About Hotel101-Global and DoubleDragon Corporation

DoubleDragon Corporation happens to be one of the very few companies that has not only positioned its diversified portfolio of hard assets spread out across the Philippines, but it also happens to be one of the very few companies that has organically developed a novel asset-light concept and highly unique business model in Hotel101 (HBnB) that is exportable to other continents globally.

The domestic and international expansion of Hotel101 are geared towards Hotel101 Global's Vision of 1 million uniform Hotel101 rooms in 100 Countries mainly thru the licensing of its unique and novel HBNB business model that provides longterm recurring revenue stream.

The 518-room Hotel101-Manila and the 606-room Hotel101-Fort in the Philippines continue to consistently operate at very high occupancy levels.

The recent opening of Hotel101-Madrid last March 2026 with record performance which underscores the accelerating momentum and exceptionally strong demand for Hotel101-Madrid, the first Hotel101-branded property to operate outside the Philippines. As recently disclosed, the record single-day performance at 100% occupancy at Hotel101-Madrid provides support for demonstrable, strong demand for the property and illustrates the property's potential to generate substantial recurring revenues. This milestone revenue achieved today of more than €100,000 Euros for a single day is expected to translate to a highly sizable recurring hotel revenues annually, further validating the success of the Company's asset-light, prop-tech hospitality model and its focus on long-term recurring revenue generation from the Hotel101 global portfolio.

Hotel101 Global since March 2026 has started to generate recurring revenues from hotel operations in its newly opened 680-room Hotel101-Madrid in Spain, to be followed by recurring revenue generation in Japanese Yen currency from the 482-room Hotel101-Niseko in Hokkaido Japan set to open on December 2026.

This year 2026 will be the year with the highest number of room openings in one year. A total of additional 2,229 hotel rooms are slated to be operational this year 2026, 680 rooms in the recently opened Madrid, Spain, to be followed by 519 rooms in Davao, 548 rooms in Cebu and 482 rooms in Niseko Hokkaido Japan.

2026 is set to be the year with DoubleDragon to start generating high volume of recurring revenues from its portfolio of provincial community mall leasing, industrial warehouse leasing, office leasing and its hospitality portfolio in the Philippines and overseas.

The global expansion of Hotel101 is expected to eventually become one of the major US Dollar inflow generators to the Philippine economy. Hotel101 in 2025 made history as the first ever Filipino company that has a subsidiary listed in the U.S. Nasdaq and this year 2026 made another history as the first ever Filipino hotel chain brand to operate overseas. DD's Total Assets currently stands at ₱225.3 Billion Pesos.

The DoubleDragon team is committed to put in the necessary hard work, entrepreneurial grit and perseverance towards this vision and eventually aims to make Hotel101 a truly global brand operating in various jurisdictions worldwide, and eventually bring a pinch of pride and honor to our fellow Filipino countrymen.
