Subject: Clarification of News Reports Ref. No. CL-2026-107-RCBC

Dear Atty. Selleza,

This refers to the news article entitled "PetroGreen secures P1.2-billion RCBC financing for Isabela solar project" posted in Manila Bulletin on 6 October 2026. The article reported in part that:

"Yuchengco-led PetroGreen Energy Corp. (PGEC) secured an omnibus loan and security agreement (OLSA) with Rizal Commercial Banking Corp. (RCBC) to develop its 33-megawatt-alternating-current (MWac) ground-mounted solar project in Isabela province.

In a disclosure to the Philippine Stock Exchange (PSE) on Tuesday, Oct. 6, PGEC said its subsidiaries Rizal Green Energy Corp. (RGEN) and BKS Green Energy Corp. (BKS) signed a ₱1.24-billion project financing agreement for the solar power plant in Barangay Limbauan, San Pablo town, to help advance its phased construction.

As both PGEC and RCBC are under the Yuchengco group, the partnership is set to advance and contribute to more clean energy developments in the country.

PGEC vice president for corporate services Arlan Profeta said the investment in Limbauan solar project would help expand the company's renewable portfolio while providing more power to Luzon grid and local electric cooperatives (ECs).

"We are pleased to once again collaborate with RCBC, whose steadfast partnership continues to strengthen PGEC, through its subsidiaries RGEN and BKS, to deliver dependable and environmentally responsible power infrastructure for local communities and industries," he said.

"Supporting clean energy projects like the Limbauan solar power project aligns with RCBC's core commitment to driving sustainable finance and accelerating the nation's energy transition," said Elizabeth Coronel, RCBC institutional banking group head.
