      |
| Occupancy and other equipment-related costs              | 23,368    | 17.17%   | Higher mainly from repairs & maintenance and electricity costs, partially offset by lower rent expense                                                                                    |
| Management and professional fees                         | (63,743)  | -38.33%  | Decrease is primarily due to lower professional fees                                                                                                                                      |
| Security, clerical, messengerial and janitorial services | 24,800    | 23.55%   | Higher security and janitorial costs primarily due to increase in minimum wage                                                                                                            |
| Entertainment, amusement and recreation                  | 3,710     | 4.74%    | Higher expenses incurred in 2023                                                                                                                                                          |
| Communications                                           | (7,634)   | -13.36%  | Decrease in commercial leased lines                                                                                                                                                       |
| Miscellaneous                                            | 34,208    | 8.79%    | Increase is primarily due to higher employee and travel expense reimbursements, IT relate expenses, and brokerage fees                                                                    |
| Share In Net Income Of An Associate                      | 1,315     | 420.13%  | Net income from PBCOM Finance                                                                                                                                                             |
| Provision For Income Tax                                 | 117,859   | 22.43%   | Increase mainly due to higher final taxes on interest income on peso government securities and onshore income and lower DTA recognized, partly offset by lower taxable income as of Dec23 |

Interest income on non-discounted loans is recognized based on the accrual method of accounting, while unearned discounts are amortized to income over the terms of the loans. As such, there are no seasonal aspects that materially impact the Bank's interest revenues.

**(3) Other material events and/or uncertainties:**

- The Bank does not anticipate any cash flow or liquidity problems in the next 12 months after year-end 2025.
- The Bank does not foresee any events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.
- There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reporting period.
- There are no material commitments for capital expenditures.
- The Bank remain cautious in expanding its loan portfolio given the on-going effect of the pandemic on the economy while the Executive Committee (EXCOM) stays vigilant with its loan approvals.
- There are no significant elements of the Bank's income in 2025 that did not arise from continuing operations.
- There are no seasonal aspects that have a material effect on the financial condition or results of operations.

## Item 7. Financial Statements

Attached hereto are the audited financial statements for the year ended December 31, 2025.

The accounting firm of Sycip, Gorres, Velayo and Co. ("SGV"), with address at SGV Building, 6760 Ayala Avenue, Makati City, has been the Bank's independent public accountants for the past years. The same accounting firm will likely be recommended for re-election at the scheduled annual meeting this year. Mr. Ray Francis C. Balagtas was assigned partner starting in 2019 in compliance with SRC 68(3)(b)(ix), and served as engagement partner up to the audit of the Bank's 2024 financial statements. For the audit of the Bank's 2025 financial statements, the engagement partner was rotated to Mr. Miguel U. Ballelos in compliance with the partner rotation requirements under SRC Rule 68.

SGV is expected to be represented in the coming Annual Stockholders' Meeting with an opportunity to make statements, if they so desire, and will be available to respond to appropriate questions.

There is no disagreement with the Bank's accountants on matters of accounting and financial disclosure. The aggregate external audit fees billed for each of the last three (3) fiscal years for the audit of the registrant's annual financial statements or services that are normally provided by the external auditors are as follows:

| Fiscal Year | Audit Fees | All other fees |
|-------------|------------|----------------|
| 2025        | ₱5,451     | ₱6,341         |
| 2024        | ₱4,730     | ₱3,183         |
| 2023        | ₱4,503     | -              |

The above audit fees are inclusive of the following: (a) Other assurance related services by the External Auditor that are reasonably related to the performance of the audit or review of the Bank's financial statements and (b) All Other Fees. Fees paid to professional partnerships like SGV are not subject to withholding tax.

The Audit Committee is directly responsible for approving the appointment of the independent public accountants. Annually, the Committee recommends that the Board request shareholder ratification of the appointment of the independent public accountants. The Committee is also responsible for approving the fee of the independent public accountants and periodically reviews the fees charged for all permitted audit-related expenses and other services. It is also their responsibility to evaluate and, when appropriate, to remove the independent public accountants.

As of December 31, 2025, the Audit Committee is composed of Teresita J. Herbosa as Chairperson with Gilda E. Pico and Jose Marin Chan Jr. as members. All members of the Committee are Independent Directors. Jose Marin Chan Jr. was appointed as a member of the Committee on August 27, 2025 following the resignation of Paolo Benigno A. Aquino IV, who tendered his resignation as Independent Director dated June 23, 2025, effective immediately.

## Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There were no changes or disagreements with accountants on matters of accounting and financial disclosure.

## PART III - CONTROL AND COMPENSATION INFORMATION

### Item 9. Directors and Executive Officers of the Issuer

#### (1) Directors and Executive Officers

| NAME                         | OFFICE                                                                 | AGE | CITIZENSHIP | YEAR OF ASSUMPTION OF OFFICE |
|------------------------------|------------------------------------------------------------------------|-----|-------------|------------------------------|

## **(2) Significant Employees**

There is none to disclose. The Bank does not employ any individual who makes a significant contribution to the business unless they are an executive.

## **(3) Family Relationships**

Mr. Lucio L. Co and Ms. Susan P. Co are husband and wife. Ms. Katrina Marie Co-Go, Assistant to the Excom Chairman, is the daughter of Mr. and Mrs. Lucio Co. Other than the foregoing, the persons nominated or chosen by the Bank to become directors or executive officers are not related to each other up to the fourth civil degree either by consanguinity or affinity.

## **(4) Involvement in Legal Proceedings**

To the best of the knowledge of management, the Bank is not aware of:

- any bankruptcy petition filed by or against any business of which they are incumbent directors or senior officers was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- any conviction by final judgment in a criminal proceeding, domestic or foreign, pending against any of the incumbent directors or executive officers;
- any order, judgment, or decree, not subsequently reversed, suspended, or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending, or otherwise limiting the involvement of the incumbent directors or executive officers in any type of business, securities, commodities or banking activities; and
- any finding by a domestic or foreign court of competent jurisdiction (in civil action), the SEC or comparable foreign body, or a domestic or foreign exchange or electronic marketplace or said regulatory organization that any of the incumbent directors or executive officers has violated a securities or commodities law, and the judgment has not been reversed, suspended or vacated, which may have a material effect in the operations and deter, bar or impede the fulfillment of his/her duties as a director or executive officer of the Bank.

## **Item 10. Executive Compensation**

### **Compensation of Directors and Executive Officers**

Since the Bank obtained an exemption from the SEC to disclose the required detailed compensation information, disclosure of aggregate compensation paid or accrued during the last three fiscal years 2023

to 2025 of the Bank's Chief Executive Officer and four other most highly compensated executive officers are as follows:

|                                                                | 2025                                                                                                                                                                                                                                                 | 2024                                                                                                                                                                                                                                                        | 2023                                                                                                                                                                                                                                                        |

| <b>Total of CEO and Four most highly compensated Executive Officers</b> | ₱72,054  | 24,017  | none                      | ₱96,071    |
| <b>All officers as a group unnamed</b>                                  | ₱914,120 | 300,891 | none                      | ₱1,215,010 |

The director's per diem paid amounted to ₱12.58 Million, ₱12.85 Million, and ₱12.26 Million, as of December 31, 2025, 2024, and 2023, respectively.

The five (5) Independent and four (4) other regular Directors are entitled to a Director's fee for attending Board meetings. The remaining six (6) Directors have waived their right to receive Director's fees. As stipulated in the By-laws, Directors are also entitled to share in the net profits to be distributed in such manner as the Board may provide but not exceeding four (4) percent.

There are no other terms and conditions with regard to the employment contract between PBCOM and named Executive Officers or any other more compensatory plans or arrangements except those disclosed above.

There are no Outstanding Warrants or Options held by the Directors and Officers as of December 31, 2025.

The Bank has no record of adjusting or amending the exercise price of stock warrants previously awarded to any of the officers and directors.

### C. Voting Trust Holders of 5% or more

There are no voting trust agreements or any other agreements/arrangements that may result in a change in control of the Company.

## Item 12. Certain Relationships and Related Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Bank's transactions with related parties include key management personnel, affiliates (i.e. entities which are controlled), significantly influenced by or for which significant voting power is held by the Bank or key management personnel or their close family members and retirement plan for the benefit of the Bank's employee). These transactions are made in the ordinary course of business and on substantially same terms as that of other parties.

The Bank's related party transactions below are also presented and discussed in detail in the Audited Financial Statements.

| Related Party                   | Transaction with the Bank                                                                                                                                                                                                                                                                                                                                  |
|---------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Post-retirement Plan</b>     | The Bank's Retirement Board approves the investment made in the retirement plan. Trust fee income from such service and total deposits maintained with the Bank in 2025 amounted to ₱2.80 Million and ₱12.53 Million, respectively, while interest expenses paid by the Bank to the deposits was ₱0.82 Million.                                            |
| <b>Provident Fund</b>           | Outstanding deposit and interest paid by the Bank as of year-end were ₱6.38 Million and ₱0.67 Million, respectively, while trust fees earned from such service amounted to ₱2.28 Million.                                                                                                                                                                  |
| <b>Key Management Personnel</b> | Senior Management Team constitutes key management personnel for purposes of PAS 24. Short-term benefits and post-employment benefits given to SMT in 2025 amounted to ₱165.19 Million and ₱9.73 Million, respectively. The year-end balance of deposits and interest expenses paid by the Bank amounted to ₱61.89 Million and ₱2.04 Million, respectively. |
| <b>Affiliate</b>                | The year-end balance of deposits and interest expenses incurred by the Bank amounted to ₱9.71 Million and ₱0.17 Million, respectively. Rental income earned for the year is ₱0.23 Million.                                                                                                                                                                 |
| <b>Significant Investors</b>    | The year-end balance of deposits and interest expenses incurred by the Bank amounted to ₱9.22 Billion and ₱252.09 Million, respectively. Rent and interest expense were ₱25.49 Million and ₱3.30 Million, respectively. Outstanding balance on loans and receivables is ₱805.45 Million.                                                                   |

As required by BSP, the Bank discloses loans transactions with certain directors, officers, shareholders and their related interests ("DOSRI") in the ordinary course of business, under commercial terms and on an arm's length basis observing at all times the legal limits prescribed under current BSP regulations on DOSRI loans. The amount of individual loans to DOSRI, of which 70% must be secured, should not exceed the amount of their respective deposits and book value of their respective investments in the Bank. In the aggregate, loans to DOSRI generally should not exceed the lower of the Bank's total unimpaired capital or 15% of the total loan portfolio. These limits do not apply to loans secured by assets considered as non-risk as defined in the regulations. As of December 31, 2025, the Bank is in compliance with such regulations.

## PART IV - CORPORATE GOVERNANCE

### Item 13. Corporate Governance

PBCOM Board of Directors and Management, employees and shareholders, believe that Corporate Governance is a necessary component of what constitutes sound strategic business management. Thus, the Bank has undertaken every effort necessary to create awareness for this within the organization. All Directors and Senior Management are required to attend its annual continuing education program on Corporate Governance and Risk Awareness. The Board, Senior Management and all employees conduct themselves with utmost honesty and integrity in the discharge of their duties, functions and responsibilities, thus nurturing the continuing success of the Bank and securing its competitiveness in the best interest of the Bank, its shareholders and other stakeholders. Bank Officers promote the good governance practices within the Bank by ensuring that policies on governance are consistently adopted across the organization, with measurable standards, initiatives and specific responsibilities and accountabilities for each personnel.

Consistent with the global practices of good Corporate Governance, the Bank's overriding commitment to a culture of good governance is seen through the following underlying principles:

1. It is the Bank's objective to enhance shareholders' value by making the most efficient use of resources. Its human capital strategy is one of its vital focus areas, as it is a principal indicator for the company's success.
2. The Board of Directors constitutes Board Committee namely Governance, Audit, Risk Oversight and Related Party Transactions Committees which are all chaired by Independent Directors and composed of majority of Independent Directors, all of whom have a good understanding of the business.
3. The Governance Committee is responsible for ensuring the Board's effectiveness and due observance of Corporate Governance principles and guidelines. They assist the Board of Directors in fulfilling its corporate governance responsibilities.
4. The Governance Committee, through its Nominations Sub-Committee, ensures the quality of its leadership, consistent with its "fit and proper" rule when selecting its Directors and Senior Management Team, while the Performance Evaluation Sub-Committee, recommends and oversees the implementation of a Performance Management Process for Senior Management and the Members of the Board, review performance vis-a-vis agreed upon objectives, evaluate progress made with respect to Senior Management Directors Development plans, monitor changes in professional affiliations, personal status even health, which could have qualifications, resignation and succession implications.
5. Transparency in its Annual Reports is ensured and reflects true and fair accounting information prepared in accordance with applicable standards; disclose and discuss all material risks; and disclose and explain the rationale for all material estimates. Disclosures are all completed in a timely manner.
6. To ensure that all act in the best interest of the Bank, full disclosure by its Directors, Officers and Employees on any actual or expected conflict of interest is required
7. The Bank's Corporate Governance Manual, Code of Ethics and Code of Conduct clearly states Management's philosophy and compliance standards.

Annually, the Bank through the Governance Committee reviews the Corporate Governance Manual and recommends changes/amendments/revisions for the approval of the Board of Directors when and where necessary.

In addition, to promote a strong governance culture and transparency, the Bank's compliance with the Code of Corporate Governance are disclosed in the Integrated Annual Corporate Governance Report.

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY  
FOR FINANCIAL STATEMENTS**

The Management of Philippine Bank of Communications (the Group) is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2025, 2024 and 2023, in accordance with prescribed financial reporting framework indicated therein, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

Sycip, Gorres, Velayo and Co., the independent auditor appointed by the stockholders, has audited the financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

**ERIC O. RECTO**

Corner V. A. Rufino Street, Makati City

### Report on the Consolidated and Parent Company Financial Statements

#### Opinion

We have audited the consolidated financial statements of Philippine Bank of Communications and its Subsidiary (the Group) and the parent company financial statements of Philippine Bank of Communications (the Parent Company), which comprise the consolidated and parent company statements of financial position as at December 31, 2025 and 2024, and the consolidated and parent company statements of income, consolidated and parent company statements of comprehensive income, consolidated and parent company statements of changes in equity and consolidated and parent company statements of cash flows for each of the three years in the period ended December 31, 2025, and notes to the consolidated and parent company financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated and parent company financial statements present fairly, in all material respects, the financial position of the Group and the Parent Company as at December 31, 2025 and 2024, and their financial performance and their cash flows for each of the three years in the period ended December 31, 2025, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

#### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report. We are independent of the Group and the Parent Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (the Code of Ethics), as applicable to the audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to the audits of financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated and parent company financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and parent company financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated and parent company financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated and parent company financial statements.

### ***Applicable to the Audit of the Consolidated and Parent Company Financial Statements***

#### ***Recognition of expected credit losses (ECL) on loans and receivables***

The Group's and the Parent Company's application of the expected credit loss (ECL) model in calculating the allowance for credit losses on loans and receivables is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include: segmenting the Group's and the Parent Company's credit risk exposures; determining the method to estimate ECL; defining default; identifying exposures with significant deterioration in credit quality; determining assumptions to be used in the ECL model such as the counterparty credit risk rating, the expected life of the financial asset, expected recoveries from defaulted accounts, and impact of any financial support and credit enhancements extended by any party; and incorporating forward-looking information in calculating ECL.

Allowance for credit losses for loans and receivables as of December 31, 2025 for the Group and the Parent Company amounted to ₱3.62 billion. Provision for credit losses of the Group and the Parent Company in 2025 amounted to ₱328.89 million.

Refer to Notes 3 and 16 of the consolidated and parent company financial statements for the details of the allowance for credit losses using the ECL model.

#### ***Audit response***

We obtained an understanding of the board approved methodologies and models used for the Group's and the Parent Company's different credit exposures and assessed whether these considered the requirements of PFRS 9, *Financial Instruments* to reflect an unbiased and probability-weighted outcome, and to consider time value of money and the best available forward-looking information.

We (a) assessed the Group's and the Parent Company's segmentation of its credit risk exposures based on homogeneity of credit risk characteristics; (b) tested the definition of default and significant increase in credit risk criteria against historical analysis of accounts, credit risk management policies and practices in place; (c) tested the Group's and the Parent Company's application of internal credit risk rating system by reviewing the ratings of sample credit exposures; (d) assessed whether expected life is different from the contractual life by testing the maturity dates reflected in the Group's and the Parent Company's records and considering management's assumptions regarding future collections, advances, extensions, renewals and modifications; (e) tested loss given default by inspecting historical recoveries and related costs, write-offs and collateral valuations, and the effects of any financial support and credit enhancements provided by any party; (f) tested exposure at default considering outstanding commitments and repayment scheme; (g) evaluated the forward-looking information used for overlay through corroboration of publicly available information and our understanding of the Group's and the Parent Company's lending portfolios and broader industry knowledge; and (h) tested the effective interest rate used in discounting the expected loss.

Further, we compared the data used in the ECL models by reconciling data from source system reports to the data warehouse and from the data warehouse to the loss allowance analysis/models and financial reporting systems.

To the extent that the loss allowance analysis is based on credit exposures that have been disaggregated into subsets of debt financial assets with similar risk characteristics, we traced or re-performed the disaggregation from source systems to the loss allowance analysis. We also assessed the assumptions used where there are missing or insufficient data.

We involved our internal specialist in the performance of the above procedures. We recalculated impairment provisions on a sample basis. We reviewed the completeness of the disclosures made in the consolidated and parent company financial statements.

## **Other Information**

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025, but does not include the consolidated and parent company financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and parent company financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated and parent company financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated and parent company financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated and Parent Company Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated and parent company financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated and parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and parent company financial statements, management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Parent Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated and Parent Company Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated and parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and parent company financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Parent Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and parent company financial statements, including the disclosures, and whether the consolidated and parent company financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and parent company financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Reports on the Supplementary Information Required Under Section 174 of the Manual of Regulations for Banks (MORB) and Revenue Regulations No. 15-2010**

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Section 174 of MORB in Note 37 and Revenue Regulations No. 15-2010 in Note 38 to the financial statements is presented for purposes of filing with the Bangko Sentral ng Pilipinas and Bureau of Internal Revenue, respectively, and is not a required part of the basic financial statements. Such information is the responsibility of the management of Philippine Bank of Communications. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The engagement partner on the audit resulting in this independent auditor's report is Miguel U. Ballelos, Jr.

|                                                              | (Amounts in Thousands)  |               |               |                |               |               |
| Interest paid                                                | ₱4,622,299              | ₱4,298,085    | ₱2,654,298    | ₱4,622,299     | ₱4,298,085    | ₱2,654,298    |
| Interest received                                            | 10,544,153              | 9,681,846     | 7,673,706     | 10,544,153     | 9,681,846     | 7,673,706     |

See accompanying Notes to Financial Statements.

# PHILIPPINE BANK OF COMMUNICATIONS AND SUBSIDIARY

## NOTES TO FINANCIAL STATEMENTS

### 1. Corporate Information

Philippine Bank of Communications (the Parent Company) is a publicly listed domestic universal bank organized in the Philippines, primarily to engage in commercial banking services such as deposit products, loans and trade finance, domestic and foreign fund transfers, treasury, foreign exchange and trust services.

The Parent Company's principal place of business is at the PBCOM Tower, 6795 Ayala Avenue corner V. A. Rufino Street, Makati City. It has a network of 92 regular branches and 4 branch-lite units as at December 31, 2025 and 90 regular branches and 4 branch-lite units as at December 31, 2024, respectively, to serve its customers.

The Parent Company's original Certificate of Incorporation was issued by the Securities and Exchange Commission (SEC) on August 23, 1939.

The Parent Company acquired a license to operate as an expanded commercial bank from the Bangko Sentral ng Pilipinas (BSP) on December 24, 1993. On March 31, 2000, the BSP's Monetary Board approved the amendment of the Parent Company's license to a regular commercial banking.

The Monetary Board, in its Resolution No. 96 dated 20 January 2022, approved the grant of a universal banking license to Parent Company, subject to compliance with certain regulatory requirements including the amendment of the Bank's charter documents. On March 15, 2022, the Bank held a special stockholders' meeting to approve the changes to the Bank's Articles of Incorporation to reflect the upgrade of its banking license.

On December 1, 2022, the BSP issued the Bank with its Certificate of Authority to operate as a universal bank, after all regulatory conditions were complied with. The Bank capitalized the cost of its universal bank license amounting to ₱25.00 million as intangible asset (Note 14).

The Parent Company's subsidiary and associate (collectively referred to as the Group) are engaged in the following businesses:

|                                               | Effective Percentage of Ownership |        | Principal Place of Business and Country of Incorporation | Line of Business  |
|-----------------------------------------------|-----------------------------------|--------|----------------------------------------------------------|-------------------|
| Entity                                        | 2025                              | 2024   |                                                          |                   |
| <b>Subsidiary</b>                             |                                   |        |                                                          |                   |
| PBCom Insurance Services Agency, Inc. (PISAI) | –                                 | –      | Philippines                                              | Insurance Agent   |
| <b>Associate</b>                              |                                   |        |                                                          |                   |
| PBCom Finance Corporation (PBCom Finance)     | 40.00%                            | 40.00% | Philippines                                              | Financing Company |

#### Retirement of Business Operations of PISAI

On January 11, 2021, the BOD of the Parent Company approved the dissolution and retirement of business of PISAI which had been inactive since the termination of its general agency agreement with Pru Life UK in September 2017. Subsequently, on March 4, 2021, PISAI's Board of Directors resolved to shorten the company's corporate term to June 30, 2021.

Considering several requirements for the termination of business that had to be complied with, the effectivity of the PISAI's corporate term was extended until April 2024. PISAI submitted its application for amending its Articles of Incorporation on November 15, 2023. The SEC approved this amendment on April 3, 2024, extending the corporate term until April 30, 2024.

On May 3, 2024, PISAI completed the settlement of its liabilities and liquidated its remaining assets for distribution to its stockholders. Following this, the Parent Company received the release of PISAI's remaining assets and derecognized its investment in PISAI.

#### Bond Offering Transaction

On March 20, 2024, PBCOM's Board of Directors approved a ₱15.00 billion peso-denominated bond program to be issued in multiple tranches. The Bonds will have a minimum tenor of 1.5 years and with interest rates to be determined based on prevailing market rates. Proceeds from the bond issuance will be utilized for general corporate purposes, including refinancing of debt obligations, diversifying funding sources, and supporting loan growth. In the same meeting, the Board of directors likewise approved the 1st tranche issuance from the Bond program a target amount of at least ₱2.00 billion with an oversubscription option.

The Series A bonds which have a tenor of one-and-a-half years and a fixed interest rate of 6.0796% per annum represent the first tranche under PBCOM's ₱15.00 Billion Peso Bond Program. The Bank successfully concluded its maiden peso bond offering ahead of schedule, closing more than a week early on October 17 due to robust demand. Initially set to run from October 14 to October 28, the offering attracted strong interest from both retail clients and a diverse mix of institutional investors resulting in an oversubscription of 3.85 times the initial amount.

PBCOM raised ₱7.7 billion from its maiden issuance of Peso Fixed Rate Bonds listed on the Philippine Dealing & Exchange Corp. (PDEX) on November 5, 2024. PBCOM holds a "PRS Aa minus (corp)" issuer credit rating with a "stable" outlook from the Philippine Rating Services Corporation.

#### Cash Dividend

On June 25, 2025, the Bank declared a special cash dividend of ₱1.00 per share, the first since 1997, following continued financial improvement and profitability. The dividend is payable on July 31, 2025, to stockholders of record as of July 9, 2025.

---

## **2. Material Accounting Policy Information**

#### Basis of Presentation

The consolidated and parent company financial statements have been prepared on a historical cost basis, except for financial assets at fair value through profit or loss (FVTPL), financial assets at fair value through other comprehensive income (FVOCI) and derivatives that are measured at fair value. The financial statements are presented in Philippine peso (PHP or ₱) and all values are rounded to the nearest thousand, unless otherwise stated.

The financial statements of the Parent Company include the accounts maintained in the Regular Banking Unit (RBU) and Foreign Currency Deposit Unit (FCDU). The functional currency of the RBU and the FCDU is the PHP and United States dollar (USD), respectively. For financial reporting purposes, FCDU accounts and foreign currency-denominated accounts in the RBU are translated into their equivalents in PHP, which is the Parent Company's presentation currency (see accounting policy on Foreign Currency Translation). The financial statements individually prepared for these units are combined after eliminating inter-unit accounts and transactions.

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. The functional currency of the Parent Company's subsidiary is the PHP.

#### Statement of Compliance

The financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

#### Presentation of Financial Statements

The Group and the Parent Company present its statement of financial position in order of liquidity. An analysis regarding recovery or settlement within 12 months after the statement of financial position date (current) and more than 12 months after the statement of financial position date (non-current) is presented in Note 22.

#### Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiary. The consolidated financial statements of the Group are prepared for the same reporting year as the Parent Company using consistent accounting policies. The subsidiary is consolidated from the date on which control is transferred to the Parent Company. The Parent Company controls an investee if, and only if, the Parent Company has:

- Power over the investee (that is, existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Parent Company has less than a majority of the voting or similar rights of an investee, the Parent Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual agreements; and
- The Parent Company's voting rights and potential voting rights.

The Parent Company re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Parent Company obtains control over the subsidiary and ceases when the Parent Company loses control of the subsidiary. Assets, liabilities, income, expenses and other comprehensive income (OCI) of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Parent Company gains control until the date the Parent Company ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiary to align their accounting policies with the Parent Company's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between entities in the Group are eliminated in full on consolidation.

#### New Standards, Interpretations and Amendments

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective in 2025. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Adoption of these new standards did not have an impact on the financial statements of the Group.

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*  
The amendments clarify:
  - That only covenants with which an entity must comply on or before reporting date will affect a liability's classification as current or non-current.
  - That classification is unaffected by the likelihood that an entity will exercise its deferral right.
  - That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.
- Amendments to PFRS 16, *Lease Liability in a Sale and Leaseback*  
The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.
- Amendments to PAS 7 and PFRS 7, *Disclosures: Supplier Finance Arrangements*  
The amendments specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

#### Foreign Currency Translation

##### *RBU*

As of the statement of financial position date, foreign currency-denominated monetary assets and monetary liabilities of the RBU are translated into PHP based on the Bankers Association of the Philippines (BAP) closing rate prevailing at the statement of financial position date and foreign currency-denominated income and expenses, based on the spot rate at date of transactions. Foreign exchange differences arising from the restatement of foreign currency-denominated monetary assets and liabilities in the RBU are credited to or charged against the statement of income in the year in which the rates change. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as of the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

##### *FCDU*

As of the statement of financial position date, the FCDU's assets and liabilities are translated into PHP, the Parent Company's presentation currency, at the BAP closing rate prevailing at the statement of financial position date, and income and expenses are translated at BAP weighted average rate. Exchange differences arising on translation are taken directly to the statement of comprehensive income as 'Cumulative translation adjustment'. Upon actual remittance of FCDU profits to RBU, the deferred cumulative amount recognized in the statement of comprehensive income is recognized in the statement of income.

### Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each statement of financial position date.

External and internal valuers are involved for the valuation of investment properties. Selection criteria include market knowledge, reputation, independence, relevant accreditation, and whether professional standards are maintained.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset and liability, and fair value hierarchy as explained above.

### Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash and other cash items, amounts due from BSP and other banks, and interbank loans receivable and securities purchased under resale agreements (SPURA) with original maturities of three months or less from dates of placements and that are subject to insignificant risks of changes in value. Due from BSP includes the statutory reserves required by the BSP which the Group considers as cash equivalents since withdrawals can be made to meet the Group's cash requirements as allowed by the BSP. The

components of cash and cash equivalents are shown in the statement of cash flows. Cash and cash equivalents are carried at amortized cost in the statement of financial position.

#### SPURA

The Group enters into short-term purchases of securities under resale agreements of identical securities with the BSP. Resale agreements are contracts under which a party purchases securities and resells such securities to the same selling party at a specified future date at a fixed price. The amounts advanced under resale agreements are carried as SPURA in the statement of financial position. SPURA are carried at cost. Interest earned on resale agreements is reported as 'Interest income' in the statement of income.

#### Financial Instruments – Date of Recognition

The Group recognizes financial instruments when, and only when, it becomes a party to the contractual terms of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date. Settlement date accounting refers to:

- a. The recognition of an asset on the day it is received by the Group; and
- b. The derecognition of an asset and recognition of any gain or loss on disposal on the day that such asset is delivered by the Group.

Any change in fair value of unrecognized financial asset is recognized in the statement of income or in equity, depending on the classification of the financial asset. Loans and receivables are recognized when cash is advanced to the borrowers while financial liabilities are recognized when cash is received by the Group.

#### Classification, Measurement and Reclassification of Financial Assets

##### *Classification and measurement of financial assets*

For purposes of classifying financial assets, an instrument is an 'equity instrument' if it is a non-derivative and meets the definition of 'equity' for the issuer (under PAS 32, *Financial Instruments: Presentation*). All other non-derivative financial instruments are 'debt instruments'.

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, FVTOCI, and FVTPL. The classification depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them.

In order for a financial asset to be classified and measured at amortized cost or FVTOCI, it needs to give rise to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

##### Business model test

The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Group's key management personnel

- The risks that affect the performance of the business model and the financial assets held within that business model and, in particular, the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Group's assessment

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

#### SPPI test

As a second step of its classification process, the Group assesses the contractual terms of financial instruments to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortization of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Group applies judgment and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are SPPI on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

#### a. Financial Assets at Amortized Cost

Financial assets are measured at amortized cost if both of the following conditions are met:

- The asset is held within a business model with the objective to hold assets in order to collect contractual cash flows; and
- The contractual terms of the instrument give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Financial assets meeting these criteria are measured initially at fair value plus transaction costs. These are subsequently measured at amortized cost using the effective interest rate (EIR) method, less allowance for credit losses, with the interest calculated recognized as 'Interest income' in the statement of income. Gains and losses are recognized in the statement of income when the financial assets are derecognized and impaired, as well as through the amortization process. The expected credit losses (ECL) are recognized in the statement of income under Provision for impairment and credit losses – net. The effects of revaluation of foreign currency denominated investments are recognized in statement of income. Gains or losses arising from disposals of these instruments are included in Gain on sale of financial assets at amortized cost in the statement of income.

The Group classified 'Cash and other cash items', 'Due from BSP', 'Due from other banks', 'Interbank loans receivable and SPURA', 'Loans and receivables', 'Investment securities at amortized cost' and certain financial assets under 'Other assets' as financial assets at amortized cost.

The Group may irrevocably elect at initial recognition to classify a financial asset that meets the amortized cost criteria above as at FVTPL if that designation eliminates or significantly reduces an accounting mismatch had the financial asset been measured at amortized cost. As of December 31, 2025 and 2024, the Group has not made such designation.

b. Financial Assets at FVTOCI

Financial assets at FVTOCI include debt and equity securities.

Debt Instruments at FVTOCI

The Group applies the category of debt instruments measured at FVTOCI when both the following conditions are met:

- The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset meet the SPPI test.

The initial measurement of these financial instruments includes transaction costs. Subsequently, these are measured at fair value with gains or losses arising due to changes in fair value recognized in OCI under 'Unrealized gain on financial assets carried at FVTOCI'. Interest income and foreign exchange gains and losses are recognized in the statement of income in the same manner as for financial assets measured at amortized cost. When the Group holds more than one investment in the same security, these are deemed to be disposed of on a first-in, first-out basis. On derecognition, cumulative gains or losses recognized in OCI are reclassified from OCI to the statement of income.

Equity Instruments at FVTOCI

At initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to designate equity instruments at FVTOCI. Designation at FVTOCI is not permitted if the investment in equity instrument is held for trading.

Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, these are measured at fair value, with no deduction for sale or disposal costs. Gains and losses arising from changes in fair value are recognized in OCI and accumulated in 'Unrealized gain on financial assets carried at FVTOCI' in the statement of financial position. When the asset is disposed of, the cumulative gain or loss previously recognized in 'Unrealized gain on financial assets carried at fair value through other comprehensive income' is not reclassified to the statement of income, but is reclassified to 'Surplus (Deficit)'.

Dividends earned on these investments in equity instruments are recognized in the statement of income when the Group's right to receive the dividends is established in accordance with PFRS 9, unless the dividends clearly represent recovery of a part of the cost of the investment. Dividends earned are recognized in the statement of income, under 'Miscellaneous income'.

c. Financial Assets at FVTPL

Debt instruments that do not meet the amortized cost or FVTOCI criteria, or that meet the criteria but the Group has chosen to designate as at FVTPL at initial recognition, are measured at FVTPL.

Investments in equity instruments are classified as at FVTPL, unless the Group designates an equity instrument that is not held for trading as at FVTOCI at initial recognition.

The Group's financial assets at FVTPL include government securities held for trading purposes.

As of December 31, 2025 and 2024, the Group has not designated any debt instrument that meets the amortized cost or FVTOCI criteria as at FVTPL.

Financial assets at FVTPL are carried at fair value, with net changes in fair value recognized as 'Trading and securities gain (loss) – net' in the statement of income. Interest earned on these investments is reported as 'Interest income' in the statement of income.

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the BAP closing rate prevailing at the statement of financial position date. The foreign exchange component forms part of its fair value gain or loss.

d. Derivative Instruments

Derivative instruments are initially recorded at fair value and carried as financial assets when their fair value is positive and as financial liabilities when their fair value is negative.

Any gains or losses arising from changes in fair value of derivative instruments that do not qualify for hedge accounting are taken directly to the statement of income.

An embedded derivative is a component of a hybrid instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided that, in the case of a non-financial variable, it is not specific to a party to the contract. A derivative that is attached to a financial instrument, but is contractually transferable independently of that instrument, or has a different counterparty from that instrument, is not an embedded derivative, but a separate financial instrument. The Group assesses the existence of an embedded derivative on the date it first becomes a party to the contract, and performs re-assessment only when there is a change to the contract that significantly modifies the contractual cash flows.

*Reclassification of financial assets*

The Group can reclassify financial assets if the objective of its business model for managing those financial assets changes. The Group is required to reclassify as follows:

- From amortized cost or FVTOCI to FVTPL, if the objective of the business model changes so that the amortized cost or FVTOCI criteria are no longer met;
- From FVTPL to amortized cost or FVTOCI, if the objective of the business model changes so that the amortized cost or FVTOCI criteria start to be met and the characteristics of the instrument's contractual cash flows are SPPI; and
- From amortized cost to FVTOCI if the business model changes so that the objective becomes both to collect contractual cash flows and to sell or from FVTOCI to amortized cost if the business model becomes solely for the collection of contractual cash flows.

Reclassification of financial assets designated as at FVTPL or equity financial assets at FVTOCI at initial recognition is not permitted.

A change in the objective of the Group's business model must be effected before the reclassification date. The reclassification date is the beginning of the next reporting period following the change in the business model.

#### Impairment of Financial Assets

ECL represent credit losses that reflect an unbiased and probability-weighted amount which is based on reasonable and supportable information about past events, current conditions and forecasts of future economic conditions, and the time value of money. The objective is to record lifetime losses on all financial instruments which have experienced a significant increase in credit risk (SICR) since their initial recognition. As a result, ECL allowances are measured at amounts equal to either (i) 12-month ECL or (ii) lifetime ECL for those financial instruments which have experienced a SICR since initial recognition (General Approach). The 12-month ECL is the portion of lifetime ECL that results from default events on a financial instrument that are possible within the next 12 months after the reporting date. Lifetime ECLs are credit losses that result from all possible default events over the expected life of a financial instrument.

Both the 12-month ECL and lifetime ECL are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the instrument. Based on this process, the Group categorizes its credit exposures into Stage 1, Stage 2 and Stage 3, as described below:

- Stage 1: When loans are first recognized, the Group recognizes an allowance based on the 12-month ECL. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.
- Stage 2: When a loan has shown a SICR since origination, the Group records an allowance for lifetime ECL. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.
- Stage 3: Loans considered as credit-impaired or non-performing. The Group records an allowance for lifetime ECL.

The major portfolios of financial assets identified upon initial analysis of the Group's credit exposures are loan receivables and treasury accounts. Loan receivables are availed by corporations or specific individuals. Hence, this portfolio is further segmented to corporate and consumer portfolios.

#### *Write-offs*

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery.

#### Classification and Measurement of Financial Liabilities

Financial liabilities are classified, at initial recognition, either as financial liabilities at FVTPL or other financial liabilities at amortized cost.

#### *Financial liabilities at amortized cost*

These liabilities are classified as such when the substance of the contractual arrangement results in the Group having an obligation either to deliver cash or another financial asset to the holder, or to satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares. The components of issued financial instruments that contain both liability and equity elements are accounted for separately, with the equity component being

assigned the residual amount after deducting from the instrument as a whole the amount separately determined as the fair value of the liability component on the date of issue.

These financial liabilities are measured initially at fair value, net of directly attributable transaction costs. After initial measurement, these liabilities are subsequently measured at amortized cost using the effective interest method.

Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the EIR.

This accounting policy relates to the statement of financial position captions 'Deposit liabilities', 'Bills payable', 'Bonds payable', 'Outstanding acceptances', 'Manager's checks', and certain financial liabilities under 'Accrued interest, taxes and other expenses' and 'Other liabilities' which are not designated at FVTPL.

#### Financial Guarantees, Letters of Credit and Undrawn Loan Commitments

The Group issues financial guarantees, letters of credit and loan commitments.

Financial guarantees are initially recognized in the financial statements at fair value, being the premium received. Subsequent to initial recognition, the Group's liability under each guarantee is measured at the higher of the amount initially recognized less cumulative amortization recognized in the statement of income, and an ECL provision.

The premium received is recognized in the statement of income in 'Service charges, fees and commissions' on a straight-line basis over the life of the guarantee.

Undrawn loan commitments and letters of credits are commitments under which, over the duration of the commitment, the Group is required to provide a loan with pre-specified terms to the customer. Similar to financial guarantee contracts, these contracts are in the scope of the ECL requirements.

The nominal contractual value of financial guarantees, letters of credit and undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the statement of financial position.

#### Derecognition of Financial Assets and Financial Liabilities

##### *Derecognition due to substantial modification of terms and conditions*

The Group derecognizes a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognized as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognized loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be purchased or originated credit impaired.

When assessing whether or not to derecognize a loan to a customer, amongst others, the Group considers the following factors:

- Change in the currency of the loan;
- Introduction of an equity feature;
- Change in counterparty; or
- If the modification is such that the instrument would no longer meet the SPPI criterion.

The Group also performs a quantitative assessment similar to that being performed for modification of financial liabilities. In performing the quantitative assessment, the Group considers the new terms of a financial asset to be substantially different if the present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the present value of the remaining cash flows of the original financial asset.

When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset, the Group recalculates the gross carrying amount of the financial asset as the present value of the renegotiated or modified contractual cash flows discounted at the original EIR (or credit-adjusted EIR for purchased or originated credit-impaired financial assets) and recognizes a modification gain or loss in the statement of income.

When the modification of a financial asset results in the derecognition of the existing financial asset and the subsequent recognition of a new financial asset, the modified asset is considered a 'new' financial asset. Accordingly, the date of the modification shall be treated as the date of initial recognition of that financial asset when applying the impairment requirements to the modified financial asset. The newly recognized financial asset is classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be originated as credit impaired (POCI).

#### *Derecognition other than substantial modification*

##### Financial Asset

A financial asset (or, when applicable, a part of a financial asset or part of a group of financial assets) is derecognized (that is, removed from the statement of financial position) when:

- the rights to receive cash flows from the asset have expired;
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either the Group:
  - a. Has transferred substantially all the risks and rewards of the asset; or
  - b. Has neither transferred nor retained the risks and rewards of the asset, but has transferred the control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of its continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to pay.

##### Financial Liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of

a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognized in the statement of income.

*Exchange or modification of financial liabilities*

The Group considers both qualitative and quantitative factors in assessing whether a modification of financial liabilities is substantial or not. The terms are considered substantially different if the present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the present value of the remaining cash flows of the original financial liability. However, under certain circumstances, modification or exchange of a financial liability may still be considered substantial, even where the present value of the cash flows under the new terms is less than 10% different from the present value of the remaining cash flows of the original financial liability. There may be situations where the modification of the financial liability is so fundamental that immediate derecognition of the original financial liability is appropriate (e.g., restructuring a financial liability to include an embedded equity component).

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the fair value of the new liability is recognized in profit or loss.

When the exchange or modification of the existing financial liability is not considered as substantial, the Group recalculates the gross carrying amount of the financial liability as the present value of the renegotiated or modified contractual cash flows discounted at the original EIR and recognizes a modification gain or loss in profit or loss.

If modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognized as part of the gain or loss on the extinguishment. If the modification is not accounted for as an extinguishment, any costs or fees incurred adjust the carrying amount of the financial instrument and are amortized over the remaining term of the modified financial instrument.

Repurchase and reverse repurchase agreements

Securities sold under agreements to repurchase at a specified future date ('repos') are not derecognized from the statement of financial position. The corresponding cash received, including accrued interest, is recognized in the statement of financial position as a loan to the Group, reflecting the economic substance of such transaction.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. The Group assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the Group and all of the counterparties.

Investments in Subsidiary and an Associate in the Parent Company Financial Statements

*Subsidiary*

A subsidiary is an entity in which the Parent Company holds more than half of the issued share capital or controls more than 50% of the voting power, or exercises control over the operations and management of the subsidiary.

### *Associate*

An associate is an entity in which the Parent Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but does not have control or joint control over those policies.

The Parent Company's investments in its subsidiary and an associate and the Group's investment in an associate are accounted for using the equity method. Under the equity method, the investments in subsidiary and an associate are initially recognized at cost. The carrying amount of the investments in subsidiary and an associate are adjusted to recognize changes in the Parent Company's share in the net assets of the subsidiary and an associate since the acquisition date. Goodwill relating to the subsidiary and an associate are included in the carrying value of the investments and is not amortized.

The statement of income reflects the Group's and the Parent Company's share of the results of operations of the subsidiary and an associate. Any change in OCI of the investee is presented as part of the Group's and the Parent Company's OCI. In addition, when there has been a change recognized directly in the equity of the subsidiary or associate, the Group and the Parent Company recognize their share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the subsidiaries and associate are eliminated to the extent of the interest in the subsidiaries and associate. The aggregate of the Group's share in net income (loss) of subsidiary and associate is shown in the statement of income and represents profit or loss after tax and non-controlling interests in the subsidiary and associate.

If the Parent Company's share of losses in a subsidiary or an associate equals or exceeds its interest in the subsidiary or associate, the Parent Company discontinues recognizing its share in further losses.

The financial statements of the subsidiary and an associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Dividends received are treated as a reduction to the carrying amount of the investments.

Post-acquisition changes in the share of net assets of the subsidiaries include the share in the:

- a. Income or losses; and
- b. Remeasurement losses or gains on retirement liability.

### Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization and any impairment in value, except land, which is carried at cost less impairment in value.

The initial cost of property and equipment consists of its purchase price, including import duties, taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are charged against the statement of income in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment.

Depreciation on property and equipment is computed using the straight-line method based on the estimated useful life (EUL) of the depreciable assets.

|                                   | EUL                                           |
|-----------------------------------|-----------------------------------------------|
| Condominium properties            | 50 years                                      |
| Buildings and improvements        | 25 years                                      |
| Furniture, fixtures and equipment | 5 years                                       |
| Leasehold improvements            | Shorter of 10 years or<br>related lease terms |

The residual values, EULs and methods of depreciation and amortization of property and equipment are reviewed at each reporting date and adjusted prospectively, if appropriate.

Fully depreciated property and equipment are retained in the accounts until these are no longer used and no further depreciation and amortization is charged to the statement of income.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Upon derecognition, the cost and the related accumulated depreciation and amortization and any impairment in value of the asset are removed from the accounts, and any resulting gain or loss (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is reflected as income or loss in the statement of income.

#### Investment Properties

Investment properties include condominium and office units for lease and foreclosed properties in settlement of loan receivables.

##### *Condominium and office units for lease*

Condominium and office units for lease are carried at cost, less accumulated depreciation and impairment in value. All costs that are directly attributable to the acquisition and development of property are capitalized, including borrowing costs incurred to finance the property development. Depreciation is computed on a straight-line basis over 25 to 50 years.

##### *Foreclosed properties*

Foreclosed properties consist of land, building and improvements.

Land is carried at cost less impairment in value. Building and improvements are carried at cost, which is the fair value at acquisition date, less accumulated depreciation and accumulated impairment losses. Transaction costs, which include nonrefundable capital gains tax and documentary stamp tax, incurred in connection with foreclosure are capitalized as part of the carrying values of the foreclosed properties.

Foreclosed properties are recorded as 'Investment properties' upon:

- a. Entry of judgment in case of judicial foreclosure;
- b. Execution of the Sheriff's Certificate of Sale in case of extra-judicial foreclosure; or
- c. Notarization of the Deed of Dacion in case of dation in payment (dacion en pago).

The Group applies the cost model in accounting for foreclosed properties. Depreciation is computed on a straight-line basis over the EUL of 10 years for buildings and improvements.

The EUL of investment properties and the depreciation method are reviewed periodically to ensure that the period and the method of depreciation are consistent with the expected pattern of economic benefits from items of investment properties.

The carrying values of the investment properties are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the investment property or cash-generating units (CGUs) it is related to are written down to their recoverable amounts.

Transfers are made to investment property when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment property when, and only when, there is a change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sell.

Investment properties are derecognized when they have either been disposed of or when they are permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on retirement or disposal of investment properties are recognized in the statement of income in the year of retirement or disposal under 'Profit from assets sold'.

#### Intangible Assets

Intangible assets consist of branch and bank licenses and software costs.

##### *Branch and bank licenses*

The cost of branch and bank licenses acquired in a business combination is its fair value at the date of acquisition.

Following initial recognition, branch and bank licenses are measured at cost less any accumulated impairment losses.

Branch and bank licenses have an indefinite useful life as there is no foreseeable limit to the period over which these assets are expected to generate net cash inflows. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

##### *Software costs*

Software costs, which are purchased by the Group separately for use in its operations, are measured on initial recognition at cost. Following initial recognition, software costs are carried at cost less accumulated amortization and any accumulated impairment losses.

Software costs are amortized over the economic useful life of 2 to 5 years. The amortization period and method for software costs are reviewed at least at each statement of financial position date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in this asset is accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting estimates. The amortization expense on software costs is recognized in the statement of income.

Gains or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of income when the asset is derecognized.

### Impairment of Non-financial Assets

#### *Investments in subsidiary and an associate, property and equipment (including right-of-use assets) and software costs*

At each statement of financial position date, the Group assesses whether there is any indication that its non-financial assets may be impaired. When an indicator of impairment exists or when an annual impairment testing for an asset is required, the Group makes a formal estimate of the recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs to sell and its value in use (VIU) and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent from those other assets or groups of assets, in which case, the recoverable amount is assessed as part of the CGU to which it belongs.

When the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing VIU, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognized only if the carrying amount of an asset exceeds its recoverable amount. An impairment loss is charged against the statement of income in the period in which it arises.

A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount of an asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation and amortization) had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is credited to the current statement of income.

#### *Branch and bank licenses*

Branch and bank licenses are reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

Impairment is determined for branch and bank licenses by assessing the recoverable amount of the CGU (or group of CGUs) to which the branch and bank licenses relate. When the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU (or group of CGUs) to which branch and bank licenses have been allocated, an impairment loss is recognized immediately in the statement of income. For branch and bank licenses, a previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount of this asset, but not to an amount higher than the carrying amount that would have been determined had no impairment loss been recognized for this asset in prior years.

### Common Stock and Additional Paid-in Capital

Common stocks are recorded at par. Proceeds in excess of par value are recognized under equity as 'Additional-paid-in capital' in the statement of financial position. Incremental costs incurred which are directly attributable to the issuance of new shares are shown in equity as a deduction from proceeds, net of tax.

### Revenue Recognition

Under PFRS 15, revenue from contracts with customers is recognized when control of the services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services. The Group exercises judgment, taking into consideration all of the relevant facts and circumstances when applying each step of the five-step model to contracts with customers.

The following specific recognition criteria must be met before revenue is recognized:

#### *Revenue within the scope of PFRS 15*

- a. **Service Charges and Penalties**  
Service charges and penalties are recognized only upon collection or accrued when there is reasonable degree of certainty as to its collectability.
- b. **Gains (Loss) on Sale of Assets**  
Gain (loss) from sale of assets such as properties and property and equipment is recognized when the control over the properties has been transferred to the buyer and collection of proceeds from sale is probable.

#### *Revenue outside the scope of PFRS 15*

- a. **Interest Income**  
Interest on interest-bearing financial assets at FVTPL are recognized based on contractual rate. Interest on financial instruments measured at amortized cost and debt instruments classified as FVOCI is recognized based on the EIR method.

The EIR method is a method of calculating the amortized cost of a financial asset or a financial liability and allocating the interest income or interest expense over the relevant period.

The EIR is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability.

When a financial asset becomes credit-impaired and is, therefore, regarded as Stage 3 (as discussed under 'Impairment of financial assets' above), the Group calculates interest income by applying the EIR to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

- b. **Trading and Securities Gain (Loss) – Net**  
Trading and securities gain (loss) – net represents results arising from trading activities, including gains and losses from changes in fair value of financial assets and liabilities at FVTPL. This also represents results arising from sale of debt financial assets at FVOCI.
- c. **Fees and Commissions**  
Loan fees that are directly related to the acquisition and origination of loans are included in the initial carrying amount of the loan and are amortized using the effective interest method over the term of the loan. Trade finance fees are recognized as income over the term of the related exposure, unless these are directly attributable to the origination of a financial asset, in which case such fees are deferred and recognized using the effective interest method. Loan syndication fees are recognized upon completion of all syndication activities and where the Group does not have further obligation to perform under the syndication agreement.

d. Dividends

Dividends are recognized when the Group's right to receive the payments is established.

e. Rental

Rental income arising from leased premises is accounted for on a straight-line basis over the lease terms of ongoing leases.

Expense Recognition

Expenses are recognized at the same time as the initial recognition of a liability, or an increase in the carrying amount of a liability, or the derecognition of an asset, or a decrease in the carrying amount of an asset. Expenses are recognized in the statement of income:

- On the basis of a direct association between the costs incurred and the earning of specific items of income;
- On the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association can only be broadly or indirectly determined; or
- Immediately when the expenditure produces no future economic benefits or when, and to the extent that, future economic benefits do not qualify or cease to qualify for recognition in the statement of financial position as an asset.

Expenses in the statement of income are presented using the nature of expense method. General and administrative expenses are costs attributable to administrative and other business activities of the Group.

Interest Expense

Interest expense for all interest-bearing financial liabilities is recognized in 'Interest expense' in the statement of income using the EIR of the financial liabilities to which they relate to.

Retirement Benefits

*Defined benefit plans*

The Parent Company maintains defined benefit plans covering all of their respective officers and regular employees.

The net retirement liability is the aggregate of the present value of defined benefit obligation at the statement of financial position date reduced by the fair value of plan assets and adjusted for any effect of limiting a net retirement asset to the asset ceiling. The defined benefit obligation is calculated annually by an independent actuary. The present value of defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates on government bonds that have terms to maturity approximating the terms of the related net retirement. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The cost of providing benefits under the defined benefit plans is actuarially determined using the projected unit credit method.

Retirement costs comprise of service costs and net interest on the net retirement liability.

Service costs, which include current service costs, past service costs and gains or losses on non-routine settlements, are recognized as expense in the statement of income. Past service costs are recognized when plan amendment or curtailment occurs.

Net interest on the net retirement liability is the change during the period in the net retirement liability that arises from the passage of time, which is determined by applying the discount rate based on government bonds to the net retirement liability. Net interest on the net retirement liability is recognized as expense or income in the statement of income.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on retirement liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to the statement of income in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. The fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risks associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations).

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

#### *Defined contribution plans*

The Parent Company also contributes to its contributory, defined-contribution type staff provident plan based on a fixed percentage of the employees' salaries as defined in the plan.

Payments to the defined contribution plans are recognized as expenses when employees have rendered service in exchange for these contributions.

#### Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### *Group as a lessee*

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### *i) Right-of-use assets presented under Property and equipment*

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized adjusted by lease payments made at or before the commencement date and lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the depreciable assets. The depreciation expense is presented under 'Depreciation and Amortization' in the statement of income.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Impairment of Nonfinancial Assets.

*ii) Lease liabilities*

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

*iii) Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to its short-term leases of ATM sites (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of ATM sites that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognized as expense on a straight-line basis over the lease term.

*Group as a lessor*

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising from leased properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Income Taxes

*Current tax*

Current tax assets and current tax liabilities are measured at the amount expected to be recovered from or paid to the tax authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the statement of financial position date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

*Deferred tax*

Deferred tax is provided, using the balance sheet liability method, on all temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax assets are recognized for all deductible temporary differences and carryforward of unused tax credits from the excess of Minimum Corporate Income Tax (MCIT) over the Regular Corporate Income Tax (RCIT), to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carryforward of unused tax credits from excess MCIT over RCIT can be utilized. Deferred tax, however, is not recognized on temporary differences that arise from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting income nor taxable income or loss.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences, with certain exceptions.

Deferred tax assets and deferred tax liabilities are measured at the tax rates that are applicable to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of financial position date.

Current tax and deferred tax relating to items recognized directly in equity is recognized in OCI and not in the statement of income.

#### Provisions

Provisions are recognized when an obligation (legal or constructive) is incurred as a result of a past event and when it is probable that an outflow of assets embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as an 'Interest expense' in the statement of income.

#### Contingent Assets and Contingent Liabilities

Contingent assets are not recognized but are disclosed in the notes to financial statements when an inflow of economic benefits is probable. Contingent liabilities are not recognized in the financial statements but are disclosed in the notes to financial statements, unless the possibility of an outflow of assets embodying economic benefits is remote.

#### Earnings Per Share (EPS)

Basic EPS is computed by dividing the net income for the year by the weighted average number of common shares outstanding during the year after giving retroactive effect to stock dividends declared and stock rights exercised during the year, if any.

Diluted EPS is calculated by dividing the net income attributable to common shareholders by the weighted average number of common shares outstanding during the year adjusted for the effects of any dilutive potential common shares.

#### Dividends on Common Shares

Dividends on common shares are recognized as a liability and deducted from equity when approved by the BOD of the Parent Company. Dividends for the year that are approved after the statement of financial position date are dealt with as an event after the statement of financial position date.

#### Segment Reporting

The Group's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on business segments is presented in Note 6. No geographical segment information is presented as all of the Group's operations are in the Philippines.

#### Fiduciary Activities

Assets and income arising from fiduciary activities, together with related undertakings to return such assets to customers, are excluded from the financial statements where the Parent Company acts in a fiduciary capacity such as nominee, trustee or agent.

#### Events after the Statement of Financial Position Date

Post year-end events that provide additional information about the Group's financial position at the statement of financial position date (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to financial statements when material to the financial statements.

---

### **3. Summary of Accounting Judgments and Estimates**

The preparation of the financial statements in compliance with PFRS Accounting Standards requires the Group to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and disclosure of commitments and contingent liabilities. Future events may occur which will cause the assumptions used in arriving at the estimates to change. The effects of any change in estimates are reflected in the financial statements as these become reasonably determinable.

Judgments and estimates are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements:

#### *Fair value of financial instruments*

Where the fair values of financial instruments cannot be derived from active markets, they are determined using a variety of valuation techniques. The inputs to these valuation models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values.

The carrying values and corresponding fair values of financial instruments, as well as the manner in which fair values were determined, are discussed in more detail in Note 4.

### *Contingencies*

The Group is currently involved in various legal proceedings. The estimate of the probable costs for the resolution of these claims has been developed in consultation with outside counsels handling the Group's defense in these matters and is based upon an analysis of potential results. Where management determines that an obligation is probable and can be reasonably estimated, the Group recognizes the related cost in the financial statements; otherwise, these are disclosed as contingent liabilities. The Group currently does not believe that these proceedings will have a material adverse effect on its financial position. It is possible, however, that future financial performance could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings

(Note 24).

### *Classification of Condominium units between Property and Equipment and Investment properties*

The Group determines the portion of the Condominium units that are used for operations as an office space and are presented under 'Property and equipment' and the portion that are for lease and are presented under 'Investment properties'. The allocation is determined by estimating the usable area that is held for lease and that is used for operations.

The carrying values of Condominium units presented under 'Property and equipment' and under 'Investment properties' are disclosed in Notes 12 and 13, respectively.

### Estimates and Assumptions

#### *ECLs on loans and other receivables*

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies.

Elements of the ECL models that are considered significant accounting judgments and estimates include:

- The segmentation of financial assets when their ECL is assessed on a collective basis;
- The definition of default;
- The Group's internal grading model, which impacts the PDs assigned to the exposures;
- The Group's criteria for assessing if there has been a SICR and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment;
- Development of ECL models, including the various formulas and the choice of inputs;
- Determination of associations between macroeconomic scenarios and economic inputs, such as GDP growth rates, inflation rates, unemployment rates, import growth rates, export growth rates, and bank average lending rates, and the effect on PDs;
- Selection of forward-looking macroeconomic scenario variables; and
- Calculation of expected recoveries from defaulted accounts.

On the other hand, for consumer loans, expert judgment was incorporated by the Group to determine the possible deterioration in the flow rates from one bucket to the next (i.e. current to 1–30 days past due, 1–30 days past due to 31–60 days past due, etc. up to more than 90 days past due bucket). Forecasted figures were assessed with the required additional allowance for credit loss.

The Group also revisits weight distribution on Macroeconomic Variables (MEVs) to reflect management's view of the overall business environment.

These exercises and calibrations, considering current and future outlook, resulted to changes in account staging and loan loss provisioning.

The carrying value of loans and receivables and allowance for credit losses on loans and receivables are disclosed in Notes 11 and 16, respectively.

*Realizability of deferred tax assets*

Deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based on assumptions that are affected by expected future market or economic conditions and the expected performance of the Group. These assumptions include management's expectations on growth of the Group's loans and deposit portfolios and future operating costs and expenses.

The recognized and unrecognized deferred tax assets are disclosed in Note 30.

*Impairment of branch licenses*

The Group determines whether branch licenses are impaired at least on an annual basis. Branch licenses are written down for impairment where the net present value of the forecasted future cash flows from the relevant CGU is insufficient to support its carrying value.

The recoverable amount of the CGU has been determined based on a VIU calculation using the CGU's cash flow projections from the five-year plan approved by the Board. Key assumptions in the VIU calculations are most sensitive to the following assumptions:

- Discount rate, which is based on the cost of equity by reference to comparable entities using the capital asset pricing model;
- Loan and deposit portfolios growth rates; and
- Growth rate to project cash flows beyond the budget period.

The carrying values of branch licenses and details of the VIU calculations are disclosed in Note 14.

*Present value of defined benefit obligation*

The cost of defined benefit plans, as well as the present value of defined benefit obligation, is determined using an actuarial valuation. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, salary increase rates, mortality rates and employee turnover rates. Due to the complexity of the actuarial valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each statement of financial position date.

In determining the appropriate discount rate, the Group considers the interest rates of Philippine government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation.

Salary increase rates are based on historical annual merit, market and promotional increase and future inflation rates.

Other assumptions, such as mortality rates and employee turnover rates, are based on publicly available mortality tables and the Group's historical experience.

The present value of defined benefit obligation as of December 31, 2025 and 2024 are disclosed in Note 27.

#### 4. Fair Value Measurement

The following tables provide the fair value hierarchy of the Group's and the Parent Company's assets and liabilities measured at fair value and those for which fair values should be disclosed:

| Consolidated and Parent Company                      |                |              |                                          |                                         |                                           |
|------------------------------------------------------|----------------|--------------|------------------------------------------|-----------------------------------------|-------------------------------------------|
| 2025                                                 |                |              |                                          |                                         |                                           |
|                                                      | Carrying Value | Fair Value   |                                          |                                         |                                           |
|                                                      |                | Total        | Quoted Prices in Active Market (Level 1) | Significant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| <b>Assets measured at fair value</b>                 |                |              |                                          |                                         |                                           |
| Financial assets at FVTPL                            | —              | —            | —                                        | —                                       | —                                         |
| Financial assets at FVTOCI:                          |                |              |                                          |                                         |                                           |
| Debt securities:                                     |                |              |                                          |                                         |                                           |
| Government securities                                | 21,290,722     | 21,290,722   | 21,290,722                               | —                                       | —                                         |
| Sovereign bonds                                      | 11,086,800     | 11,086,800   | 11,086,800                               | —                                       | —                                         |
| Equity securities                                    | 211,341        | 211,341      | —                                        | 173,217                                 | 38,124                                    |
|                                                      | 32,588,863     | 32,588,863   | 32,377,522                               | 173,217                                 | 38,124                                    |
| <b>Assets for which fair values are disclosed</b>    |                |              |                                          |                                         |                                           |
| Investment securities at amortized cost:             |                |              |                                          |                                         |                                           |

\* Included in 'Other assets'

\*\* Included in 'Other liabilities'

Movements in the fair value measurement of 'Financial assets at FVTOCI' categorized within Level 3 pertain only to the changes in fair value of unquoted equity securities. There were minimal movements during the year, consisting primarily of changes in fair value and certain disposals of equity investments.

There were no transfers between Level 1 and Level 2 fair value measurements and no transfers out of Level 3 fair value measurements in 2025 and 2024.

The methods and assumptions used by the Group in estimating the fair value of its assets and liabilities are as follows:

### Investment Securities

#### *Debt securities*

Fair values are generally based on quoted market prices. If the market prices are not readily available, fair values are estimated using consensus prices obtained from Bloomberg.

#### *Equity securities – club shares*

Fair values of club shares are based on prices published in GG&A Club Shares and G&W Club Shares. GG&A Club Shares and G&W Club Shares are involved in trading and leasing proprietary and non-proprietary club shares.

#### *Unquoted equity securities*

Fair values of unquoted equity securities are estimated using the guideline publicly-traded company method, which utilizes publicly available information from publicly-traded comparable companies that are the same or similar to the unlisted company being valued. Unquoted equity security holdings of the Group are not significant to the financial statements.

### Loans and Receivables

#### *Cash and other cash items, amounts due from BSP and other banks, interbank loans receivable and SPURA*

Carrying amounts approximate fair values considering that these accounts consist mostly of overnight deposits.

#### *Receivables from customers*

Fair values of receivables from customers are estimated using the discounted cash flow methodology that makes use of the Group's current incremental lending rates for similar types of loans and receivables.

#### *Unquoted debt securities*

Fair values are estimated based on the discounted cash flow methodology that makes use of interpolated risk-free rates plus spread.

#### *Accrued interest receivable and returned checks and other cash items (RCOCI)*

Carrying amounts approximate fair values due to the short-term nature of the accounts, with some items that are due and demandable.

#### *Accounts receivable, sales contracts receivable and refundable security deposits*

Quoted market prices are not available for these assets. These are not reported at fair value and are not significant in relation to the Group's total portfolio of financial instruments.

### Derivative Assets/Liabilities

#### *Currency forwards under Other Assets/Liabilities*

Fair values are calculated by reference to the prevailing interest differential and spot exchange rate as of the statement of financial position date, taking into account the remaining term to maturity of the derivative assets/liabilities.

### Financial Liabilities at Amortized Cost

#### *Deposit liabilities*

Fair values of time deposits are estimated based on the discounted cash flow methodology that makes use of the current incremental borrowing rates for similar types of borrowings. The carrying amount of demand and savings deposit liabilities approximate fair value considering that these are due and demandable.

*Bills payable and Bonds payable*

The fair value is estimated using the discounted cash flow methodology that makes use of the Group's current incremental borrowing rates for similar borrowings with maturities consistent with those remaining for the liability being valued. Where the instrument has a relatively short maturity, carrying amounts approximate fair values.

*Outstanding acceptances, manager's checks, accrued interest payable, accrued other expenses, accounts payable, refundable security deposits and due to the Treasurer of the Philippines*

Carrying amounts approximate fair values due to the short-term nature of these accounts, with some items that are due and demandable.

Investment Properties

Fair values of investment properties are determined based on valuations made by professionally qualified appraisers accredited by the BSP and SEC and internal appraisers. The fair values of foreclosed assets were derived based on market sales comparison approach. Under this approach, recent transactions for similar properties in the same areas as the investment properties were considered, taking into account the economic conditions prevailing at the time the valuations were made. Prices of recent transactions are adjusted to account for differences in a property's size, shape, location, marketability and bargaining allowances. For depreciable properties, other inputs considered in the valuations are the age and remaining life of the buildings.

On the other hand, the fair values of the condominium and office units for lease were determined using the income capitalization approach model. The income capitalization approach model is used since the properties generate revenue from rental income. Income capitalization approach is a method used to convert an estimate of a single year's income expectancy into an indication of value in one direct step – either by dividing the income estimate by an appropriate income rate or by multiplying the income estimate by an appropriate income factor. The rate of interest calculated represents the relationship between income and value observed in the market and is derived through comparable sales analysis. The income from a property, usually the annual net operating income or pre-tax cash flow, is divided by its sale or equity price to obtain the income rate.

The valuation, therefore, is based on the following critical assumptions:

- Rental rates;
- Capitalization rate (income rate), which is based on market rent for similar properties;
- Vacancy rates, which are based on vacancy rates for comparable properties within the area where the Group's properties are located; and
- The floor areas, which are based on the total leasable area.

Significant Unobservable Inputs

Quantitative information about the Group's and the Parent Company's fair value measurements using significant unobservable inputs (Level 3) on unquoted equity securities follows:

| Year | Fair Value at December 31 | Valuation Technique(s)                   | Unobservable Input(s)                                     | Range                | Reasonably Possible Alternative Assumption | Sensitivity of the Fair Value to the Input |
|------|---------------------------|------------------------------------------|-----------------------------------------------------------|----------------------|--------------------------------------------|--------------------------------------------|
| 2025 | ₱38,124                   | Guideline publicly-traded company method | Price to book ratio<br>Discount for lack of marketability | 0.73:1–1.75:1<br>30% | 0.1<br>–0.1<br>+0.1<br>–0.1                | ₱60<br>(60)<br>63<br>(63)                  |

| Year | Fair Value at December 31 | Valuation Technique(s)                   | Unobservable Input(s)              | Range          | Reasonably Possible Alternative Assumption | Sensitivity of the Fair Value to the Input |
|------|---------------------------|------------------------------------------|------------------------------------|----------------|--------------------------------------------|--------------------------------------------|
| 2024 | ₱46,516                   | Guideline publicly-traded company method | Price to book ratio                | 0.68:1 –0.76:1 | 0.1                                        | ₱60                                        |
|      |                           |                                          | Discount for lack of marketability | 30%            | –0.1                                       | (60)                                       |
|      |                           |                                          |                                    |                | +0.1                                       | 47                                         |
|      |                           |                                          |                                    |                | –0.1                                       | (47)                                       |

The Parent Company estimates the fair value of the unquoted equity securities using the ‘benchmark multiples’ of comparable publicly-traded companies. The identification of comparable companies considers the similarities between the subject company being valued and the guideline companies in terms of industry, market, product line or service type, growth, etc. The Parent Company also determines an appropriate discount adjustment for the lack of marketability of these unquoted equity securities based on empirical evidence gathered from available public market research.

The use of reasonably possible alternative assumptions in the significant unobservable inputs will affect the fair value of the unquoted equity securities and the OCI (before tax) as presented above.

There has been no change in the valuation techniques used from 2024 to 2025.

#### Description of Significant Unobservable Input to Valuation

The significant unobservable input used in the fair value measurement of financial instruments carried at amortized cost that are categorized within Level 3 of the fair value hierarchy:

##### *Loans and receivables at amortized cost*

Fair values of loans and receivables are estimated using the discounted cash flow methodology, using the Group’s current incremental lending rates for similar types of loans. The significant increase (decrease) in the current increment lending rate would result to a lower (higher) fair value measurement.

##### *Liabilities*

The carrying amount of liabilities approximates fair value in view of their relatively short-term maturity except for time deposits whose fair values are estimated using the discounted cash flow methodology using the Bank’s incremental borrowing rates for similar borrowings with maturities consistent with those for the liability being valued.

## **5. Financial Risk Management Objectives and Policies**

### Introduction

Risk is a fundamental component of the Group’s operations, inherent across all its business activities. Recognizing this, the Group has established a proactive and continuous risk management process focused on identifying, measuring, monitoring, and mitigating risks within clearly defined limits and controls. This disciplined approach is essential for sustaining the Group’s financial strength and long-term profitability. Accountability for managing risk exposures is embedded across all levels of the organization, ensuring that each individual is responsible for managing the risks associated with their functions.

The Group is primarily exposed to the following categories of financial risk:

- Credit risk
- Liquidity risk

- c. Market risk, including:
  - i. Interest rate risk
  - ii. Foreign currency risk

In 2025, the Group continued to operate under evolving macroeconomic conditions, which influenced funding costs, portfolio yields, and credit risk dynamics. The Group maintained a prudent risk posture, focusing on preserving asset quality, managing margin pressures, and strengthening its risk governance and monitoring processes.

#### *Risk management structure*

The Group's risk governance framework is underpinned by a structured organizational hierarchy, efficient information flows, robust compliance mechanisms, and risk-based internal audits. This integrated system enables effective oversight, timely decision-making, and responsive risk mitigation strategies.

#### *Board of Directors (BOD)*

The BOD of the Parent Company holds the ultimate responsibility for establishing a comprehensive risk management system. It oversees the identification, monitoring, and control of risks, while independent bodies within the Group are tasked with executing and managing these responsibilities on a day-to-day basis.

#### *Risk Oversight Committee (ROC)*

The ROC is entrusted with shaping the Group's risk strategy. It defines key principles, risk frameworks, policies, and tolerances, ensuring their alignment with the Group's overall strategic objectives.

#### *Enterprise Risk Management Group (ERMG)*

Operating independently and reporting directly to the ROC, the ERMG plays a pivotal role in identifying, quantifying, and analyzing risks arising from the Parent Company's various activities—including trading, lending, and investment operations. It works in coordination with other risk management units, including the Credit Risk Management Division (CRMD), in ensuring that risk across all portfolios are properly identified, measured, and monitored. In collaboration with operational units, it recommends appropriate controls and policies, monitors exposures against approved limits, and ensures effective implementation of risk mitigation procedures.

The Group adopts a three-pillar internal risk structure to strengthen governance and accountability across its risk management framework. Pillar 1 covers the core enterprise risk management functions under the Enterprise Risk Management Group (ERMG), encompassing market, liquidity, operational, and other material risks. Pillar 2 pertains to credit risk management, managed through the Credit Risk Management Division (CRMD), which is responsible for credit risk oversight. Pillar 3 covers technology, information security, and cybersecurity risk management, led by the Chief Information Security Officer (CISO).

#### *Treasury segment*

This segment manages the Group's asset and liability positions, with a focus on maintaining funding adequacy and liquidity resilience. It ensures the balance between liquidity requirements and market-based funding sources.

### *Compliance Group*

The Compliance Group ensures that all activities adhere to relevant laws, regulations, and regulatory circulars, particularly those mandated by the Bangko Sentral ng Pilipinas (BSP). It maintains a robust communication framework that promotes awareness and compliance across all levels of management, reinforcing the Group's fiduciary responsibilities.

### *Internal Audit Group (IAG)*

The IAG conducts independent audits of risk management processes to assess sufficiency and adherence to established policies. Audit findings are discussed with management and reported to the Audit Committee to promote transparency and continuous improvement.

### *Risk measurement and reporting systems*

The Group adopts advanced quantitative methods to estimate both expected and unexpected losses. These statistical models leverage historical data and adjust for current and forecasted economic conditions, including stress testing for extreme but plausible events.

Risk is managed within internally set thresholds that reflect the Group's strategic objectives and risk appetite. A holistic assessment of risk-bearing capacity ensures that aggregate exposures across all risk types remain within tolerable limits.

Information from across the organization is consolidated and reported to the BOD, ROC, and division heads. These reports include key metrics such as credit exposures, Value-at-Risk (VaR), liquidity ratios, and shifts in the risk profile. Senior management evaluates the adequacy of credit loss provisions monthly, aligning risk control with regulatory and reporting requirements

### Credit Risk Management

Credit risk refers to the possibility that a counterparty will fail to fulfill its contractual obligations, resulting in financial loss. This arises primarily from the Group's lending activities, investments in securities, and foreign exchange transactions.

As of December 31, 2025, the Group's credit risk profile remains anchored on a diversified loan portfolio. Asset quality indicators remained manageable, with credit monitoring focused on delinquency migration, restructuring activities, and portfolio concentrations. The Group continues to apply forward-looking expected credit loss (ECL) models incorporating macroeconomic overlays.

To manage credit risk, the Group sets comprehensive limits for individual counterparties, borrower groups, and industry sectors. The ERMG oversees adherence to these limits. Risk is further mitigated through the use of collateral, duration limits, and risk diversification strategies.

The Group utilizes an Internal Credit Risk Rating System (ICRRS) for corporate loans, which includes:

- Borrower Risk Rating (BRR): Assesses creditworthiness independent of security or facility structure.
- Composite Risk Rating (CRR): Considers collateral and facility specifics.

The BRR system spans 14 grades—10 "unclassified" and 4 "classified" per regulatory provisioning guidelines.

For consumer loans, approval is based on Minimum Risk Acceptance Criteria (MRAC). This system evaluates borrower characteristics to ensure sound, risk-based lending decisions. Post-approval quality reviews are conducted by the Credit Policy and Review Division.

### *Impairment of Financial Assets*

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the instrument.

a. Credit risk at initial recognition

The Group uses internal credit assessment and approvals at various levels to determine the credit risk of exposures at initial recognition. Assessment considers quantitative and qualitative factors and depends on the materiality of the facility or the complexity of the portfolio to be assessed.

b. Definition of 'default' and 'cure'

#### Loan receivables

The Group defines a financial instrument as in default based on the following:

- Loans and receivables which are past due for more than 90 days;
- There is a breach of any key covenants/agreements that will adversely affect the borrower's capacity to pay;
- Weak financial condition and results of operations that leads to the borrower's inability to generate sufficient cash flow for debt servicing; or
- Restructuring of principal and interest or any concession granted by the Group relating to the borrower's difficulty.

A financial instrument is considered to be cured or no longer in default when it no longer meets any of the default criteria and has exhibited a satisfactory track record.

#### Treasury exposures

Treasury exposures are considered in default upon the occurrence of a credit event, such as but not limited to bankruptcy, failure of meeting its obligations to depositors and non-deposit obligations, becoming critically undercapitalized, restructuring of obligations, or request for moratorium.

c. Significant Increase in Credit Risk (SICR)

The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative changes in probabilities of default and qualitative factors, including a 30-day backstop based on delinquency. The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on the Group's internal credit risk assessment, the borrower or counterparty is determined to require close monitoring or with well-defined credit weaknesses. For exposures without internal grades, if contractual payments are more than 30 days past due, the credit risk is deemed to have increased significantly since initial recognition. Days past due are determined by counting the number of days since the earliest elapsed due date in respect of which full payment has not been received. Due dates are determined without considering any grace period that might be available to the borrower.

For other credit risk exposures such as cash in banks, interbank loans and receivables, and debt securities at amortized cost and at FVTOCI, the Group applies the low credit risk simplification. The Group considers a debt financial asset to have low risk when its credit rating is equivalent to the definition of investment grade. The Group evaluates whether the debt financial asset, on an individual basis, is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort.

In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a SICR since initial recognition, the Group shall revert to recognizing a 12-month ECL:

- Non-performing loans placed under Stage 3 will only be transferred to Stage 2 or Stage 1 when there is sufficient evidence to support their full collection (i.e., payments of interest and/or principal are received for at least 6 months). Both qualitative and quantitative factors should be assessed in analyzing improvement in the credit risk of the asset.

For treasury exposures, the transfer from Stage 3 to Stage 2 must be evident with payments of interest and/or principal for at least six months. The Group shall transfer credit exposures from Stage 2 to Stage 1 if the rating upgrades and the resulting rating falls under investment grade rating bands.

d. Restructuring

In certain circumstances, the Group modifies the original terms and conditions of a credit exposure to form a new loan agreement or payment schedule. The modifications can be given depending on the borrower's or counterparty's current or expected financial difficulty. The modifications may include, but are not limited to, changes in interest rate and terms, principal amount, maturity date, date and number of periodic payments and accrual of interest and charges. Distressed restructuring with indications of unlikeliness to pay are categorized as impaired accounts and are moved to Stage 3.

e. ECL parameters and methodologies

ECL is a function of the probability of default (PD), exposure at default (EAD) and loss given default (LGD), with the timing of the loss also considered, and is estimated by incorporating forward-looking economic information and by experienced credit judgment.

The PD represents the likelihood that a credit exposure will not be repaid and will go into default in either a 12-month horizon for Stage 1 or lifetime horizon for Stage 2. The PD for each individual type of instrument is modelled based on historical data and is estimated based on current market conditions and reasonable and supportable information about future economic conditions. The Group segmented its loan-related credit exposures based on homogenous risk characteristics and developed a corresponding PD methodology for each loan portfolio. The PD methodology for each relevant portfolio is determined based on the underlying nature or characteristic of the portfolio, behavior of the accounts and materiality of the segment as compared to the total portfolio. On the other hand, PD for cash and cash equivalents, interbank loans receivables and SPURA, debt securities at amortized cost and debt securities at FVTOCI are assessed on an individual basis using publicly available information.

EAD is modelled on historical data and represents an estimate of the outstanding amount of credit exposure at the time a default may occur. Two modelling approaches were employed during EAD estimation. A Balance-Based model for on-balance sheet accounts and a Credit Conversion Factor (CCF)-Based model for off-balance sheet accounts.

LGD is the amount that may not be recovered in the event of default and is modelled based on historical cash flow recovery and reasonable and supportable information about future economic conditions, where appropriate. LGD takes into consideration the amount and quality of any collateral held. During LGD estimation, the discounted amounts of potential payments and expected recoveries from sale of collateral are compared to the discounted amounts of corresponding direct expenses related with obtaining and selling of assets.

f. Economic overlays

The Group incorporates economic overlays into both its assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. A broad range of economic overlays is considered as economic inputs, such as gross national income, retail price index, unemployment rate, consumer price index, inflation rate, GDP growth rates, consumer confidence. The inputs and models used for calculating ECL may not always capture all characteristics of the market at the date of the financial statements. To reflect these, quantitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

g. Debt instruments measured at FVTOCI

The ECLs for debt instruments measured at FVTOCI do not reduce the carrying amount of these financial assets in the statement of financial position, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortized cost is recognized in OCI as an accumulated impairment amount, with a corresponding charge to the statement of income. The accumulated loss recognized in OCI is recycled to the statement of income upon derecognition of the assets.

h. Collateral valuation

To mitigate its credit risks on financial assets, the Group seeks to use collateral, if possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements. Collateral, unless repossessed, is not recorded on the Group's statement of financial position. However, the fair value of collateral affects the calculation of ECLs. At a minimum, it is assessed at the inception of the loan and re-assessed annually.

To the extent possible, the Group uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determined market values are valued using models. Non-financial collateral, such as real estate, is valued based on the data provided by internal and external appraisers.

i. Undrawn loan commitments

Undrawn loan commitments and letters of credit are commitments under which over the duration of the commitment, the Group is required to provide a loan with pre-specified terms to the customer.

The nominal contractual value of undrawn loan commitments, where the loan agreed to be provided is on market terms, is not recorded in the statement of financial position. These contracts are in the scope of the ECL requirements where the Group estimates the expected portion of the undrawn loan commitments that will be drawn over their expected life.

*Maximum exposure to credit risk*

The tables below provide the analysis of the maximum exposure of the Group's and the Parent Company's financial instruments to credit risk, excluding those where the carrying values as reflected in the statements of financial position and related notes already represent the financial instrument's maximum exposure to credit risk, before and after taking into account collateral held or other credit enhancements:

| Consolidated and Parent Company |                               |              |                                                               |                               |              |                                                               |

\* Net of allowance for credit losses and unearned discount

For sales contracts receivable, the fair value of collaterals and their corresponding financial effect on credit exposure are no longer disclosed since the system does not regularly monitor such information. The carrying value of these sales contracts receivable are disclosed in Note 11.

#### *Industry Risk Concentrations*

Risk concentrations arise when multiple counterparties operate within the same industry, geographic location, or share similar economic characteristics, making them equally vulnerable to shifts in economic, political, or other external conditions. These concentrations highlight the Group's potential sensitivity to developments impacting specific sectors. The Group continuously monitors and reports its industry exposures and risk concentrations in line with its policies on group lending, inter-corporate earmarking, and the management of large exposures and credit risk concentrations.

#### *Credit-related commitment risks*

The Parent Company provides various credit-related commitments, such as guarantees and credit line facilities, which may require it to make payments on behalf of its customers to support their liquidity needs. Instruments such as letters of credit and guarantees, including standby letters of credit—oblige the Parent Company to fulfill payment obligations contingent on specific events, often related to trade transactions like import or export activities. These off-balance sheet commitments expose the Parent Company to risks comparable to those of direct lending and are subject to the same risk management controls and credit policies.

The industry sector analysis of the maximum exposure of the Group to credit risk concentration follows (amounts in millions):

|                                        | Consolidated          |                              |                            |          |          |                       |                              |                            |          |          |

\* Consist of due from BSP, due from other banks, cash margin and interbank loans receivable

\*\* Consist of RCOCI, refundable deposits, and credit-related commitments (i.e., standby LC, usance LC outstanding, outstanding shipping guarantees, sight LC outstanding)

*Collateral and other credit enhancements*

The type and amount of collateral required are determined based on a thorough assessment of the counterparty's credit risk. The Group adheres to established guidelines that outline acceptable forms of collateral and their corresponding valuation parameters.

The primary types of collateral obtained include the following:

- Securities lending and reverse repurchase agreements – cash or marketable securities
- Commercial lending – deposit holdouts, real estate mortgages, machinery, inventories, and trade receivables
- Retail lending – mortgages over residential properties and motor vehicles

The Group maintains a policy of disposing repossessed properties in an orderly and timely manner. Proceeds from such disposals are applied toward the settlement of the outstanding obligation. As a general practice, the Group does not utilize repossessed properties for operational purposes.

Collaterals obtained by the Group and the Parent Company from settlement of loans and receivables which remain outstanding as of December 31, 2025 and 2024 amounted to ₱147.7 million and ₱1.42 billion, respectively (see Notes 13 and 15).

The Group does not hold collateral on financial assets which it may sell or repledge in the absence of default by the owner of the collateral.

*Credit quality per class of financial assets*

In compliance with Section 143 of the Manual of Regulations for Banks (MORB), the Group has established a comprehensive internal risk rating system to assess the credit risk profile of its exposures consistently. This framework is regularly reviewed and refined to ensure alignment with evolving risk dynamics. To preserve and enhance the quality of its credit portfolio, the Group adopts various risk mitigation strategies, including the use of collateral, master netting arrangements, and prudent limits on exposure durations.

The credit quality of financial assets is monitored through a combination of internal credit assessments and, where available, external credit ratings.

a. Loans and Receivables

Receivables from customers

The Parent Company utilizes specialized scorecards tailored to specific portfolio segments. Distinct scorecards are also applied across various classes of financial intermediaries to ensure a nuanced and risk-sensitive evaluation of creditworthiness.

The description and definition of the loan grades or ICRRS used by the Group for corporate loans follow:

| BRR Grade | Description | Definition                                                                    |
|-----------|-------------|-------------------------------------------------------------------------------|
| 1         | Excellent   | Excellent capacity to meet its financial commitments with minimal credit risk |
| 2         | Strong      | Strong capacity to meet its financial commitments with very low credit risk   |

| BRR Grade | Description             | Definition                                                                                                                                                                                                                                                                     |
|-----------|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 3         | Good                    | Good capacity to meet its financial commitments with low credit risk.                                                                                                                                                                                                          |
| 4         | Fairly Good             | An obligor rated 4 differs from rated 3 obligor only to a small degree and has a fairly good capacity to meet its financial commitments with low credit risk.                                                                                                                  |
| 5         | Satisfactory            | Satisfactory capacity to meet its financial commitments with moderate credit risk                                                                                                                                                                                              |
| 6         | Fairly Satisfactory     | Fairly satisfactory capacity to meet its financial commitments with moderate credit risk                                                                                                                                                                                       |
| 7         | Acceptable              | Acceptable capacity to meet its financial commitments with substantial credit risk                                                                                                                                                                                             |
| 8         | Acceptable with Care    | A credit, though acceptable, needs care in granting facilities. However, the borrower is still creditworthy.                                                                                                                                                                   |
| 9         | Acceptable with Caution | A credit, though acceptable, needs significant caution to be exercised while granting facilities to the borrower. The borrower is still creditworthy but has problems that need to be addressed.                                                                               |
| 10        | Watch List              | An obligor rated 10 is judged to be of poor credit standing and is subject to high default risk.                                                                                                                                                                               |
| 11        | Especially Mentioned    | These are loans that have potential weaknesses that deserve management's close attention. If left uncorrected, said weaknesses may affect the repayment of the loan.                                                                                                           |
| 12        | Substandard             | Loans that have well-defined weaknesses that may jeopardize repayment/liquidation in full, either in respect of the business, cash flow, or financial position, which may include adverse trends or developments that affect willingness or repayment ability of the borrower. |
| 13        | Doubtful                | Loans that exhibit more severe weaknesses than those under "Substandard", whose characteristics on the basis of currently known facts, conditions, and values make collection or liquidation highly improbable, however, the exact amount remains undeterminable as yet.       |
| 14        | Loss                    | Loans which are considered uncollectible or worthless and of such little value that their continuance as bankable assets is not warranted.                                                                                                                                     |

## Corporate Loans – Credit Quality Assessment

The Group employs an internal borrower risk rating (BRR) system to assess the creditworthiness of its loan portfolio, which aligns with regulatory standards and supports effective credit risk management. The classifications are defined as follows:

### High Grade (BRR 1 to 7)

This category includes borrowers with a strong capacity to meet their financial obligations in full. No loss in ultimate collection is anticipated. These exposures are typically secured by deposit holdouts, margin deposits, government-backed securities, or other readily marketable collateral. Alternatively, they are supported by sufficient, high-quality financial and credit information indicating full and timely repayment.

### Standard Grade (BRR 8 to 10)

These accounts are not classified as adversely rated but warrant closer supervision due to early warning indicators. Such indicators may include start-up business status, significant operational or managerial changes, or three consecutive years of substantial income decline (excluding extraordinary gains or losses).

### Substandard Grade or Past-Due (BRR 11 to 14)

This category includes exposures with unfavorable performance or characteristics, where current conditions, values, or historical behavior make full collection or recovery improbable. These accounts exhibit notable weaknesses requiring corrective action.

## Consumer Loans – Credit Quality Assessment

The Group classifies its consumer loan receivables based on delinquency age and the credit standing of counterparties, as follows:

### High Grade

Includes current receivables with no history of default or payment delays, and counterparties with a demonstrated capacity to fulfill their obligations in full. This also covers placements with the BSP and other banks.

### Standard Grade

Covers accounts that are technically past due by 1 to 30 days but are still considered of good credit quality, as counterparties continue to demonstrate the capacity to meet their obligations.

### Past Due but not Impaired

Comprises delinquent accounts with a period of default ranging from 31 to 90 days. These accounts do not yet meet the criteria for impairment but warrant close monitoring.

### Past Due and Impaired

Represents receivables and other financial assets classified as non-performing, with a default period exceeding 90 days. These accounts typically require proactive and intensive credit management to mitigate potential losses.

Positive and vigorous management action is required to avert or minimize loss.

As of December 31, 2025, the credit quality of receivables from customers, net of unearned discount and capitalized interest of the Group and Parent Company follows:

| Consolidated and Parent Company   |             | 2025       |            |              |

| a. Due from Banks, Interbank Loans Receivables, Government Securities and Corporate Investments |          |          |

The Group follows an internally developed risk rating system for local banks and external risk ratings [that is, Standard and Poor's (S&P) for foreign banks, government securities and corporate investments.

#### Credit Quality Classification for Bank Counterparties

The Group categorizes bank counterparties into credit quality tiers based on their financial strength, market standing, and resilience under stress scenarios. This tiering framework supports credit risk assessment and guides exposure limits and monitoring practices.

##### *High Grade (Tier 1)*

Banks classified under Tier 1 exhibit exceptional financial strength and stability. These institutions are considered capable of withstanding severe market stress for a period of two to three years without falling into a substandard credit classification. Their strong credit profile is supported by factors such as size, industry reputation, and consistent high performance.

##### *Standard Grade (Tier 2 to Tier 3)*

This category includes banks that, while still performing, display potential vulnerabilities requiring heightened oversight. If left unaddressed, these weaknesses may impair repayment capacity and elevate credit risk exposure to the Group.

- Tier 2 – Banks in this tier are generally stable but could experience credit deterioration within one to two years under sustained adverse market conditions.
- Tier 3 – Banks in this tier are more vulnerable, with a likelihood of becoming substandard within one year under very difficult market conditions. These institutions tend to be smaller in scale and may exhibit signs of portfolio uncertainty, earnings volatility, or exposure to adverse market factors.

*Substandard Grade (Tier 4)*

Banks in Tier 4 are considered to be of higher credit risk due to concerns over their asset quality, earnings sustainability, or market position. These institutions are typically smaller, with a total net worth of PHP 1.50 billion to less than PHP 3.00 billion and annual net income between PHP 70.00 million and PHP 200.00 million. These indicators suggest a higher likelihood of repayment issues, especially under stress scenarios.

*Credit Rating Scale for Foreign Banks, Government Securities, and Corporate Investment Instruments (Aligned with Standard & Poor's Rating Definitions)*

The Group utilizes the following credit rating scale to assess the creditworthiness of foreign banks, sovereign debt instruments, and corporate investment outlets. These ratings reflect the obligor's ability to meet its financial commitments under varying economic and business conditions:

*Investment Grade Ratings*

*AAA* – The obligor demonstrates an extremely strong capacity to fulfill its financial obligations. This is the highest possible rating, indicating minimal credit risk.

*AA* – The obligor has a very strong capacity to meet its financial commitments. While it differs slightly from the top-rated entities, the level of credit risk remains very low.

*A* – The obligor exhibits a strong ability to meet its financial commitments. However, it is more susceptible to adverse changes in economic or business conditions compared to higher-rated categories.

*BBB* – The obligation has adequate protection parameters. However, the obligor may become more vulnerable to economic downturns or shifts in circumstances, which could impair its ability to meet obligations.

*Speculative Grade Ratings (Below BBB)*

*BB* – While less prone to nonpayment than other speculative-grade obligations, this rating indicates exposure to significant ongoing uncertainties or adverse economic, business, or financial conditions that may affect the obligor's capacity to repay.

*B* – This rating reflects an obligation that is more vulnerable to nonpayment than those rated 'BB'. Although the obligor currently meets its financial commitments, adverse conditions could significantly impair its repayment ability or willingness.

*CCC* – The obligation is currently vulnerable to nonpayment and is dependent on favorable conditions for repayment. In the event of adverse developments, the obligor is unlikely to meet its obligations.

*CC* – The obligation is highly vulnerable to nonpayment. Repayment capacity is severely impaired and subject to heightened risk.

*C* – The obligation is extremely vulnerable to nonpayment and may be in arrears, subject to bankruptcy proceedings, or a distressed exchange. Cash payments may have been suspended, and the total recovery value may be below par. This rating may also apply to subordinated debt or preferred stock in distress situations.

*D* – The obligation is in default. Payments have not been made by the due date, even if within the grace period. This rating is also assigned in instances of bankruptcy filings or distressed debt exchanges where the recovery is significantly below par value.

As of December 31, 2025 and 2024, the credit quality of loans and advances to banks and investment securities, gross of allowance for ECL follows:

### Liquidity Risk and Funding Management

Liquidity risk refers to the risk that the Parent Company may be unable to meet its financial obligations as they fall due, whether under normal or stressed market conditions. To manage and mitigate this risk, the Parent Company employs a multi-faceted approach that includes diversifying funding sources, strengthening its core deposit base, and actively monitoring its liquidity position and projected cash flows on a daily basis.

Liquidity management incorporates the evaluation of both expected cash flows and the availability of secured and unsecured funding. This includes assessing the liquidity that can be generated from high-quality liquid assets. To quantify and monitor liquidity risk, the Parent Company utilizes the Maximum Cumulative Outflow (MCO) metric. MCO utilization is monitored monthly against Board-approved limits and is regularly reported to the Asset and Liability Committee (ALCO) and the Risk Oversight Committee (ROC). The ALCO convenes weekly to review, among other matters, the liquidity status of the Parent Company.

To ensure liquidity during unforeseen cash flow disruptions, the Parent Company maintains a portfolio of highly marketable securities that can be quickly converted into cash. In addition, the Company strictly complies with regulatory liquidity requirements, including the Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR), as set out in Section 145 of the Manual of Regulations for Banks (MORB). This includes a thorough evaluation of the liquidity characteristics of its asset portfolio to ensure adequate support during stress scenarios.

In managing intraday liquidity, the Parent Company conducts monitoring in accordance with MORB Section 145. It regularly tracks the levels and trends of intraday liquidity exposures relative to its capacity to meet immediate payment and settlement obligations promptly and efficiently.

Beyond regulatory compliance, the Parent Company also tracks internal liquidity ratios to gauge its readily available liquidity. These internal metrics consider both high-quality liquid assets and estimated unsecured funding against daily deposit liabilities. The ratios also support the management of large-scale liability outflows and the funding requirements of new loan disbursements.

Together, these strategies and tools enable the Parent Company to effectively manage liquidity risk while supporting its evolving business strategies and growth initiatives.

### Analysis of financial instruments by remaining contractual maturities

The tables below summarize the maturity profile of the Group's and the Parent Company's financial instruments as of December 31, 2025 and 2024, based on undiscounted contractual payments, except for financial assets at FVTPL. Repayments which are subject to notice are treated as if notices are to be given immediately. However, the Group and the Parent Company expect that many customers will not request repayment on the earliest date the Group and the Parent Company could be required to pay and the tables do not reflect the expected cash flows indicated by the Group's and the Parent Company's deposit retention history (amounts in millions):

| Consolidated and Parent Company             | 2025      |                       |                |           |                    | Total    |

## Liquidity Position and Leverage

### *Liquidity Coverage Ratio*

Pursuant to MORB Section 145 which aims to promote short-term resilience of banks' liquidity risk profile to withstand significant liquidity shocks that may last over 30 calendar days, the Group is required to hold and maintain an adequate level of unencumbered high-quality liquid assets (HQLA) that are sufficient to meet its estimated total cash outflows over a 30-calendar day horizon of liquidity stress. The LCR is the ratio of HQLAs to total net cash outflows which should be no lower than 100% on a daily basis. HQLA represents the Group's stock of liquid assets that qualify for inclusion in the LCR which consists mainly of cash, regulatory reserves and unencumbered high-quality liquid securities. HQLAs therefore, serve as defense against potential stress events.

As of December 31, 2025 and 2024, LCR of the Parent Company is shown in the table below (amounts, except ratios, are expressed in millions):

|                                           | 2025           | 2024    |
|-------------------------------------------|----------------|---------|
| Total Stock of High-Quality Liquid Assets | <b>₱51,643</b> | ₱28,734 |
| Total Net Cash Outflows                   | <b>33,470</b>  | 22,038  |
| LCR                                       | <b>154.30%</b> | 130.38% |

The Parent Company's LCR as of December 31, 2025 based on its audited financial statement amounted to 154.30%.

### *Net Stable Funding Ratio*

Pursuant to MORB Section 145, the Group is required to compute its Net Stable Funding Ratio (NSFR). The NSFR is aimed at strengthening the Group's long-term resilience by maintaining a stable funding in relation to its assets and off-balance sheet items. The NSFR is expressed as the ratio of available stable funding and the required stable funding and complements the LCR as it takes a longer view of the Group's liquidity risk profile.

As of December 31, 2025 and 2024, NSFR of the Parent Company is shown in the table below (amounts, except ratios, are expressed in millions):

|                          | 2025            | 2024     |
|--------------------------|-----------------|----------|
| Available stable funding | <b>₱110,275</b> | ₱106,739 |
| Required stable funding  | <b>92,741</b>   | 87,823   |
| NSFR                     | <b>118.91%</b>  | 121.54%  |

Both LCR and NSFR should be maintained no lower than 100.00% on a daily basis under normal situations.

## Market Risk Management

Market risk refers to the potential loss in future earnings, fair values, or cash flows due to fluctuations in the prices of financial instruments. These fluctuations may be driven by changes in interest rates, foreign exchange rates, commodity prices, equity prices, or other market variables. The Parent Company's exposure to market risk arises primarily from its positions in foreign exchange instruments, debt securities, equity securities, and derivative products.

Market risk exposures in 2025 and 2024 were influenced by movements in interest rates and bond yields, which affected the valuation of fixed income portfolios. The Group actively monitored these exposures through VaR and stress testing frameworks.

*Value-at-Risk (VaR)*

Value-at-Risk (VaR) is a key metric used by the Parent Company to quantify market risk. It provides a statistical estimate of the potential loss in value of a portfolio, based on current market conditions, including price trends, volatilities, and asset correlations—over a specified time horizon and at a defined confidence level.

VaR serves as a crucial early warning indicator by alerting senior management when potential losses exceed predefined risk thresholds. This enables timely strategic adjustments to portfolio exposures in response to market developments, consistent with the Parent Company's overall risk appetite and risk management framework.

In 2025 and 2024, Parent Company uses Historical VaR Model using 99% confidence level, and a 1-day defeasance period.

The Market & Asset-Liability Risk Management Team runs VaR daily, monitors the VaR against the BOD approved VaR limit and submits Daily VaR Reports to concerned division/group/segment heads.

To verify the validity of the VaR model used, the Treasury Operations Division performs quarterly back testing to examine how frequently actual daily losses exceed the daily VaR. Backtesting results are reviewed by the head of Treasury Operations Division. Exceptions, if any, are reported to the ROC and the BOD.

A summary of the VaR position of USD fixed income exposures of the Parent Company to changes in market conditions is as follows:

|               | <b>Market Price and Interest Rate</b>                                  |                                                                    |

| Lowest        | <b>0.05</b>                                      | 0.03                                             |

### *Stress testing*

While Value-at-Risk (VaR) is effective in estimating potential losses under normal market conditions—typically capturing 99% of market scenarios—it may not fully reflect losses arising from rare, yet plausible, extreme market events. To address this limitation, the Parent Company conducts stress testing to evaluate potential vulnerabilities in its portfolios under adverse market conditions.

Stress testing is performed on the Parent Company's foreign currency trading positions and investment portfolios, including bond holdings. This technique assesses the impact of extreme but plausible scenarios on earnings and portfolio values. These simulations help identify concentrations of risk and determine the Parent Company's overall tolerance for significant adverse outcomes.

Unlike VaR, which captures typical market behavior, stress tests simulate outcomes during abnormal or crisis periods. Consequently, losses projected through stress testing are generally more severe than those estimated by the VaR model, offering insights into risk exposures that may not be evident under regular market conditions.

The Parent Company applies two types of stress testing methodologies:

- Internally developed stress test scenarios, conducted monthly, tailored to reflect specific risk concerns relevant to the Parent Company's portfolios; and
- Regulatory stress testing, conducted semiannually in accordance with the Bangko Sentral ng Pilipinas' Uniform Stress Testing Program, which prescribes a standard set of market shocks for consistency across the banking sector.

Findings from these stress tests are formally reported to the Asset and Liability Committee (ALCO), the Risk Oversight Committee (ROC), and the Board of Directors (BOD) to support informed decision-making and proactive risk management.

### Interest Rate Risk Management

Interest rate risk arises from the possibility that changes in the interest rates will affect future cash flows or the fair value of financial instruments. The Parent Company follows a prudent policy on managing its assets and liabilities so as to ensure that the exposure to fluctuations in interest rates is kept within acceptable limits.

As of December 31, 2025 and 2024, 92.21% and 82.67%, respectively, of the Bank's total loan portfolio comprised floating rate loans which are repriced periodically by reference to the transfer pool rate that reflects the Bank's internal cost of funds. As a result of these factors, the Bank's exposure to interest rate fluctuations, and other market risks, is significantly reduced.

The Bank, in keeping with banking industry practice, aims to achieve stability and lengthen the term structure of its deposit base, while providing adequate liquidity to cover transactional banking requirements of customers. Interest is paid on substantial portion of demand accounts which constituted 37.36% and 37.65% , respectively, of total deposits of the Parent Company as of December 31, 2025 and 2024, respectively, and pays a variable interest rate of 0.10%. Rates on savings accounts and time deposit accounts, which constituted 10.34% and 52.29%, respectively, of total deposits as of December 31, 2025 and 12.40% and 49.95%, respectively, of total deposits as of December 31, 2024, are set by different criteria. Savings account rates are set by reference to prevailing market rates, while rates on time deposits and special savings accounts are usually priced by reference to rates applicable to prevailing rates on Philippine Treasury Bills and other money market instruments or, in the case of foreign currency deposits, Singapore Interbank Offer Rate and other benchmark dollar deposit rates in the Asian and international money markets with similar maturities.

The following tables provide for the average EIR by period of maturity or repricing of the Group and the Parent Company as of December 31, 2025 and 2024:

|                                               | Consolidated and Parent Company |                       |                           |                       |                       |                           |

The Parent Company also monitors its exposure to fluctuations in interest rates by measuring the impact of interest rate movements on its interest income. This is done by modeling the impact of various changes in interest rates to the Parent Company's interest-related income and expenses.

The method by which the Parent Company measures the sensitivity of its assets and liabilities to interest rate fluctuations is by way of interest rate analysis. This analysis provides the Parent Company with a measure of the impact of changes in interest rates on the actual portfolio, that is, the risk exposure of future accounting income. The repricing gap is calculated by distributing the financial assets and financial liabilities into tenor buckets according to the time remaining to maturity or next repricing date and then obtaining the difference between the total of the repricing (interest rate sensitive) assets and repricing (interest rate sensitive) liabilities.

A gap is considered negative when the amount of interest rate sensitive liabilities exceeds the amount of interest rate sensitive assets. A gap is considered positive when the amount of interest rate sensitive assets exceeds the amount of interest rate sensitive liabilities. Accordingly, during a period of rising interest rates, a bank with a positive gap would be better positioned than one with a negative gap to invest in or hold higher yielding assets more quickly than it would need to refinance its interest-bearing liabilities. During a period of falling interest rates, a bank with a positive gap would tend to see its assets repricing at a faster rate than one with a negative gap, which may restrain the growth of its net income or result in a decline in net interest income.

The following tables set forth the asset–liability gap position of the Group and the Parent Company as of December 31, 2025 and 2024 (amounts in millions):

| Consolidated                            |                  |                                     |                                |                                                 |                   |                |

\* includes cash margin that is lodged under 'Other current assets'

The following tables demonstrate the sensitivity of the cumulative net position of risk-sensitive assets and risk-sensitive liabilities to a reasonable change in interest rates, with all other variables held constant (amounts in millions):

| 2025                                        |         |           |         |           |
|---------------------------------------------|---------|-----------|---------|-----------|
| Changes in Interest Rates (in Basis Points) |         |           |         |           |
| Changes in interest rates (in basis points) | 50      | –50       | 100     | –100      |
| Change in annualized net interest income    | ₱174.10 | (₱174.10) | ₱348.20 | (₱348.20) |

| 2024                                        |         |           |         |           |
|---------------------------------------------|---------|-----------|---------|-----------|
| Changes in Interest Rates (in Basis Points) |         |           |         |           |
| Changes in interest rates (in basis points) | 50      | –50       | 100     | –100      |
| Change in annualized net interest income    | ₱126.94 | (₱126.94) | ₱251.88 | (₱251.88) |

The table below shows the Group's and the Parent Company's different market risk-weighted assets, as reported to BSP, using the standardized approach in accordance with MORB Section 125 and Appendix 59:

| Type of Market Risk Exposure | 2025    | 2024     |
|------------------------------|---------|----------|
| Foreign exchange exposures   | ₱20,090 | ₱404,877 |

### Foreign Currency Risk Management

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency—deposits in the Parent Company’s FCDU account made in the Philippines or which are generated from remittances to the Philippines by Filipino expatriates and overseas Filipino workers who retain for their own benefit or for the benefit of a third party, foreign currency deposit accounts with the Parent Company and foreign currency—denominated borrowings appearing in the regular books of the Parent Company.

Foreign currency deposits are generally used to fund the Parent Company’s foreign currency—denominated loan and investment portfolio in the FCDU. Banks are required by the BSP to match the foreign currency assets with the foreign currency liabilities held through FCDUs. In addition, the BSP requires a 30.00% liquidity reserve on all foreign currency liabilities held through FCDUs.

The Parent Company’s policy is to maintain foreign currency exposure within acceptable limits and within existing regulatory guidelines. The Parent Company believes that its profile of foreign currency exposure on its assets and liabilities is within limits for a financial institution engaged in the type of business in which the Parent Company is engaged in.

The ERMG uses VaR, Foreign Exchange Sensitivity Testing, and Foreign Exchange Stress Testing to measure risk inherent to the Parent Company’s foreign currency net exposures. In assessing the foreign currency risk, the Parent Company employs a pre—defined key risk indicator under Market Risk Assessment Matrix to determine the level of risk (for example, Low Risk, Moderate Risk, High Risk) the results of which are reported to the ROC on a quarterly basis.

The table summarizes the Group’s and the Parent Company’s exposure to foreign exchange risk as of December 31, 2025 and 2024. Included in the table are the Group’s and the Parent Company’s assets and liabilities at carrying amounts, categorized by currency (amounts in ‘000s):

|                                    | 2025              |                 |                   | 2024              |               |                   |
|------------------------------------|-------------------|-----------------|-------------------|-------------------|---------------|-------------------|

\*Includes Euro, Australian Dollar, Japanese Yen, Swiss Franc, Canadian Dollar, Singapore Dollar

The tables below indicate the exposure of the Group (excluding the Parent Company's FCDU) to USD on its non-trading monetary assets and liabilities. The analysis calculates the effect of a reasonably possible movement of the base currency rate against the USD, with all other variables held constant, on the statement of income and statement of comprehensive income. A negative amount in the tables reflects a potential net reduction in income, while a positive amount reflects a potential net increase.

| Change in annualized net income   | ₱12,146                                  | (₱12,146)     | ₱16,195      | (₱16,195)     |

#### Operational Risk

The Parent Company uses the Basic Indicator Approach in computing Operational Risk in accordance with MORB Section 125 and Appendix 59 as reported to the BSP (amounts in millions):

|                                                                    | <b>2025</b>    | <b>2024</b>    |
|--------------------------------------------------------------------|----------------|----------------|
| Average Gross Income (Previous 3 Years)                            | <b>₱6,138</b>  | <b>₱5,653</b>  |
| Capital Charge (Average Gross Income times 18.75% <sup>(a)</sup> ) | <b>1,151</b>   | <b>1,060</b>   |
| Risk Weighted Asset (Capital Charge times 10)                      | <b>₱11,508</b> | <b>₱10,599</b> |

(a) Equivalent to adjusted capital charge of 15% of 125% to be consistent with required minimum Capital Adequacy Ratio of 10%

## **6. Segment Information**

The Group's operating businesses are organized and managed separately according to the nature of services provided and the different markets served with each segment representing a strategic business unit. The Group's business segments are as follow:

Branch Banking Group – handles the individual customers' deposits, and provides overdrafts and fund transfer facilities;

Corporate Banking Group – manages the relationship with the corporate and institutional clients of the Parent Company with loans and credit facilities as the primary product;

Treasury Segment – is responsible for the management of the Group's balance sheet and liquidity position. It also handles the Group's investments in securities, both local and abroad, as well as placements and acceptances with other banks;

Consumer Finance Segment – provides the retail client's credit requirements for the purchase of auto, home and personal loan requirements; and

Trust and Wealth Management Segment – is the segment that functions as the Trustee or Investment Manager for both individual and corporate accounts.

Segment's resources, both assets and liability are those operating resources that are employed by a segment in its operating activities and that are either directly attributable to the segment or can be allocated to the segment on a reasonable basis.

Revenue is reported net of interest expense as management primarily relies on net interest revenue as a performance measure, not the gross interest income and expense. Revenue also includes trading gains from dealing of securities.

No revenue from transactions with a single external customer or counterparty amounted to 10.00% or more of the Group's total revenue for 2025, 2024 and 2023.

The Group's revenue-producing assets are located in one geographical location, which is the Philippines, therefore, geographical segment information is no longer presented. Revenue from third party includes trading gains.

The following tables present income and profit and certain asset and liability information regarding the Group's operating segments as of and for the years ended December 31, 2025, 2024 and 2023:

| Consolidated<br>2025                                     |                         |                            |                  |                                |                                              |                           |              |

### PISAI

The investment cost of ₱10.00 million represents the initial equity investment as approved by the BSP on May 2, 2014.

On January 11, 2021, the BOD of the Parent Company approved the dissolution and retirement of business of PISAI. PISAI, which has been inactive for the past 3 years, has continuously remained inactive but continued to incur operating expenses. The Parent Company does not see any need for the subsidiary and has decided to retire the business operations.

The Company has received clearances from the Insurance Commission and Business permit from the Makati Local Government last May 26, 2021, and September 30, 2021, respectively. On July 2022, the Board approved the extension of the effectivity of the retirement of business of the company until March 31, 2023. On February 22, 2023, the board further extended the period until December 31, 2024. On April 19, 2023, the Certificate of No outstanding tax liability was issued by the Bureau of Internal Revenue. On September 27, 2023, the board approved the new effectivity of the date of dissolution until April 2024 amending the previous resolution. The SEC approved this amendment on April 3, 2024, extending the corporate term until April 30, 2024. On May 3, 2024, PISAI completed the settlement of its liabilities and liquidated its remaining assets for distribution to its stockholders. Following this, the Parent Company received the release of PISAI's remaining assets and derecognized its investment in PISAI. As a result, the Parent Company no longer consolidates PISAI's financial statements.

The following table presents the financial information of PBCom Finance:

|                            | <b>PBCom Finance</b> |             |             |

| Total comprehensive income | <b>949</b>           | 1,548       | 4,071       |

## 8. Interbank Loans Receivable

Interbank loans receivable of the Group and the Parent Company is comprised of USD-denominated loans of ₱185.46 million (\$3.15 million) and ₱404.20 million (\$6.99 million) as of December 31, 2025 and 2024, respectively, and PHP-denominated loans of ₱2.90 billion as of December 31, 2025.

As of December 31, 2025 and 2024, there is no outstanding SPURA.

Interest income on the Group's and the Parent Company's interbank loans receivable and SPURA follows:

|                            | <b>2025</b>     | <b>2024</b> | <b>2023</b> |
|----------------------------|-----------------|-------------|-------------|
| SPURA                      | <b>₱82,246</b>  | ₱50,202     | ₱115,451    |
| Interbank loans receivable | <b>53,696</b>   | 19,681      | 14,388      |
|                            | <b>₱135,942</b> | ₱69,883     | ₱129,839    |

Interbank loans receivable bears nominal annual interest rates ranging from 3.75% to 5.94% in 2025, 4.25% to 6.53% in 2024, and 4.80% to 6.44% in 2023, while SPURA bears nominal annual interest rates from 4.70% to 5.90% in 2025, 5.94% to 6.50% in 2024 and ranging from 5.50% to 6.40% in 2023.

The Parent Company is not permitted to sell or repledge the related collateral on SPURA in the absence of default by the counterparty.

## 9. Financial Assets at Fair Value Through Other Comprehensive Income (FVTOCI)

As of December 31, 2025 and 2024, the Group's and the Parent Company's financial assets at FVTOCI consist of the following:

|                    | 2025               | 2024        |
|--------------------|--------------------|-------------|
| Debt securities:   |                    |             |
| Government         | ₱21,290,722        | ₱6,433,011  |
| Corporate          | —                  | 136,239     |
| Sovereign bonds    | 11,086,800         | 4,458,003   |
|                    | <b>32,377,522</b>  | 11,027,253  |
| Equity securities: |                    |             |
| Quoted             | 173,217            | 179,192     |
| Unquoted           | 38,124             | 46,516      |
|                    | <b>211,341</b>     | 225,708     |
|                    | <b>₱32,588,863</b> | ₱11,252,961 |

The Parent Company has designated the above equity investments as at FVTOCI as these are held for long-term strategic purpose rather than for trading. There were no dividends declared on these equity investments and no cumulative gain or loss was transferred within equity in 2025, 2024, and 2023.

The movements in net unrealized losses on debt and equity securities recognized in OCI follow:

|                                                                                   | 2025              | 2024       |

Condominium units for lease represent the contributed cost of developing the Parent Company's Ayala Avenue property, originally consisting of land and fully depreciated building, into a 52-storey building (the PBCOM Tower) under a joint development agreement with Filinvest Asia Corporation (Filinvest Asia).

The agreement provided for equal sharing of the cost of the project and, correspondingly, of the net usable area of the building, which was converted into a condominium property. Under the agreement, the Parent Company's share in such cost included its land along Ayala Avenue, which was given an appraised value of ₱900.00 million in 1995. The related appraisal increment was closed to surplus, net of applicable deferred tax liability, upon completion of the project in 2000.

In November 2007, by virtue of condominiumization, various condominium certificates of title under the name of the Parent Company were derived from transfer certificate of title (TCT) No. 134599, where the declaration of restrictions and scope of coverage were annotated on October 23, 2007.

In May 2019, the 4th floor of Parent Company's PBCOM tower building was converted from bank premises to Condominium units for lease.

In October 2023, the 4th floor of Parent Company's PBCOM tower building was converted from Condominium units for lease to Bank Premises.

As of December 31, 2025 and 2024, about 84.93% of the usable area that the Parent Company acquired from the PBCOM Tower project is held for lease, with the balance used for the Parent Company's operations. Accordingly, the cost allocable to the areas available for lease is carried as investment properties, while the remaining balance is carried as condominium properties and included in 'Property and equipment' (see Note 12).

As of December 31, 2025 and 2024, the aggregate fair value of investment properties amounted to ₱13.65 billion and ₱13.45 billion, respectively, for the Group and Parent Company, which has been determined based on valuations made by professionally qualified appraisers accredited by the BSP and SEC.

The Parent Company recognized rental income (included under 'Rent income' in the statements of income) amounting to ₱179.33 million, ₱367.65 million, and ₱381.08 million in 2025, 2024 and 2023, respectively, on condominium properties leased out under operating leases. In 2025, 2024 and 2023, the Parent Company also recognized rental income from office units for lease amounting to ₱2.99 million, ₱0.04 million, and ₱6.01 million, respectively.

The Group and Parent recorded gain (loss) from foreclosure of loan collaterals amounting to ₱30.72 million, ₱75.01 million, and ₱11.82 million, in 2025, 2024, and 2023, respectively. This is presented as 'Gain (loss) on assets exchange – net' in the statements of income.

The Group and Parent recorded gain on disposal of certain foreclosed properties amounting to ₱630.22 million, ₱102.50 million, and ₱19.65 million, in 2025, 2024, and 2023, respectively. This is included under 'Profit (loss) from assets sold' in the statements of income.

Direct operating expenses (included under 'Compensation and fringe benefits', 'Depreciation and amortization', 'Occupancy and other equipment-related costs', 'Taxes and licenses' and 'Miscellaneous') arising from investment properties that generated rental income amounted to ₱157.68 million, ₱162.26 million, and ₱121.99 million in 2025, 2024, and 2023, respectively.

Direct operating expenses (included under 'Compensation and fringe benefits', 'Depreciation and amortization', 'Occupancy and other equipment-related costs', 'Taxes and licenses' and 'Miscellaneous') arising from investment properties that did not generate rental income amounted to ₱142.39 million, ₱128.18 million, and ₱96.87 million in 2025, 2024, and 2023, respectively.

---

#### 14. Intangible Assets

##### Intangible Assets

This account consists of:

|                 | 2025            | 2024     |
|-----------------|-----------------|----------|
| Branch licenses | <b>₱364,700</b> | ₱364,700 |
| Bank license    | <b>25,000</b>   | 25,000   |
| Software costs  | <b>154,129</b>  | 125,598  |
|                 | <b>₱543,829</b> | ₱515,298 |

*Bank license*

This refers to the universal bank license paid by the Parent Company in 2022.

*Branch licenses*

Branch licenses of the Group arose from the acquisitions of Consumer Savings Bank (CSB) and PRBI. As of December 31, 2025 and 2024, details of branch licenses follow:

|                                          |  |                 |
|------------------------------------------|--|-----------------|
| Branch licenses from the acquisition of: |  |                 |
| PRBI                                     |  | ₱262,600        |
| CSB                                      |  | 102,100         |
|                                          |  | <u>₱364,700</u> |

The branch license incentives given to the Parent Company for its acquisition of Rural Bank of Nagcarlan, Inc. (RBNI), which was eventually merged with PRBI, was measured at fair value on September 1, 2014, the acquisition date, consistent with the requirements of PFRS 3, *Business Combination*. PFRS 3 requires that the identifiable assets and liabilities arising from a business combination be measured at fair value. The fair value of the branch licenses was based on the provisions of the Manual of Regulations for Banks (MORB) that was in effect at that time, which sets a licensing fee and processing fee per branch of ₱20.00 million and ₱200.00 thousand, respectively.

On July 25, 2019, the BSP approved the sale of 100 percent voting shares of PRBI to Producers Savings Bank Corporation (PROSBI) to consolidate the efforts and resources to the Parent Company. Accordingly, branch licenses from RBNI acquisition were reclassified from the investment account to intangible assets in the Parent Company's separate financial statements upon sale of PRBI. No new asset was recognized because the branch licenses have always been recognized as an asset of the Parent Company since its acquisition of RBNI.

As of December 31, 2025 and 2024, the individual branches were identified as the CGU for purposes of impairment testing on the branch licenses for CSB. For the impairment testing on the branch licenses arising from the acquisition of RBNI, the Parent Company's branch banking group was identified as the CGU as the branch banking group would benefit from the synergies of the additional branches in obtaining fresh funds from depositors for deployment.

In 2025, 2024, and 2023, the Parent Company's impairment assessment indicates no impairment.

*Key assumptions used in the VIU calculations*

As of December 31, 2025 and 2024, the recoverable amounts of the CGUs have been determined based on VIU calculations that use cash flow projections based on financial budgets approved by management covering a 5-year period. The significant assumptions used in computing for the recoverable amount for PRBI and CSB branches in 2025 and 2024 as follows:

| Significant Assumptions    | 2025   | 2024   |
|----------------------------|--------|--------|
| Deposit growth rates       | 10.72% | 13.00% |
| Discount rate              | 9.00%  | 10.69% |
| Terminal value growth rate | 5.23%  | 5.20%  |

Deposit growth rates were based on experiences and strategies developed by the Parent Company. The discount rate used for the computation of the present value of the projected cash flows is the cost of equity and was determined by reference to comparable entities. The terminal value growth rate has been determined to reflect the long-term view on the CGU's business.

*Sensitivity to changes in assumptions*

Management believes that no reasonably possible change in any of the above key assumptions would cause the carrying value of the CGU to exceed its recoverable amount.

*Software*

The movements of software costs follow:

|                        | <b>Consolidated and Parent Company</b> |             |
|------------------------|----------------------------------------|-------------|
|                        | <b>2025</b>                            | <b>2024</b> |
| Balance at January 1   | <b>₱125,598</b>                        | ₱135,518    |
| Additions              | <b>50,683</b>                          | 21,717      |
|                        | <b>176,281</b>                         | 157,235     |
| Amortization (Note 12) | <b>(22,152)</b>                        | (31,637)    |
| Balance at December 31 | <b>₱154,129</b>                        | ₱125,598    |

## 15. Other Assets

Other assets consist of:

## 17. Deposit Liabilities

Deposit liabilities and deposit substitute liabilities are subject to required reserves. On September 05, 2024, BSP Circular No. 1201 were issued reducing the reserve requirement from 9.5% to 7.00% for universal and commercial banks effective reserve week October 25, 2024.

Subsequently, on March 11, 2025, BSP Circular No. 1211 further reduced the reserved requirement ratio to 5%, effective reserve week March 28, 2025. The reduced reserve ratio applies to demand deposits, savings deposits (excluding basis deposit accounts), time deposits and deposit substitute.

These reductions in reserve requirements are intended to enhance liquidity in the financial system and support lending activities of banks.

As of December 31, 2025 and 2024, Due from BSP amounting to ₱5.65 billion and ₱6.51 billion, respectively, were set aside as reserves for deposit liabilities. As of December 31, 2025 and 2024, the Group is in compliance with the above regulations.

On July 26, 2018, the Monetary Board of the BSP, in its Resolution No. 1220, approved the Parent Company's issuance of LTNCDs of up to ₱5.00 billion in one or more tranches over the course of one year, with minimum tenor of 5 years and 1 day to a maximum of 7 years. The purpose of the issuance is specifically for long-term funding.

On October 8, 2018, the Parent Company issued ₱2.90 billion worth of LTNCDs with a tenor of 5 years and 6 months. The LTNCDs matured on April 8, 2024 and have fixed interest rate of 5.625% per annum, payable quarterly in arrears on October 8, January 8, April 8 and July 8 of each year, commencing on January 8, 2019. The LTNCDs are listed in the trading platform of the Philippine Dealing & Exchange Corp. (PDEX) for secondary market trading.

On April 8, 2024, the Bank fully settled its outstanding ₱2.90 billion LTNCDs issued on October 8, 2018.

Interest expense on deposit liabilities consists of:

|         | Consolidated and Parent Company |                   |                   |
|---------|---------------------------------|-------------------|-------------------|
|         | 2025                            | 2024              | 2023              |
| Demand  | ₱46,463                         | ₱44,972           | ₱44,606           |
| Savings | 16,238                          | 13,845            | 11,903            |
| Time    | 3,365,220                       | 3,187,386         | 2,289,712         |
| LTNCD   | —                               | 46,708            | 169,398           |
|         | <b>₱3,427,921</b>               | <b>₱3,292,911</b> | <b>₱2,515,619</b> |

Peso-denominated deposit liabilities earn annual fixed interest rates ranging from 0.10% to 4.75% in 2025, 0.10% to 4.75% in 2024, and 0.10% to 4.50% in 2023, while foreign currency-denominated deposit liabilities earn annual fixed interest rates ranging from 0.10% to 4.00%, 0.10% to 4.25%, and 0.10% to 4.25% in 2025, 2024 and 2023, respectively.

## 18. Bills Payable

This account consists of the Group's and the Parent Company's borrowings from:

|                                        | 2025               | 2024               |
|----------------------------------------|--------------------|--------------------|
| Private firms and individuals          | <b>₱2,359,727</b>  | ₱5,316,716         |
| Banks and other financial institutions | <b>20,245,328</b>  | 11,069,800         |
|                                        | <b>₱22,605,055</b> | <b>₱16,386,516</b> |

As of December 31, 2025, ₱18.78 billion of the bills payable are collateralized by investment in government securities. Details of the securities pledged are as follows:

|                                         | 2025               |                    |                    |
|-----------------------------------------|--------------------|--------------------|--------------------|
|                                         | Face value         | Carrying amount    | Fair value         |
| Investment securities at amortized cost | <b>₱17,792,657</b> | <b>₱18,780,947</b> | <b>₱17,818,710</b> |

As of December 31, 2024, ₱18.33 billion of the bills payable are collateralized by investment in government securities. Details of the securities pledged are as follows:

|                                         | 2024               |                    |                    |
|-----------------------------------------|--------------------|--------------------|--------------------|
|                                         | Face value         | Carrying amount    | Fair value         |
| Investment securities at amortized cost | <b>₱17,537,558</b> | <b>₱18,328,915</b> | <b>₱16,878,841</b> |

The Group has interbank borrowings amounting to \$114.7 million as of December 31, 2025 and no dollar interbank borrowings as of December 31, 2024.

The Group also did not avail of peso and dollar rediscounting facilities in 2025 and 2024.

Interest expense on bills payable and other borrowings consists of:

|                                                 | Consolidated      |          |          | Parent Company    |          |          |

Borrowings from private firms and individuals represent deposit substitutes with maturities of 1 to 365 days in 2025 and 1 to 181 days in 2024, respectively. These borrowings bear annual interest rates ranging from 5.38% to 6.50%, 4.50% to 6.75%, and 1.00% to 6.75%, in 2025, 2024 and 2023, respectively.

As of December 31, 2025 and 2024, Due from BSP amounting to ₱117.24 million and ₱397.32 million, respectively, were set aside as reserves for deposit substitutes.

## 19. Bonds Payable

The Bank's bonds are subject to reserve requirements in accordance with BSP regulations. Based on BSP Circular No. 1185 issued in December 2023, a reserve rate of 3% applies to these bonds. In February 2026, BSP Circular No. 1229 reduced the reserve rate from 3% to 2% effective reserve week starting February 27, 2026.

On November 5, 2024, PBCOM issued ₱7.7 billion worth of Peso Fixed Rate Bonds (Series A Bonds) under its ₱15 billion Peso Bond Program approved by the Board of Directors on March 20, 2024. The Series A Bonds have a tenor of 1.5 years and bear a fixed interest rate of 6.0796% per annum, payable quarterly in arrears. The bonds are listed on the PDEX.

Details of the Bonds Payable as follows:

| Issue Date       | Maturity Date | Face Value | Coupon Rate | Carrying Value |
|------------------|---------------|------------|-------------|----------------|
| November 5, 2024 | May 5, 2026   | ₱7,693,800 | 6.0796%     | ₱7,623,300     |

As of December 31, 2025, the unamortized transaction costs of bonds payable amounted to ₱18.64 million while the amortization of transaction cost that were charged to "Interest expense on bonds payable" in the "Bills payable, borrowings and others" amounted to ₱51.86 million.

As of December 31, 2025 and 2024, Due from BSP amounting to ₱230.81 million was set aside as reserves for bonds.

## 23. Equity

### Common Stock

Details and movements of common stock follow:

|                               | Shares  | Amount      |
|-------------------------------|---------|-------------|
| <b>Common – ₱25 par value</b> |         |             |
| Authorized                    | 760,000 | ₱19,000,000 |
| Issued and outstanding        |         |             |
| Balance at December 31        | 480,645 | ₱12,016,129 |

The Parent Company became listed in the PSE on May 12, 1988. After its listing in the PSE, there was no succeeding offer/selling to the public of the Parent Company's shares.

The summarized information on the Parent Company's registration of securities under the Securities Regulation Code follows:

| Date of SEC Approval | Type/Class     | Authorized Shares | Par Value |
|----------------------|----------------|-------------------|-----------|
| November 23, 1988    | Common Class A | 7,000,000         | 100       |
|                      | Common Class B | 3,000,000         | 100       |
| June 3, 1993         | Common Class A | 14,000,000        | 100       |
|                      | Common Class B | 6,000,000         | 100       |
| September 11, 1997   | Common         | 65,000,000        | 100       |
| April 6, 2001        | Common         | 145,000,000       | 100       |
| March 31, 2006       | Common         | 145,000,000       | 100       |
|                      | Preferred      | 120,000,000       | 25        |
| March 11, 2013       | Common         | 760,000,000       | 25        |

As reported by the Parent Company's transfer agent, AB Stock Transfers Corporation, the total number of shareholders is 343 and 391 as of December 31, 2025 and 2024, respectively.

### Surplus Reserves

In compliance with BSP regulations and RA No. 337, *The General Banking Act*, 10.00% of the Parent Company's profit from trust business is appropriated to surplus reserves. This annual appropriation is required until the surplus reserves for trust business equals 20.00% of the Parent Company's authorized capital stock. Surplus reserve for self-insurance represents the amount set aside to cover for losses due to fire, defalcation by and other unlawful acts of the Parent Company's personnel or third parties.

Upon adoption of PFRS 9, BSP requires appropriation of a portion of the Group's Surplus at an amount necessary to bring to at least 1% the allowance for credit losses on loans (Note 16). The Bank appropriated ₱140.14 million in 2025 and ₱3.41 million in 2024, to meet prudential requirements on 1% general loan loss provisioning.

|                            | 2025            | 2024     |
|----------------------------|-----------------|----------|
| Reserve for GLLP           | <b>₱490,445</b> | ₱350,303 |
| Reserve for Trust Business | <b>91,561</b>   | 90,719   |
| Reserve for Self Insurance | <b>17,118</b>   | 17,118   |
|                            | <b>₱599,124</b> | ₱458,140 |

### Surplus

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 differs to a certain extent from the computation following BSP Guidelines.

In the consolidated financial statements, accumulated net earnings of the subsidiary and an associate amounting to ₱8.44 million and ₱8.06 million as of December 31, 2025 and 2024, respectively, that were closed out to 'Surplus' is not available for dividend declaration. The accumulated equity in net earnings becomes available for dividends upon declaration and receipt of cash dividends from the investees.

### Capital Management

The primary objectives of the Parent Company's capital management are to ensure that the Parent Company complies with regulatory capital requirements and that the Parent Company maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholders' value.

The Parent Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Parent Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes were made in the objectives, policies and processes from the previous years.

The Parent Company maintains an actively managed capital base to cover risks inherent in the business. The adequacy of the Parent Company's capital is monitored using, among other measures, the rules and ratios established by the Basel Committee on Banking Supervision ("Bank for International Settlements rules/ratios") and adopted by the BSP as discussed below. The Parent Company has complied in full with all its regulatory capital requirements.

### *BSP approvals*

On December 14, 2012, the BSP, in its Resolution No. 2088, approved the request of the Parent Company to include the ₱1.92 billion appraisal increment resulting from the revaluation of PBCom Tower as part of unimpaired and qualifying capital in computing for net worth and capital adequacy ratio. Effective January 1, 2018, the Group and the Parent Company changed their method of accounting for Investment Properties and Land from the fair value model and revaluation model, respectively, to the cost model, and restated the comparative information in its audited financial statements. As approved by the BSP, however, the Parent Company continues to include the above revaluation increment for purposes of regulatory unimpaired and qualifying capital in its computation of net worth and capital adequacy ratio. As of December 31, 2025 and 2024, the revaluation increment pertaining to PBCOM Tower amounted to ₱1.78 billion and ₱1.77 billion, respectively.

### Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the Parent Company's compliance with regulatory requirements and ratios is based on the amount of the Group's "qualifying capital" (regulatory net worth) as reported to the BSP, which is determined on the basis of regulatory accounting policies which may differ from PFRS Accounting Standards in some respects.

The BSP, under Section 125 and Appendix 59 of the MORB, prescribes guidelines in implementing the revised risk-based capital adequacy framework for universal and commercial banks to conform with Base III standards.

Under the MORB, the quality capital a bank must maintain to cover its risks. These include:

- Tier One capital – comprises the Group's and the Parent Company's core capital resources that are immediately available to sustain the financial stability of the group. Components of tier one capital include:
  - Core-Equity Tier One or CET-1 includes paid-in shares of common stock, retained earnings and accumulated OCI. CET-1 must be the predominant form of Tier One Capital. CET-1 absorbs all deductions to capital mandated by regulation. These deductions include capital invested in affiliates, net deferred tax assets and intangible assets items.
  - Alternative Tier One or AT-1 includes other equity type claims on a bank's statement of financial position that are sufficiently subordinate to the claims of depositors and senior creditors and whose cash flow distributions are not committed and cancellable at the option of the bank.
- Tier Two capital – includes auxiliary items, such as the general loan loss provision and appraisal increment reserves on investment property, that supplement Tier One Capital in sustaining the financial stability of the bank.

Banks must maintain CET-1 capital equivalent to 6.00%, Total Tier One capital equivalent to 7.5% and Total capital equivalent to 10% of regulatory risk weighted assets at all times.

Below is a summary of risk weights and selected exposure types:

| Risk Weight | Exposure/Asset Type*                                                                                                                                                                                                                                                                                        |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 0.00%       | Cash on hand; claims collateralized by securities issued by the national government, BSP; loans covered by the Trade and Investment Development Corporation of the Philippines; real estate mortgages covered by the Home Guarantee Corporation                                                             |
| 20.00%      | Cash and other cash items, claims guaranteed by Philippine incorporated banks/quasi-banks with the highest credit quality; claims guaranteed by foreign incorporated banks with the highest credit quality; loans to exporters to the extent guaranteed by Small Business Guarantee and Finance Corporation |
| 50.00%      | Housing loans fully secured by first mortgage on residential property; Local Government Unit (LGU) bonds which are covered by Deed of Assignment of Internal Revenue allotment of the LGU and guaranteed by the LGU Guarantee Corporation                                                                   |
| 75.00%      | Direct loans of defined Small Medium Enterprise and microfinance loans portfolio; non-performing housing loans fully secured by first mortgage                                                                                                                                                              |

| Risk Weight | Exposure/Asset Type*                                                                                                                  |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------|
| 100.00%     | All other assets (for example, real estate assets) excluding those deducted from capital (for example, deferred income tax)           |
| 150.00%     | All non-performing loans (except non-performing housing loans fully secured by first mortgage) and all non-performing debt securities |

\*Not all inclusive

As of December 31, 2025 and 2024, the Group and the Parent Company reported ratios in excess of the regulatory requirements.

Presented below are the composition of qualifying capital and the related disclosures as reported to the BSP (amounts in millions):

|                                                | 2025           | 2024    |
|------------------------------------------------|----------------|---------|
| CET-1 Capital                                  | <b>₱20,056</b> | ₱18,296 |

| CET 1 Capital Ratio                            | 14.29%          | 13.56%   |
| Tier 1 Capital Ratio                           | 14.29%          | 13.56%   |
| Total Capital Ratio                            | 16.51%          | 15.72%   |

The Group's and the Parent Company's Tier 1 Capital Ratio and Total Capital Ratio as of December 31, 2025 based on its audited financial statement amounted to 14.27% and 16.50%, respectively.

#### Leverage ratio

BSP also requires the Basel III Leverage Ratio (BLR), which is designed to act as a supplementary measure to the risk-based capital requirements. BLR intends to restrict the build-up of leverage in the banking sector to avoid destabilizing deleveraging processes, which can damage the broader financial system and the economy. Likewise, it reinforces the risk-based requirements with a simple, non-risk based "backstop" measure.

Exposure measure is the sum of on-balance sheet exposures, derivative exposures, and off-balance sheet items. Items that are deducted completely from capital (regulatory deductions) do not contribute to leverage, hence, deducted from the exposure measure. BLR is computed as the capital measure (Tier 1 capital) divided by the total exposure measure and should not be less than 5.00%.

As of December 31, 2025 and 2024, BLR of the Parent Company, as reported to the BSP, is shown in the table below (amounts, except ratios, are expressed in millions):

|                        | 2025    | 2024    |
|------------------------|---------|---------|
| Tier 1 capital         | ₱19,399 | ₱17,732 |
| Total exposure measure | 188,891 | 161,210 |
| BLR                    | 10.27%  | 11.00%  |

The Parent Company's BLR as of December 31, 2025 based on its audited financial statement amounted to 10.26%.

### Internal Capital Adequacy Assessment Process (ICAAP)

As part of the Bank's ongoing commitment to sound risk management and prudent capital planning, PBCOM conducted its Internal Capital Adequacy Assessment Process (ICAAP) in alignment with the Bangko Sentral ng Pilipinas' (BSP) guidelines and the Basel framework. The ICAAP is a cornerstone of PBCOM's enterprise-wide risk governance and capital management framework, ensuring that the Bank holds sufficient capital to support its current and future business activities under both normal and stressed conditions.

In 2025, ICAAP continued to serve as a forward-looking capital planning and risk assessment tool, integrating the Group's risk profile, business strategy, and macroeconomic outlook. The process incorporates stress testing and evaluates the need for internal capital buffers beyond minimum regulatory requirements. ICAAP outputs are used in calibrating risk appetite, capital allocation, and business planning, and support management decision-making and capital optimization. The process also considers potential management actions to preserve capital under adverse conditions.

### *Purpose of ICAAP*

The ICAAP is designed to ensure that PBCOM:

- Maintains adequate capital levels commensurate with its overall risk profile,
- Incorporates forward-looking perspectives into its capital planning,
- Integrates risk assessment into strategic decision-making and business planning, and
- Embeds a robust governance structure around capital adequacy.

It complements the minimum capital requirements under Pillar 1 by capturing Pillar 2 risks such as interest rate risk in the banking book (IRRBB), concentration risk, liquidity risk, strategic risk, and reputational risk—risks that are either not fully captured or not captured at all under Pillar 1 metrics.

These regulatory capital classifications refer to Basel Pillar 1 risk categories and are distinct from the Group's internal three-pillar risk governance structure described above.

### Salient Points of the ICAAP Report:

#### 1. Risk Identification and Materiality Assessment

The Bank conducted a comprehensive review of all material risks to which it is exposed. This process considered both quantitative and qualitative inputs, including changes in the macroeconomic environment, regulatory updates, and internal developments such as the expansion of business lines and digital transformation initiatives.

#### 2. Capital Planning and Stress Testing

The ICAAP adopted a five-year capital planning horizon, integrating business projections with plausible and severe stress scenarios. Stress testing results confirmed that the Bank maintains sufficient capital buffers even under adverse macroeconomic conditions, such as elevated inflation, higher interest rates, or a sharp credit quality deterioration in key portfolios.

#### 3. Risk-Based Capital Allocation

Internal capital was allocated based on the assessed risk exposures, with adjustments to accommodate strategic priorities and evolving risk landscapes. The Bank applied a combination of quantitative models and management judgment to determine capital add-ons for Pillar 2 risks.

#### 4. Capital Adequacy and Buffer Maintenance

As of year-end 2025, PBCOM's internal capital adequacy ratio remains well above both the BSP regulatory minimum and the Bank's internal capital target, which incorporates a management buffer. This reflects the Bank's prudent risk appetite and strong capital position.

## 5. Governance and Oversight

The ICAAP process is overseen by the Board of Directors with the Risk Oversight Committee playing a key role in the review and challenge process. The ICAAP Steering Committee ensures integration with the Bank's overall business strategy and financial planning.

In conclusion, the latest ICAAP reaffirms PBCOM's commitment to maintaining a strong capital base aligned with its risk profile and strategic goals. The Bank continues to strengthen its capital planning, stress testing, and risk assessment capabilities to ensure resilience amid an evolving financial and economic landscape. PBCOM remains well-positioned to support sustainable growth while safeguarding stakeholder interests through robust capital adequacy practices.

## 24. Commitments and Contingent Liabilities

In the normal course of operations, the Group has various outstanding commitments and contingent liabilities such as guarantees, forward exchange contracts, and commitments to extend credit, which are not presented in the accompanying financial statements. The Group does not anticipate any material losses as a result of these transactions.

The Group has certain loan-related suits and claims that remain unsettled. It is not practicable to estimate the potential financial statement impact of these contingencies. However, in the opinion of management, the suits and claims, if decided adversely, will not involve sums that would have a material effect on the financial statements.

The Group is a defendant in legal actions arising from its normal business activities. Management believes that these actions are without merit or that the ultimate liability, if any, resulting from them will not materially affect the consolidated and parent company financial statements.

Allowance for expected credit losses on the loan commitments for the years ended December 31, 2025 and 2024 is ₱11.44 million and ₱11.69 million, respectively, included under 'Other liabilities' account (see Note 21).

The following is a summary of contingencies and commitments of the Group and the Parent Company with the equivalent peso contractual amounts:

|                                 | 2025               | 2024        |

#### Derivative Financial Instruments

As of December 31, 2025, the Parent Company has outstanding buy US dollar currency forwards with aggregate notional amount of US\$15 thousand, terms of 121 days, and weighted average forward rate of 58.79. As of December 31, 2025, derivative asset amounting to ₱1.63 thousand is presented under miscellaneous assets.

As of December 31, 2024, the Parent Company has outstanding buy US dollar currency forwards with aggregate notional amount of US\$6.21 thousand, terms of 187 days, and weighted average forward rate of 57.845. As of December 31, 2024, derivative asset amounting to ₱2.58 thousand is presented under miscellaneous assets.

In 2025, 2024 and 2023, total gain (loss) on currency forwards included under 'Trading and securities gain (loss) – others' in the statements of income amounted to (₱140.16 million), ₱6.79 million, and ₱3.04 million, respectively (see Note 26).

---

## 25. Trust Operations

Securities and other properties (other than deposits) held by the Parent Company for its customers in its fiduciary or agency capacity are not included in the statements of financial position since these are not assets of the Parent Company. Total assets held by the Parent Company's trust department amounted to ₱14.93 billion and ₱14.37 billion as of December 31, 2025 and 2024, respectively.

As of December 31, 2025 and 2024, government securities (included under 'Investment securities at amortized cost') owned by the Parent Company with total face value of ₱158.00 million, are deposited with the BSP in compliance with the requirements of RA No. 337 relative to the Parent Company's trust functions.

Income from the Group's and the Parent Company's trust operations shown under 'Income from trust operations' in the statements of income amounted to ₱43.45 million, ₱41.31 million, and ₱37.35 million, in 2025, 2024 and 2023, respectively.

---

## 26. Income on Investment Securities

Interest income on investment securities follows:

|                                         | 2025              | 2024              | 2023              |
|-----------------------------------------|-------------------|-------------------|-------------------|
| Investment securities at amortized cost | <b>₱1,545,370</b> | <b>₱1,304,719</b> | <b>₱1,209,449</b> |
| Financial assets at FVOCI               | <b>1,143,107</b>  | <b>737,862</b>    | <b>399,075</b>    |
| Investment securities                   | <b>2,688,477</b>  | <b>2,042,581</b>  | <b>1,608,524</b>  |
| Financial assets at FVTPL               | <b>95,706</b>     | <b>85,193</b>     | <b>40,953</b>     |
|                                         | <b>₱2,784,183</b> | <b>₱2,127,774</b> | <b>₱1,649,477</b> |

The Parent Company's peso-denominated investment securities earned annual interest rates ranging from 3.38% to 9.25% in 2025, 2.38% to 9.25% in 2024, and 2.38% to 9.25% in 2023, while dollar-denominated investment securities earned annual interest rates ranging from 1.38% to 10.63%, 1.38% to 10.63%, and 1.38% to 10.63% in 2025, 2024 and 2023, respectively and euro-denominated investment securities earned an annual interest rate of 2.63% in 2025 and 2024.

As of December 31, 2025 and 2024, the Group and the Parent Company, has no financial assets at FVTPL

The Group's and the Parent Company's trading and securities gain (loss) – net follows:

|                            | 2025             | 2024     | 2023     |
|----------------------------|------------------|----------|----------|
| Financial assets at FVTPL  | <b>₱161,227</b>  | ₱156,545 | ₱86,673  |
| Financial assets at FVTOCI | <b>320,242</b>   | 289,091  | 39,068   |
| Derivatives (Note 24)      | <b>(140,159)</b> | 6,785    | 3,035    |
|                            | <b>₱341,310</b>  | ₱452,421 | ₱128,776 |

## 27. Employee Benefits

The existing regulatory framework, RA No. 7641, *The Retirement Pay Law*, requires companies with at least ten employees to pay retirement benefits to qualified private sector employees in the absence of any retirement plan in the entity, provided however, that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan.

### Defined Benefit Plans

#### *Parent Company*

The Parent Company has a funded, noncontributory defined benefit retirement plan covering substantially all of its officers and regular employees. The Parent Company's annual contribution to the retirement plan consists of a payment covering the current service cost and unfunded actuarial accrued liability. The retirement plan provides a retirement benefit based on applicable percentage of salary (100% – 150%) depending on the number of years of service (minimum of five years), a fraction of a month being considered as one whole month. The Parent Company's retirement plan is in the form of a trust administered by the Parent Company's Trust and Wealth Management Group (TWMG) under the supervision of the Retirement Board.

The latest actuarial valuation studies of the defined benefit retirement plans of the Group were made as of December 31, 2025. The amounts relating to the defined benefit retirement plans of the Group and Parent Company are presented as 'Retirement liability' under 'Accrued Interest, Taxes and Other Expenses' in the statements of financial position as of December 31, 2025 and 2024.

The following table shows the actuarial valuation results for the Group and the Parent Company as of December 31, 2025 and 2024:

|                                    | 2025                            |                                   |                                | 2024                            |                                   |                                     |
|------------------------------------|---------------------------------|-----------------------------------|--------------------------------|---------------------------------|-----------------------------------|-------------------------------------|

| Agricultural                              | <b>—</b>        | <b>30,479</b>   |
| Manufacturing                             | <b>—</b>        | <b>—</b>        |
| Others                                    | <b>2,017</b>    | <b>2,064</b>    |
| Other assets and liabilities – net        | <b>41,526</b>   | <b>34,087</b>   |
|                                           | <b>₱594,330</b> | <b>₱605,054</b> |

The Group's plan assets are carried at fair value. All equity and debt instruments have quoted prices in an active market. The fair values of other assets and liabilities, which include amounts due from other banks, accrued interest and other receivables and trust fee payables, approximate their carrying amount due to the short-term nature of these accounts.

The plan assets are diversified investments and are not exposed to concentration risk.

The Group expects to contribute ₱63.9 million to the defined retirement benefit plans in 2026.

The cost of defined benefit retirement plans, as well as the present value of the benefit obligations, are determined using actuarial valuations, which involve making various assumptions. The principal assumptions used are shown below:

|                                | <b>Parent Company</b> |             |
|--------------------------------|-----------------------|-------------|
|                                | <b>2025</b>           | <b>2024</b> |
| Discount rate:                 |                       |             |
| At January 1                   | <b>6.10%</b>          | 6.10%       |
| At December 31                 | <b>6.40%</b>          | 6.10%       |
| Salary increase rate           | <b>5.00%</b>          | 6.00%       |
| Average remaining working life | <b>13</b>             | 13          |

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption of the Group and Parent Company as of December 31, 2025 and 2024, assuming all other assumptions were held constant. The sensitivity analysis may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation from one another.

\*Included under 'Compensation and fringe benefits' in the statements of income

Shown below is the maturity profile of the undiscounted benefit payments of the Group and the Parent Company as of December 31, 2025 and 2024:

| Plan Year                   | 2025              | 2024       |
|-----------------------------|-------------------|------------|
| Less than five years        | <b>₱298,539</b>   | ₱293,932   |
| More than five to ten years | <b>485,899</b>    | 445,627    |
| Ten years and above         | <b>3,078,923</b>  | 3,752,647  |
|                             | <b>₱3,863,361</b> | ₱4,492,206 |

#### *Collective Bargaining Agreement (CBA)*

All of the Parent Company's rank and file employees are covered by a CBA, the most recent negotiation having been signed on April 28, 2023, with an effectivity period from January 1, 2023 until December 31, 2025. There had been neither dispute nor occurrence of employees' strike for the past years.

#### Defined Contribution Plans

##### *Parent Company*

The Parent Company employs a provident fund scheme where the Parent Company and its covered employees shall contribute 11% and 5% of the employees' basic monthly salary, respectively. Contributions are maintained under the Provident Fund account administered by the Parent Company's TWMG under the supervision of the Retirement/Provident Fund Board. As approved by the Parent Company's BOD on November 27, 2013, new officers hired after December 31, 2013, except those whose terms of employment have been negotiated prior to December 1, 2013, are no longer eligible for inclusion in the Parent Company's provident fund. The Parent Company's BOD, in its meeting held on January 27, 2016, approved a change in vesting for the retirement fund from 5 to 10 years effective for all new hires who sign up starting February 1, 2016.

Contributions paid and accrued by the Parent Company for both the Staff Provident Fund and the Retirement Fund recognized under 'Compensation and fringe benefits' in the statements of income amounted to ₱99.89 million, ₱93.73 million, and ₱66.10 million, in 2025, 2024 and 2023, respectively.

---

## 28. Long-term Leases

#### Group as a Lessee

As of December 31, 2025 and 2024, 84.33% and 84.04%, respectively, of Parent Company's branch sites are under lease arrangements. The lease contracts are for periods ranging from one to five years and some are renewable at the Group's option under certain terms and conditions. Various lease contracts include escalation clauses, which bear an annual rent increase of 3.00% to 7.00%. As of December 31, 2025 and 2024, the Group has no contingent rent payable.

As of December 31, 2025 and 2024, the carrying amount of lease liabilities (included in 'Other Liabilities' in Note 21) is ₱238.25 million and ₱215.58 million, respectively.

The Group and the Parent Company recognized interest expense on lease liabilities and rent expense from short-term leases and lease of low value's and the Parent Company's future minimum rentals payable under noncancellable assets operating leases are as follows:

|                                                     | 2025            | 2024     | 2023     |
|-----------------------------------------------------|-----------------|----------|----------|
| Depreciation expense – right of use asset (Note 12) | <b>₱107,873</b> | ₱105,678 | ₱101,982 |
| Interest expense – lease liability (Note 21)*       | <b>15,371</b>   | 13,781   | 12,458   |
| Rent expense – short-term lease                     | <b>49,749</b>   | 39,207   | 43,095   |
|                                                     | <b>₱172,993</b> | ₱158,666 | ₱157,535 |

\*Included under 'interest on bills payable and other borrowings' in the statements of income

The Group's and the Parent Company's future minimum rentals payable under noncancellable operating leases are as follows:

|                                              | 2025            | 2024     |
|----------------------------------------------|-----------------|----------|
| Within one year                              | <b>₱150,435</b> | ₱140,241 |
| Beyond one year but not more than five years | <b>271,976</b>  | 196,445  |
|                                              | <b>₱422,411</b> | ₱336,686 |

#### Group as a Lessor

The Parent Company has also entered into commercial property leases on its investment properties. These noncancellable leases have remaining noncancellable lease terms of between one to five years. The Parent Company recognized rent income, included under 'Rent income' in the statements of income, amounting to ₱182.32 million, ₱367.69 million, and ₱387.09 million, in 2025, 2024 and 2023, respectively.

The Group's and the Parent Company's future minimum rentals receivable under noncancellable operating leases follow:

|                                              | 2025            | 2024     |
|----------------------------------------------|-----------------|----------|
| Within one year                              | <b>₱95,702</b>  | ₱177,027 |
| Beyond one year but not more than five years | <b>359,224</b>  | 157,231  |
|                                              | <b>₱454,926</b> | ₱334,258 |

## 29. Miscellaneous Income and Expenses

### Miscellaneous income

Others include account maintenance charges, contractual services, and Philippine Dealing Exchange Corp. transaction fees.

### 30. Income and Other Taxes

Under Philippine tax laws, the RBU of the Parent Company and its subsidiary are subject to percentage and other taxes (presented as ‘Taxes and licenses’ in the statements of income), as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and DST. Income taxes include corporate income tax, as discussed below, and final taxes paid, which represents final withholding tax on gross interest income from government securities and other deposit substitutes and income from FCDU transactions. These income taxes, as well as the deferred tax benefits and provisions, are presented as ‘Provision for income tax’ in the statements of income.

On March 26, 2021, the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act was signed into law and introduced reforms to the corporate income tax and incentives systems. It became effective on April 11, 2021, 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation.

The following are the key changes to the Philippine tax law pursuant to the CREATE Act which have an impact on the Group:

- Effective July 1, 2020, regular corporate income tax (RCIT) rate is reduced from 30% to 25% for domestic and resident foreign corporations.
- Minimum corporate income tax (MCIT) rate reduced from 2% to 1% of gross income effective July 1, 2020 to June 30, 2023.
- Income tax arbitrage rate reduced from 33% to 20% of interest income subject to final tax effective July 1, 2020

The BIR clarified on Revenue Memorandum Circular No. 36-2024 dated March 11, 2024 that the MCIT rate shall be 1.5% to those corporations with calendar year ended December 31, 2023, as a result of MCIT rate increasing to 2% effective July 1, 2023. Any excess of MCIT over the RCIT is deferred and can be used as a tax credit against future income tax liability for the next three years. In addition, NOLCO is allowed as a deduction from taxable income in the next three years from the period of incurrence.

Provision for income tax consists of:

|          | Consolidated and Parent Company |          |          |
|----------|---------------------------------|----------|----------|
|          | 2025                            | 2024     | 2023     |
| Current: |                                 |          |          |
| RCIT     | <b>₱526,832</b>                 | ₱446,199 | ₱331,099 |
| Final    | <b>418,661</b>                  | 360,778  | 302,286  |
|          | <b>945,493</b>                  | 806,977  | 633,385  |
| Deferred | <b>(82,098)</b>                 | (91,164) | 10,120   |
|          | <b>₱863,395</b>                 | ₱715,813 | ₱643,505 |

The Group's and Parent Company's components of deferred tax assets and liabilities follow:

|                                                        | 2025             | 2024      |
|--------------------------------------------------------|------------------|-----------|
| <b>Deferred tax assets:</b>                            |                  |           |
| Allowance for ECL and impairment losses                | <b>₱906,833</b>  | ₱816,854  |
| Accumulated depreciation on investment properties      | <b>131,481</b>   | 97,570    |
| Lease liability                                        | <b>57,600</b>    | 53,896    |
| Advance rental                                         | <b>12,109</b>    | 38,275    |
| Retirement liability                                   | <b>4,553</b>     | 10,713    |
| Unamortized past service cost                          | <b>3,511</b>     | 4,636     |
|                                                        | <b>1,116,087</b> | 1,021,944 |
| <b>Deferred tax liabilities:</b>                       |                  |           |
| Revaluation increment credited to surplus free         | <b>333,316</b>   | 333,316   |
| Branch licenses acquired from business combinations    | <b>65,650</b>    | 65,650    |
| Right-of-use assets                                    | <b>56,240</b>    | 52,808    |
| Gain on foreclosure of foreclosed of properties        | <b>52,580</b>    | 47,312    |
| Unrealized gain on equity securities carried at FVTOCI | <b>29,385</b>    | 32,142    |
| Unrealized foreign exchange gain                       | <b>13,999</b>    | 4,494     |
|                                                        | <b>551,170</b>   | 535,722   |
| <b>Net deferred tax assets</b>                         | <b>₱564,917</b>  | ₱486,222  |

Provision for (benefit from) income tax directly charged to OCI by the Group and Parent Company in 2025, 2024 and 2023 amounted to (₱6.16 million), (₱9.26 million), and ₱23.88 million, respectively.

The ultimate realization of deferred tax assets is dependent on the generation of future taxable income. In assessing the realizability of its deferred tax assets, the Group considers projected future taxable income, reversal of temporary differences, and tax planning strategies. The Group and Parent Company assessed that deferred tax assets will be realized in the future.

A reconciliation between the statutory income tax and the effective income tax follows:

|                                        | Consolidated and Parent Company |           |          |

### 31. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Parent Company's related parties include key management personnel, close family members of key management personnel, affiliates (that is, entities which are controlled, significantly influenced by or for which significant voting power is held by the Parent Company or key management personnel or their close family members and retirement plan for the benefit of the Group's employees).

The Parent Company has business relationships with certain related parties. Transactions with such parties are made in the ordinary course of business and on substantially same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties. These transactions also did not involve more than the normal risk of collectability or present other unfavorable conditions.

#### Retirement Plans

Under PFRS Accounting Standards, certain post-employment benefit plans are considered as related parties. The Parent Company has a business relationship with its defined benefit and contribution plans, as it provides trust and management services to the plans. Any investments made in the retirement plans are approved by the Parent Company's Retirement Board. The Parent Company's Retirement Board is comprised of senior officers of the Parent Company. Income earned by the Parent Company (presented as part of 'Income from trust operations' in the statements of income) from such services amounted to ₱5.08 million in 2025, ₱4.95 million in 2024, and ₱5.00 million in 2023. Total deposits maintained by the related party retirement plans with the Parent Company amounted to ₱19.00 million and ₱76.00 million as of December 31, 2025 and 2024, respectively.

#### Key Management Personnel

Key management personnel are those persons with authority and responsibility for planning, directing and controlling the activities of the Parent Company, directly or indirectly. The Parent Company considers the members of the Senior Management Team to constitute key management personnel for purposes of PAS 24.

Total remunerations of key management personnel are as follows:

|                          | 2025            | 2024     | 2023     |
|--------------------------|-----------------|----------|----------|
| Short-term benefits      | <b>₱165,193</b> | ₱178,874 | ₱151,673 |
| Post-employment benefits | <b>9,733</b>    | 10,422   | 5,600    |
|                          | <b>₱174,926</b> | ₱189,296 | ₱157,273 |

The remuneration of Parent's Board of Directors, presented under 'Compensation and fringe benefits' in the statements of income, such as per diem and other fees amounted to ₱12.58 million, ₱12.85 million, and ₱12.26 million as of December 31, 2025, 2024 and 2023, respectively.

Details on significant related party transactions of the Parent Company follow:

| 2025                             |              |                     |                                                                                                     |

## 32. Earnings Per Share

Basic EPS amounts are calculated by dividing the net income for the year by the weighted average number of common shares outstanding during the year.

The following reflects the income and share data used in the basic and diluted earnings per share computations:

|                                                                 | 2025              | 2024       | 2023       |
|-----------------------------------------------------------------|-------------------|------------|------------|
| Net income attributable to equity holders of the Parent Company | <b>P2,547,946</b> | P2,210,273 | P1,897,571 |
| Weighted average number of common shares outstanding            | <b>480,645</b>    | 480,645    | 480,645    |
| Basic/diluted earnings per share                                | <b>P5.30</b>      | P4.60      | P3.95      |

As of December 31, 2025, 2024 and 2023, there are no outstanding potential dilutive common shares.

### 33. Notes to Statements of Cash Flows

The amounts of interbank loans receivable and SPURA considered as cash and cash equivalents of the Group and Parent as of December 31, 2025, 2024 and 2023 follow:

|                                                                                  | 2025              | 2024     | 2023     |
|----------------------------------------------------------------------------------|-------------------|----------|----------|
| Interbank loans receivable and SPURA shown under statements of cash flows        | <b>₱3,085,462</b> | ₱404,202 | ₱492,353 |
| Interbank loans receivable and SPURA not considered as cash and cash equivalents | —                 | —        | —        |
|                                                                                  | <b>₱3,085,462</b> | ₱404,202 | ₱492,353 |

The following is a summary of noncash activities:

|                                                                        | 2025             | 2024       | 2023     |

In accordance with MORB Section 304, *Amendments to the Regulations on Past Due and Non-Performing Loans*, loans, investments, receivables, or any financial asset shall be considered non-performing, even without any missed contractual payments, if it satisfies the following conditions:

- It is considered impaired under existing accounting standards;
- It is classified as doubtful or loss;
- It is under litigation; and
- There is evidence that full repayment of principal and interest is unlikely without foreclosure of collateral, if any.

All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than 90 days from contractual due date, or accrued interests for more than 90 days have been capitalized, refinanced, or delayed by agreement.

Non-performing loans, investments, receivables, or any financial asset (and/or any replacement loan) shall remain classified as such until:

- a. There is sufficient evidence to support that full collection of principal and interests is probable and at least six consecutive payments of the required amortization of principal and/or interest are received; or
- b. Written-off.

As of December 31, 2025 and 2024, based on the definition of NPLs under MORB Section X304, NPLs amounted to ₱3.84 billion and ₱2.70 billion as of December 31, 2025 and 2024, respectively, which are gross of specific allowance amounted to ₱2.09 billion and ₱1.75 billion for the same reporting period. Gross and net NPL ratios (inclusive of RRP) of the Group are 3.69% and 1.68% in 2025 and 2.66% and 0.94% in 2024, respectively.

#### Information on Related Party Loans

As required by the BSP, the Parent Company discloses loan transactions with its associates, affiliates and with certain directors, officers, stockholders and related interests (DOSRI). Existing banking regulations limit the amount of individual loans to DOSRI, 70.00% of which must be secured, to the total of their respective deposits and book value of their respective investments in the Parent Company. In the aggregate, loans to DOSRI generally should not exceed total equity or 15.00% of total loan portfolio, whichever is lower.

The following table shows information relating to the loans, other credit accommodations and guarantees classified as DOSRI accounts under Section 342 of MORB:

|                                                                                       | DOSRI         |        | Related Party   |          |
|---------------------------------------------------------------------------------------|---------------|--------|-----------------|----------|
|                                                                                       | 2025          | 2024   | 2025            | 2024     |
| Total outstanding DOSRI/Related Party loans                                           | <b>₱2,304</b> | ₱5,941 | <b>₱805,446</b> | ₱467,941 |
| Percent of DOSRI/Related Party loans to total loans                                   | <b>0.00%</b>  | 0.01%  | <b>0.77%</b>    | 0.46%    |
| Percent of unsecured DOSRI/Related Party loans to total DOSRI/Related Party loans     | <b>82.20%</b> | 35.65% | <b>99.56%</b>   | 98.76%   |
| Percent of past due DOSRI/Related Party loans to total DOSRI/Related Party loans      | <b>0.00%</b>  | 0.00%  | <b>0.00%</b>    | 0.00%    |
| Percent of nonperforming DOSRI/Related Party loans to total DOSRI/Related Party loans | <b>0.00%</b>  | 0.00%  | <b>0.00%</b>    | 0.00%    |

The amounts of loans and receivables disclosed for related parties above differ with the amounts disclosed for key management personnel since the composition of DOSRI is more expansive than that of key management personnel. As of December 31, 2025 and 2024, the DOSRI amount pertains to loans under BSP-approved fringed benefit program.

MORB Section 342 provides that the total outstanding loans, other credit accommodation and guarantees to each of the bank's/quasi-bank's subsidiaries and affiliates shall not exceed 10.00% of the net worth of the lending bank/quasi-bank, provided that the unsecured portion of which shall not exceed 5.00% of such net worth. Further, the total outstanding loans, credit accommodations and guarantees to all subsidiaries and affiliates shall not exceed 20.00% of the net worth of the lending bank/quasi-bank; and the subsidiaries and affiliates of the lending bank/quasi-bank are not related interest of any director, officer and/or stockholder of the lending institution. As of December 31, 2025 and 2024, the Parent Company is in compliance with these requirements.

Aggregate Amount of Secured Liabilities and Assets Pledged as Security

As of December 31, 2025, 'Bills payable' amounting to ₱15.86 billion, are secured by a pledge of certain 'Investment securities at amortized cost' amounting to ₱18.78 billion.

As of December 31, 2024, 'Bills payable' amounting to ₱15.33 billion, are secured by a pledge of certain 'Investment securities at amortized cost' amounting to ₱18.33 billion.

## INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors  
Philippine Bank of Communications  
PBCom Tower, 6795 Ayala Avenue  
Corner V. A. Rufino Street, Makati City

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Philippine Bank of Communications and Subsidiary (the Group) and the parent company financial statements of Philippine Bank of Communications (the Parent Bank) as at December 31, 2025, included in this Form 17-A, and have issued our report thereon dated April 13, 2026. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed in the Index to the Financial Statements and Supplementary Schedules are the responsibility of the Group's management. These schedules are presented for purposes of complying with Revised Securities Regulation Code Rule 68, and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state in all material respects, the information required to be set forth therein in relation to the basic financial statements taken as a whole.

## INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors  
Philippine Bank of Communications  
PBCom Tower, 6795 Ayala Avenue  
Corner V. A. Rufino Street, Makati City

We have audited in accordance with Philippine Standards on Auditing, the consolidated financial statements of Philippine Bank of Communications and Subsidiary (the Group) and the financial statements of Philippine Bank of Communications (the Parent Bank) as at December 31, 2025 and 2024, and for each of the three years in the period ended December 31, 2025 and have issued our report thereon dated April 13, 2026. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, are the responsibility of the Group's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRS) Accounting Standards and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission and is not a required part of the basic financial statements prepared in accordance with PFRS Accounting Standards. The components of these financial soundness indicators have been traced to the Group's financial statements as at December 31, 2025 and 2024 and for each of the three years in the period ended December 31, 2025 and no material exceptions were noted.

|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (i)   | Each issue shall be stated separately, except that reasonable grouping, without enumeration may be made of (a) securities issued or guaranteed by the Philippine Government or its agencies and (b) securities issued by the others for which the amounts in the aggregate are not more than two percent of total assets. |
| (ii)  | State the basis of determining the amounts shown in the column. This column shall be totaled to correspond to the respective balance sheet caption or captions.                                                                                                                                                           |
| (iii) | This column may be omitted if all amounts that would be shown are the same as those in the immediately preceding column.                                                                                                                                                                                                  |

|                     |                   |                   |                              |                           |                                      |                |
| Branch/Bank License | 389,700           |                   |                              |                           |                                      | 389,700        |
|                     |                   |                   |                              |                           |                                      |                |
| Software Cost       | 125,598           | 50,683            | (22,152)                     |                           |                                      | 154,129        |

|       |                                                                                                                                                                                                                                                                                                          |
|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (i)   | The information required shall be grouped into (a) intangibles shown under the caption in intangible assets and (b) deferrals shown under the caption Other Assets in the related balance sheet. Show by major classifications.                                                                          |
| (ii)  | For each change representing anything other than an acquisition, clearly state the nature of the change and other accounts affected. Describe cost of additions representing other than cash expenditures.                                                                                               |
| (iii) | If provision for amortization of intangible assets is credited in the books directly to the intangible asset account, the amounts shall be stated with explanations, including the accounts charged. Clearly state the nature of deductions if these represent anything other than regular amortization. |

\*Provision for impairment

**PHILIPPINE BANK OF COMMUNICATIONS AND SUBSIDIARY**

**SCHEDULE E. Long Term Debt**

As of December 31, 2025

| Title of Issue and type of obligation | Amount authorized by indenture                                                                                       | Amount shown under caption "Current portion of long term debt" in related balance sheet | Amount shown under caption "Long Term Debt" in related balance sheet | Interest Rate | Maturity Date |

| <b>Total Audit and Non-audit fees</b>                                   | <b>₱11,791,909</b> | <b>₱7,912,500</b> |

Notes:

1) Section 2.1a: Disclose agreed fees (excluding out of pocket expenses and VAT) with the external auditor/audit firm and its network firms (as applicable) for the audit of the covered company's standalone and/or consolidated financial statements and the covered company's consolidated subsidiaries' financial statements on which the external auditor /audit firm expresses an opinion. These do not include fees for special purpose audit or review of financial statements.

2) Section 2.1b: Disclose charged or billed fees (excluding out of pocket expenses and VAT) by the external auditor/audit firm or a network firm (as applicable) for non-audit services to the covered company and its related entities over which the covered company has direct or indirect control that are consolidated in the financial statements on which the external auditor/audit firm expresses an opinion. These include other assurance services such as special purpose audit or review of financial statements.

2025 SUSTAINABILITY REPORT  
**PHILIPPINE BANK OF COMMUNICATIONS**

PBCOM Tower, 6795 Ayala Avenue corner  
V.A. Rufino St., Makati City, Philippines

Scope: Philippine Bank of Communications (Parent Bank) only  
Period: January 1 to December 31, 2025  
Responsible: Patricia May T. Siy, President & CEO

## **CONTENT**

- 2 Our Framework
- 3 Materiality Process
- 4 Sustainable Finance
- 8 Sustainability Goal: Economic
- 12 Sustainability Goal: Environment
- 17 Sustainability Goal: Social
- 25 U.N. Sustainable Development Goals

# OUR FRAMEWORK

In 2024, the Philippine Bank of Communications (PBCOM) sees a valuable opportunity to strengthen its sustainability efforts. The Bank's focus goes beyond addressing immediate needs, aiming to ensure its operations positively impact future generations. As PBCOM undertakes this commitment, it remains dedicated to building a sustainable business model.

## ECONOMIC

This pertains to how the Bank contributes to the increase in the pool of economic resources flowing into the local and national economy. The Bank ensures that it not only creates economic value for itself but also that this value benefits its stakeholders, including stockholders, suppliers, employees, government, and the community.

## ENVIRONMENT

This concerns how the Bank manages the natural resources necessary for its business and minimizes its negative impacts on the environment. The Bank monitors its efficient use of natural resources, which is crucial for reducing environmental impacts from the extraction and processing of these resources

## SOCIAL

This involves how the Bank manages its relationships with stakeholders such as employees, customers, suppliers, communities, The public, and the government. The Bank ensures that it contributes to the overall growth and well being of those invested in it, directly or indirectly.

Disclosures should reflect the Bank's significant economic, environmental, and social impacts and should consider the reasonable expectations and interests of key stakeholders.

# MATERIALITY PROCESS

The Bank has applied the following processes in identifying the material topics contained in this report:

The background is a dynamic, abstract composition dominated by various shades of green. It features numerous light trails, some straight and others curved, creating a sense of rapid movement and energy. In the upper left, there's a faint, stylized representation of a modern city skyline with tall buildings. The overall effect is futuristic and high-tech.

SUSTAINABILITY GOAL:  
**ECONOMIC**

# ECONOMIC PERFORMANCE

| Disclosure (in Php '000)                                                   | Amount (Parent) |
|----------------------------------------------------------------------------|-----------------|
| Direct economic value generated (revenue)                                  | 8,117,880       |
| Direct economic value distributed:                                         |                 |
| a) Operating costs                                                         | 740,426         |
| b) Employee wages and benefits                                             | 1,526,387       |
| c) Payments to suppliers, other operating costs                            | 1,381,383       |
| d) Dividends given to stockholders and interest payments to loan providers | 480,645         |

# SUSTAINABLE FINANCE

## Introduction and Commitment

At PBCOM, we recognize that long-term financial performance is intrinsically linked to environmental and social sustainability. In line with the Bangko Sentral ng Pilipinas' (BSP) Sustainable Finance Framework and the global transition to a low-carbon, climate-resilient economy, PBCOM remains firmly committed to embedding sustainability into our core business strategies, risk management processes, and client relationships. The Bank's commitment is driven by the belief that the financial sector plays a pivotal role in catalyzing sustainable development and climate action in the Philippines.

## Governance Set-Up

To effectively oversee our sustainable finance agenda, PBCOM established a dedicated Sustainable Finance Governance Framework anchored on clear accountability and cross-functional collaboration.

- **Board Oversight:** The Board of Directors, through its Risk Oversight Committee, provides strategic direction and ensures integration of sustainability risks and opportunities in the bank's long-term plans.
- **Senior Management Team:** The SMT shall be responsible for the overall implementation of the board-approved strategies and policies in relation to sustainability objectives of the Bank.

This governance structure ensures that sustainable finance is championed across all levels of the organization, supported by clear roles, escalation mechanisms, and performance monitoring.

## Asset Qualification and Selection Process

PBCOM has developed a robust internal framework for identifying, evaluating, and classifying sustainable assets. This includes loans, investments, and other exposures that contribute positively to environmental protection, climate resilience, and social inclusion.

- **Eligibility Criteria:** Assets are screened based on sector, use of proceeds, and alignment with green or social taxonomies (e.g., renewable energy, energy efficiency, climate-resilient infrastructure, affordable housing, and access to basic services).
- **Due Diligence:** All qualified assets undergo enhanced due diligence that assesses both financial soundness and environmental and social risks and impacts.
- **Tagging and Reporting:** Approved sustainable assets are tagged in our internal systems for monitoring and disclosure, following BSP Circular No. 1085 and emerging ASEAN sustainable finance taxonomy guidelines.

On our books, we have a significant portion of sustainable assets, reflecting our continued commitment to sustainability.

The Bank continues to expand its loan portfolio with substantial investments in the renewable energy and healthcare sectors, reinforcing our dedication to supporting environmentally responsible and socially impactful projects.

## Risk Mitigation

PBCOM integrates E&S risk considerations into our enterprise-wide risk management framework to ensure the resilience of our portfolio and operations.

**E&S Risk Assessment:** Clients and transactions are subject to environmental and social risk assessments using sector-specific checklists and engagement protocols. High-risk exposures trigger enhanced reviews or exclusions.

**Stress Testing:** We conducted internal stress testing exercises that evaluated potential financial impacts from climate-related risks such as extreme weather events, energy transition risks, and regulatory tightening.

**Credit Policy Integration:** E&S risks have been embedded in our credit appraisal and underwriting guidelines, complemented by staff training and awareness programs to strengthen internal capabilities.

## Action Plans and Roadmap

PBCOM is committed to continuous improvement in sustainable finance through strategic investments, partnerships, and policy enhancements. Our roadmap includes:

### 2025–2026:

- Expand the sustainable finance portfolio, with focus on clean energy, MSME resilience, and inclusive infrastructure.
- Update the PBCOM Sustainable Finance Framework to support the issuance of green, social, or sustainability-linked financial instruments.
- Strengthen data collection and client engagement tools for improved E&S impact measurement.

### 2027–2028:

- Adopt the ASEAN Taxonomy for Sustainable Finance and align internal systems with its classification tiers.
- Enhance our climate scenario analysis and disclosure practices in line with global standards.
- Explore partnerships with DFIs and ESG-focused investors to mobilize blended finance and technical assistance.

### Beyond 2028:

- Integrate ESG considerations across all lending, investment, and risk management decisions.
- Position PBCOM as a leading partner in financing the Philippines' just transition and national development goals.

By aligning our financial services with sustainable development imperatives, PBCOM aims to create long-term value for our stakeholders, support national resilience, and contribute to a more inclusive and sustainable economy.

# PBCOM LOANS PORTFOLIO

## SUPPORTING SUSTAINABLE INDUSTRIES

PBCOM's Corporate and Commercial Banking Group has strategically directed its loan portfolio towards industries that promote sustainability and environmental responsibility. The Bank's commitment to supporting green initiatives is evident in its financing of projects within sectors such as renewable energy, water management, healthcare, and other environmentally sustainable industries. These projects include the development of solar and wind energy, hydroelectric power generation, energy efficiency solutions, and healthcare infrastructure such as hospitals.

Additionally, PBCOM supports initiatives in water conservation, wastewater treatment, sustainable agriculture practices, and the construction of hospitals and healthcare facilities. By financing these projects, the Bank plays a key role in fostering eco-friendly industries that contribute to a more sustainable future. This aligns with PBCOM's ongoing mission to drive sustainable development and support sectors that are essential to building a greener, more resilient economy.

### Renewable Energy Projects

A loan facility has been provided to support the construction of a 20MW run-of-river hydro power plant, which will contribute to the generation of clean, renewable energy in a key region.

### Hydroelectric Power Projects

PBCOM is providing financing for the construction of multiple hydroelectric power plants, including projects of varying capacities located in different regions. These projects are expected to generate significant renewable energy and contribute to the national grid.

### Water Infrastructure Projects

The Bank is also supporting water projects focused on the construction, development, rehabilitation, and maintenance of water systems in various local districts. This includes initiatives aimed at improving access to clean water and promoting sustainable water management practices.

### Healthcare Infrastructure Projects

In addition to its focus on sustainable energy and water, PBCOM is financing the construction and expansion of hospitals and healthcare facilities. These initiatives aim to improve public health infrastructure, enhance access to medical services, and support the well-being of communities. By investing in the development of eco-friendly and sustainable healthcare facilities, the Bank ensures that these projects are aligned with its environmental responsibility goals.

### Construction and Infrastructure Projects

A loan facility is being provided to support a range of infrastructure projects, including the development and construction of hydro plants, hospitals, and other related ventures. These initiatives are designed to support the growing demand for sustainable energy, healthcare, and infrastructure.

The background is a dynamic, abstract composition dominated by various shades of green. It features numerous light trails, some straight and others curved, suggesting motion and energy. In the upper left, there's a stylized representation of a modern city skyline with tall buildings. The overall effect is one of high-tech, sustainable progress.

SUSTAINABILITY GOAL:  
**ENVIRONMENT**

## SUSTAINING IMPACT THROUGH CONTINUOUS ENGAGEMENT

This steady growth underscores more than increasing numbers, it represents a cultural shift within PBCOM. Employees the head office continued to deposit single-use plastics into designated collection bins, reinforcing daily habits aligned with sustainability. The collected plastics undergo a careful process of shredding, mixing, and molding, transforming waste into eco-friendly materials that contribute to sustainable development initiatives.

The campaign's progress illustrates continuity not just in participation, but in purpose. Each year builds on the last, strengthening engagement, deepening awareness, and expanding measurable impact. Through this sustained effort, PBCOM affirms its role as a responsible corporate citizen, embedding environmental consciousness into its operations and organizational culture.

We at PBCOM are proud to spearhead initiatives like the 'Ayaw Ko Ng Plastic!' campaign, demonstrating our firm commitment to sustainability and environmental responsibility. Together, let's build a future where every action counts towards a cleaner, greener planet," said Patricia May Siy, President & CEO, PBCOM.

PBCOM's commitment to environmental sustainability continues to move forward through the "Ayaw Ko Ng Plastic!" campaign: an initiative that has steadily gained momentum since its launch in 2021 and re-run in 2023. What began as a call to

action has evolved into a sustained movement within the Bank, reflecting our 2025 Annual Report theme: continuity in motion.

From collecting 64 kilograms of plastic waste in 2023 to reaching 1,333.64 kilograms as of January 2025, the campaign demonstrated how collective action can rapidly scale impact. In 2025, that momentum carried even further. By year-end, total plastic collection reached 1,873.65 kilograms, marking another significant stride in our

journey toward responsible waste management and environmental stewardship.

As the Bank moves forward, the "Ayaw Ko Ng Plastic!" campaign remains a testament to progress in motion, proof that when commitment continues, impact compounds. Through shared responsibility and sustained action, PBCOM advances its mission of nurturing a greener, more sustainable future for the communities it serves.

## **PBCOM TOWER EARNS EDGE CERTIFICATION, ADVANCING THE BANK'S COMMITMENT TO SUSTAINABLE AND FUTURE-READY WORKSPACES**

PBCOM Tower, the country's tallest office building and a flagship property jointly developed by the Philippine Bank of Communications (PBCOM) and Filinvest Asia Corporation, has been awarded the EDGE (Excellence in Design for Greater Efficiencies) Certification. This achievement reinforces PBCOM's commitment to adopting responsible, efficient, and future-ready business environments in the heart of the Makati central business district.

Located at the prominent intersection of Ayala Avenue and V.A. Rufino Street, PBCOM Tower remains a prime address for enterprises seeking connectivity, resilience, and long-term operational value. The building is also accredited by the Philippine Economic Zone Authority (PEZA), providing locators with strategic advantages and business incentives unique to premier CBD properties.

### **Smart upgrades that strengthen efficiency and reliability**

The certification reflects a series of focused enhancements that elevate the tower's operational performance while reducing its environmental footprint. These include major improvements to its cooling systems, modernized elevators designed for better energy use, increased water efficiency through an upgraded treatment facility, and a full transition to renewable energy.

Together, these initiatives have resulted in significant reductions in energy and water consumption, as well as lower embodied carbon, aligning PBCOM Tower with global sustainability benchmarks and strengthening the value proposition for businesses operating within the property.

### **A standard that supports PBCOM's direction**

EDGE, developed by the International Finance Corporation of the World Bank Group, recognizes buildings that achieve measurable reductions in energy, water,

and embodied carbon. The certification places PBCOM Tower among established developments that continue to modernize and adapt to higher sustainability standards in the country.

As PBCOM Tower continues to welcome businesses seeking a well-connected and future-ready workplace in Makati, this certification reinforces its position as a landmark defined not only by its height, but by PBCOM's unwavering commitment to progressive, sustainable, and resilient business spaces.

The background is a dynamic, abstract composition dominated by various shades of green. It features numerous light trails, some straight and others curved, suggesting motion and energy. In the upper left, there's a faint, stylized representation of a modern cityscape with tall buildings. The overall effect is one of high-tech, sustainable progress.

**EMPLOYEE TRAINING AND DEVELOPMENT**

The Bank acknowledges the importance of improving employees' competencies and fostering a learning culture to unlock their full potential and enhance performance.

The Training and Employee Engagement Division implements programs based on suggestions from Group Heads during the Training Needs Analysis activity. The outcome of this activity is the annual training plan, which is divided into different development categories (Regulatory/ Mandatory, Technical/ Functional/ Job Specific, Professional, Leadership, Culture).

Various programs and activities, such as the Bank Anniversary, Service and Performance Awards, Red Cross Membership Drive and Blood Donation, PBCOM PRIDE Run and Bankwide Christmas Party as well as health and wellness webinars covering topics like Women's Health, Sleep 101 : Improve your Sleep, Improve your Health, Taking Care of your Mental Health were introduced for employees.

In 2025, we expanded the reach of our trainings by leveraging technology, allowing employees outside of Metro Manila to participate in the sessions.

**LABOR-MANAGEMENT RELATIONS**

| Disclosure                                                                            | Quantity |
|---------------------------------------------------------------------------------------|----------|
| % of employees covered with Collective Bargaining Agreements                          | 18 %     |
| Number of consultations conducted with employees concerning employee-related policies | 2        |

The Bank upholds its commitment outlined in the Collective Bargaining Agreement (CBA) with the union, thereby promoting industrial harmony. In addition to CBA negotiations, it holds grievance meetings with union officers to address policy issues that impact the working conditions of rank-and-file employees as necessary.

DIVERSITY AND EQUAL OPPORTUNITY

| Disclosure                                                                | Quantity |
|---------------------------------------------------------------------------|----------|
| % of female workers in the workforce                                      | 65%      |
| % of male workers in the workforce                                        | 35%      |
| Number of employees from indigenous communities and/or vulnerable sector* | 54       |

\*Vulnerable sector includes, elderly, persons with disabilities, vulnerable women, refugees, migrants, internally displaced persons, people living with HIV and other diseases, solo parents, and the poor or the base of the pyramid (BOP; Class D and E).

The Bank is an equal opportunity employer and acknowledges the continued productivity of individuals beyond retirement age. It values their experience and wisdom, especially in highly technical and senior roles within the Bank.

WORKPLACE CONDITIONS, LABOR STANDARDS, AND HUMAN RIGHTS: OCCUPATIONAL HEALTH AND SAFETY

| Disclosure                     | Quantity                            |
|--------------------------------|-------------------------------------|
| Safe Man-Hours                 | 1,992/employee                      |
| No. of work-related injuries   | 0                                   |
| No. of work-related fatalities | 0                                   |
| No. of work related ill-health | 2 COVID-19 positive                 |
| No. of safety drills           | 1 earthquake drill and 1 fire drill |

The Bank prioritizes the health and safety of its employees by providing company HMO coverage for employees and one nominated dependent each. Additionally, it maintains a clinic with a company doctor and nurse on its premises, despite the presence of a nearby hospital near its head office. Certified first aiders are also available in both the head office and branches, in compliance with DOLE directives.

The Bank actively participates in annual fire and earthquake drills mandated by local governments in all cities or towns where its offices and branches are located.

LABOR LAWS AND HUMAN RIGHTS

| Disclosure                                                                  | Quantity |
|-----------------------------------------------------------------------------|----------|
| No. of legal actions or employee grievances involving forced or child labor | 0        |

The Bank strictly adheres to the provisions of the Labor Code and its Implementing Rules and Regulations, as well as directives of the Department of Labor and Employment. The Bank's Code of Conduct explicitly states that all laws, including Labor Laws and Sexual Anti-Harassment among others, must be strictly followed under pain of penalty for its violations.

### SYNERGY of CUSTOMER EXPERIENCE and SUSTAINABILITY

As we enter an era of instant communication and feedback, many of today's customers have become extremely demanding, if not just more aware of how they should receive service from businesses. Along with this fast pace of information circulation is the availability of various channels to make the voice of each customer heard.

While many businesses struggle to keep up, we at PBCOM, whose foundation on customer service standards has been laid out, have learned to adapt. Our desire to provide excellent customer experience long-term has been evident in the various programs and initiatives that we implement. Rethinking the ways in which we deliver our service, PBCOM has been able to adjust well to the needs of the times, aiming to create a sustainable customer service performance for the past years.

Personalized interactions, seamless communications, customer satisfaction and loyalty are the priorities while ensuring that we conduct our customer programs with eco friendly practices such as utilization of digital platforms and virtual customer channels.

Overall, the approach of the Bank is to create meaningful relationships with our internal and external stakeholders through communication. We encourage our employees to solicit feedback as often as possible through all available customer channels. We not only welcome recommendations but also listen and analyze complaints so we can utilize the information gathered as our basis for areas of improvement. These shall serve as the basis for policy and product innovation with the ultimate aim of improving service delivery. We want our customers to be happy, and the best way to do this is by soliciting actual feedback from them.

The channels that the Bank uses have all shifted to digital. With "being paperless" as one of the main advocacies of the Bank, interactions via digital platforms are now the new norm.

Clickable links via SMS have been replaced by QR codes via registered emails and posted in all our branches to capture our customers' feedback, which is a secure way of collecting information and in adherence to BSP regulations.

### **CUSTOMER SERVICE IMPROVEMENT PROGRAM**

We at PBCOM believe that customer service is not just for front-liners. We believe that every single member of the organization must be accountable and therefore responsible for the way they deliver service to their customer, whether internal or external. This is the primary reason why service delivery is constantly being measured in each employee's performance appraisal.

The Bank equips the team with regular trainings on customer service. This also includes trainings on soft skills like empathy and concern.

Standards for grooming, service delivery, and inner spaces are also part of the monitoring program. For our front-line associates, Service Level Agreement for complaints resolution and feedback is also being monitored to ensure compliance.

### **EMPLOYEE BUY-IN**

At PBCOM, we recognize the pivotal role of our front-liners in shaping our business. As the face of the company, it is essential that they embody the principles of "customer service" in all aspects of their work. Our mentoring culture plays a significant role in developing our employees' service delivery skills. Rather than simply enforcing compliance, the Bank ensures that our employees understand the rationale behind service delivery directives. This approach makes it more likely for employees to meet the new standards, as they are not just being told to follow rules but are actively involved in the process of service improvement.

We also acknowledge and reward employees for their contributions to achieving excellent service delivery. Employees who demonstrate exceptional service by becoming service champions in their respective groups, receiving commendations, and excelling in customer service programs are recognized and rewarded.

### **VOICE OF CUSTOMER (VOC)**

At PBCOM, we utilize various customer feedback platforms to assess the need for changes and identify areas for improvement in our services and products. These platforms include website forms, SMS, email, call-outs, and branch feedback mechanisms. Additionally, we conduct focus group discussions, in-app feedback collection, and one-on-one feedback sessions to gain deeper insights into our customers'

sentiments regarding the Bank's products and services.

Monitoring and measuring customer effort is a key focus for us. This helps us identify processes that require improvement to make banking transactions easier and more convenient for our customers.

In 2025 our focus on Voice of the Customer (VOC) was primarily on our digital platforms as we expanded our presence in this space and transactional, to gather feedback that we can utilize in improving our processes. We paid close attention not only to our external customers but also to our internal customers, ensuring that we stay informed about the changing behaviors in the digital and traditional landscape.

The primary metrics we use to measure effectiveness and performance include:

- **Customer Satisfaction (CSAT):** Measures the satisfaction of our clients with the products and/or services they received. Various units within the bank use CSAT to identify processes and service standards that need improvement.
- **Net Promoter Score (NPS):** Measures the likelihood of our customers recommending PBCOM to others. NPS results are used as a reference for our loyalty and referral programs, aiding our retail business groups in customer retention and increasing usage. NPS also informs the improvement of product features for our digital platforms.

- Customer Effort Survey (CES): Measures how easy and fast our customers can get assistance from the Bank. CES serves as the basis for our customer care's service delivery standards.

**VOICE OF CUSTOMER METRICS**

CSAT (Customer Satisfaction); NPS (Net Promoter Score); CES (Customer Effort Score)

| VOC      | CSAT<br>(Delighted) | CES | NPS | COMPLAINTS<br>HANDLING METRICS                          | 2025   | 2024   | 2023   |
|----------|---------------------|-----|-----|---------------------------------------------------------|--------|--------|--------|
| 2025 YTD | 85%                 | 69% | 35% | SLA Achievement –<br>complaints addressed<br>within SLA | 99.17% | 98.90% | 99.56% |
| 2024 YTD | 86%                 | 72% | 25% |                                                         |        |        |        |
| 2023 YTD | 92%                 | 87% | 40% |                                                         |        |        |        |

Customer complaints are regarded as valuable feedback and a basis for improvement at PBCOM. The Bank establishes a Service Level Agreement (SLA) for resolving complaints and monitors year-on-year progress in complaint resolution. Complaints are categorized based on their nature and controllability, providing our operations and products teams with concrete and actionable insights. This approach ensures continuous improvement in processes and service delivery.

**CUSTOMER PRIVACY**

At PBCOM, protecting customer privacy is considered a fundamental aspect of our service standards. We maintain close coordination among key personnel, including our Data Privacy Officer, Chief Information Security Officer, Chief Information Officer, Chief Risk Officer, and Legal Team. This collaborative effort ensures strict monitoring of privacy protection for all our customers, employees, and stakeholders, in compliance with the Data Privacy Act and its Implementing Rules and Regulations.

Our proactive approach to privacy protection, including vigilant monitoring and robust security measures, has resulted in no customer complaints regarding breaches or inadequate protection of personal information. We continually collaborate across different units of the Bank to enhance our organizational, technical, and physical security measures.

At PBCOM, we prioritize our customers in all banking relationships and business decisions. This commitment ensures that we collect, process, and store personal information responsibly and securely.

# TECHNOLOGY, CYBER, AND SECURITY RISK MANAGEMENT

Digital banking growth, hybrid IT, and increasing fraud/cyber threats make the Bank operates in a high-risk environment. Sustainable growth depends on system availability and reliability; confidentiality, integrity, and availability of information; customer trust and data protection; and, operational resilience and cyber preparedness. Technology risks is no longer purely IT-related – it is now a strategic business and reputation risks. As such, IT, cyber, and information security risk management are integral components of the overall sustainability strategy.

The Bank is committed to provide protection of customer data and financial assets, continuity of critical business services, confidence of regulators, customers, and stakeholders, long-term operational and financial viability through the integrated operating model of IT, Cyber and Information Security Risks Management:

## IT RISK SUSTAINABILITY STRATEGY

Ensure stable, resilient, and recoverable services that support the banking operations 24x7/365.

It addresses the Bank against risks of:

- System outages
- Legacy systems
- Vendor dependency
- Change failures
- Capacity bottlenecks

## CYBER RISK SUSTAINABILITY STRATEGY

Continuously detect, respond, and contain threats before business impact.

It addresses key risks such as:

- Phishing and fraud
- Ransomware
- Insider threats
- Third-party compromise
- Account takeover

## INFORMATION SECURITY RISK STRATEGY

Protect confidentiality, integrity and availability (CIA) of information assets.

It addresses the following risks:

- Data leakage
- Privacy breaches
- Poor access control
- Shadow IT
- Regulatory penalties

With this integrated sustainability strategy, PBCOM does not only implement controls but importantly build operational resilience, stronger customer trust, BSP compliance confidence, lower fraud/cyber losses and sustainable protection with predictable security spending.

# CORPORATE SOCIAL RESPONSIBILITY

## ADVANCING SHARED PURPOSE THROUGH “PBCOM PROJECT JOY 2025”

In 2025, PBCOM advanced its sustainability agenda by putting compassion into action through its “Project Joy” initiatives, an engagement platform that mobilizes employees to create measurable social impact. Anchored on its partnership with Feeding Futures PH, the program supports the delivery of daily nutritious meals to undernourished public school children. Through structured participation and collective involvement, individual contributions are translated into sustained community outcomes.

“PBCOM Project Joy” reflects the Bank’s commitment to continuous progress toward inclusive growth. Each initiative contributes to improving children’s health, supporting their capacity to learn, and strengthening their long-term opportunities.

## PROGRAMS THAT TRANSLATE TO IMPACT

### Toy for Joy

Through Toy for Joy, employees, clients, and partners donated unused and gently preloved toys for distribution to beneficiary schools. While simple in nature, the initiative recognizes the importance of emotional well-being alongside nutrition and education. Each donated item reflects shared responsibility in nurturing the holistic development of children.

### **Mug for Joy**

Introduced in 2025, Mug for Joy transformed a practical everyday item into a channel for sustained support. Each specially designed assistance for two schoolchildren under the Bank's commitment to its partner organization. By linking daily routines with daily nourishment, the initiative demonstrates how sustainability can be embedded into ordinary habits, allowing impact to continue consistently over time.

### **Ornament for Joy**

Through voluntary donations, supporters received personalized keepsakes symbolizing their contribution to child nutrition. Proceeds were allocated to fund meals for beneficiaries of Feeding Futures PH, including students of Ilugin Elementary School in Pinagbuhatan, Pasig City. The initiative strengthened awareness around childhood malnutrition while encouraging participation across departments and business units.

PBCOM also encouraged team-based contributions, enabling groups to combine resources and expand their collective reach. This collaborative approach reinforced internal solidarity while amplifying external social impact.

### **PARTNERSHIP FOCUSED ON LONG-TERM OUTCOMES**

Feeding Futures PH implements a structured and data-informed feeding model in public schools, delivering balanced meals

composed of rice, viand, vegetables, and fruits. With a full school-day meal costing approximately Php65, the organization works closely with educators to identify children most in need, monitor health indicators such as body mass index, and track academic performance to measure long-term results.

Its current beneficiary includes Ilugin Elementary School in Pinagbuhatan, Pasig City, where sustained feeding support contributes to improved nutritional status and stronger classroom participation.

Through "Project Joy" 2025, PBCOM demonstrated how corporate citizenship can evolve into sustained social investment. By aligning employee engagement, client participation, and structured partnerships, the Bank ensured that each contribution supports a continuing cycle of nourishment and opportunity.

As PBCOM advances its broader sustainability strategy, "Project Joy" represents a continuing commitment to community development, showing how purposeful action, when sustained, helps build healthier communities and a generation better prepared for the future.

The background is a dynamic, abstract composition dominated by various shades of green. It features numerous light trails, some straight and others curved, suggesting motion and energy. In the upper left, there's a stylized representation of a modern city skyline with tall buildings. The overall effect is one of rapid growth and technological advancement.

# U.N. SUSTAINABLE **DEVELOPMENT**

Salcedo Village, Barangay Bel-Air, Makati City,  
1209, Metro Manila, Philippines

## **REMINDER:**

### **TO ALL FILERS OF REPORTS IN THE e-FAST**

Please strictly follow the instructions stated in the form. Filings not in accordance with the prescribed template for the following reports will be automatically reverted by the system to the filer: 1. General Information Sheet (GIS-Stock); 2. General Information Sheet (GIS-Non-stock); 3. General Information Sheet (GIS- Foreign stock & non-stock); 4. Broker Dealer Financial Statements (BDFS); 5. Financing Company Financial Statements (FCFS); 6. Investment Houses Financial Statements (IHFS); 7. Publicly – Held Company Financial Statement; 8. General Form for Financial Statements; 9. Financing Companies Interim Financial Statements (FCIF); 10. Lending Companies Interim Financial Statements (LCIF).

Per Section 18 of SEC Memorandum Circular No. 3 series of 2021, the reckoning date of receipt of reports is the date the report was initially submitted to the eFAST, if the filed report is compliant with the existing requirements. A report, which was reverted or rejected, is considered not filed or not received. A notification will be sent to the filer, stating the reason for the report's rejection in the remarks box.

# PHILIPPINE BANK OF COMMUNICATIONS

## NOTES TO UNAUDITED INTERIM FINANCIAL STATEMENTS

### 1. Corporate Information

Philippine Bank of Communications is a publicly listed domestic universal bank organized in the Philippines, primarily to engage in commercial banking services such as deposit products, loans and trade finance, domestic and foreign fund transfers, treasury, foreign exchange, and trust services. The Company's principal place of business is at the PBCOM Tower, 6795 Ayala Avenue, corner V. A. Rufino Street, Makati City.

As of March 31, 2026, the Bank had a network of 95 regular branches, 4 branch-lite units, and 182 ATMs (99 onsite and 83 offsite).

The Company's original Certificate of Incorporation was issued by the Securities and Exchange Commission (SEC) on August 23, 1939. On June 21, 1988, the Company's Board of Directors (BOD) approved the amendment of Article IV of its Amended Articles of Incorporation to extend the corporate life of the Company for another 50 years or up to August 23, 2039. The Amended Articles of Incorporation was approved by the SEC on November 23, 1988.

The Company acquired a license to operate as an expanded commercial bank from the Bangko Sentral ng Pilipinas (BSP) on December 24, 1993. On March 31, 2000, the BSP's Monetary Board approved the amendment of the Bank's license to regular commercial banking.

The Monetary Board, in its Resolution No. 96 dated January 20, 2022, approved the grant of a universal banking license to the Company, subject to compliance with certain regulatory requirements, including the amendment of the Company's charter documents. On March 15, 2022, the Company held a special stockholders' meeting to approve the changes to the Company's Articles of Incorporation to reflect the upgrade of its banking license.

Subsequently, the Company secured the approval of the *Securities and Exchange Commission* for the amendment of its Articles of Incorporation, reflecting the change of its primary license to universal banking. The official Certificate of Filing of Amended Articles of Incorporation was issued on August 17, 2022.

On November 10, 2022, PBCOM secured its Certificate of Authority to operate as a universal bank from the Bangko Sentral ng Pilipinas. PBCOM started its operations as a Universal Bank last December 1, 2022. The Bank capitalized the cost of its universal bank license amounting to ₱25.00 million as intangible asset (Note 13).

The Bank's associate is engaged in the following businesses:

| Entity                                    | Effective Percentage of Ownership |        | Principal Place of Business and Country of Incorporation | Line of Business  |

*Retirement of Business Operation of PISAI and Derecognition of Investment in Subsidiary*

On January 11, 2021, the BOD of the Company approved the dissolution and retirement of business of PISAI which had been inactive since the termination of its general agency agreement with Pru Life UK in September 2017. Subsequently, on March 4, 2021, PISAI's Board of Directors resolved to shorten the company's corporate term to June 30, 2021.

Considering several requirements for the termination of business that had to be complied with, the effectivity of the PISAI's corporate term was extended until April 2024. PISAI submitted its application for amending its Articles of Incorporation on November 15, 2023. The SEC approved this amendment on April 3, 2024, extending the corporate term until April 30, 2024.

On May 3, 2024, PISAI completed the settlement of its liabilities and liquidated its remaining assets for distribution to its stockholders. Following this, the Company received the release of PISAI's remaining assets and derecognized its investment in PISAI. As a result, the Company no longer consolidates PISAI's financial statements.

*Bond Offering Transaction*

On March 20, 2024, PBCOM's Board of Directors approved a ₱15.00 billion peso-denominated bond program to be issued in multiple tranches. The Bonds will have a minimum tenor of 1.5 years and with interest rates to be determined based on prevailing market rates. Proceeds from the bond issuance will be utilized for general corporate purposes, including refinancing of debt obligations, diversifying funding sources, and supporting loan growth. In the same meeting, the Board of directors likewise approved the 1st tranche issuance from the Bond program a target amount of at least ₱2.00 Billion with an oversubscription option.

The Series A bonds which have a tenor of one-and-a-half years and a fixed interest rate of 6.0796% per annum represent the first tranche under PBCOM's ₱15.00 Billion Peso Bond Program. The Bank successfully concluded its maiden peso bond offering ahead of schedule, closing more than a week early on October 17 due to robust demand. Initially set to run from October 14 to October 28, the offering attracted strong interest from both retail clients and a diverse mix of institutional investors resulting in an oversubscription of 3.85 times the initial amount.

PBCOM raised ₱7.7 Billion from its maiden issuance of Peso Fixed Rate Bonds listed on the Philippine Dealing & Exchange Corp. (PDEX) on November 5, 2024. PBCOM holds a "PRS Aa minus (corp)" issuer credit rating with a "stable" outlook from the Philippine Rating Services Corporation.

*Cash Dividend*

On June 25, 2025, the Bank declared a special cash dividend of ₱1.00 per share, the first since 1997, following continued financial improvement and profitability. The dividend is payable on July 31, 2025, to stockholders of record as of July 9, 2025.

---

## **2. Material Accounting Policy Information**

*Basis of Presentation*

The accompanying unaudited interim condensed financial statements have been prepared following Philippine Accounting Standard (PAS) 34, *Interim Financial Reporting*. Accordingly, the unaudited interim financial statements do not include all the information and disclosures required in the annual financial statements. They should be read in conjunction with the Bank's annual audited financial statements as of the end of the year ended December 31, 2025 prepared under Philippine Financial Reporting Standards (PFRS). The financial statements are presented in Philippine peso (PHP or ₱)

and all values are rounded to the nearest thousand, unless otherwise stated.

Beginning March 31, 2026, the Bank presents separate financial statements in accordance with PAS 27, Separate Financial Statements, as the Bank no longer has subsidiaries requiring consolidation under PFRS 10, Consolidated Financial Statements, following the dissolution and derecognition of its wholly-owned subsidiary, PISAI, on May 3, 2024.

The comparative statement of financial position as of December 31, 2025 reflects only the accounts of the Bank since PISAI had already been dissolved prior to that reporting date. Likewise, the comparative statements of income and other comprehensive income for the three-month period ended March 31, 2025, although previously presented as part of consolidated financial statements, likewise reflect only the accounts of the Bank since PISAI had already been dissolved prior to the comparative reporting period. Accordingly, the comparative figures remain directly comparable with the current period presentation.

#### New Standards, Interpretations and Amendments

The accounting policies adopted in the preparation of the unaudited interim financial statements of the Bank are consistent with those followed in the preparation of the Bank's annual financial statements for the year ended December 31, 2025, except for the adoption of the following amendments to PFRS effective beginning January 1, 2026. The Bank did not early adopt any other standard, interpretation, or amendment that has been issued but is not yet effective.

The adoption of the following pronouncements did not have any significant impact on the Bank's financial position or performance:

#### *Effective beginning on or after January 1, 2026*

- Amendments to PFRS 9 and PFRS 7, *Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
  - Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*
  - Amendments to PFRS 7, *Gain or Loss on Derecognition*
  - Amendments to PFRS 9, *Lessee Derecognition of Lease Liabilities and Transaction Price*
  - Amendments to PFRS 10, *Determination of a 'De Facto Agent'*
  - Amendments to PAS 7, *Cost Method*

---

### **3. Summary of Accounting Judgements and Estimates**

The significant judgments and assumptions made in the unaudited interim financial statements of the Bank are consistent with the most recent annual financial statements issued, unless otherwise indicated.

#### *ECLs on loans and other receivables*

The Bank's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies.

Elements of the ECL models that are considered significant accounting judgments and estimates include:

- The segmentation of financial assets when their ECL is assessed on a collective basis;
- The definition of default;
- The Bank's internal grading model, which impacts the PDs assigned to the exposures;
- The Bank's criteria for assessing if there has been a SICR and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment;

- Development of ECL models, including the various formulas and the choice of inputs;
- Determination of associations between macroeconomic scenarios and economic inputs, such as GDP growth rates, inflation rates, unemployment rates, import growth rates, export growth rates, and bank average lending rates, and the effect on PDs;
- Selection of forward-looking macroeconomic scenario variables; and
- Calculation of expected recoveries from defaulted accounts.

The Bank revisited the macroeconomic scenarios and economic inputs to reflect the current and future business environment outlook in calculating the allowance for credit losses as of March 31, 2026. The carrying value of loans and receivables and allowance for credit losses on loans and receivables are disclosed in Notes 10 and 15, respectively.

#### *Impairment of branch licenses*

The Bank determines whether branch licenses are impaired at least on an annual basis. Branch licenses are written down for impairment where the net present value of the forecasted future cash flows from the relevant CGU is insufficient to support its carrying value.

The recoverable amount of the CGU has been determined based on a VIU calculation using the CGU's cash flow projections from the five-year plan approved by the Board. Key assumptions in the VIU calculations are most sensitive to the following assumptions:

- Discount rate, which is based on the cost of equity by reference to comparable entities using the capital asset pricing model;
- Loan and deposit portfolios growth rates; and
- Growth rate to project cash flows beyond the budget period.

The Bank revisited the assumptions used and reassessed the projections of future cash flows as of March 31, 2026, considering various economic scenarios and recovery outlook. The carrying values of branch licenses and details of the VIU calculations are disclosed in Note 13.

## 4. Fair Value Measurement

The Bank uses three-level hierarchies as a valuation technique in determining and disclosing the fair value of financial instruments:

- Level 1 – quoted (unadjusted) market prices for identical assets or liabilities in an active market.
- Level 2 – valuation technique for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – valuation technique for which the lowest level input significant to the fair value measurement is unobservable, i.e., not based on observable market data.

As of March 31, 2026, the Bank used the following level of measurement:

|                                      | Carrying value | Fair Values |                                         |                                         |                                           |
|--------------------------------------|----------------|-------------|-----------------------------------------|-----------------------------------------|-------------------------------------------|
|                                      |                | Total       | Quoted Price in Active Market (Level 1) | Significant Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| <b>Assets measured at fair value</b> |                |             |                                         |                                         |                                           |
| Currency forwards *                  | P=             | P=          | P=                                      | P=                                      | P=                                        |

\* Included in 'Other assets'

\*\* Included in 'Other liabilities'

Movements in the fair value measurement of 'Financial assets at FVTOCI' categorized within Level 3 pertain only to the changes in fair value of unquoted equity securities.

There are no transfers between Levels 1 and 2 and no transfers into and out of Level 3.

The Bank evaluates and classifies financial instruments, whether it is quoted or not, in an active market. Quoted prices in an active market are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis.

The methods and assumptions used by the Bank in estimating the fair value of its assets and liabilities are remain consistent with previous periods, ensuring reliable and accurate reporting under current market conditions. These are as follows:

#### Investment Securities

##### Debt Securities

Fair values are based on quoted market prices or consensus prices from Bloomberg if market prices are unavailable.

##### Equity Securities (Club Shares)

Valued using published prices from recognized sources like GG&A Club Shares and G&W Club Shares.

##### Unquoted Equity Securities

Fair values are estimated using the guideline publicly-traded company method, relying on comparable publicly-traded companies.

#### Loans and Receivables:

Fair values are estimated using the discounted cash flow methodology, applying the Bank's current incremental lending rates.

#### Derivative Assets/Liabilities:

Valued based on prevailing interest differentials and spot exchange rates, considering the remaining term to maturity.

#### Financial Liabilities at Amortized Cost:

Fair values of deposit liabilities and bills payable are calculated using discounted cash flow methods with current incremental borrowing rates.

Investment Properties:

Fair values are determined using the market sales comparison or income capitalization approach, depending on the property type, with significant unobservable inputs like rental rates and capitalization rates.

Significant Unobservable Inputs:

The Bank provides detailed disclosures on Level 3 fair value measurements, including the sensitivity of these valuations to changes in significant unobservable inputs.

| Year | Fair Value at March 31 | Valuation Technique(s)                   | Unobservable Input(s)              | Range          | Reasonably Possible Alternative Assumption | Sensitivity of the Fair Value to the Input |
|------|------------------------|------------------------------------------|------------------------------------|----------------|--------------------------------------------|--------------------------------------------|
| 2026 | ₱38,124                | Guideline publicly-traded company method | Price to book ratio                | 0.73:1 -0.75:1 | 0.1                                        | ₱60                                        |
|      |                        |                                          | Discount for lack of marketability | 30%            | -0.1                                       | (60)                                       |
|      |                        |                                          |                                    |                | +0.1                                       | 63                                         |
|      |                        |                                          |                                    |                | -0.1                                       | (63)                                       |

The Bank estimates the fair value of the unquoted equity securities using the ‘benchmark multiples’ of comparable publicly-traded companies. The identification of comparable companies considers the similarities between the subject company being valued and the guideline companies in terms of industry, market, product line or service type, growth, etc. The Bank also determines an appropriate discount adjustment for the lack of marketability of these unquoted equity securities based on empirical evidence gathered from available public market research.

## 5. Financial Risk Management Objectives and Policies

Introduction

Risk is inherent in the Bank’s activities but is managed through a continuing and proactive identification, measurement, and monitoring process, subject to risk limits and other controls. This risk management process is critical to the Bank’s continuing profitability, and each individual within the Bank is accountable for the risk exposures relating to their responsibilities.

Compared with December 31, 2025, there have been no changes in the financial risk exposures that may materially affect the unaudited interim financial statements of the Bank as of March 31, 2026. The Bank is exposed to the following risks from its financial instruments:

- a. Credit risk
- b. Liquidity risk
- c. Market risk
  - i. Interest rate risk
  - ii. Foreign currency risk

Related discussions below should be read in conjunction with Note 5, *Financial Risk Management Objectives and Policies*, of the Bank’s 2025 audited financial statements.

*Risk management structure*

The Bank’s risk management environment is characterized by a well-defined risk organizational structure, flow of risk information, risk-based audit coverage, and an established compliance system.

*BOD*

The BOD of the Bank is responsible for establishing and maintaining a sound risk management system and is ultimately accountable for identifying and controlling risks; there are, however,

separate independent bodies responsible for managing and monitoring risks.

- a. Risk Oversight Committee (ROC)
- b. Enterprise Risk Management Group (ERMG)
- c. Treasury segment
- d. Compliance Group
- e. Internal Audit Group (IAG)

*Risk measurement and reporting systems*

The Bank's risks are measured using a method which reflects both the expected loss likely to arise in normal circumstances and unexpected losses, which are an estimate of the ultimate actual loss based on statistical models. The models make use of probabilities derived from historical experience, adjusted to reflect the economic environment.

The Bank also performed worst case scenarios that would arise in the event that extreme events which are unlikely to occur, happen.

Monitoring and controlling risks are primarily performed based on limits established by the Bank. These limits reflect both the business strategy and market environment of the Bank, as well as the level of risk that the Bank is willing to accept. In addition, the Bank monitors and measures the overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities. In response to the pandemic, the Bank implemented stricter approval policies particularly for consumer loans. All consumer loans need to go through a pre-clearance process from the Executive Committee Chair and minimum approval required is from the President & CEO.

Information gathered from all the businesses is evaluated and processed in order to analyze, identify and control risks early. All significant information is presented to the BOD, the ROC, and the head of each business division. The report includes credit exposure to groups and industries, Value-at-Risk (VaR), liquidity ratios and risk profile changes. Senior management assesses the appropriateness of the allowance for credit losses on a monthly basis for prudential and financial reporting. Risks and relevant risk measurement and reporting systems performed by the Bank is summarized below:

| <b>Risk Category</b>                                                                           | <b>Risk Definition</b>                                                                                                                                                                                                                                                                  | <b>Risk measurement and reporting systems</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| Management                           | they fall due under normal and stressful conditions.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 3. Net Stable Funding Ratio<br>4. Intraday Liquidity Monitoring<br>5. Internal Liquidity Ratios |
| Market Risk Management               | Market risk is the risk of loss to future earnings, fair values or future cash flows that may result from changes in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes. The Bank's market risk originates from the Bank's holdings of foreign exchange instruments, debt securities, equity securities and derivatives.                                                                                             | 1. Value-at-Risk (VaR)<br>2. Stress testing<br>3. Backtesting                                   |
| <u>Interest Rate Risk Management</u> | Interest rate risk arises from the possibility that changes in the interest rates will affect future cash flows or the fair value of financial instruments.                                                                                                                                                                                                                                                                                                                                                                                                                               | 1. Interest rate sensitivity analysis<br>2. Asset-liability gap position                        |
| Foreign Currency Risk Management     | Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency liabilities generally consist of foreign currency-deposits in the Bank's FCDU account made in the Philippines or which are generated from remittances to the Philippines by Filipino expatriates and overseas Filipino workers who retain for their own benefit or for the benefit of a third party, foreign currency deposit accounts with the Bank and foreign currency-denominated borrowings appearing in the regular books of the Bank. | 1. ### Unquoted Debt Securities

The unquoted debt securities of the Bank consist of Metro Rail Transit (MRT) bonds that matured in 2025. As of March 31, 2026 and December 31, 2025, there is no outstanding unquoted debt securities.

### Interest Income

Interest income on loans and receivables consist of:

|                           | March 31, 2026<br>(Unaudited) | March 31, 2025<br>(Unaudited) |
|---------------------------|-------------------------------|-------------------------------|
| Receivable from customers | <b>₱1,968,899</b>             | ₱1,940,584                    |
| Unquoted debt securities  | -                             | 6,461                         |
| Others                    | <b>3,124</b>                  | 3,632                         |
|                           | <b>₱1,972,023</b>             | ₱1,950,677                    |

Of the total receivables from customers of the Bank as of March 31, 2026 and December 31, 2025, 95.00% and 92.21%, respectively, are subject to periodic interest repricing. The remaining peso denominated receivables from customers earn annual fixed interest rates ranging from 3.00% to 42.00% in March 31, 2026 and 3.00% to 44.36% in December 31, 2025 while foreign currency-denominated receivables from customers earn annual fixed interest rates ranging from 5.73% to 9.82% in March 31, 2026 and 5.75% to 16.9% in December 31, 2025.

---

## 11. Property and Equipment

For the three-month period ended March 31, 2026, the Bank purchased assets with total cost of ₱64.05 million. For the same periods, the Bank disposed property and equipment with net book value of ₱11.35 million recognizing gain on sale of ₱0.31 million included as part of “Profit from asset sold” account.

For the three-month period ended March 31, 2025, the Bank purchased assets with total cost of ₱26.21 million. For the same periods, the Bank disposed property and equipment with net book value of ₱1.99 million recognizing loss on sale of ₱0.04 million included as part of “Profit from asset sold” account.

---

## 12. Investment Properties

For the three-month period ended March 31, 2026, the Bank foreclosed investment properties amounting to ₱88.87 million. For the same periods, the Bank disposed investment properties with net book value of ₱16.92 million, recognizing gain on sale of ₱19.58 million included as part of “Profit from assets sold” account.

For the three-month period ended March 31, 2025, the Bank foreclosed investment properties amounting to ₱59.19 million. For the same periods, the Bank disposed investment properties with net book value of ₱14.22 million, recognizing gain on sale of ₱20.21 million included as part of “Profit from assets sold” account.

---

## 13. Intangible Assets

This account consists of:

|                 | <b>March 31, 2026</b><br><b>(Unaudited)</b> | <b>December 31, 2025</b><br><b>(Audited)</b> |
|-----------------|---------------------------------------------|----------------------------------------------|
| Branch licenses | <b>₱364,700</b>                             | ₱364,700                                     |
| Bank license    | <b>25,000</b>                               | 25,000                                       |
| Software cost   | <b>170,155</b>                              | 154,129                                      |
|                 | <b>₱559,855</b>                             | ₱543,829                                     |

As of March 31, 2026 and December 31, 2025, the individual branches were identified as the CGU for purposes of impairment testing on the branch licenses for CSB. For the impairment testing on the branch licenses arising from the acquisition of RBNI, the Bank’s branch banking group was identified as the CGU as the branch banking group would benefit from the synergies of the additional branches in obtaining fresh funds from depositors for deployment.

As of March 31, 2026 and December 31, 2025, the Bank’s impairment assessment indicates no impairment.

### Key assumptions used in the VIU calculations

As of March 31, 2026 and December 31, 2025, the recoverable amounts of the CGUs have been determined based on VIU calculations that use cash flow projections based on financial budgets approved by management covering a 5-year period. The significant assumptions used in computing

for the recoverable amount for PRBI and CSB branches as of March 31, 2026 and December 31, 2025, as follows:

| Significant Assumptions    | March 31, 2026<br>(Unaudited) | December 31, 2025<br>(Audited) |
|----------------------------|-------------------------------|--------------------------------|
| Deposit growth rates       | 10.72%                        | 10.72%                         |
| Discount rate              | 8.75%                         | 9.00%                          |
| Terminal value growth rate | 5.23%                         | 5.23%                          |

Deposit growth rates were based on experiences and strategies developed by the Bank. The discount rate used for the computation of the present value of the projected cash flows is the cost of equity and was determined by reference to comparable entities. The terminal value growth rate has been determined to reflect the long-term view on the CGU's business.

Sensitivity to changes in assumptions

Management believes that no reasonably possible change in any of the above key assumptions would cause the carrying value of the CGU to exceed its recoverable amount.

Upon adoption of PFRS 9, BSP requires appropriation of a portion of the Bank's Surplus at an amount necessary to maintain the allowance for credit losses on loans to at least 1% (Note 20). As of March 31, 2026, the Bank has no new appropriations during the reporting period.

## 16. Deposit Liabilities

Deposit liabilities and deposit substitute liabilities are subject to required reserves. On March 11, 2025, the BSP issued Circular No. 1211, which reduced the reserve requirement for universal and commercial banks from 7.00% to 5.00%, effective for the reserve week starting March 28, 2025. Earlier, on September 5, 2024, the BSP issued Circular No. 1201, reducing the reserve requirement for the same banking group from 9.50% to 7.00%, effective October 25, 2024. These successive reductions in the reserve requirement ratios are part of the BSP's ongoing efforts to enhance liquidity in the financial system and support credit activity in the broader economy.

Interest expense on deposit liabilities consists of:

|         | <b>March 31, 2026</b><br><b>(Unaudited)</b> | March 31, 2025<br>(Unaudited) |
|---------|---------------------------------------------|-------------------------------|
| Demand  | <b>₱12,328</b>                              | ₱10,975                       |
| Savings | <b>4,357</b>                                | 4,147                         |
| Time    | <b>838,487</b>                              | 764,920                       |
|         | <b>₱855,172</b>                             | ₱780,042                      |

Peso-denominated deposit liabilities earn annual fixed interest rates ranging from 0.10% to 4.75% in March 31, 2026 and 0.10% to 3.50% in March 31, 2025, while foreign currency-denominated deposit liabilities earn annual fixed interest rates ranging from 0.10% to 3.50% in March 31, 2026 and 0.10% to 4.00% in March 31, 2025.

As of March 31, 2026 and December 31, 2025, Due from BSP amounting to ₱5.89 billion and ₱5.65 billion, respectively, were set aside as reserves for deposit liabilities. As of March 31, 2026 and December 31, 2025, the Bank is in compliance with the above regulations.

## 17. Bills Payable

This account consists of the Bank's borrowings from:

|                                       | <b>March 31, 2026</b><br><b>(Unaudited)</b> | December 31, 2025<br>(Audited) |
|---------------------------------------|---------------------------------------------|--------------------------------|
| Private firms and individual          | <b>₱1,443,031</b>                           | ₱2,359,727                     |
| Banks and other financial institution | <b>18,459,558</b>                           | 20,245,328                     |
|                                       | <b>₱19,902,589</b>                          | ₱22,605,055                    |

Interest expense on bills payable and other borrowings consists of:

|                 | <b>March 31, 2026</b><br><b>(Unaudited)</b> | March 31, 2025<br>(Unaudited) |
|-----------------|---------------------------------------------|-------------------------------|
| Borrowed funds  | <b>₱348,434</b>                             | 290,073                       |
| Lease liability | <b>4,731</b>                                | 3,652                         |
|                 | <b>₱353,165</b>                             | 293,725                       |

Borrowings from private firms and individuals represent deposit substitutes with maturities of 60 to 365 days and 4 to 175 days in March 31, 2026 and 2025, respectively. These borrowings bear annual interest rates ranging from 4.13% to 5.25% in March 31, 2026 and 4.35% to 6.25% in March 31, 2025.

## 18. Bonds Payable

The Bank's bonds are subject to reserve requirements in accordance with BSP regulations. Based on BSP Circular No. 1185 issued in December 2023, a reserve rate of 3% applies to these bonds. In February 2026, BSP Circular No. 1229 reduced the reserve rate from 3% to 2% effective reserve week starting February 27, 2026.

On November 5, 2024, PBCOM issued ₱7.7 billion worth of Peso Fixed Rate Bonds (Series A Bonds) under its ₱15 billion Peso Bond Program approved by the Board of Directors on March 20, 2024. The Series A Bonds have a tenor of 1.5 years and bear a fixed interest rate of 6.0796% per annum, payable quarterly in arrears. The bonds are listed on the PDEX.

Details of the Bonds Payable as follows:

| Issue Date       | Maturity Date | Face Value | Coupon Rate | Carrying Value |
|------------------|---------------|------------|-------------|----------------|
| November 5, 2024 | May 5, 2026   | ₱7,693,800 | 6.0796%     | ₱7,688,450     |

As of March 31, 2026, the unamortized transaction costs of bonds payable amounted to ₱5.35 million while the amortization of transaction cost was included under "Interest expense on bonds payable" in the "Bills payable, borrowings and others" which totaled ₱13.29 million for the period.

As of March 31, 2026 and December 31, 2025, Due from BSP amounting to ₱153.88 million and ₱230.81 million was set aside as reserves for bonds.

## 19. Maturity Analysis of Assets and Liabilities

The table below shows an analysis of assets and liabilities analyzed according to when they are expected to be recovered or settled:

|                                                   | March 31, 2026      |                     |                    | December 31, 2025   |                     |                    |
|---------------------------------------------------|---------------------|---------------------|--------------------|---------------------|---------------------|--------------------|

## 27. Other Matters

- No other items affect assets, liabilities, equity, net income, or cash flows that are unusual because

of their nature, size, or incidents.

- There are no contingencies and any other events or transactions that are material for the current interim period.
- There are no material events subsequent to March 31, 2026.

## SEC Form 17-Q

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### 1. Management's Discussion & Analysis

The Bank maintained profitability with a net income of ₱402.1 Million for the 1st quarter of the year 2026. A substantial ₱205.3 Million improvement in net interest income largely cushioned the impact of higher provision for losses, and market-driven fluctuations in rental income and trading, resulting to slight decline in net income by ₱70.8 Million compared to the same period last year.

Interest income expanded by 13.4% or ₱339.9 Million due to higher asset growth in both loans and securities portfolio. The growth was funded largely by higher deposits volume, which resulted to higher interest expense by ₱134.6 Million. Total operating expenses went up by 17.0% mainly because of higher provision for impairment losses, higher volume-driven costs - GRT, DST and PDIC insurance, and higher manpower costs. Income taxes decreased by ₱47.5 Million mainly from lower net taxable income and higher DTA recognized, partially offset by higher final taxes on interest income on peso government securities.

Total Assets of the Bank increased by ₱3.4 Billion or by 1.8% from ₱185.3 Billion as of end of the year 2025 to ₱188.6 Billion at the end of first quarter of 2026. This is primarily due to increase in investment in overnight deposit facility (ODF) with the BSP by ₱9.0 Billion, increases in inventories of debt securities carried at FVTPL and HTC by ₱1.6 Billion and ₱564.7 Million, respectively, and increase in Interbank Loans Receivable by ₱1.1 Billion. This is partially offset by decrease in inventory of debt securities carried at FVOCI by ₱6.8 Billion, lower statutory reserve requirements with the BSP by ₱1.3 Billion, lower outstanding loan volume by ₱887.5 Million and decrease in Due from other Banks by ₱588.1 Million.

The Bank's gross NPL ratio is at 3.52%, 0.17% pts lower than the 3.69% ratio at the end of 2025. PBCOM's liquidity position continued to remain stable as the Bank comfortably met all its financial obligations and loan commitments, and likewise has fully complied with the regulatory reserve requirements on continuing basis at an optimum funding mix during the course of the year.

Total Liabilities increased by ₱4.1 Billion, 2.5% higher than last year's end level of ₱163.8 Billion. This resulted mostly from ₱6.6 Billion increase in deposit liabilities, offset by ₱2.7 Billion lower bills payable. Total Capital is at ₱20.8 Billion from ₱21.4 Billion as of end of December 2025. This 3.2% decrease in Capital was mainly contributed by higher mark-to-market losses from debt securities carried at FVOCI, partially offset by earnings of the Bank during the quarter.

The Bank's Risk Based Capital Adequacy Ratio of 15.45% under BASEL III reporting standards covering credit, market and operational risk as of report date is well above the 10% minimum requirement.

## 2. Discussion of various key indicators:

### A. Key Financial Performance

| Ratio                                                                                                                                                   | March 2026 | March 2025 | Remarks                                                                                                                                                                                                     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|------------|------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Net Profit Margin<br>(Net income divided by Gross income)                                                                                               | 22.46%     | 27.37%     | Decrease by 4.91% pts is primarily driven by higher provision for impairment losses and volume-related costs in relation to the generated gross income that absorbed the trading losses during the quarter. |
| Return on Average Asset<br>(Net income divided by Average assets)                                                                                       | 0.86%      | 1.19%      | Ratio declined as the Bank encountered trading losses on debt securities inventories during the first quarter and lower rental income generated from the leased assets.                                     |
| Return on Average Equity<br>(Net income divided by Average equity)                                                                                      | 7.63%      | 9.68%      | Return on average equity decreased by 2.06% pts mainly from net loss trading performance in 2026 and lower rental income generated from the leased assets.                                                  |
| Capital Adequacy Ratio (Basel 3)<br>(Qualifying capital divided by the total of risk-weighted assets that include credit, market, and operational risk) | 15.45%     | 16.51%     | The capital ratio decreased by 1.07% pts mainly due to lower total qualifying capital and higher total risk-weighted assets                                                                                 |
| Basic Earnings per share<br>(Net income divided by average no. of common shares)                                                                        | 0.84       | 0.98       | Decrease in basic earnings per share by PHP0.15 from lower net income during the current period                                                                                                             |

### B. Financial Soundness

| Ratio                                                                                                                                                                                                                                     | March 2026 | December 2025 | Remarks                                                                                                                                                                                            |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Liquidity Ratio</b> (Liquid Assets to Total Deposits) <i>Liquid Assets include cash, due from banks, interbank loans, and trading and inv. Securities Total deposit refers to the total of the peso and foreign currency deposits.</i> | 35.74%     | 35.37%        | Ratio increased by 37 bps mainly higher level in liquid assets (mainly higher financial assets at FVTPL, Interbank Loans and Due from BSP), offset by increase in time & demand deposits           |
| <b>Debt Ratio</b> (Total Liability to Total Assets)<br><i>Debt refers to the total liabilities, while assets refer to total Assets</i>                                                                                                    | 89.00%     | 88.43%        | Increased by 57 bps as the increase in total liabilities (higher total deposits) exceeded the increase in total assets (mainly higher financial assets at FVTPL, Interbank Loans and Due from BSP) |
| <b>Asset to Equity Ratio</b> (Total Asset to Total Equity)                                                                                                                                                                                | 9.09       | 8.64          | Ratio is higher by 45 bps mainly as a result of growth in total assets mainly funded by the growth in deposits                                                                                     |
| <b>Interest Rate Coverage Ratio</b><br>(Earnings before interest & taxes to Interest Expense)                                                                                                                                             | 145.39%    | 162.09%*      | Bank's interest rate coverage decreased due to decline in trading performance during the period and higher operating expenses                                                                      |
| <b>Net Interest Margin</b><br>Net interest income over Average Earning assets                                                                                                                                                             | 3.98%      | 4.05%*        | Ratio is slightly lower as decrease in average asset yields outweighed the decline in average cost of fund rates                                                                                   |
|                                                                                                                                                                                                                                           |            |               |                                                                                                                                                                                                    |

\* As of March 2025

### 3. Discussion and Analysis of Material Event/s and Uncertainties

- a. The Bank does not have any material off-balance sheet transactions, arrangements, obligations (including contingent obligations), or other relationships of the company with unconsolidated entities or other persons created during the reporting period.
- b. As of March 31, 2026, the unspent amount from the approved capital expenditures budget on projects involving technology enhancement and facilities improvement amounted to ₱928.9 Million.
- c. The Bank has taken prudent steps to mitigate the risk through a more careful credit process and tighter credit policies. More importantly, it continues its assessment of its portfolio by regularly doing the stress test exercise.
- d. There is no recorded significant quarterly income or losses that did not come from the Bank's regular operations.
- e. Interest income on the non-discounted loan is recognized based on the accrual method of accounting, while unearned discounts are amortized to income over the term of the loans. As such, no seasonal aspect has a material impact on the Bank's interest revenues. Non-interest revenues, on the other hand, are primarily dependent on market dynamics and economic trends rather than seasonal factors.

#### **Statement of Condition: March 2026 vs. December 2025**
