Subject: Inquiry Regarding Accuracy of News Article

Dear Atty. Selleza:

We write in response to your letter dated June 15, 2026, seeking confirmation of the news article entitled "PNB funds P3-billion Isabela solar project" posted in Daily Tribune on June 13, 2026, reporting in part that:

*"Philippine National Bank (PNB) has extended a P3-billion project finance facility to Linglingay Power Corp. (LPC), a wholly owned subsidiary of Hexa Philippines Holdings Inc., to support the development of an 82-megawatt-peak (MWp) solar power project in Gamu, Isabela.*

*The project, part of the Department of Energy's Green Energy Auction Program Round 2, is aimed at expanding the country's renewable energy capacity.*

*Targeted for commercial operations by December 2026, the ground-mounted solar facility is expected to generate enough electricity to power around 25,000 to 35,000 households annually while helping reduce carbon emissions and meet rising energy demand.*

*PNB president and chief executive officer Edwin Bautista said the financing reflects the bank's commitment to sustainable development through investments that support cleaner energy and stronger communities.*
